Dorothy and Otis Norman Hathaway 2014-11-04 A lavish, gorgeously designed full-color collection that showcases the designs of Dorothy and Otis Shepard, two groundbreaking giants of early twentieth-century American advertising. Dorothy and Otis Shepard are the unsung heroes of early twentieth-century North American visual culture. Together, they were the first American graphic designers to work in multiple mediums and scales with equal skill and vision, and their work remains brilliant; yet their names are little known today. *Dorothy and Otis* chronicles their story in detail for the first time. It explores the Shepards' penchant for abstraction and modernism, and shows how the advent of billboard advertising inspired their creativity—large campaigns that matched the grandeur of their lifestyle. Throughout, it demonstrates how their influence touched all aspects of consumer culture—from collaborating on the packaging for Wrigley's Gum and designing uniforms and logos for the Chicago Cubs to planning and promoting the resort island Catalina, where Stan Laurel, Oliver Hardy, Clark Gable, and other celebrities frequented. *Dorothy and Otis* illuminates their personal lives as well, from their origins and early years to the eventual dissolution of their marriage. As it brings to life these pioneering artists and their momentous partnership, it elevates them to their rightful place in popular culture and makes clear how their legendary work reflected and exemplified the American Dream.

Man Ray Arthur Lubow 2021-09-14 A biography of the elusive but celebrated Dada and Surrealist artist and photographer connecting his Jewish background to his life and art Man Ray (1890-1976), a founding father of Dada and a key player in French Surrealism, is one of the central artists of the twentieth century. He is also one of the most elusive. In this new biography, journalist and critic Arthur Lubow uses Man Ray's Jewish background as one filter to understand his life and art. Man Ray began life as Emmanuel Radnitsky, the eldest of four children born in Philadelphia to a mother from Minsk and a father from Kiev. When he was seven the family moved to the Williamsburg section of Brooklyn, where both parents worked as tailors. Defying his parents' expectations that he earn a university degree, Man Ray instead pursued his vocation as an artist, embracing the modernist creed of photographer and avant-garde gallery owner Alfred Stieglitz. When at the age of thirty Man Ray relocated to Paris, he, unlike Stieglitz, made a clean break with his past.

44 Chapters About 4 Men BB Easton 2019-11-19 One woman's secret journal completely changes her marriage in this hilarious and biting memoir—the inspiration for the Netflix Original Series SEX/LIFE. School psychologists aren't supposed to write books about sex. Doing so would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. Sex/Life: 44 Chapters About 4 Men is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.

Firestorm Stephen Prince 2009-08-06 It was believed that September 11th would make certain kinds of films obsolete, such as action thrillers crackling with explosions or high-casualty blockbusters where the hero escapes unscathed. While the production of these films did ebb, the full impact of the attacks on Hollywood's creative output is still taking shape. Did 9/11 force filmmakers and screenwriters to find new methods of storytelling? What kinds of movies have been made in response to 9/11, and are they factual? Is it even possible to practice poetic license with such a devastating, broadly felt tragedy? Stephen Prince is the first scholar to trace the effect of 9/11 on the making of American film. From documentaries like *Fahrenheit 9/11* (2004) to zombie flicks, and from fictional narratives such as *The Kingdom* (2007) to Mike Nichols's *Charlie Wilson's War* (2007), Prince evaluates the extent to which filmmakers have exploited, explained, understood, or interpreted the attacks and the Iraq War that followed, including incidents at Abu Ghraib. He begins with pre-9/11 depictions of terrorism, such as Alfred Hitchcock's *Sabotage* (1936), and follows with studio and independent films that directly respond to 9/11. He considers documentary portraits and conspiracy films, as well as serial television shows (most notably Fox's *24*) and made-for-TV movies that re-present the attacks in a broader, more intimate way. Ultimately Prince finds that in these triumphs and failures an exciting new era of American filmmaking has taken shape.

The Annotated Mona Lisa Carol Strickland 2007-10 Like music, art is a universal language. Although looking at works of art is a pleasurable enough experience, to appreciate them fully requires certain skills and knowledge." --Carol Strickland, from the introduction to *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* * This heavily illustrated crash course in art history is revised and updated. This second edition of Carol Strickland's *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* offers an illustrated tutorial of prehistoric to post-modern art from cave paintings to video art installations to digital and Internet media. * Featuring succinct page-length essays, instructive sidebars, and more than 300 photographs, *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* takes art history out of the realm of dreary textbooks, demystifies jargon and theory, and makes art accessible-even at a cursory reading. * From Stonehenge to the Guggenheim and from Holbein to Warhol, more than 25,000 years of art is distilled into five sections covering a little more than 200 pages.

