shatter a beautiful relationship. I am not talking about the commonly known mistakes which breaks relationships, rather I am talking about those that you would never have guessed. Why, if you may ask? This is because to you it's not a threat to your relationship but to a man, it's a grievous mistake. How, you may ask? This is because men and women react differently to the same situations in a relationship. A woman responds with emotion but a man responds with logic. This is why you can offend and hurt a man without even having the slightest clue. This is because you respond from different premise for decision making. The woman sees most things emotionally in the relationship but the man calculates the woman and responds to her logically. This is why I told you that the mistakes I am talking about are things outlandish to you. You might even say that you meant no harm or didn't even know. So, this book will show you and teach you how men calculate their women

with logic. This is why most times it's the woman who walks out of the relationship heart broken and dejected without a clue where she went wrong. I once sat with a girl and she opened up about all her relationships and how she had been dumped painfully and severally. She was opening up to me from a view that she did nothing wrong. But as a man, I noticed she had done some things wrong without even knowing. I couldn't even tell her because she was hyper emotional and was not open to a logical explanation. But me being the man knew that she had committed too many grievous mistakes emotionally without really knowing. When a woman commits a mistake, her man corrects her. But when she commits a grievous mistake, he says nothing and makes a drastic decision known to only himself. This book is an eye opener. You will see some things you did, thinking that you were pleasing your man, but you were only killing your relationship. This book,

will tell you things you do unconsciously that has broken or cost you your relationship without you even knowing. Only a man can tell you these mistakes and I have decided to be that man! This mistake will shock you; they are things you least expect it but they have destroyed many relationships and marriages. Enjoy and do share with people you love. Scroll up to purchase this book. Stuck on Stupid or Stuck in Stupid - Linda Porter Harrison
2012-02-15

Stuck on Stupid or Stuck in Stupid: (The 25 mistakes women make that prevent them from attracting and keeping true love) Is the partner book to: Think Like a Man and here's a thought: Start Acting Like a Man (The 25 mistakes men make that prevent them from finding and keeping true love) I have been pondering whether or not to write a relationship book for women for quite some time. After the release of my first novel *Torn Between 2 Brothers* and my first relationship book

Think Like A Man, I received numerous e-mails and phone calls from women asking that I write a relationship book for them. Initially, I was taken aback because I never saw myself as a relationship guru. The irony is that I've always been the girlfriend that everyone comes to when it comes to relationships. I don't think that it is because I have had the best relationships when it comes to men. Believe me; I have had a few that I care not to remember. I must admit, I kissed a few frogs before I found my Prince Charming. However, I do think that it is because I have always been optimistic and objective when it comes to love. Even when I have been in the midst of a tumultuous relationship, I have always been able to find my center, recognize my stupidity, and if not in that moment very soon afterwards, get out of my circumstance. Afterwards, I brush myself off, evaluate the lesson learned and move on (something many women have trouble doing). Also, I try not to punish the next man that

enters my life for the mistakes the previous guy made (huge mistake). For the last ten plus years, I have been paying close attention to the behavior of women and trying desperately to get a grip on why we continue to behave so stupidly when it comes to men. Is it that we just dont know? Or is it that we do know, but we choose to stay stuck in/on stupid? Youll have to answer these questions for yourself. Also, I interviewed men and asked them what things really bother them about women when it comes to relationships. Stuck on Stupid includes some of the most voiced concerns. After reading this book, ask your mate to read it and highlight the areas he feels you need improvement. I think youll be surprised. Dont worry, your mate wont highlight the whole book ?. Whenever youre in a relationship you have to be willing to grow and make changes. Its part of the process. Love requires it. Nevertheless, I hope that by the end of this book you will have gained some insight about

your behavior and begin to make the necessary adjustments in your life to allow you to experience REAL love. Blessings, Linda
