

Love Sexuality And Matriarchy About Gender By Erich Fromm

Resilience and Courage - Nechama Tec
2003-01-01

"In this, Nechama Tec's fifth book on the Holocaust, vivid individual stories blend effortlessly with detailed comparisons of wartime experiences of women and men. The result is a gripping account of the distinct coping strategies and ultimate fate of each sex." "Did women and men react differently under extreme conditions? Tec seeks answers by examining their experiences in a variety of Holocaust settings - during the initial stage of German occupation and in the ghettos, the Nazi concentration and death camps, the illegal

Christian world, underground movements, and the forests. She shows how in each of these environments the women and men negotiated the rough terrain of a coercive and oppressive society. The Holocaust gender tapestry is complex, and this book carefully illuminates its varied strands."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Erich Fromm and the Quest for Solidarity -
Lawrence Wilde 2016-04-30

Erich Fromm and the Quest for Solidarity argues that Fromm's humanistic ethics provides a framework for the analysis of alienation in

affluent societies and his exploration of the social forces capable of challenging that alienation. It examines his work on authoritarianism, the experience of work, the struggle against patriarchy, the dangers of consumerism and the manipulation of needs, the urgent need to revive democracy, and the challenge of the emerging 'one world'. Never losing sight of the ancient dream of human solidarity, Fromm's explicitly ethical approach exerts a compelling relevance to a range of issues in contemporary social and political theory.

The Future of Religion - Michael R. Ott 2007

This book contains the work of international scholars who address the contemporary globalizing antagonism between religion and secularity, in the theoretical and practical pursuit for this antagonism's reconciliation in a more just, humane and peaceful future society and world.

Love, Sexuality, and Matriarchy - Erich Fromm

1997

"One of the world's most widely-read psychoanalysts, Erich Fromm was a groundbreaking thinker on gender and sex, issues which have come to have a profound impact on psychology in recent years. He believed that a state of war has existed between the sexes for some six thousand years - a "guerrilla war" which followed the triumph of men over women and reorganized society on the basis of male domination, turning women into the property of men. As long as we fail to acknowledge this state of war dating back to the dawn of history, Fromm said, we will never understand the psychology of men and women." "In *Love, Sexuality, and Matriarchy: About Gender* his most significant contributions about the problematic relations between men and women, some never before available in English, are brought together for the first time. They reveal Fromm as a pioneer of many of today's most challenging ideas about gender."--BOOK

The Monstrous-Feminine - Barbara Creed
2015-09-04

In almost all critical writings on the horror film, woman is conceptualised only as victim. In *The Monstrous-Feminine* Barbara Creed challenges this patriarchal view by arguing that the prototype of all definitions of the monstrous is the female reproductive body. With close reference to a number of classic horror films including the *Alien* trilogy, T

Erich Fromm's Critical Theory - Kieran Durkin
2020-04-16

Interest in Fromm is increasing: as a prominent Marxist, sociologist, psychoanalytic theorist, and public intellectual, the unique normative-humanist thrust of his writings provides a crucial critical reference point for those seeking to understand and transcend the societal pathologies of our age. The essays in this volume

retrieve, revive, and expand upon Fromm's central insights and contributions. They offer a critical theory of culture, the self, psychology and society that goes beyond what is typical of the narrower concerns of the fragmented and isolated disciplines of today, demonstrating the pan-disciplinary potential of Fromm's work. But this book does not simply reassert Fromm's ideas and rehash his theories, but rather reconstructs them to bring them into meaningful dialogue with contemporary ideas and cultural, political and economic developments. Providing new approaches to Fromm's ideas and work brings them up-to-date with contemporary problems and debates in theory and society and helps us understand the challenges of our times.

Martha Graham in Love and War - Mark Franko
2014-03

Often called the Picasso, Stravinsky, or Frank Lloyd Wright of the dance world, Martha Graham revolutionized ballet stages across the globe. Here, Franko reframes Graham's most

famous creations by showing how she wove together strands of love, passion, politics, and myth to create an American school of choreography and dance.

The Dunayevskaya-Marcuse-Fromm Correspondence, 1954-1978 - Kevin B. Anderson 2012-04-13

This volume contains the correspondence during the years 1954 to 1978 between Marxist-Humanist and feminist philosopher Raya Dunayevskaya (1910-87) and the Hegelian Marxist philosopher and social theorist Herbert Marcuse (1898-1979) and the psychologist and social critic Erich Fromm (1900-80). The exchanges show the deeply Marxist and humanist concerns of these theorists while also highlighting their significant differences on key issues in philosophy, politics, and psychology during the turbulent decades of the 1950s, 1960s, and 1970s.

Erich Fromm - Rainer Funk 2000-01-01
This lavishly illustrated biography covers

Fromm's entire life, from his traditional Jewish upbringing to his association with the Frankfurt School. Fromm's work (1900-1980) is more compelling and popular in our century than ever before. It took a decisive turn as he encountered Freudian psychoanalysis--even as Fromm critiqued it throughout much of his lifetime. Funk covers with great sensitivity Fromm's seminal work with the so-called Frankfurt School of social critics as well as his break with it, his move to the U.S., his personal and professional relationship with Karen Horney, his associations with The New School in New York City and with D.T. Suzuki--living in Mexico "part time." More than 200 photographs and other memorabilia make this a compelling pictorial biography.

