Then she's knocked off her bike on the way to her housekeeping job at McCarthy's Resort Hotel by Gansett's "favorite son," Mac McCarthy. He's back in town to help his father with preparations to sell the family resort and has no intention of staying long. When Mac accidentally sends Maddie flying over the handlebars, badly injuring her, he moves in to nurse her back to health and help care for her young son. He soon realizes his plans for a hit-and-run visit to the island are in serious jeopardy, and he just may be "maid" for love.

ways you could never expect. . . . This is the smart, quirky, uplifting read we need.” —Ashley Audrain, #1 bestselling author of *The Push* A dead body is one mess she can't clean up on her own. Molly Gray is not like everyone else. She struggles with social skills and misreads the intentions of others. Her gran used to interpret the world for her, codifying it into simple rules that Molly could live by. Since Gran died a few months ago, twenty-five-year-old Molly has been navigating life's complexities all by herself. No matter—she throws herself with gusto into her work as a hotel maid. Her unique character, along with her obsessive love of cleaning and proper etiquette, make her an ideal fit for the job. She delights in donning her crisp uniform each morning, stocking her cart with miniature soaps and bottles, and returning guest rooms at the Regency Grand Hotel to a state of perfection. But Molly's orderly life is upended the day she enters the suite of the infamous and wealthy Charles Black, only to find it in a state of disarray and Mr. Black himself dead in his bed. Before she knows what's happening, Molly's unusual demeanor has the police targeting her as their lead suspect. She quickly finds herself caught in a web of deception, one she has no idea how to untangle. Fortunately for Molly, friends she never knew she had unite with her in a search for clues to what really happened to Mr. Black. But will they be able to find the real killer before it's too late? Both a Clue-like, locked-room mystery and a heartwarming journey of the spirit, *The Maid* explores what it means to be the same as everyone else and yet entirely different—and reveals that all mysteries can be solved through connection to the human heart.

Maid for Love - Yuwanda Black 2021-07-11

A job was what she needed. Desire was what she found ... Life had dealt Ebony Crews a hand where the Joker always showed up. Raised in foster care. Pregnant at 18. A mother at 19. Beaten at 20. A single, struggling mother at 26. At that was just the tip of the iceberg. One job loss away from being homeless with a sick child, Ebony's finally dealt an ace -- a job at the Zeller mansion as a maid. It paid almost three times her normal salary. And the unexpected cherry on top was Nico Zeller. He was everything a woman could want in a man. Rich. Smart. Single. Handsome. And very interested in her. "Why her?" Ebony wondered. He could have any woman he wanted, and was so far out of her league, it had to mean only one thing. *** "No!" Ebony said, turning away from the scorching heat of Nico's mouth. "This is wrong," she

declared. "What's so wrong about it?" Nico said, taking deep breaths as he strove for control. "On the contrary, I'd say everything about it is right." "Are you in the habit of seducing the help?"

Ebony said. Nico slid one hand into the hair at the base of her neck. He snatched her head back, his lips searing the column of her throat. Ebony's brain shut down and her body opened up: to him, for him, betraying her. *** Fighting a desire that couldn't be denied, Ebony risked everything when she gave herself to Nico Zeller. Only, she didn't realize just how much. She found herself in the cross-hairs of the billionaire's family drama that could lose her much more than a job. Ending the affair could cost her in ways she never imagined, until she's offered a way out. It was an easy choice to make. But she knew she'd regret it the rest of her life.

Maid - Stephanie Land 2020-01-21

NEW YORK TIMES BESTSELLER Evicted meets Nickel and Dimed in Stephanie Land's memoir about working as a maid, a beautiful and gritty exploration of poverty in America. Includes a foreword by Barbara Ehrenreich. At 28, Stephanie Land's plans of breaking free from the roots of her hometown in the Pacific Northwest to chase her dreams of attending a university and becoming a writer, were cut short when a summer fling turned into an unexpected pregnancy. She turned to housekeeping to make ends meet, and with a tenacious grip on her dream to provide her daughter the very best life possible, Stephanie worked days and took classes online to earn a college degree, and began to write relentlessly. She wrote the true stories that weren't being told: the stories of overworked and underpaid Americans. Of living on food stamps and WIC (Women, Infants, and Children) coupons to eat. Of the government programs that provided her housing, but that doubled as halfway houses. The aloof government employees who called her lucky for receiving assistance while she didn't feel lucky at all. She wrote to remember the fight, to eventually cut through the deep-rooted stigmas of the working poor. Maid explores the underbelly of upper-middle class America and the reality of what it's like to be in service to them. "I'd become a nameless ghost," Stephanie writes about her relationship with her clients, many of whom do not know her from any other cleaner, but who she learns plenty about. As she begins to discover more about her clients' lives-their sadness and love, too-she begins to find hope in her own path. Her compassionate, unflinching writing as a journalist gives voice to the "servant" worker, and those pursuing the American Dream from below the poverty line. Maid is Stephanie's story, but it's not her alone. It is an inspiring testament to the strength, determination, and ultimate triumph of the human spirit.
