Bubbles, Boxes and Individual Freedom Clay Barham 2010-01-11 This book is about the thinking and courage to do what needs doing to innovate and build prosperity. It is a book about the benefits of individual freedom. Schools teach children to color, write and print between the lines, observe the rules, wrap their minds in a bubble of disciplines to discourage living out of a community box. Children learn to behave as members of a managed herd, avoiding challenging that which is accepted and established by tradition. In art, however, unusual, deviant, almost outlaw behavior is admired. Artists existing outside the limits of the herd can even improve the herd. American innovators are artists causing prosperity from their thinking, acting, creating and inventive minds changing things for the better. Americans left the Old World limitations behind, where thinking and acting out of the box was discouraged, creating a New World almost 400 years ago. They proved individual freedom and creative elbowroom was the only source of prosperity, which explains American exceptionalism and what this book is all about.

Singular Selves Ketaki Chowkhani 2023-10-31 This book examines, for perhaps the first time, singlehood at the intersections of race, media, language, culture, literature, space, health, and life satisfaction. It adopts an interdisciplinary approach, borrowing from sociology, literary studies, medical humanities, race studies, linguistics, demographic studies, and critical geography to understand singlehood in the world today. This collection of essays aims to establish the discipline of Singles Studies, finding new ways of examining it from various disciplinary and cultural perspectives. It begins with laying the field and then moves on to critically look at how race has shaped the way we understand singlehood in the West and how class, age, gender, privilege, and the media play a role in shaping singlehood. It argues for a need for increased interdisciplinarity within the field, for example, analyzing singlehood from the perspective of medical humanities. The volume also explores the role workplace, living arrangements, financial status, and gender play in single people's life satisfaction. With an interdisciplinary and transnational approach, this interdisciplinary volume seeks to establish Singles Studies as a truly global discipline. This pathbreaking volume would be of interest to students and researchers of sociology, literature, linguistics, media studies, and psychology.

Love Itself Hélène Cixous 2008-08-11 Love's memories, love recalling itself in letters lost and found over an interval of forty years: Cixous's writer-narrator advances here far into a labyrinth of passions long ago delivered and yet still arriving through the mail, through letters and literature, in other words, the poetry of the post. As for the lovers' returning scenes, they have their addresses in Paris (rue Olivier de Serres, Avenue de Choisy, street names that endlessly feed love's unconscious language) and in New York, but also in a lost oasis of the Egyptian desert during the Napoleonic wars, in Athens and along the shores of a great lake centuries ago in the country of myth. The lovers are poets or soldiers, philosophers or students madly in love with poetry and poets. They are as well mermaids or panthers. Panthers? Yes, for it is the passion of the animal that drives all these lovers to bare themselves, and sometimes their claws, before the beloved. Misunderstandings are often, even inevitably the result. Seconded and witnessed by her passionate, truth-telling cats, Cixous's narrator-writer returns unerringly to moments of errancy inflicted on address and language, those errors and faults when love, perhaps, is listening only to itself, without subject or object, lover or beloved, just love itself, l'amour même, l'amour m'aime, love loving me, in the letter box of memory.

