The principal character Alice meanders in and out of a love affair with her banker boyfriend, Eric. A strong framework that allows reflections on the nature of love.

Do Humankind's Best Days Lie Ahead? -

Steven Pinker 2016-11-03

'It's just a brute fact that we don't throw virgins into volcanoes any more. We don't execute people for shoplifting a cabbage. And we used to.' -Steven Pinker 'The idea that because things have gotten better in the past they will continue to do so in the future is a fallacy I would have thought confined to the lower reaches of Wall Street.' -Malcolm Gladwell In a world driven by technology and globalization, is humanity approaching a Golden Age or is the notion of progress a Western delusion? Four of the world's most renowned thinkers take on one of the biggest debates of the modern era...

SUNDAY TIMES TOP TEN BESTSELLER
NUMBER ONE INTERNATIONAL BESTSELLER

From one of our greatest voices in modern philosophy, author of *The Course of Love*, *The Consolations of Philosophy*, *The Art of Travel* and *The School of Life* 'A serious and optimistic set of practical ideas that could improve and alter the way we live' Jeanette Winterson, *The Times* 'A beautiful, inspiring book... offering a glimpse of a more enlightened path' *Sunday Telegraph* 'Smart, stimulating, sensitive. A timely and perceptive appreciation of how much wisdom is embodied in religious traditions and how we godless moderns might learn from it' *Financial Times* 'There isn't a page in this book that doesn't contain a striking idea or a stimulating parallel' *Mail on Sunday* Alain de Botton takes us one step further than Dawkins or Hitchens ventured - into a world of ideas beyond the God debate... All of us, whether religious, agnostic or atheist, are searching for meaning. And in this wise and life-affirming book, non-believer Alain de Botton both rejects the supernatural claims of the major religions and points out just how many good ideas they sometimes have about how we should live. And he suggests that non-believers can learn and steal from them. Picking and choosing from the

thousands of years of advice assembled by the world's great religions, Alain de Botton presents a range of fascinating ideas and practical insights on art, community, love, friendship, work, life and death. He shows how they can be of use to us all, irrespective of whether we do or don't believe.

The News - Alain de Botton 2014-02-06

THE SUNDAY TIMES TOP TEN BESTSELLER
From one of our greatest voices in modern philosophy, author of *The Course of Love*, *The Consolations of Philosophy*, *Religion for Atheists* and *The School of Life* - an accessible and eye-opening exploration of our relationship with 'the news' 'His gift is to prompt us to think about how we live and how we might change things' *The Times* 'De Botton analyses modern society with great charm, learning and humour. His remedies come as a welcome relief' *Daily Mail* 'Like all classic de Botton, there are plenty of

insightful observations here, peppered with some psychology, a dash of philosophy, a big dollop of commonsense' Scotsman 'The news' occupies a range of manic and peculiar positions in our lives. We invest it with an authority and importance which used to be the preserve of religion - but what does it do for us? Mixing current affairs with philosophical reflections, de Botton offers a brilliant illustrated guide to the precautions we should take before venturing anywhere near the news and the 'noise' it generates. Witty and global in reach, The News will ensure you'll never look at reports of a celebrity story or political scandal in quite the same way again.

On Love - Alain de Botton 2015-11-03

The New York Times–bestselling author’s modern classic that “takes a conventional love story and textures it with philosophical ruminations” (Kirkus Reviews). A man and a woman meet over casual conversation on a flight from Paris to London, and so begins a love story—from first kiss to first argument, elation to heartbreak, and everything in between. Each stage of the relationship is illuminated with startling clarity, as novelist and philosopher Alain de Botton explores young love and its emotions, often felt but rarely understood. With a brilliant new introduction by Sheila Heti, the New York Times–bestselling author of *How Should a Person Be?*, *On Love* is a contemporary classic from an author “who seems to have been born to write” (The Boston Globe). “Smart and ironic...The book’s success has much to do with its beautifully modeled sentences, its wry humor, and its unwavering deadpan respect for the reader’s intelligence.” —Francine Prose, *New Republic* “Witty, funny, sophisticated...full of wise and illuminating insights.” —P.J. Kavanagh, *Spectator*

The Architecture of Happiness - Alain de Botton 2007-03-29

Bestselling author Alain de Botton has written about love, travel, status and how philosophy can console us. Now he turns his attention to one of our most intense but often hidden love affairs: with our houses and their furnishings. He asks: What makes a house truly beautiful? Why are many new houses so ugly? Why do we argue so bitterly about sofas and pictures ♦ and can differences of taste ever

be satisfactorily resolved? Will minimalism make us happier than ornaments? To answer these questions and many more, de Botton looks at buildings across the world, from medieval wooden huts to modern skyscrapers; he examines sofas and cathedrals, tea sets and office complexes, and teases out a host of often surprising philosophical insights. *The Architecture of Happiness* will take you on a beguiling tour through the history and psychology of architecture and interior design, and will forever alter your relationship with buildings. It will change the way you look at your current home ♦ and help you make the right decisions about your next one.

