Uncommon Warrior Lewis Allen Lambert 2009-04-28 Not all war heroes have had their stories told. Many lived and died in anonymity. *Uncommon Warrior*, the sequel to *Michael's Messengers*, continues to recount the many extraordinary World War II accomplishments of ordinary airmen during the Battle of Britain and the liberation of Europe. Jack Meadows, a Polish born, naturalized American, embodies the countless acts of selfless courage as a fighter pilot. He symbolizes the untold stories of airmen who flew both conventional and unconventional operations. As a 19-year old naturalized American, Jack returned to his native Poland to fly with the Polish Air Force in 1939. He fled to England where he became the RAF's leading ace and the youngest wing commander. He led the RAF's Polish Air Force wing in 1943 and the Allied air forces' elimination of the Luftwaffe threat over Normandy prior to D-Day. Jack's successes in the skies over England and Europe were not matched by his life on the ground. His attempts to find true love were thwarted when the women in his life abandoned him or met an untimely demise. He fought personal demons by taking risks beyond the norm, even for a combat pilot. The end of the war should have been the beginning of Jack's new life. He finally found his true love, was engaged to be married, and had an unlimited future as a political figure in his adopted country; Great Britain. But fate stepped in again to thwart Jack's quest for love and tranquility.

Villains Club Collection Abbi Cook 2022-06-22 All five books in the Villains Club series in one volume! Fall in love with five billionaire brothers, all anti-heroes in this dark romance collection. This collection includes RULE (Maddox Rule's story), TAKE (Trace Rule's story), BURN (Julian Rule's story), PLAY (Nick Rule's story), and BANG (Helix Rule's story). RULE Maddox Rule lives a life most men can only dream of. Nothing is out of his reach, thanks to his family's wealth and power. He wields that control with one goal—his pleasure. But the good life he enjoys comes with strings, and if he wants to keep doing all those things he loves, he has to live up to his family's expectations. That means taking a wife, even if he doesn't want one. Not that I have any interest in being shackled to him either. When the man holding the most of my father's debt, the notoriously cruel Stephen Rule, decides I'd be a perfect wife for his wayward son, I understand the true effect of my father's lifetime of mistakes. He won't have to pay for them. I will. Just how I'll have to do that is up to one man. Maddox Rule. TAKE Trace Rule takes what he wants in this world. find it in me to say no. A villain skilled at taking what he desires has chosen me for his next crime. There's nowhere for me to hide when Trace Rule decides what he wants. BURN Julian Rule had a life he loved. He had his future all planned out, and he did everything they told him he had to do for that life he dreamed of. Then it was taken away, and he was sent to hell. Never truly a Rule like the rest of his brothers, now he wants revenge. And if that means he has to burn it all down to get it, then that's what he'll do. The world thinks he's all logic and brains, but I know a different man. A man who seethes at the wrong they did to him. A man whose passion burns white hot when it's just the two of us. He's ready to be the villain they forced him to be. And I'm ready to walk through fire for Julian Rule to have what we both want. PLAY The youngest of Stephen Rule's sons, Nick Rule doesn't have to worry about the pressures of pleasing his father like his older brothers have all their lives. That's just one of the perks of being the baby. He's grown up after four years in Europe, though, and the family he left isn't the same anymore. His brothers are at war with one another, and both sides expect him to choose in this family fight. But he's got better things to do now that he's returned. He's ready to step into the family business with a winning idea that will make his billionaire family even richer. Everyone's thrilled to see the youngest Rule back home, but not me. Nick Rule is the quintessential bad boy with too much money. Charming, sexy, and unbelievably good looking, he expects women to fall at his feet. But I kneel for no Rule. I've hated him and his family for so long, nothing he can do will ever change that. Nick Rule is the enemy. As long as I hate all things Rule. BANG Helix Rule is a madman. Some say it comes from who his mother was. Others say it's because of his father. Whatever the reason, he gets more dangerous with every passing day. His brothers think he's the favorite son of Stephen Rule. If that's true, his favor has been bought and paid for with blood, sweat, and tears. I don't care about any of that, though. To me, Helix will

always be that one soul who's meant for me. Everyone thinks I'm some fool who doesn't know what he does when I'm not around. I know. I also know why he does those things. You see, just as he's the only person who understands me, I'm the only one who knows what lies beneath the madness. We're joined together until the end. Only Helix decides when the end will come. He was my first crush and my first fantasy, but he wasn't my first in any other way because he never saw me as anything more than a friend— at least not until the night that changed everything. It was all Gage's fault. He insisted we drive through the storm and take the back roads. By the time the storm hit full force we had no chance. One night of snowbound sex changed our relationship forever. The problem was at the same time I caught another guy's attention. This other guy happened to be the alpha of a pack of shifter wolves. I thought the wolves were the worst of my problems, but I was wrong. When things went from bad to worse I had to make a lifelong sacrifice to save Gage, but what price is too much to save the one you love? *New Adult Paranormal Romance*