The Lives of Erich Fromm - Lawrence J. Friedman 2014-11-04

Erich Fromm was a political activist, psychologist, psychoanalyst, philosopher, and one of the most important intellectuals of the twentieth century. Known for his theories of

Downloaded from
legacy.opendemocracy.net on
2019-07-01 by guest

personality and political insight, Fromm dissected the sadomasochistic appeal of brutal dictators while also eloquently championing love—which, he insisted, was nothing if it did not involve joyful contact with others and humanity at large. Admired all over the world, Fromm continues to inspire with his message of universal brotherhood and quest for lasting peace. The first systematic study of Fromm's influences and achievements, this biography revisits the thinker's most important works, especially *Escape from Freedom* and *The Art of Loving*, which conveyed important and complex ideas to millions of readers. The volume recounts Fromm's political activism as a founder and major funder of Amnesty International, the National Committee for a Sane Nuclear Policy, and other peace groups. Consulting rare archival materials across the globe, Lawrence J. Friedman reveals Fromm's support for anti-Stalinist democratic movements in Central and Eastern Europe and his efforts to

revitalize American democracy. For the first time, readers learn about Fromm's direct contact with high officials in the American government on matters of war and peace while accessing a deeper understanding of his conceptual differences with Freud, his rapport with Neo-Freudians like Karen Horney and Harry Stack Sullivan, and his association with innovative artists, public intellectuals, and world leaders. Friedman elucidates Fromm's key intellectual contributions, especially his innovative concept of "social character," in which social institutions and practices shape the inner psyche, and he clarifies Fromm's conception of love as an acquired skill. Taking full stock of the thinker's historical and global accomplishments, Friedman portrays a man of immense authenticity and spirituality who made life in the twentieth century more humane than it might have been.

Utopia and Education. Studies in Philosophy, Theory of Education and

*Downloaded from
legacy.opendemocracy.net on
2019-07-01 by guest*

Pedagogy of Asylum - Rafał Włodarczyk

2022-01-01

Utopia and Education is an original contribution of the philosophy and theory of education, which also enters the fields of disciplines other than pedagogy and uses their approaches and achievements. The work is part of utopian studies and complements its discourse with a less marked path of philosophy and theory of education. Moreover, in the context of pedagogy and education, it takes up a number of issues whose significance goes beyond the conventional framework of a single discipline: utopia, ideology, social criticism, fundamentalism, democracy, populism, translation, transdisciplinarity and knowledge transfer, socialisation, school as one of the social institutions, etc. The work not only reconstructs knowledge about specific phenomena relevant to education and pedagogy but also proposes an original solution to educational problems in the form of the concept of asylum pedagogy. The

approach to these phenomena is well reflected in the division of the book into two parts. The book, apart from references to researchers associated with utopian studies, addresses ideas of such figures of the humanities and social sciences as Emmanuel Levinas and Erich Fromm; their concepts were earlier used by the Author in two monographs. Besides, there are references to Bronisław Baczko, George Steiner, Jacques Derrida, Michael Walzer, Hannah Arendt, Janusz Korczak, and Ilan Gur-Ze'ev. Throughout the work, the Author attempts to combine the perspectives of critical pedagogy and dialogue, finds inspiration in the achievements of the Warsaw School of the History of Ideas and draws on Jewish thought and tradition.

Reclaiming the Sane Society - Miri Seyed

Javad 2014-07-03

Erich Fromm's body of work, written more than 50 years ago, was prophetic of the contemporary moment: Increasingly, global society is threatened by the many-headed monster of

*Downloaded from
legacy.opendemocracy.net on
2019-07-01 by guest*

corporate greed, neo-liberalism, nihilism, extreme fundamentalist beliefs, and their resulting effects on the natural world and the lived lives of people. Fromm clearly warned us of the peril of the misuse of technology and the destructive nature of man's perverse desire to possess, control and/or destroy. Through his theories of having vs. being, the importance of hope as active resistance, and his notion of freedom as the capacity to love self, and others, Fromm encouraged his readers to cultivate biophilic ways of being in the world that will counter and heal the impending necrophilic plunder of man's hubris. This multi-authored volume sheds new light on Fromm's forgotten role in the formation of contemporary thought through an engaging variety of reflexive and historical narratives from fields of sociology, clinical psychology, political science, critical theory of religion and education. Key concepts from his body of work are interpreted and expressed in ways that offer hopeful and humane

alternatives to the present global conditions of despair, greed and depersonalization.

Marx, Critical Theory, and Religion - 2006-08-01
This collection of essays brings together scholars who use frameworks provided by Marx and Critical Theory in analyzing religion. Its goal is to establish a critical theory of religion within sociology of religion as an alternative to rational choice.

Complexities - Susan McKinnon 2005-06
Recent years have seen a growing impetus to explain social life almost exclusively in biological and mechanistic terms, and to dismiss cultural meaning and difference. This book presents evidence to contest such theories and to provide a multifaceted account of the complexity and variability of the human condition.

