**The Book of Emma Reyes - Emma Reyes 2017-08-08**

"Startling and astringently poetic." —The New York Times  
A literary discovery: an extraordinary account, in the tradition of The House on

Mango Street and Angela's Ashes, of a Colombian woman's harrowing childhood. This astonishing memoir was hailed as an instant classic when first published in Colombia in 2012, nearly a decade after the death of its author, who was encouraged in her writing by Gabriel García Márquez. Comprised of letters written over the course of thirty years, and translated and introduced by acclaimed writer Daniel Alarcón, it describes in vivid, painterly detail the remarkable courage and limitless imagination of a young girl growing up with nothing. Emma Reyes was an illegitimate child, raised in a windowless room in Bogotá with no water or toilet and only ingenuity to keep her and her sister alive. Abandoned by their mother, she and her sister moved to a Catholic convent housing 150 orphan girls, where they washed pots, ironed and mended laundry, scrubbed floors, cleaned bathrooms, sewed garments and decorative cloths for the nuns—and lived in fear of the

Devil. Illiterate and knowing nothing of the outside world, Emma escaped at age nineteen, eventually establishing a career as an artist and befriending the likes of Frida Kahlo and Diego Rivera as well as European artists and intellectuals. The portrait of her childhood that emerges from this clear-eyed account inspires awe at the stunning early life of a gifted writer whose talent remained hidden for far too long. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

*Astray* - Emma Donoghue  
2012-10-25

This fascinating, fact-inspired fiction collection from Emma Donoghue, author of the bestselling *Room*, is a sequence of fourteen stories about travels to, in, and from North America. With the turn of each page, the characters that roam across these pages go astray. They are emigrants, runaways, drifters; gold miners and counterfeiters, attorneys and slaves. They cross borders of race, law, sex, and sanity. They travel for love or money, under duress or incognito. Donoghue describes the brutal plot hatched by a slave in conjunction with his master's wife to set them both free, and takes us to an early Puritan community in Massachusetts unsettled by an invented sex scandal. *Astray* also includes 'The Hunt', a shocking confession of one soldier's violent betrayal during the American Revolution, which was shortlisted for the Sunday

Times Short Story Award. These strange, true tales light up four centuries of wanderings, offering a past in scattered pieces, and a surprising and moving history for restless times.

Set in London and Monmouth in the late 1700s, this is an extraordinary novel about Mary Saunders, the young daughter of a poor seamstress. Mary hungers greedily for fine clothes and ribbons, as people of her class do for food and warmth. It's a hunger that

lures her into prostitution at the age of thirteen. Mary is thrown out by her distraught mother when she gets pregnant and almost dies on the dangerous streets of London. Her saviour is Doll - a prostitute. Mary roams London freely with Doll, selling her body to all manner of 'cullies', dressed whorishly in colourful, gaudy dresses with a painted red smile. Faced with bad debts and threats upon her life she eventually flees to Monmouth, her mother's hometown, where she attempts to start a new life as a maid in Mrs Jones's house. But Mary soon discovers that she can't escape her past and just how dearly people like her pay for yearnings not fitting to their class in society...

to her that he is in trouble again. But she's the only family he's got, so she must saddle up and ride to the rescue. Or at least, scrounge a lift from Aimee and drive there. . . . Otis and Eric insist they can help, and Maeve's mission becomes a summer holiday road trip. Sean's been partying with a group of decadent rich kids who have no accused him of a crime. The evidence against him is pretty damning. Trying to clear his name, Maeve and friends integrate themselves into the rich kids' circle--it's time to go undercover. Thanks to Eric's dance floor moves, Aimee's easy charm, and Otis's ability to offer good advice, they get to know the group. And they soon discover that Sean is not the only one with a motive for getting even with beautiful party girl Tabitha. This standalone YA/crossover story has everything fans love about the show: favorite characters with real emotional depth, no-holds-barred honesty about teenage relationships, brilliant humor, and a great new storyline, plus a

compelling whodunit at its heart.

Queer in the Choir Room - Michelle Parke 2014-10-21

These new essays examine the many ways that issues of gender and sexuality intersect with other identities and practices--including race, religion, disability, music and education--on the Fox hit program Glee. With gender and sexuality concerns at the crux, the authors tackle such specific aspects of the show as the coming out narrative, Glee fandom and fan fiction, representation of sex education, and the intersection of Broadway music and queerness. The aim of these essays is to open up a dialogue about Glee--which is often dismissed by critics and fans alike--and to reveal how scholars are critically engaging

with the show around issues of gender and sexuality.

*Love is for Losers* - Wibke Brueggemann 2021-01-21

A laugh out loud look at first love, loss and trying to avoid the girl of your dreams. What a stupid expression that is in the first place: To fall in love. Like you fall into a ditch or something. Maybe people need to look where they're going. As far as Phoebe Davis is concerned, love is to be avoided at all costs. Why would you spend your life worrying about something that turns you into a complete moron? If her best friend Polly is anything to go by, the first sniff of a relationship makes you forget about your friends (like, hello?), get completely obsessed with sex (yawn) and bang on constantly about a person who definitely isn't as great as you think they are. So Phoebe isn't going to fall in love, ever. But then she meets Emma . . . *Love is for Losers* by Wibke Brueggemann is a hilarious, life-affirming novel about all the big stuff: love, sex, death, family, heartbreak,

The UK's best selling hardback debut novel of 2016 Selected as a Book of the Year 2016 in the Evening Standard, Observer and The Times California. The summer of 1969. In the dying days of a floundering counter-culture a young girl is unwittingly caught up in unthinkable violence, and a decision made at this moment, on the cusp of adulthood, will shape her life.... 'This book will break your heart and blow your mind.'  
Lena Dunham Evie Boyd is desperate to be noticed. In the summer of 1969, empty days stretch out under the California sun. The smell of honeysuckle thickens the air and the sidewalks radiate heat. Until she sees them. The snatch of cold laughter. Hair, long and uncombed. Dirty dresses skimming the tops of thighs. Cheap rings like a second set

of knuckles. The girls. And at the centre, Russell. Russell and the ranch, down a long dirt track and deep in the hills.

Incense and clumsily strummed chords. Rumours of sex, frenzied gatherings, teen runaways. Was there a warning, a sign of things to come? Or is Evie already too enthralled by the girls to see that her life is about to be changed forever?

Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500, and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience

previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here the house pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry

villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

*Blue Stockings* - Jessica Swale 2013

'Love or knowledge: which would you choose?' A moving, comical and eye-opening story of four young women fighting for education and self-determination against the larger backdrop of women's suffrage. 1896. Girton College, Cambridge, the first college in Britain to admit women. The Girton girls study ferociously

and match their male peers grade for grade. Yet, when the men graduate, the women leave with nothing but the stigma of being a 'blue stocking' - an unnatural, educated woman. They are denied degrees and go home unqualified and unmarried. In Jessica Swale's debut play, *Blue Stockings*, Tess Moffat and her fellow first years are determined to win the right to graduate. But little do they anticipate the hurdles in their way: the distractions of love, the cruelty of the class divide or the strength of the opposition, who will do anything to stop them. The play follows them over one tumultuous academic year, in their fight to change the future of education. *Blue Stockings* received its professional premiere at Shakespeare's Globe, London, in August 2013, directed by John Dove.
