Sex, Gender and Society - Professor Ann Oakley 2015-03-28

What are the differences between the sexes? That is the question that Ann Oakley set out to answer in this pioneering study, now established as a classic in the field. Now newly reissued with a substantial introduction which highlights its continuing relevance, this work will continue to inform and shape dialogues around sex and gender for a new generation of scholars and students.

**Hindi Cinema** - Nandini Bhattacharya 2013-05-07

Hindi Cinema is full of instances of repetition of themes, narratives, plots and characters. By looking at 60 years of Hindi cinema, this book focuses on the phenomenon as a crucial thematic and formal code that is problematic when representing the national and cinematic subject. It reflects on the cinema as motivated by an ongoing crisis of self-formation in modern India. The book looks at how cinema presents liminal and counter-modern identities emerging within repeated modern attempts to re-enact traumatic national events so as to redeem the past and restore a normative structure to happenings. Establishing structure and event as paradigmatic poles of a historical and anthropological spectrum for the individual in society, the book goes on to discuss cinematic portrayals of violence, gender embodiment, religion, economic transformations and new globalised Indianness as events and sites of liminality disrupting structural aspirations. After revealing the impossibility of accurate representation of incommensurable and liminal subjects within the historiography of the nation-state, the book highlights how Hindi cinema as an ongoing engagement with the nation-state as a site of eventfulness draws attention to the problematic nature of the thematic of nation. It is a useful study for academics of Film Studies and South Asian Culture.

Reading 'Bollywood' - S. Banaji 2006-05-23

This book explores representations of gender, sexuality and ethnicity in Hindi films, in the socio-political context and in terms of how young audiences in India and the UK construct them. In-depth interviews, observations and photographs provide insights into spectatorship and comparison with theories about Hindi film and popular culture.

**Love's Rite** - R. Vanita 2005-10-20

This is the first book to examine the same-sex weddings and same-sex couple suicides reported in India over the last two decades. Ruth Vanita examines these cases in the context of a wide variety of same-sex unions, from Fourteenth-century narratives about co-wives who miraculously produce a child together, to Nineteenth-century depictions of ritualized unions between women, to marriages between gay men and lesbians arranged over the internet. Examining the changing legal, literary, religious and social Indian and Euro-American traditions within which same-sex unions are embedded, she brings a fresh perspective to the gay marriage debate, suggesting that same-sex marriage dwells not at the

margins but at the heart of culture. Love's Rites by Ruth Vanita is a finalist for a Lambda Literary Award.

**Sexuality, Obscenity and Community** - C. Gupta 2002-05-30

Through analysis of an impressive array of 'low' and 'high' Hindu literatures, particularly pamphlets, tracts, newspapers, and archival data, Gupta explores the emerging discourse of gender and sexuality, which was essential to the development of notions of Hindu communality and nationalism in the colonial period. The book offers an exceptionally nuanced account of Hindi gender politics.

**Gandhi's Tiger and Sita's Smile** - Ruth Vanita 2005

Gandhi's Tiger and Sita's Smile presents a collection of compelling essays which interrogate a variety of Indian texts and contexts along intersecting axes of gender, nation, and desire. The primary theme that weaves these varied essays together, written at different points of time with varying focal points of interest, is intertextuality. Vanita examines the way in which medieval texts speak to each other and draw on earlier canonical works, rewriting and transforming narrative in a spirit of respectful conversation. She also looks at modern texts, such as nineteenth-century poetry and twentieth-century fiction and cinema, as they converse with each other and with older texts. In doing so, she tries to explore how such pre-modern and modern texts are received in later periods or by other cultures in the same period. These captivating and intensely thought-provoking writings demonstrate the author's superb ability to turn the norm, whether Right-wing or Left-Wing, on its head, and find a fresh way to appreciate diversity and change, and the valuable dialogue they give rise to.

Passionate Modernity - Sanjay Srivastava 2020-11-29

Combining historical and ethnographic analysis, this book deals with the making of the heterosexual imagination from the beginning of the twentieth century to the present in the Indian context. This unique book uses methods from anthropology, cultural studies and history to explore the making of modern cultures of sexuality in India. It provides an analysis of the sexual and domestic politics of the period by focusing on the vast corpus of publications and journals on sexology from the 1920s to the 1940s, and links Indian activities with those in other parts of the world. The author analyzes material that has thus far been outside the purview of scholarly studies, namely, 'footpath pornography', magazines such as Sexology Mirror (in Hindi), women's magazines dealing explicitly with sex and sexuality.

