Inside Alpha James Heard 2012-06-01 UK church attendance hemorrhaging and one course is hailed as the most effective tool for "turning back the tide." From small beginnings in the early 1970s, Alpha has grown to become a global success. Churches from across the denominational spectrum have enthusiastically seized upon the course, seeing it as the remedy for declining church attendance. Inside Alpha explores such claims through richly grounded qualitative research on six Alpha courses. It assesses Alpha's primary aim of converting non-churchgoers and its longer-term goal of spiritual maturity (Colossians 1:28-29). It questions whether the Alpha program is as successful as it claims at uniting evangelism and discipleship, mission and spiritual formation. This is an invaluable study for those—in the academy and the church—who have an interest in ecclesiology and mission. How exactly is one to understand conversion? What is it to "be Christian"? How does ambiguity and doubt fit within one's journey of faith? The importance of this work is in discovering—through an engagement with Alpha—how people might appropriately be initiated into and discipled within the Christian faith in contemporary culture.

If Only I'd Known Chelsey Brooke Cole 2023-08-15 This therapist-written and recommended 3-part book will help you understand the inner workings of a narcissist, heal from narcissistic abuse, and experience sustainable post-traumatic growth. In relationships, have you ever found yourself: Feeling like something is "off," but not being able to explain why? Leaving conversations feeling more confused than when you started them? Mentally rehearsing the "best" way to bring something up so your partner won't get mad? Constantly ruminating on how to "make sense" of what you feel and what's happening? Trying every communication strategy, but nothing seems to work? Feeling "not enough" no matter how hard you try? Narcissistic abuse creates a tidal wave of confusion, hypervigilance, and overthinking. You have trouble thinking clearly, remembering things, or taking in new information. You feel frazzled, foggy, and flawed. And because these changes are happening to you—you begin to wonder: What's wrong with me? Why can't I make this relationship work? Am I fundamentally broken? And that's exactly how narcissistic abuse works—it happens so subtly that you believe the insecurities you're experiencing are "you" instead of "what's happening" to you. You think there's something wrong with you. You think you need to change or get better. You think they'll grow out of it. You think no one else understands. Narcissistic abuse is a multilayered attack on your sense of self—a dismantling of who you are and what you believe you're worth. This book covers unique information related to narcissistic abuse, including: How different narcissistic types love bomb Cognitive, emotional, behavioral, and physiological warning signs that you're being abused How and why narcissistic trauma bonds form and the process to untangle yourself from these binding relationships How to set boundaries even if you're an empath or highly sensitive person The most common reasons you stay stuck and how to get "unstuck" If you've ever wondered: How did I get into this relationship? I didn't experience an intense love-bombing phase—are they still a narcissist? I'm such a people pleaser—how can I set better boundaries? What if healing isn't possible for me? I feel so lost and broken—where do I even start? This book is for you! Praise for *If Only I'd Known*: "Chelsey Cole's book on narcissistic abuse is an exceptional and empathetic guide, offering deep insights and compassion for those on a journey of understanding and healing. Love Bomb and the Pink Platoon Ryan Gielen 2012-01-17 When a military experiment goes horribly wrong and turns his entire platoon gay, the deeply religious, washed-up General Newman Ginger must learn to love his platoon and himself in order to survive the spiritual, professional and actual war zone he has just entered... General Newman Ginger wants nothing more than to fall asleep each night with a bottle of whiskey and a good war story, but his life of bitter solitude is thrown into chaos when he is ordered to act as a lab rat for top secret weapons testing. The year is 1999, and a kinder, gentler army is developing non-lethal weapons to subdue enemy soldiers humanely. To avoid a court martial, General Ginger agrees to act as a test subject for one of these "soft" weapons: an aphrodisiac bomb. The bomb is supposed to sexually arouse the enemy in order to distract him on the battlefield. However, what appears to be an accidental miscalculation muddles the experiment and the bomb turns the entire makeshift platoon gay. Horrified by his new sexuality, General Ginger begs to be expelled from the platoon to return to his empty but familiar life, to ride out his remaining days in denial. Despite close ties to military brass he is remanded to top-secret barracks where the gay platoon is being held for observation and testing. As platoon members begin to develop mysterious side effects, the arch-Christian Secretary of Defense sends them on a suicide mission in the mountains of a Middle Eastern war zone, and sends warplanes to finish them off should they survive the armed militias and devastating terrain. While attempting to go AWOL, General Ginger stumbles upon the truth- there is no mission. Suddenly offered the chance to escape, and with warplanes bearing down on them, he must choose between his new gay platoon and his past as a loyal, straight, Christian soldier. Love Bomb and the Pink Platoon is the debut novel from award-winning screenwriter and filmmaker Ryan Gielen.

Love Bomb and Other Musical Pieces James Fenton 2004-04 Three Libretti--Ranging In Setting From Ancient Jerusalem To Pre-Apocalyptic London--From An Acclaimed Poet This volume of libretti marks new work--and new terrain--for James Fenton. Commissioned by companies in New York and England, these musical pieces make the most of the poet's poignant, witty, and characteristically lyrical verse. Whether evoking modern-day London on the edge of apocalypse in "The Love Bomb," a timeless land beyond the moon in this version of Salman Rushdie's children's novel "Haroun and the Sea of Stories," or ancient Jerusalem in his stirring oratorio "The Fall of Jerusalem," which was composed to mark the millennium, Fenton's lucid storytelling and stylish wordplay bring these pieces vividly to life--with equal power in performance or on the page. "Haroun and the Sea of Stories" was commissioned by the New York City Opera and is scheduled to receive its premiere at Lincoln Center in September 2003.

