Loving the Body - D. Hopkins 2004-12-09

In this book, contributors argue that the Black Church must begin to address the significance of sexuality if it is to actually present liberation as a mode of existence that fully appreciates the body. The contributors argue that we not only have to look at the Black Church in this discussion, but also explore black Christianity in general.

Human Sexuality: Diversity in Contemporary America - Bryan Strong
2006-11-21

Human Sexuality: Diversity in Contemporary America is a pioneering text in many ways. The first text to achieve a full integration of cutting-

edge research with a contemporary "sex-positive" approach, it also strives to represent the modern, diverse world that students encounter outside the classroom. Both within the text itself and throughout the exemplary art and photo program, the focus is on inclusion. Written by a leading sexuality researcher and experienced teachers of the human sexuality course, Human Sexuality has been lauded by students and instructors alike for providing the most integrated and non-judgmental view of sexual orientation available. This modern theme, along with the thorough coverage of sexuality and the media, engaging writing style, and biopsychosocial orientation, make the text a

perennial best-seller. The new sixth edition builds on these strengths and adds updated information, a new design, and a highly crafted resource program to make the book more useful than ever.

Human Sexuality: Diversity in Contemporary America - William Yarber
2015-10-15

Celebrating sexual diversity in contemporary America. *Human Sexuality: Diversity in Contemporary America* takes a sex-positive approach, encouraging students to become proactive about their own sexual wellbeing. Presented in an integrated, digital learning program, Yarber & Sayad's contemporary research and exploration of cultural diversity provide a personalized learning experience for today's students. The new edition of SmartBook, a personalized learning program offering students the insight they need to study smarter and improve classroom results.

Close Encounters - Laura K. Guerrero

2007-05-31

Using a relational approach to the study of interpersonal communication, this text provides comprehensive coverage of popular theories and concepts in interpersonal communication. The research base of the book draws from communication, but also emphasizes the interdisciplinary nature of the study of personal relationships.

Gender and Sexual Diversity in Schools - Elizabeth J. Meyer
2010-06-16

Issues related to gender and sexual diversity in schools can generate a lot of controversy, with many educators and youth advocates under-prepared to address these topics in their school communities. This text offers an easy-to-read introduction to the subject, providing readers with definitions and research evidence, as well as the historical context for understanding the roots of bias in schools related to sex, gender, and sexuality. Additionally, the book offers tangible resources and advice on how to create

more equitable learning environments. Topics such as working with same-sex parented families in elementary schools; integrating gender and sexual diversity topics into the curriculum; addressing homophobic bullying and sexual harassment; advising gay-straight alliances; and supporting a transgender or gender non-conforming student are addressed. The suggestions offered by this book are based on recent research evidence and legal decisions to help educators handle the various situations professionally and from an ethical and legally defensible perspective.

Sexuality and the Sacred - Marvin Mahan Ellison
2010-01-01

"Challenges seminarians, clergy, and other religious leaders with provocative essays by leading theologians. Destined to be core reading at seminaries as we prepare the next generation of sexually healthy and responsible clergy."ùRev. Debra W. Haffner, Executive Director of the Religious Institute and coauthor of Religion and

Sexuality 2020: Goals for the Next Decade
"Gives much-needed breadth and depth to the discussion of human sexuality and religion."ùTraci C. West, Professor of Ethics and African American Studies, Drew University, and author of Disruptive Christian Ethics "The topics are timely and important, and the scholarship assembled speaks from and to diverse social locations."ùEllen T. Armour, Director of the Carpenter Program in Religion, Gender, and Sexuality Studies, Vanderbilt Divinity School "An important book to know,"ùEmilie Townes, Andrew W. Mellon Professor of African American Religion and Theology, Yale Divinity School This updated and expanded anthology featuring approximately thirty contemporary essays includes a wonderfully diverse group of theologians and ethicists addressing issues such as the intersection of race/racism and sexuality, transgender identity, same-sex marriage, and reproductive health. The result is an authoritative selection of essential readings

about sexuality, spirituality, and social justice. Marvin M. Ellison teaches Christian ethics at Bangor Theological Seminary in Maine and is the author of *Erotic Justice: A Liberating Ethic of Sexuality and Same-Sex Marriage: A Christian Ethical Analysis*. Kelly Brown Douglas is the Elizabeth Conolly Todd Distinguished Professor of Religion at Goucher College, Baltimore, Maryland. She is the author of *Sexuality and the Black Church: A Womanist Perspective*.