On Love - Alain De Botton 1993

In this dazzlingly original first novel, Alain de Botton tells of a young man smitten by a woman on a Paris-London flight. *On Love* plots the course of their affair from the initial delirium of infatuation to the depths of suicidal despair, as the beloved, inexplicably, begins to drift away. "A tour de force pleasure of a first novel". Kirkus Reviews.

A Week at the Airport - Alain de Botton 2010-12-09

In the summer of 2009, Alain de Botton will be invited by the owners of Heathrow airport to become their first ever Writer in Residence. He will be installed in the middle of Terminal 5 on a raised platform with a laptop connected to screens, enabling passengers to see what he is writing and to come and share their stories. He will meet travellers from around the world, and will be given unprecedented access to wander the airport and speak with everyone from window cleaners and baggage handlers to air traffic controllers and cabin crew. Working with the renowned documentary photographer Richard Baker, de Botton will produce an extraordinary meditation upon the nature of place, time, and our daily lives. He will explore the magical and the mundane, personal and collective experiences and the interactions of travellers and workers all over this familiar but mysterious site. Like all airports, Heathrow (the 15th century village of Heath Row lies beneath the short stay car park) is a 'non-place' that we by definition want to leave, but it also provides a window into many worlds - through the thousands of people it dispatches every day. A

Week at the Airport is sure to delight de Botton's large following, and anyone interested in the stories behind the way we live.

Status Anxiety - Alain de Botton 2005-01-13

THE SUNDAY TIMES TOP TEN BESTSELLER

From one of our greatest voices in modern philosophy, author of *The Course of Love*, *The Consolations of Philosophy*, *Religion for Atheists* and *The School of Life* - Alain de Botton sets out to understand our universal fear of failure - and how we might change it 'De Botton's gift is to prompt us to think about how we live and how we might change things' *The Times* We all worry about what others think of us. We all long to succeed and fear failure. We all suffer - to a greater or lesser degree, usually privately and with embarrassment - from status anxiety. Alain de Botton gives a name to this universal condition and sets out to investigate both its origins and possible solutions. He looks at history, philosophy, economics, art and politics - and reveals the many ingenious ways that great minds have overcome their worries. The result is a book that is not only entertaining and thought-provoking - but genuinely wise and helpful as well. 'He analyses modern society with great charm, learning and humour. His remedies come as a welcome relief when most books offering solutions to the stresses of life recommend the lotus position' *Daily Mail*

The Consolations of Philosophy - Alain de Botton 2001-03-01

THE SUNDAY TIMES NUMBER ONE

BESTSELLER One of the most influential voices in modern philosophy - the author of *The Course of Love*, *Religion for Atheists*, *The Art of Travel* and *The School of Life* Alain de Botton presents a one-stop shop for solving the problems of everyday life through the wisdom of history's great philosophers 'Singlehandedly, de Botton has taken philosophy back to its simplest and most important purpose: helping us live our lives' *Independent* 'Few discussions on the great philosophers can have been so entertaining . . . An ingenious, imaginative book' *The Sunday Times* 'Witty, thoughtful, entertaining... It manages to make philosophy both enjoyable and relevant' Anthony Clare, *Literary Review* 'No doubt about it, philosophy is the new rock and roll and Alain de Botton is its Colonel Tom Parker... A pleasure to read. And good writing,

like good philosophy, is always a consolation' John Banville, *Irish Times* Alain de Botton has set six of the finest minds in the history of philosophy to work on the problems of everyday life. Find out what Socrates, Epicurus, Seneca, Montaigne, Schopenhauer and Nietzsche would say about the things that bother us all the most: lack of money, the pain of love, inadequacy, anxiety, the fear of failure and the pressure to conform.

Kiss & Tell - Alain de Botton 1997-05-15

Dr. Samuel Johnson observed that everyone's life is a subject worthy of the biographer's art. Accused by a former girlfriend of being unable to empathize, the narrator of Alain de Botton's *Kiss & Tell* takes Johnson's idea to heart and decides to write about the next person who walks into his life. He meets Isabel Rogers, a production assistant at a small stationery company in London, apparently an ordinary woman. But as the biographer's understanding of Isabel deepens, she becomes remarkable. Her smallest quirks, private habits, and opinions become worthy of the most painstaking investigation-and unexpectedly attractive to her biographer.