**Sex in Development** - Vincanne Adams 2005-04-12

Sex in Development examines how development projects around the world intended to promote population management, disease prevention, and maternal and child health intentionally and unintentionally shape ideas about what constitutes "normal" sexual practices and identities. From sex education in Uganda to aids prevention in India to family planning in Greece, various sites of development work related to sex, sexuality, and reproduction are examined in the rich, ethnographically grounded essays in this volume. These essays demonstrate that ideas related to morality are repeatedly enacted in ostensibly value-neutral efforts to put into practice a "global" agenda reflecting the latest medical science. Sex in Development combines the cultural analysis of sexuality, critiques of global development, and science and technology studies. Whether considering the resistance encountered by representatives of an American pharmaceutical company attempting to teach Russian doctors a "value free" way to offer patients birth control or the tension between Tibetan Buddhist ideas of fertility and the modernization schemes of the Chinese government, these essays show that attempts to make sex a universal moral object to be managed and controlled leave a host of moral ambiguities in their wake as they are engaged, resisted, and reinvented in different ways throughout the world. Queering India - Ruth Vanita 2013-10-18

Queering India is the first book to provide an understanding of same-sex love and eroticism in Indian culture and society. The essays focus on pre-colonial, colonial, and post-colonial gay and lesbian life in India to provide a comprehensive look at a much neglected topic. The topics are wide-ranging, considering film, literature, popular culture, historical and religious texts, law and other aspects of life in India. Specifically, the essays cover such issues as Deepa Mehta's recent and controversial film, *Fire*, which focused on lesbian relationships in India; the Indian penal code which outlaws homosexual acts; a case of same-sex love and murder in colonial India; homophobic fiction and homoerotic advertising in current day India; and lesbian subtext in Hindu scripture. All of the essays are original to the collection. Queering India promises to change the way we understand India as well as gay and lesbian life and sexuality around the world.

**Routledge Handbook of Indian Cinemas** - K. Moti Gokulsing 2013-04-17

India is the largest film producing country in the world and its output has a global reach. After years of marginalisation by academics in the Western world, Indian cinemas have moved from the periphery to the centre of the world cinema in a comparatively short space of time. Bringing together contributions from leading scholars in the field, this Handbook looks at the complex reasons for this remarkable journey. Combining a historical and thematic approach, the Handbook discusses how Indian cinemas need to be understood in their historical unfolding as well as their complex relationships to social, economic, cultural, political, ideological, aesthetic, technical and institutional discourses. The thematic section provides an up-to-date critical narrative on diverse topics such as audience, censorship, film distribution, film industry, diaspora, sexuality, film music and nationalism. The Handbook provides a comprehensive and cutting edge survey of Indian cinemas, discussing Popular, Parallel/New Wave and Regional cinemas as well as the spectacular rise of Bollywood. It is an invaluable resource for students and academics of South Asian Studies, Film Studies and Cultural Studies.

**Queering Normativity and South Asian Public Culture** - J. Daniel Luther 2023-11-01

This book develops a queer methodology to analyse a queer archive for the impact of normativity on subjecthood and the ways in which it shapes and curtails gender and sexuality. Chapters demonstrate how normativity functions to mask its own operation, is internalised by subjects, and is continually reproduced through discourse and in material ways. In seeking to make visible the functioning of normativity, the book performs a task of queering normativity by querying that which appears as natural in South Asian public culture. The book engages with both the consolidation and the unsettling of normativity through artefacts of South Asian public culture including canonical figures such as Rabindranath Tagore, literary and cinematic texts, Bollywood films, advertisements, social media posts, and ubiquitous ephemera in South

Asia and beyond. Through these texts, the author unpacks the construct of canon, the nation, woman as a post-colonial subject, the home and the child, marriage, same-sex sexuality and identity. This book will be of interest to scholars and students studying and researching Queer Studies, Gender and Sexuality Studies, South Asian Studies, Cultural Studies, Literary Studies, Film Studies, and Media Studies.

Women Filmmakers in Contemporary Hindi Cinema - Aysha Iqbal Viswamohan 2023-01-28

This book is a comprehensive anthology comprising essays on women film directors, producers and screenwriters from Bollywood, or the popular Hindi film industry. It derives from the major theories of modernity, postmodern feminism, semiotics, cultural production, and gender performativity in globalized times. The collection transcends the traditional approaches of looking at films made by women filmmakers as 'feminist' cinema, and focuses on an extraordinary group of women filmmakers like Ashwini Iyer Tiwari, Bhavani Iyer, Farah Khan, Mira Nair Vijaya Mehta, and Zoya Akhtar. The volume will be of interest to academics and theorists of gender and Hindi cinema, as well as anybody interested in contemporary Hindi films in their various manifestations.