The Worlds of Farscape - Sherry Ginn

2013-08-06

Reversing a common science fiction cliché, *Farscape* follows the adventures of the human astronaut John Crichton after he is shot through a wormhole into another part of the universe. Here Crichton is the only human being, going from being a member of the most intelligent species on our planet to being frequently considered mentally deficient by the beings he encounters in his new environment. John Crichton befriends a group of beings from

various species attempting to escape from imprisonment aboard a living spaceship. The series, which broke many of the so-called "rules" of science fiction, follows Crichton's attempts to survive in worlds that are often hostile to him and his friends. Their adventures center on each being's attempt to find a way home. The essays in this volume explore themes running throughout the series, such as good and evil, love and sex, and what it means to be a hero, as well as the various characters populating the series, including the villains and even the ship itself.

Critical Reading, Critical Thinking - Richard C. Pirozzi 2008

Contemporary Critical Reading equips students with the critical reading, writing, thinking, and problem-solving skills essential to understanding and responding to current issues and ideas.

Evolution's Rainbow - Joan Roughgarden
2013-09-14

In this innovative celebration of diversity and

*Downloaded from
legacy.opendemocracy.net on
2020-04-17 by guest*

affirmation of individuality in animals and humans, Joan Roughgarden challenges accepted wisdom about gender identity and sexual orientation. A distinguished evolutionary biologist, Roughgarden takes on the medical establishment, the Bible, social science—and even Darwin himself. She leads the reader through a fascinating discussion of diversity in gender and sexuality among fish, reptiles, amphibians, birds, and mammals, including primates. *Evolution's Rainbow* explains how this diversity develops from the action of genes and hormones and how people come to differ from each other in all aspects of body and behavior. Roughgarden reconstructs primary science in light of feminist, gay, and transgender criticism and redefines our understanding of sex, gender, and sexuality. Witty, playful, and daring, this book will revolutionize our understanding of sexuality. Roughgarden argues that principal elements of Darwinian sexual selection theory are false and suggests a new theory that

emphasizes social inclusion and control of access to resources and mating opportunity. She disputes a range of scientific and medical concepts, including Wilson's genetic determinism of behavior, evolutionary psychology, the existence of a gay gene, the role of parenting in determining gender identity, and Dawkins's "selfish gene" as the driver of natural selection. She dares social science to respect the agency and rationality of diverse people; shows that many cultures across the world and throughout history accommodate people we label today as lesbian, gay, and transgendered; and calls on the Christian religion to acknowledge the Bible's many passages endorsing diversity in gender and sexuality. *Evolution's Rainbow* concludes with bold recommendations for improving education in biology, psychology, and medicine; for democratizing genetic engineering and medical practice; and for building a public monument to affirm diversity as one of our nation's defining

principles.

What Every Mental Health Professional Needs to Know About Sex - Stephanie

Buehler, PsyD, CST-S 2013-07-29

Although sexual issues frequently arise in therapeutic practice, mental health professionals are often uncomfortable and poorly equipped to address them. Written by an author who is both a psychologist and sex therapist, this practical guide provides information, tools, and exercises to increase the confidence and comfort of the mental health professional called upon to treat sexual issues during the course of therapy. The book is based on the premise that the therapist must be comfortable with his or her own sexuality in order to offer appropriate treatment. This guide discusses the characteristics of healthy sexuality-for both client and therapist-and explores the reasons that may underlie a therapist's discomfort with addressing sexual issues. Using case studies and sample dialogues, it covers a multitude of common and unusual

sexual problems, couple's issues, questions that parents may have about sex, working with LGBT clients, sex for survivors of trauma, sexuality and aging, sexual pain disorders, and how to assess whether more extensive sexual therapy is needed. The guide demonstrates how therapists in different modalities can incorporate treatment of sexual problems into their practice, and covers relevant ethical issues. Included is a downloadable set of practitioner's resources that includes worksheets and client handouts that can be immediately put to use. Additionally, the book provides resources for more in-depth information and discusses collaboration with other health professionals. Key Features: Discusses how to comfortably and effectively discuss, assess, and treat clients' sexual concerns Supported by case studies and therapist/clinician dialogues Includes "Step Into My Office" sidebars taken from the author's own experience Provides downloadable resources including assessments, worksheets, and client