Del amor - Alain de Botton 1995

The Art of Travel - Alain de Botton 2003-05-29

This title takes us on a journey through the satisfactions and disappointments of travelling. Dealing with such topics as airports, exotic carpets and mini-bars it reveals the hidden motivations, expectations and complications of our voyages into the wide world.

How Proust Can Change Your Life - Alain de Botton 2012-02-23

'What a marvellous book this is . . . de Botton dissects what [Proust] had to say about friendship, reading, looking carefully, paying attention taking your time, being alive and adds his own delicious commentary. The result is an intoxicating as it is wise, amusing as well as stimulating, and presented in so fresh a fashion as to be unique . . . I could not stop, and now much start all over again.' Brian Masters, *Mail on Sunday* 'De Botton not only has a complete understanding of Proust's life . . . but what is particularly charming about this small, readable book is its tongue-in-cheek benignity, its lightly held erudition and its generous way of lending

itself to what is not only the greatest book of the century but also the darkest and the most eccentric' Edmund White, Observer 'It contains more human interest and play of fancy than most fiction . . . de Botton, in emphasizing Proust's healing, advisory aspects, does us the service of rereading him on our behalf, providing of that vast sacred lake a sweet and lucid distillation.' John Updike, New Yorker 'De Botton's little book is so charming, amusing and sensible that it may even itself change your life.' Allan Massie, Daily Telegraph 'This engaging book is one of the most entertaining pieces of literary criticism I have read in a long while.' Sunday Telegraph 'A very enjoyable book' Sebastian Faulks

The Pleasures and Sorrows of Work - Alain de Botton 2010

We spend most of our waking lives at work ♦ in occupations often chosen by our unthinking sixteen-year-old selves. And yet we rarely ask ourselves how we got there or what it might mean for us. Equally intrigued by work's pleasures and its pains, Alain de Botton here heads out into the under-charted worlds of the office, the factory, the fishing fleet and the logistics centre, ears and eyes open to the beauty, interest and sheer strangeness of the modern workplace. Along the way he tries to answer some of the most urgent questions we can ask about work: Why do we do it? What makes it pleasurable? What is its meaning? And why do we daily exhaust not only ourselves but also the planet? Characteristically lucid, witty and inventive, Alain de Botton's 'song for occupations' is a celebration and exploration of an aspect of life which is all too often ignored and yet as central to us as our love lives.

Essays In Love - Alain de Botton 2014-12-15

A unique love story and a classic work of philosophy, rooted in the mysterious workings of the human heart and mind. With an introduction by Sheila Heti. 'De Botton is a national treasure.' - Susan Hill, author of *The Woman in Black* Perhaps it is true that we do not really exist until there is someone there to see us existing, we cannot properly speak until there is someone who can understand what we are saying in essence, we are not wholly alive until we are loved. A man and a woman meet over casual conversation on a flight from Paris to London, and so begins a love story - from first kiss to

first argument, elation to heartbreak, and everything in between. Each stage of the relationship is illuminated with startling clarity, as Alain de Botton explores emotions often felt but rarely understood. With the verve of a novelist and the insight of a philosopher, de Botton uncovers the mysteries of the human heart. *Essays In Love* is an iconic book - one that should be read by anyone who has ever fallen in love.

How to Think More About Sex - Alain de Botton 2012-12-24

THE SCHOOL OF LIFE IS DEDICATED TO EXPLORING LIFE'S BIG QUESTIONS IN HIGHLY-PORTABLE PAPERBACKS, FEATURING FRENCH FLAPS AND DECKLE EDGES, THAT THE NEW YORK TIMES CALLS "DAMNABLY CUTE." WE DON'T HAVE ALL THE ANSWERS, BUT WE WILL DIRECT YOU TOWARDS A VARIETY OF USEFUL IDEAS THAT ARE GUARANTEED TO STIMULATE, PROVOKE, AND CONSOLE. We don't think too much about sex; we're merely thinking about it in the wrong way. So asserts Alain de Botton in *How to Think More About Sex*, a rigorous and supremely honest book designed to help us navigate the intimate and exciting--yet often confusing and difficult--experience that is sex. Few of us tend to feel we're entirely normal when it comes to sex, and what we're supposed to be feeling rarely matches up with the reality. This book argues that twenty-first-century sex is ultimately fated to be a balancing act between love and desire, and adventure and commitment. Covering topics that include lust, fetishism, adultery, and pornography, Alain de Botton frankly articulates the dilemmas of modern sexuality, offering insights and consolation to help us think more deeply and wisely about the sex we are, or aren't, having.