A Wake-Up Call for Wisdom Bill Hussey 2009-06-15 This book is a collection of "Societal Insanities" that could be described as idiotic systems, customs and practices; accepted mythologies and conventional wisdom; governmental and business vices stemming from massive egos and out-of-control greed - plus stupidity, hypocrisy, unethical behavior and declining integrity everywhere. The chapters are seasoned with occasional humor, profanities and, some would say, obscenities. But that's not true, according to the author (see Chapter Thirty-One). This book could be considered tame compared to books by George Carlin, the brilliant philosopher/comedian, however his fans would probably like it. At the end of each chapter where it is appropriate, the "old sage" (that's the author's role in this book) provides a SAGE SOLUTION to the problem - a concept for change that could possibly lead to a workable plan. It would require experts in all aspects of the problem to work together in a spirit of cooperation, using their experience, intelligence and WISDOM. Yes, that's a tall order, but something must be done to put this country back

on the right track. And the people in Washington who are supposed to be solving our domestic and international problems should sit down together, put their political doctrines aside, quit trying to win their stupid partisan war and concentrate on saving this country! Thirty-four of the thirty-eight chapters in this book are about different societal insanities, so you could start with the Foreword and read straight through, or you could look at the Table Of Contents, select a chapter with subject matter that interests you and read the complete book in the order you prefer. However, for better understanding of any chapter, be sure to read the Foreword and Chapter One before reading other chapters.

Ramblings of a Twisted Mind Lance Neumann 2013-03-22 What if I created a fantasy world and somehow it came to life. And what if that world had powerful beings calling themselves gods. Now imagine if those so called gods came to this world and chose to help me. What follows is the fictional account of what would happen to me and the people around me. Come and enjoy the ride in my roller coaster of a mind. What the hell was that, Kelly asks. I kissed her, I say. That was not a kiss that was intercourse with your cloths on, she accuses.

Will & Patrick Wake Up Married Leta Blake 2018-06-16 Join the fun in this vibrant first installment of the sexy, soapy serial by best-selling author Leta Blake and newcomer Alice Griffiths! After a drunken night of hot sex in Vegas, strangers Will Patterson and Dr. Patrick McCloud wake up married. A quickie divorce is the most obvious way out—unless you're the heir of a staunchly Catholic mafia boss with a draconian position on the sanctity of marriage. Stuck between a rock and a hard place, Will and Patrick don't like it, or each other, but they have to make the best of it until they can find another way out of their marriage. To ensure the trust fund Will's charitable foundation relies on isn't revoked by his mobster grandfather, he and Patrick travel to Will's hometown of Healing, South Dakota, posing as a newlywed couple in the throes of true love at first sight. Complicating their scheme are Will's unresolved feelings for his all-too-recent ex-boyfriend Ryan, and Patrick's desire to get back to the only thing that really matters to him in life: neurosurgery. Will they fool everyone? Or will the mafia get wind that their marriage is a fake? Throw their simmering attraction into the mix and all bets are off! Episode 1 of 6 in the Wake Up Married serial.

Blossoming Act Rebecca Thein 2014-01-21 Act 1 When Sirenty Freeman moved to New York to begin a new life a decade earlier, she never imagined that she would return to San Francisco. She had left her past behind and moved on to pursue her dream of a better life. Act 2 The longing to rectify and heal her deep emotional wounds led her to try and seek solace in forgiveness. It beckoned her back to San Francisco, the city where she grew up. The only way she could ever truly be free was to understand why things happened the way they did and confront the one person with the answers. Act 3 Upon her quest for closure, Sirenty's best laid out plan got detoured. The roadmap took a turn directing her right into the arms of the leading man opposite her in the play they were performing in. Act 4 Falling in love was never part of her plan. However, Keefe's charm penetrated the walls she constructed around herself and left her wanting more than just answers. This budding relationship could force her to disclose her own dark repressed secrets and confront the truth she has kept hidden from everyone. Will it send her running back to New York more damaged and emotionally destroyed? Or will she finally face her inner turmoil and free herself to live a life she never allowed herself to dream of?

Make Me Say Yes Angel Knots 2020-02-14 Welcome to Fate. Tristan Lawson's Fate. Which is apparently to be a virgin forever despite the fact that sex sounds awesome and he'd toss his celibacy club membership out the window in a heartbeat if only his alpha would wake up. Well, the guy who's probably his alpha. And it's not like Tristan actually wants to quit the OCC, he just wants Cade. And sex. Specifically, sex with Cade. And Cade will wake up, right? Soon. Or at least, eventually. He has to, because

