The Perfect 10 - Michael G. Moriarty 1999

Most of us realize that traffic laws exist to preserve our lives, not cramp them. Yet when it comes to moral laws, 66 percent of Americans believe there are no absolutes. Is it any wonder, then, that the highway of our postmodern culture is strewn with wrecks? Broken marriages, overcrowded prisons, murder in the classrooms, babies having babies - - they're what happen when we confuse liberty with ignoring the rules of the road. That's why Michael Moriarty is convinced that the Ten Commandments really are The Perfect 10. Behind them lie God's concern for our welfare and his understanding of the indelible truths that govern our world, our relationships, and our inner being. One by one, Moriarty reveals the Ten Commandments as the keys to wholeness and freedom and shows their far-reaching application for us today. For the Perfect 10 remain the ideal ethical compass. They help us align our lives with the character of God; and to a world hurtling blindly down the dead-end road of moral relativism, they point the way back to sanity, restoration, and life.

Marriage Isn't for You - Seth Adam Smith 2014

What is the best wedding advice you ever received? For author Seth Adam Smith, it was the advice from his father who said, "Marriage is not for you. It is about the person you marry." These few words completely changed the way Seth looked at his relationship with his wife-to-be. Because at that moment he realized that an expression of love is not about the person expressing it. Rather, it is about the person they choose to be with. It is about making the person you marry feel loved. Seth's blog post on the subject was viewed by more than thirty million people, and he has been featured on several national TV programs including "The Today Show." Now released as a hardcover book, these sage words make the perfect gift for newly married couples, those who have been around the block a few times, or anyone who wants to learn how to make their relationships stronger.

How to Be Alone - Lane Moore 2018-11-06

The former Sex & Relationships Editor for *Cosmopolitan* and host of the wildly popular comedy show *Tinder Live* with Lane Moore presents her poignant, funny, and deeply moving first book. Lane Moore is a rare performer who is as impressive onstage—whether hosting her iconic show *Tinder Live* or being the enigmatic front woman of *It Was Romance*—as she is on the page, as both a former writer for *The Onion* and an award-winning sex and relationships editor for *Cosmopolitan*. But her story has had its obstacles, including being her own parent, living in her car as a teenager, and moving to New York City to pursue her dreams. Through it all, she looked to movies, TV, and music as the family and support systems she never had. From spending the holidays alone to having better “stranger luck” than with those closest to her to feeling like the last hopeless romantic on earth, Lane reveals her powerful and entertaining journey in all its candor, anxiety, and ultimate acceptance—with humor always her bolstering force and greatest gift. *How to Be Alone* is a must-read for anyone whose childhood still feels unresolved, who spends more time pretending to have friends online than feeling close to anyone in real life, who tries to have genuine, deep conversations in a roomful of people who would rather you not. Above all, it's a book for anyone who desperately wants to feel less alone and a little more connected through reading her words.

[The Truth About Love, Sex, and Dating](#) - Steven K. Craig 2014-01-05

If you are still breathing, have a heartbeat, not a narcissistic soul sucking vampire, douche-bag or gutter tramp...you need this book! Male or Female, if you believe in love, want an unimaginable romance and mind blowing sex...you need this book! There are 96.6 million people single and lonely in America. That equates to 43% of the entire population. With numbers that high, it's obvious that something has gone horribly wrong in society. Those truly seeking the love of his or her life need throw out everything they've read or been told in the past. Those typical relationship concepts are obsolete and archaic in practice. We live in a different world from the days when love and romance had meaning and significance. It's a new playing field in the dark realm of single life, with hordes of psychopathic players, where love is disposable, and morals no longer exist. This is the era of human de-evolution, and you need the firepower to find the love of your life without experiencing one disaster after another. This book is equipped with all the ammunition needed to succeed in finding a true love, and maintaining it for a passionate, long-term, romantic relationship. With wide-range stupidity and appalling arrogance running rampant, there is no more time to be "politically correct" if we are ever to see a change for the better. The content of this