My Wingmen Lorraine Recchia 2012-11 My Wingmen is a true account of my journey with angels. They entered my world during a period of inner reflection as I researched personal growth during a challenging life transition. The books I was drawn to came alive as I read about alternate realities and spiritual concepts. I witnessed these realities as my home became a stomping ground for angels and spirit guides, where I enjoyed their appearances and intervention. They showed me how to interpret and discern the lighter side of the earth realm, and they gave me examples of what clear expanded believing could accomplish. As I began to openly talk about prayer, my psychic senses began to blossom. I was embraced by two angels, and they offered me healing along with their companionship. They have become my teachers, and they have helped me connect with truths beyond my wildest dreams. It was in expanded thought that I was able to grasp a world that is clearer to me now, as this present-day drama fades to black. I have opened my arms to an enlightened world, because where there is love, there is no room for fear. Meet my wingmen, Archangel Michael and Archangel Raphael.

The Love Bomb James Fenton 2003 THE LOVE BOMB consists of three dramatic pieces, all commissioned to be performed with music: two libretti and the text of an oratorio. Different pieces for different kinds of music and staging. Yet all three share the same underlying theme - fanaticism. In the oratorio, Fenton retells Josephus' famous account of the Jews who refused to bow to the Roman yoke. In HAROUM and the SEA OF STORIES, an adaptation of Salman Rushdie's celebrated children's novel, imagination itself fights to survive against the forces of tyranny. And in the completely original title-piece, Fenton writes of a modern-day religious cult where the extraordinary techniques of 'flirty fishing' and 'love bombing' are employed to entrap the vulnerable and the unwary.

Learning to Love the Bomb Sean M. Maloney 2011-07 In Learning to Love the Bomb, Sean M. Maloney explores the controversial subject of Canada's acquisition of nuclear weapons during the Cold War. Based on newly declassified Canadian and U.S. documents, it examines policy, strategy, operational, and technical matters and weaves these seemingly disparate elements into a compelling story that finally unlocks several Cold War mysteries. For example, while U.S. military forces during the 1962 Cuban Missile Crisis were focused on the Caribbean Sea and the southeastern United States, Canadian forces assumed responsibility for defending the northern United States, with aircraft armed with nuclear depth charges flying patrols and guarding against missile attack by Soviet submarines. This defensive strategy was a closely guarded secret because it conflicted with Canada's image as a peacekeeper and therefore a more passive member of NATO than its ally to the south. It is revealed here for the first time. The place of nuclear weapons in Canadian history has, until now, been a highly secret and misunderstood field subject to rumor, rhetoric, half-truths, and propaganda. Learning to Love the Bomb reveals the truth about Canada's role as a nuclear power.

"Don't You Know Who I Am?" Ramani S. Durvasula Ph.D 2019-10-01 It's time to take our lives back from a world of narcissism, entitlement, and toxic relationships. "Don't You Know Who I Am?" has become the mantra of the famous and infamous, the entitled and the insecure. It's the tagline of the modern narcissist. Health and wellness campaigns preach avoidance of unhealthy foods, sedentary lifestyles, tobacco, drugs, and alcohol, but rarely preach avoidance of unhealthy, difficult or toxic people. Yet the health benefits of removing toxic people from your life may have far greater benefits to both physical and psychological health. We need to learn to be better gatekeepers for our minds, bodies, and souls. Narcissism, entitlement, and incivility have become the new world order, and we are all in trouble. They are not only normalized but also increasingly incentivized. They are manifestations of pathological insecurity—insecurities that are experienced at both the individual and societal level. The paradox is that we value these patterns. We venerate them through social media, mainstream media, and consumerism, and they are endemic in political, corporate, academic, and media leaders. There are few lives untouched by narcissists. These relationships infect those who are in them with self-doubt, despair, confusion, anxiety, depression, and the chronic feeling of being "not enough," all of which make it so difficult to step away and set boundaries. The illusion of hope and the fantasy of redemption can result in years of second chances, and despondency when change never comes. It's time for a wake-up call. It's time to stem the tide of narcissism, entitlement, and antagonism, and take our lives back.

But there wasn't a playbook on HOW to deal with them... until now. In this book, globally recognized high conflict negotiation expert, and top attorney Rebecca Zung shares her revolutionary framework to SLAYing your negotiation with the narcissist. Love Bomb Lisa Zeidner 2013-05-28 "Smart, funny, [and] irreverent...A perfect summer novel."—Jonathan Yardley, The Washington Author of Layover New York Times Book Review Editors' Choice "It's been a while since I've read a satire as deft and ambitious as Lisa Zeidner's *Love Bomb*...Wildly entertaining."—Richard Russo, author of *That Old Cape Magic* and *Empire Falls* In quaint Haddonfield, New Jersey, Tess is about to marry Gabe in her childhood home. Her mother, Helen, is panicked about the guest list—which promises warring exes, racial tensions, and way too many psychiatrists. But the most challenging guest is an uninvited one: a woman who shows up in a wedding dress, wearing a gas mask and toting a sawed-off shotgun, with a bomb trigger strapped to her arm. While the warm, wise Helen attempts to control the hysteria, the hostages begin to untangle their connections to their captor, and to one another. Together, they await the arrival of the SWAT team—and the moment when "the terrorist of love" reveals her true motives. A tough, tender social comedy and a romance with guts, *Love Bomb* is written with deep affection for everything it skewers.

I've got news for all of you accusers, you are correct; I am an Islamic terrorist, the good kind...