even if no one else knows it, Tristan is absolutely positively almost completely sort of sure that Cade is (hopefully) his fated mate... TRISTAN I just knew that finally heading off to live on my own for college last year would be everything I wanted it to be. (Well, almost everything, if you didn't count the actual studying parts.) But freedom! Friends! Sex (finally)! But it turned out that I wasn't exactly on my own since I ended up moving in with my big brother and his roommates, and then my brother decided we should all start a celibacy club, and since I hate letting people down almost more than I hate doing homework, of course I said yes (even though I was pretty bummed at the idea of not getting any sex). That was last year, and spoiler: I'm the only one in the Omega Celibacy Club who's still celibate. But that's okay, because the other thing that happened last year? I'm pretty sure I found my fated mate. Cade Washington is a patient at the veterans hospital I volunteer at, and he's in a coma, but all the stuff I feel when I'm around him, that has to be real, right? And someday, even if I'm the only one who seems sure of it, he will wake up... CADE I have no idea how long I've been in limbo, but what I do know is that this foggy, muffled half-existence is my own personal hell. Nothing exists here except memories I'd rather escape... and an omega. My omega. Except that for all the memories that endlessly plague me, I don't have any of him, and that means he doesn't really exist, either... except for in here. So even though I'm stuck here, I don't want to leave, either. Because he's here. Tristan's here. And I'd rather spend every moment of whatever my life has become in this hell with him than return to a world where he doesn't exist. Until I realize that Tristan needs me, and that maybe this wasn't hell after all, but simply the price I had to pay to find the one thing I really needed all along... MAKE ME SAY YES is the fourth book in the Omega Celibacy Club series, a contemporary omegaverse world where the only thing stronger than an alpha's will is his desire to protect his omega and keep him happy, and where sometimes, doing that can save both of

them. ***See TRIGGER WARNING in Look Inside of Kindle edition. Contains minor spoilers.***

Shielding Devyn: A Special Forces Military Romantic Suspense

Susan Stoker 2021-05-16 She's not one to let her guard down, but he'll prove he's worth the risk. When Devyn Groves needed a place to get away, she left her Midwestern state and headed for Texas, to the town where her Delta Force brother is stationed. It was supposed to be a brief stop, a safe and temporary refuge on the way to wherever she decided to settle next. Fast-forward over a year later, and she's made amazing friends, is working part time as a vet tech, and is no closer to leaving. But there's always the possibility...which is why she keeps Lucky, her brother's teammate, at arm's length. Even though it's the last thing she wants to do. Troy "Lucky" Schmidt fell for Devyn the moment he met her. She's beautiful, smart, funny, and stronger than she thinks, especially after beating a serious childhood illness. Unfortunately, she's also skittish around him, and seemingly not interested in a relationship of any kind. But Lucky isn't one to give up easily. With a little help from her brother, he slowly breaches Devyn's defenses...in a way even the headstrong vet tech can't resist. But when the very reason she fled her hometown shows up unexpectedly, Lucky suspects Devyn's ready to bolt once again. Neither believe she's in any kind of danger...until she is. Now Lucky, and the rest of his Delta team, have to band together to save one of their own. ** Shielding Devyn is the 6th book in the Delta Team Two Series. Behind Prison Walls Bobby Jimmerson 2023-02-10 My name is Bobby Jimmerson. My book is about my life and life on drugs. I was in love with rock cocaine that I use five hundred or more a day. I want the readers to know what the life on drugs will do to you. I need the world to know that drugs will only make you do things you would not have done. If it was not for the drugs I took from my wife and kids lied to get money to get more dope I even took from my own mother. I went to prison for two years, came home, went back to the drug--my lover rock cocaine--then in back up in prison for five years. So you see, my mind was not made up to be done with the cocaine, so I ended back up in prison with twenty-five years to life under the three-strike law for taking from people's homes. As you read the book, you will see where I once was, then you will see the changes get done in my life. The only thing I want to do now is to help others stay off drugs and out of gangs. This way, they will stay out of prison or out of the grave. If God changed my heart, he can do the same for you. I need my life to be a light now and the world to see there can be changed. We can't do it on our own. Try Jesus. He won't let you down. That's what the book is all about--the change that God has done in my life. God bless you, and I pray that you enjoy what you read. It's about change.

2012-04-21 Renowned for exploring the social implications of modern technology, Howard Rheingold has been dubbed by MIT "the first citizen of the Internet." In this collection of funny, prescient, thought-provoking essays, originally published during the 1970s and 1980s, he offers a glimpse into the changes wrought during that explosive period. From the effects of the graphic user interface (GUI) not only on how we work but how we think, to "technarchist" movements that presaged both the hacker mentality and the anarchist idealism of Burning Man today, to a ground-floor view of the very earliest of what Rheingold was the first to dub virtual communities, his Excursions run the gamut from the silly to the profound. These essays remain fascinating, amusing, and relevant. "Most of my work in recent decades," Rheingold says, "has focused on the consequences of digital media and networked publics. Before the digital wave came along, I wrote about a more diverse range of subjects: What causes anger? What's it like to be in a car crash? What's insect sex like? Do invisible airborne chemicals affect behavior? Can we control our dreams? How will people get high in the future? Will money evolve into new forms? In the second decade of the twenty-first century, these short pieces re-present my explorations during my think about anything years to a wider public who may be familiar with my work on digital culture."