book is gritty, raunchy, erotic, and laugh out loud funny with its George Carlin approach to humor that hits the mark in a full frontal attack on the morally bankrupt. It dives deep into the murky trenches where the foul underbelly of dating lies and what comes to the surface is shocking, vulgar, and offensive, but its refreshing no-holds-barred truth is exceptionally informative for this day and age. **MEN ARE BOLTS, Women Are Nuts** begins as an in-depth study of a morally bankrupt society that has made it almost impossible to find real love. It contains everything that a man or woman will ever need, including, healing from heartbreak, how to be successful at online dating, identifying and avoiding the love killers, sabotaging relationships, how the nice guy can win, approaching the opposite sex, the perfect first date, delivering an epic kiss, romantic tips, keeping passion alive and thriving, powerful sex, and much, much more. **MEN ARE BOLTS, Women Are Nuts** is the only book needed today to assist in finding a true love. This is it! The one book the world has been waiting for and is in dire need of. Are you ready to jump over rocks, side step venomous snakes, cross over bridges with Trolls lurking beneath, and walk the rugged path that leads to finding the love of your life? Okay then, step right up and hang on tight because it's going to be a one wild ride. Against all odds, we are going to find real love and live happy, exciting, romantic, and passionate lives to its fullest. Originally titled "Men Are Bolts, Women Are Nuts."

Singled Out - Bella DePaulo, Ph.D. 2007-10-30

People who are single are changing the face of America. Did you know that: * More than 40 percent of the nation's adults---over 87 million people---are divorced, widowed, or have always been single. * There are more households comprised of single people living alone than of married parents and their children. * Americans now spend more of their adult years single than married. Many of today's single people have engaging jobs, homes that they own, and a network of friends. This is not the 1950s---singles can have sex without marrying, and they can raise smart, successful, and happy children. It should be a great time to be single. Yet too often single people are still asked to defend their single status by an onslaught of judgmental peers and fretful relatives. Prominent people in politics, the popular press, and the intelligentsia have all taken turns peddling myths about marriage and singlehood. Marry, they promise, and you will live a long, happy, and healthy life, and you will never be lonely again. Drawing from decades of scientific research and stacks of stories from the front lines of singlehood, Bella DePaulo debunks the myths of singledom---and shows that just about everything you've heard about the benefits of getting married and the perils of staying single are grossly exaggerated or just plain wrong. Although singles are singled out for unfair treatment by the workplace, the marketplace, and the federal tax structure, they are not simply victims of this singlism. Single people really are living happily ever after. Filled with bracing bursts of truth and dazzling dashes of humor, *Singled Out* is a spirited and provocative read for the single, the married, and everyone in between. You will never

think about singlehood or marriage the same way again. Singled Out debunks the Ten Myths of Singlehood, including: Myth #1: The Wonder of Couples: Marrieds know best. Myth #3: The Dark Aura of Singlehood: You are miserable and lonely and your life is tragic. Myth #5: Attention, Single Women: Your work won't love you back and your eggs will dry up. Also, you don't get any and you're promiscuous. Myth #6: Attention, Single Men: You are horny, slovenly, and irresponsible, and you are the scary criminals. Or you are sexy, fastidious, frivolous, and gay. Myth #7: Attention, Single Parents: Your kids are doomed. Myth #9: Poor Soul: You will grow old alone and you will die in a room by yourself where no

one will find you for weeks. Myth #10: Family Values: Let's give all of the perks, benefits, gifts, and cash to couples and call it family values. "With elegant analysis, wonderfully detailed examples, and clear and witty prose, DePaulo lays out the many, often subtle denigrations and discriminations faced by single adults in the U.S. She addresses, too, the resilience of single women and men in the face of such singlism. A must-read for all single adults, their friends and families, as well as social scientists and policy advocates." ---E. Kay Trimberger, author of *The New Single Woman*