**Exploring Morality and Sexuality in Asian Cinema** - Peter C. Pugsley 2016-04-15

This ground-breaking book explores the moral dimensions of sexual imagery in contemporary, general-release Asian films. It examines debates that arise over aesthetic styles and the cultural and traditional influences that determine the content and impact of these films. The social and regulatory environments for filmmakers across Asia reflect distinct national and cultural differences. In just the past decade, for instance, Indian cinema has rapidly moved from representations of coy and submissive female protagonists to highly eroticized leading ladies unafraid of flaunting their sexuality. On the other hand, the cinema emerging from the Chinese mainland has been much more circumspect in its representations of overt sexuality, at times in conflict with other Chinese cinemas from Hong Kong and Taiwan. This use of sexual imagery or morally questionable film content raises on-going debates into censorship and the use of state or industry controls to protect certain sectors of society from exposure to particular narratives or images. Film, like all forms of art, fulfils a number of aesthetic functions for local, regional and international audiences. As distribution and technological advances make Asian films more readily available across the globe, an understanding of the different aesthetics at play will enable readers of this book to recognize key cultural motifs in representations of onscreen sexuality and the surrounding controversies found in cinematic texts from Asia.

**Being Janana** - Ila Nagar 2019-09-17

Being Janana focuses on same-sex desiring male-bodied subjects in Lucknow, India, and explores how they make meaning in the marginalization of their desire through language performativity. Along with their desire for other men, jananas maintain ostensibly heteronormatively and culturally defined masculine positions. This book argues for an intersectional approach to understanding janana life worlds and situates janana subjectivity in dialogue with social, cultural, linguistic, and legal happenings. In engaging with the full complexity of janana identities and experience, Ila Nagar calls for a reassessment of gender categories and a new understanding of power and sexuality amidst emerging Indian modernities. Derived from ethnographic research conducted over a period of twelve years, this book also reflects on the interaction between social actors and researchers, and critically examines the use of ethnography as a method in sociolinguistics and linguistic anthropology. It will be of interest to scholars from Anthropology, Asian Studies, Gender & Sexuality Studies, and Linguistics.

**Gender and Popular Visual Culture in India** - Francis P. Barclay 2023-11-03

Perhaps, male-mindedness seems to have adapted to changing-contemporary circumstances to become more covert and conspiratorial. Sexist suggestions—through objectification and substantiated subordination—for instance, may have been explicit in Indian media a decade earlier. But in the contemporary times of online social media and vociferous feminism, such openness of unfairness against women in the media will, more often than not, be met with strife and unpalatable backlash—fearing which blatant prejudice is prudently steered clear of. It is, hence, understandable that patriarchy, to sustain itself as a culture, has adapted to become more benevolent in an increasingly hostile environment. To identify such sly and stealthy sexism embedded in media content, one may need a reconfigured grasp of contemporary feminist

issues and an altered nuance for isolation and identification of discriminatory depictions. This book exposes redefined and hidden sexism that predominates the popular visual culture of India—particularly investigating mass and new media representations that are a prime part of and have a domineering effect on the ensemble of popular visual culture—and characterises contemporary feminist movements. It binds a collection of contemporary Indian case studies of sexism and feminism encompassing communication media such as print, cinema, television, Web series and social media. There is a lack of book titles that study media sexism in the present times, and the proposed book aims to explore an unexplored area that is of social and scholarly importance. This book highlights the duality of media platforms: while media is a critical tool associated with fourth-wave feminism, they still remain to be a deterrent to the development of women engendering inherent and age-old patriarchal notions. This book will be an eye-opener to the general readers about benevolent sexism and train them to identify sexism hidden in seemingly pro-women media representations. *Gender, Sexuality, and Indian Cinema* - Srijia Sanyal 2023-06-09

This edited volume offers a comprehensive understanding of the queer space in tandem with the transforming socio-cultural-political relationships in a country that exhibits diversified shades of ideologies and history - that is, India. The featured essays deal with the presence of queerness in visual media, particularly in films and the digital arena,

from multilingual and multicultural perspectives, thus creating an exhaustive discourse encompassing argument and analysis. This book aims to depict the plurality and complexity of the Indian scenario, fostering mass acceptance of queerness, a rare scholastic endeavour.

*Queerly Phrased* - Anna Livia 1997-11-20

This pioneering collection of previously unpublished articles on lesbian, gay, bisexual, and transgender language combines queer theory and feminist theory with the latest thinking on language and gender. The book expands the field well beyond the study of "gay slang" to consider gay dialects (such as Polari in England), early modern discourse on gay practices, and late twentieth-century descriptions of homosexuality.

These essays examine the conversational patterns of queer speakers in a wide variety of settings, from women's friendship groups to university rap groups and electronic mail postings. Taking a global--rather than regional--approach, the contributors herein study the language usage of sexually liminal communities in a variety of linguistic and cultural contexts, such as lesbian speakers of American Sign Language, Japanese gay male couples, Hindi-speaking hijras (eunuchs) in North India, Hausa-speaking 'yan daudu (feminine men) in Nigeria, and French and Yiddish gay groups. The most accessible and diverse collection of its kind, *Queerly Phrased: Language, Gender, and Sexuality* sets a new standard in the study of language's impact on the construction of sexuality.
