

Love In The Time Of Quarantine

Love in the Time of Contagion - Laura Kipnis
2022-02-08

In this timely, insightful, and darkly funny investigation, the acclaimed author of *Against Love* asks: what does living in dystopic times do to our ability to love each other and the world? COVID-19 has produced new taxonomies of love, intimacy, and vulnerability. Will its cultural afterlife be as lasting as that of HIV, which reshaped consciousness about sex and love even after AIDS itself had been beaten back by medical science? Will COVID end up making us more relationally conservative, as some think HIV did within gay culture? Will it send us fleeing into emotional silos or coupled cocoons, despite the fact that, pre-COVID, domestic coupledom had been steadily losing fans? Just as COVID revealed our nation to itself, so did it hold a mirror up to our relationships. In *Love in the Time of Contagion*, Laura Kipnis weaves (often hilariously) her own (ambivalent) coupled lockdown experiences together with those of others and sets them against a larger backdrop: the politics of the virus, economic disparities, changing gender relations, and the ongoing institutional crack-ups prompted by #MeToo and Black Lives Matter, mapping their effects on the everyday routines and occasional solaces of love and sex.

Love in the Time of Corona - Meri Tumanyan
2020-10-08

Love in the Time of Corona is a product of our times, inspired by the mental and emotional struggles associated with fear, uncertainty, and the isolation experienced during quarantine. It is also an exploration of love, loss, loneliness, and the turmoil that springs from lack of communication, hopelessness, and alienation. However, the underlying themes are those of hope, resiliency, and reconciliation. Love transcends to a realm where the soul's mere desire is for union, not just with fellow human beings, but also with oneself and with Nature.
Quarantine: Week by Week - Susannah McLeod
2020-07

When the coronavirus pandemic hit the US in early 2020, many people were forced into "lockdown." As a married couple in a 500-

square-foot apartment, it didn't take long for stir-craziness to set in. But with extra time on our hands and a desire to find some light and levity, Chloe came up with the idea for a humorous quarantine photo series. Susannah pulled out her camera, and we started to play. Our dog, Zaxby, started "photobombing" the shots, making it clear that he wanted to join our Quaranteam. Quarantine: Week by Week was born.

COVID-19 the Love Story - Jason Roe 2020-05
This Book is honor of all Love, and in loving memory of loved one's lost in this time. The cover for this book was guided to me by what I consider to be Synchronicity, others call divine providence. To explain, I felt under utilized while being in self-quarantine, a feeling I could be of more service. So I put out a prayer to the universe asking for guidance on how can I be of more help and service to others during COVID-19. The next day I went outside with my five-year-old Yorkshire terrier, whose name is Sky. To my surprise I discovered someone else

had played their inspired role in COVID-19 and chalked my walk way with a rainbow for all who pass by to see. When I read the message it inspired the writing of this book as a rainbow in someone else's Sky. And as you can see, Sky wanted to be part of this inspired action too, and has agreed to appear on the cover in the hope seeing Sky is a rainbow in your sky.

Kings of Quarantine - Caroline Peckham
2022-09-16

Cruel. Heartless. Quarantined. The ruthless boys of Everlake Prep never saw lockdown coming. But the virus isn't their number one enemy. I am. And as if being confined to a boarding school for the elite wasn't bad enough, now I'm stuck in isolation with the boys who hate me most too. Saint, Kyan and Blake. The Night Keepers. Or so they call themselves. They've embodied the Native American legend which lives in this valley, taking on the role of the monsters who lurk in the forest. And though they act like beasts, they may also be the most tempting creatures I've ever seen. With the virus escalating and my dad's name splashed through the news, my entire world is falling apart. What he did has cast a dark shadow over me. And the Night Keepers want to make me pay for his crimes. Then things went from bad to worse when I touched the sacred rock. A rock which supposedly holds a curse to bind me as the Night Keepers' slave. And as crazy as it sounds, I decided to play along. Because there are things about me they don't know. Things my dad has hidden from me for years. All I can be sure of is that I have to find a way to escape this school. But until then, those savage boys are making my life a living hell. As the virus sweeps through the country and the world twists into something ugly and unknown, the kings of this school become true monarchs. Even the teachers bow to them now. And I'm kinda glad about that 'stay six feet away from one another' rule, because without it, I know they'd rip me apart. At least there's a silver lining. I'm cosying up to Coach Monroe. My hot as hell, brooding P.E. teacher who has a vendetta of his own against the Night Keepers. And with his help, I may succeed at doing more

than escaping the clutches of these heartless fiends. I might even destroy them along the way. My father taught me how to be strong. How to prepare for the end of the world. So this isn't going to be the end of my world, mark my words. But if I'm able to use my mind and body to bring these assholes to their knees, it might just be the end of theirs. This is a high school bully romance series where the main character will end up with more than one love interest. It may have triggers for some as it has off the charts angst, dark love-hate themes, scenes of intense bullying and some violence (not aimed towards the main character) and is not for the faint of heart. Prepare to enrol at Everlake Prep. Bring your hand sanitiser, face masks and toilet paper to barter with, but don't expect to hold onto them for long. Because it's time to go into quarantine with the Night Keepers. And everything you own now belongs to them.

learn about it, just as David killed Goliath with a stone, the violent used it as a projectile and Michelangelo created the most beautiful of sculptures, we have the tool, but it is up to us how we use it. The way Alessandro managed to communicate with Isabella (a complete stranger), showed that the human being in the face of adversity accelerates his evolution and learning.