Crafting Love Maggie Oman Shannon 2018-12-11 "It is good to love many things, for therein lies the true strength, and whosoever loves much performs much, and can accomplish much, and what is done in love is well done." -Vincent Van Gogh As the future unfolds before us, it seems people are getting busier, more distracted, and less connected to the physical and spiritual world. This can be especially problematic for our relationships, as love is something that just does not magically exist on its own. Love must be cultured, tended, and cared for as if it were a special garden unlike any other. Whether you desire to foster, encourage remembrance, or express gratitude for the love you feel toward the known and unknown in your life, it can be done through the practice of mindfulness and crafting. Seasons of Love Box Set Carol Lynne 2019-07-23 Spring Seasons of Love follows forty years in the lives of two men, Sidney Wilks and Grady Nash, from the Spring of their relationship when love is new and shiny through to the Winter of their partnership when thirty years of being a couple has begun to lose its sheen. On the day of his mother's funeral, ten-year old Sidney Wilks is silently comforted by the presence of one man, ranch hand Grady Nash. Little did Sidney know that Nash would become the only stable figure in his life for the next forty years. Years later, after an evening of typical college fun, Sidney is involved in a serious car wreck. It's Nash who once again steps in to rescue Sidney and nurse him back to health. While trying to get close enough to Sidney to help him heal, Nash's feelings begin to change towards the twenty-one year old. For him, loving Sidney was nothing new, but when his body begins to desire the small man, Nash is forced to re-evaluate his protective instincts. What kind of future could the two men possibly have? Nash's life is centred on horses and cattle, while Sidney has dreams of escaping the small-town Kansas life to build skyscrapers. Can two men who want opposite lifestyles come to a compromise, or will Nash be forced to allow Sidney to spread his wings without him? Summer As Spring gives way to the heat of Summer, Sidney Wilks and Grady Nash settle into their new lives in a Chicago suburb. In an attempt to fit in to his new surroundings, Nash becomes friends with his co-workers at the garage. The only hitch is he has to go back into the closet he'd finally escaped. With Sidney working long hours, Nash doesn't feel the need to expose his relationship to guys who wouldn't understand. The dual-life leads to misunderstandings and hurt feelings, forcing Nash to make life-changing decisions. With Nash battling to find a purpose away from the ranch he loves, Sidney's busy enduring long hours in an office he hates. With his prize-winning building completed, Sidney's creativity is put to use designing buildings that don't inspire him. When an opportunity to design the building of his dreams presents itself, Sidney's loyalties are put to the ultimate test. Will he reach for his dream and uproot Nash from a life he's finally settling into, or will he sacrifice his personal goals for the good of the man he loves? Fall For over ten years, Sidney Wilks and Grady Nash have devoted their lives to each other. With their relationship solid and thriving, they each turn their attention to their careers. Nash loves his job as a day trader but hates what it's doing to his body. The hours of sitting in front of a computer combined with his love of beer begin to take a toll on his aging body. Worried that he'll lose Sidney to the hot muscled construction worker his partner works closely with, Nash decides to get his body back into shape, no matter the cost to his overall health. After the death of his father, Sidney is so busy dealing with the years of hurt and betrayal at the hands of Jackson Wilks that he doesn't notice the warning signs of Nash's dangerous new lifestyle. When Nash's sex drive falters, Sidney turns the rebuffs inward instead of looking at the bigger picture. It will take the counsel of a close friend to open Sidney's eyes to what is really going on, but will it be too late? Winter Just as the seasons change, so do people. After eighteen years together, Sidney Wilks and Grady Nash thought their bond was unbreakable, but they are about to discover it takes a lot of work to make a relationship last. The death of his surrogate father followed by an irreparable fight with his long-time friend threatens to pull Sidney down into an abyss of depression. When Nash suggests getting away fo

P.O. Box Love Paola Calvetti 2012-01-31 A charming epistolary novel that chronicles the love story between Emma and Frederico, former high school sweethearts who meet again thirty years later. At Dreams & Desires, 50-year-old Emma's quaint bookshop in Milan dedicated to romantic fiction, the passionate bookseller serves coffee and tea to her customers and completes order slips in pen rather than using a computer. One day, she finds a mysterious handwritten note stuck between the pages of a novel. The message is from her high school sweetheart Frederico, who is now a successful architect in New York and whom she hasn't seen in thirty years. When she finally meets Frederico again, Emma is convinced that her life is about to turn into a romance novel - an intercontinental fairy tale between Milan and New York, between two post office boxes and two lovers that are separated by the Atlantic Ocean and half a life. But Frederico is married, and their epistolary romance, punctuated by once-a-year sojourns on the island of Belle Ile, seems to have no future. Paola Calvetti's PO Box Love is an ode to old-fashioned relationships (the ones that last a lifetime), old-fashioned habits (such as writing letters by hand in fountain pen) and old-fashioned notions (such as politeness, and the great lost art of conversation), and will enchant readers of such perennial favorites as 84 Charing Cross Road by Helene Hanff and Same Time Next Year by Bernard Slade.