Manifesto of the Critical Theory of Society and Religion (3 vols.) - Rudolf Siebert 2010-08-16
The Manifesto develops further the Critical Theory of Religion intrinsic to the Critical Theory of Society of the Frankfurt School into a

new paradigm of the Psychology, Sociology, Philosophy and Theology of Religion. Its central theme is the theodicy problem in the context of late capitalist society and its globalization.

Africana Critical Theory - Reiland Rabaka
2009-01-16

Building on and going far beyond W.E.B. Du Bois and the Problems of the Twenty-First Century and Du Bois's Dialectics, Reiland Rabaka's Africana Critical Theory innovatively identifies and analyzes continental and diasporan African contributions to classical and contemporary critical theory. This book represents a climatic critical theoretical clincher that cogently demonstrates how Du Bois's rarely discussed dialectical thought, interdisciplinarity, intellectual history-making radical political activism, and world-historical multiple liberation movement leadership helped to inaugurate a distinct Africana tradition of critical theory. With chapters on W.E.B. Du Bois, C.L.R. James, Negritude (Aime Cesaire and Leopold Senghor),

Frantz Fanon and Amilcar Cabral, Africana Critical Theory endeavors to accessibly offer contemporary critical theorists an intellectual archaeology of the Africana tradition of critical theory and a much-needed dialectical deconstruction and reconstruction of black radical politics. These six seminal figures' collective thought and texts clearly cuts across several disciplines and, therefore, closes the chasm between Africana Studies and critical theory, constantly demanding that intellectuals not simply think deep thoughts, develop new theories, and theoretically support radical politics, but be and constantly become political activists, social organizers and cultural workers - that is, folk the Italian critical theorist Antonio Gramsci referred to as 'organic intellectuals.' In this sense, then, the series of studies gathered in Africana Critical Theory contribute not only to African Studies, African American Studies, Caribbean Studies, Cultural Studies, Gender Studies, and Postcolonial Studies, but also to

contemporary critical theoretical discourse across an amazingly wide-range of 'traditional' disciplines, and radical political activism outside of (and, in many instances, absolutely against) Europe's ivory towers and the absurdities of the American academy.

Liebe, Sexualität und Matriarchat. Beiträge zur Geschlechterfrage - Erich Fromm 2015-12-31
Der Sammelband "Liebe, Sexualität und Matriarchat" versammelt die wichtigsten Beiträge Erich Fromms zur Genderfrage. Tatsächlich ist Erich Fromm mit seinen Arbeiten zum Mutterrecht und mit seiner Kritik an der Vorherrschaft des Mannes ein wichtiger Vordenker des Feminismus und der Gleichberechtigung der Geschlechter. Fromm interessiert nicht so sehr die Tatsache des anatomischen und biologischen Unterschieds der Geschlechter, auch nicht die überlebenswichtige Funktion der Sexualität, sondern vielmehr die Funktionalisierung der Genderfrage im Laufe der

Menschheitsgeschichte. Die sexuelle Anziehungskraft des jeweils anderen Geschlechts hat dabei offensichtlich nur eine sehr begrenzte Bedeutung und konnte den Menschen nicht daran hindern, den Geschlechtsunterschied zur Ausübung von Herrschaft zu benutzen. Den Sozialpsychologen Fromm interessiert dabei vor allem die Frage, wie sich die gesellschaftlich geprägte Genderfrage in der psychischen Strukturbildung (Charakter) widerspiegelt und wie sie die Liebesfähigkeit und die Funktion der Sexualität beeinflusst. Über all dies gibt dieser Sammelband umfassend Auskunft. Aus dem Inhalt - Bachofens Entdeckung des Mutterrechts - Die sozialpsychologische Bedeutung der Mutterrechtstheorie - Die männliche Schöpfung - Robert Briffaults Werk über das Mutterrecht - Die Bedeutung der Mutterrechtstheorie für die Gegenwart - Geschlecht und Charakter - Mann und Frau - Sexualität und Charakter. Psychoanalytische Bemerkungen zum Kinsey-

Erich Fromm and Critical Criminology -

Kevin Anderson 2000

Linking the writings of the humanist psychologist Erich Fromm to criminology, this collection shows how viewing crime patterns and the criminal justice system from Fromm's humanist perspective opens a path to more effective and more humane way of understanding and dealing with crime and criminals.

The Dialectics of the Religious and the Secular - 2014-05-28

In *The Dialectics of the Religious and the Secular*, fifteen international scholars address

the question of the relevancy, meaning, and future of religion within the increasing antagonisms between the religious and secular realms of modern civil society and its globalization.

[The Radical Humanism of Erich Fromm](#) - K. Durkin 2014-09-04

This book, shortlisted for the British Sociological Association's Philip Abrams Memorial Prize (2015), argues that Fromm is a vital and largely overlooked contribution to twentieth-century intellectual history, and one who offers a refreshingly reconfigured form of humanism that is capable of reintegrating explicitly humanist analytical categories and schemas back into social theoretical (and scientific) considerations.
