Dating Dr. Dil - Nisha Sharma 2022-03-15

"Nisha Sharma's Dating Dr. Dil is what would happen if you put all my favorite romantic comedy tropes into a blender: a frothy, snarky, hilarious treat with a gooey, heartwarming center. The perfect addition to any rom-com lover's shelf." —Emily Henry, #1 New York Times bestselling author of People We Meet on Vacation Nisha Sharma's new romantic comedy features enemies to lovers, a cast of best friends, and a gaggle of aunties determined to make a match. Hi! I'm Kareena Mann. As cheesy as it sounds, I'm looking for my soulmate. In four months. And he must gain the approval of my meddling aunties. Kareena dreams of having a perfect love story like her parents did. That's why on the morning of her thirtieth birthday, she's decided to suit up and enter the dating arena. When her widowed father announces he's retiring and selling their home after her sister's engagement party, Kareena makes a deal with him. If she can find her soulmate by the date of the party, he'll gift her the house, and she'll be able to keep her mother's legacy alive. Hi, I'm Dr. Prem Verma, host of the Dr. Dil Show. Prem means love, Dil means heart, and I'm a cardiologist. Don't let my name fool you. I only fix broken hearts in the literal sense. Prem doesn't have time for romance, which is why it's no surprise when his first meeting with Kareena goes awry. Their second encounter is worse when their on-air debate about love goes viral. Now Prem's largest community center donor is backing out because Prem's reputation as a heart-health expert is at risk. To get back in his donor's good graces, he needs to fix his image fast, and dating Kareena is his only option. Even though they have warring interests, the more time Prem spends with Kareena, the more he thinks she's might actually be the woman he wants to spend the rest of his life

with. In this Taming of the Shrew re-imagining, for Prem and Kareena to find their happily ever after, they must admit that hate has turned into fate. "Bursting with character, spicy tension and laughs, Dating Dr. Dil is the enemies to lovers dream book!" —Tessa Bailey, New York Times bestselling author of *It Happened One Summer*

We Can't Keep Meeting Like This - Rachel Lynn Solomon 2021-06-08
A wedding harpist disillusioned with love and a hopeless romantic cater-waiter flirt and fight their way through a summer of weddings in this effervescent romantic comedy from the acclaimed author of *Today Tonight Tomorrow*. Quinn Berkowitz and Tarek Mansour's families have been in business together for years: Quinn's parents are wedding planners, and Tarek's own a catering company. At the end of last summer, Quinn confessed her crush on him in the form of a rambling email—and then he left for college without a response. Quinn has been dreading seeing him again almost as much as she dreads another summer playing the harp for her parents' weddings. When he shows up at the first wedding of the summer, looking cuter than ever after a year apart, they clash immediately. Tarek's always loved the grand gestures in weddings—the flashier, the better—while Quinn can't see them as anything but fake. Even as they can't seem to have one civil conversation, Quinn's thrown together with Tarek wedding after wedding, from performing a daring cake rescue to filling in for a missing bridesmaid and groomsman. Quinn can't deny her feelings for him are still there, especially after she learns the truth about his silence, opens up about her own fears, and begins learning the art of harp-making from an enigmatic teacher. Maybe love isn't the enemy after all—and maybe allowing herself to fall is the most honest thing Quinn's ever done.

The Secret Diary of an Arranged Marriage - Halima Khatun 2020-02-12

Fix Her Up - Tessa Bailey 2019-06-11

The first in a spicy, hilarious HGTV-inspired romantic comedy trilogy from the #1 New York Times bestselling author of *It Happened One Summer* and *Hook, Line, and Sinker!* Georgette Castle's family runs the best home renovation business in town, but she picked balloons instead of blueprints and they haven't taken her seriously since. Frankly, she's over it. Georgie loves planning children's birthday parties and making people laugh, just not at her own expense. She's determined to fix herself up into a Woman of the World... whatever that means. Phase one: new framework for her business (a website from this decade, perhaps?) Phase two: a gut-reno on her wardrobe (fyi, leggings are pants.) Phase three: updates to her exterior (do people still wax?) Phase four: put herself on the market (and stop crushing on Travis Ford!) Living her best life means facing the truth: Georgie hasn't been on a date since, well, ever. Nobody's asking the town clown out for a night of hot sex, that's for sure. Maybe if people think she's having a steamy love affair, they'll acknowledge she's not just the "little sister" who paints faces for a living. And who better to help demolish that image than the resident sports star and tabloid favorite? Travis Ford was major league baseball's hottest rookie when an injury ended his career. Now he's flipping houses to keep busy and trying to forget his glory days. But he can't even cross the street without someone recapping his greatest hits. Or making a joke about his... bat. And then there's Georgie, his best friend's sister, who is not a kid anymore. When she proposes a wild scheme—that they pretend to date, to shock her family and help him land a new job—he agrees. What's the harm? It's not like it's real. But the girl Travis used to tease is now a funny, full-of-life woman and there's nothing fake about how much he wants her... "Her voice feels as fresh and contemporary as a Netflix rom-com." —Entertainment Weekly "Fix Her Up ticks all my romance boxes. Not only is it hilarious, it's sweet, endearing, heartwarming and downright sexy. It's a recipe for the perfect love story." - Helena Hunting, New York Times bestselling author of *Meet Cute*

The Soulmate Equation - Christina Lauren 2021-05-18

The New York Times bestselling author of *The Unhoneymooners* returns with a witty and effervescent novel about what happens when two people with everything on the line are thrown together by science—or is it fate? Perfect for fans of *The Rosie Project* and *One Plus One*. Single mom Jess Davis is a data and statistics wizard, but no amount of number crunching can convince her to step back into the dating world. Raised by her grandparents—who now help raise her seven-year-old daughter, Juno—Jess has been left behind too often to feel comfortable letting anyone in. After all, her father's never been around, her hard-partying mother disappeared when she was six, and her ex decided he wasn't "father material" before Juno was even born. Jess holds her loved ones close, but working constantly to stay afloat is hard...and lonely. But then

Jess hears about GeneticAlly, a buzzy new DNA-based matchmaking company that's predicted to change dating forever. Finding a soulmate through DNA? The reliability of numbers: This Jess understands. At least she thought she did, until her test shows an unheard-of 98% compatibility with another subject in the database: GeneticAlly's founder, Dr. River Pena. This is one number she can't wrap her head around, because she already knows Dr. Pena. The stuck-up, stubborn man is without a doubt not her soulmate. But GeneticAlly has a proposition: Get to know him and we'll pay you. Jess—who is barely making ends meet—is in no position to turn it down, despite her skepticism about the project and her dislike for River. As the pair are dragged from one event to the next as the "Diamond" pairing that could make GeneticAlly a mint in stock prices, Jess begins to realize that there might be more to the scientist—and the science behind a soulmate—than she thought. Funny, warm, and full of heart, *The Soulmate Equation* proves that the delicate balance between fate and choice can never be calculated.

Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor—and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs.