handouts

The Resource Book - Bryan Strong 2002

Human Sexuality - Strong 1998-11

Fostering Development in Midlife and Older Age

- Irina Catrinel Crăciun 2023-02-22

This handbook integrates and discusses a growing evidence base concerning individual development across middle and late adulthood. The book includes a comprehensive analysis of what growth implies within midlife and older age and considers how different developmental areas are intertwined (i.e., physical, cognitive, social and emotional development as well as personality growth). As the gap between theory and practice still constitutes an issue in developmental research, the handbook also aims to provide illustrative examples of prevention and intervention from a positive psychology perspective. These were selected to represent a variety of topics, relevant for individual

development where research informs practice, ranging from happiness, grandparenthood, love and sexuality to loneliness, depression, anxiety, suicide prevention and coping with death. This handbook is a must-have resource for students and researchers working in developmental psychology, health psychology, gerontology and public health. It will also be of interest to practitioners such as counsellors, life coaches, psychotherapists, organizational psychologists, health professionals, social workers or public health planners.

Katie's Canon - Katie Geneva Cannon

2021-11-23

Katie's Canon is a selection of essays written for a variety of occasions throughout Cannon's celebrated career. This new edition contains three additional essays and a new foreword by Emilee Townes. The volume weaves together the particularities of Cannon's own history and the oral tradition of African American women, African American women's literary traditions,

Downloaded from
legacy.opendemocracy.net on
2020-04-17 by guest

and sociocultural and ethical analysis. The result is a classic. Cannon addresses racism and economics, analyses of Zora Neale Hurston as a resource for a constructive ethic, the importance of race and gender in the development of a Black liberation ethic, womanist preaching in the Black church, and slave ideology and biblical interpretation.

Human Sexuality - Bryan Strong 1999

This introduction to human sexuality features a unique organization that integrates essential coverage of ethnic, cultural, gender, and sexual orientation differences and similarities. The text maintains a psychosocial approach, but also provides a balanced treatment of the biological, psychological, sociological, anthropological, and historical aspects of human sexuality.

Human Sexuality - Caroline F. Pukall
2017-02-13

Balancing biological coverage with an insightful exploration of social and cultural issues, this Canadian contributed text helps students

understand human sexuality from a variety of interdisciplinary perspectives. Incorporating the latest research, clinical practice, and up-to-date developments, this second edition opens students' eyes to the richness and diversity of human sexual expressions and experiences in Canada and around the world.

Study Guide to Accompany Human Sexuality, Diversity in Contemporary America, Second Edition, by Bryan Strong and Christine DeVault - Bobbi Mitzenmacher 1997

The Psychology of Human Sexuality - Justin J. Lehmiller 2017-12-26

New edition of an authoritative guide to human sexual behavior from a biopsychosocial perspective The thoroughly revised and updated second edition of *The Psychology of Human Sexuality* explores the roles that biology, psychology, and the social and cultural context play in shaping human sexual behavior. The author - a noted authority on the topic and an

Downloaded from
legacy.opendemocracy.net on
2020-04-17 by guest

affiliate of the acclaimed Kinsey Institute - puts the spotlight on the most recent research and theory on human sexuality, with an emphasis on psychology. The text presents the major theoretical perspectives on human sexuality, and details the vast diversity of sexual attitudes and behaviors that exist in the modern world. The author also reviews the history of sexology and explores its unique methods and ethical considerations. Overall, this important and comprehensive text provides readers with a better understanding of, and appreciation for, the science of sex and the amazing complexity of human sexuality. Features broad coverage of topics including anatomy, gender and sexual orientation, sexual behaviors, sexual difficulties and solutions, prostitution, and pornography. Offers more in-depth treatment of relationships than comparable texts, with separate chapters dealing with attraction and relationship processes. Includes cutting-edge research on the origins of sexual orientation and gender identity,

as well as new treatments for sexually transmitted infections and sexual dysfunctions. Is written from a sex-positive perspective, with expanded coverage of cross-cultural research throughout and material that is inclusive and respectful of a diverse audience. Includes numerous activities to facilitate dynamic, interactive classroom environments. Written for students of human sexuality and anyone interested in the topic. The Psychology of Human Sexuality offers a guide to the psychology of human sexual behavior that is at once inclusive, thorough, and authoritative in its approach.

The Truth about Sexual Behavior and Unplanned Pregnancy - Elissa Howard-Barr 2009

Praise for the previous edition: .."user-friendly...there's plenty of solid information here."--Booklist

The Natural History of Sexuality in Early America - Greta LaFleur 2020-08-04

Ultimately, *The Natural History of Sexuality in Early America* not only rewrites all dominant scholarly narratives of eighteenth-century sexual

behavior but poses a major intervention into queer theoretical understandings of the relationship between sex and the subject.