The Company I Keep Leonard A. Lauder 2020-11-17 In his much-anticipated memoir, *The Company I Keep: My Life in Beauty*, Chairman Emeritus and former CEO of The Estée Lauder Companies Leonard A. Lauder shares the business and life lessons he learned as well as the adventures he had while helping transform the mom-and-pop business his mother founded in 1946 in the family kitchen into the beloved brand and ultimately into the iconic global prestige beauty company it is today. In its infancy in the 1940s and 50s, the company comprised a handful of products, sold under a single brand in just a few prestigious department stores across the United States. Today, The Estée Lauder Companies constitutes one of the world's leading manufacturers and marketers of prestige skin care, makeup, fragrance and hair care products. It comprises more than 25 brands, whose products are sold in over 150 countries and territories. This growth and success was led by Leonard A. Lauder, Estée Lauder's oldest son, who envisioned and effected this expansion during a remarkable 60-year tenure, including leading the company as CEO and Chairman. In this captivating personal account complete with great stories as only he can tell them, Mr. Lauder, now known as The Estée Lauder Companies' "Chief Teaching Officer," reflects on his childhood, growing up during the Great Depression, the vibrant decades of the post-World War II boom, and his work growing the company into the beauty powerhouse it is today. Mr. Lauder pays loving tribute to his mother Estée Lauder, its eponymous founder, and to the employees of the company, both past and present, while sharing inside stories about the company, including tales of cutthroat rivalry with Charles Revson of Revlon and others. The book offers keen insights on honing ambition, leveraging success, learning from mistakes, and growing an international company in an age of economic turbulence, uncertainty, and

Laszlo Moholy-Nagy Louis Kaplan 1995-05-24 Marking the centenary of the birth of Laszlo Moholy-Nagy (1895-1946), this book offers a new approach to the Bauhaus artist and theorist's multifaceted life and work—an approach that redefines the very idea of biographical writing. In *Laszlo Moholy-Nagy*, Louis Kaplan applies the Derridean deconstructivist model of the "signature effect" to an intellectual biography of a Constructivist artist. Inhabiting the borderline between life and work, the book demonstrates how the signature inscribed by "Moholy" operates in a double space, interweaving signified object and signifying matter, autobiography and auto-graphy. Through interpretative readings of over twenty key artistic and photographic works, Kaplan graphically illustrates Moholy's signature effect in action. He shows how this effect plays itself out in the complex of relations between artistic originality and plagiarism, between authorial identity and anonymity, as well as in the problematic status of the work of art in the age of technical reproduction. In this way, the book reveals how Moholy's artistic practice anticipates many of the issues of postmodernist debate and thus has particular relevance today. Consequently, Kaplan clarifies the relationship between avant-garde Constructivism and contemporary deconstruction. This new and innovative configuration of biography catalyzed by the life writing of Moholy-Nagy will be of critical interest to artists and writers, literary theorists, and art historians.

Twisting My Melon Shaun Ryder 2012 Shaun Ryder has lived a life of glorious highs and desolate lows. As lead singer of the Happy Mondays, he turned Manchester into Madchester, combining all the excesses of a true rock'n'roll star with music and lyrics that led impresario Tony Wilson to describe him as 'the greatest poet since Yeats'. The young scally who left school at fifteen without ever learning his alphabet had come a very long way indeed. Huge chart success and a Glastonbury headline slot followed, plus numerous arrests and world tours - then Shaun's drug addiction reached its height, Factory Records was brought to its knees and the Mondays split. But was this the end for Shaun Ryder? Not by a long shot. Two years later he was back with new band Black Grape, and their groundbreaking debut album topped the charts in possibly the greatest comeback of all time. Even his continuing struggle with drugs did not stem the tide of critically acclaimed tracks and collaborations as he went on to prove his musical genius time and again. And then there was the jungle...Rock'n'roll legend, reality TV star, drug-dealer, poet, film star, heroin addict, son, brother, father, husband, foul-mouthed anthropologist and straight-talking survivor, Shaun Ryder has been a cultural icon and a 24-hour party person for a quarter of a century. Told in his own words, this is his story.

Nature Inside Penny Sparke 2021-02-02 The story of how plants and flowers have shaped interior design for over 200 years From ferns in 19th-century British parlors to contemporary "living walls" in commercial spaces, plants and flowers have long been incorporated into the design of public and private spaces. Spanning two centuries, *Nature Inside* explores the history and popularity of indoor plants, revealing the close relationship between architecture, interior design, and nature. Studying the international modern interior through the lens of plants in the human environment, author Penny Sparke attributes a degree of the interest in indoor plants to urbanization, and, more recently, the climate crisis, which serve as ongoing reminders that people must maintain a connection to, and respect for, the natural world. While architectural and interior design styles have evolved alongside the popularity of various plant species, the human need to bring nature indoors has remained constant.

Biennials: The Exhibitions We Love to Hate Rafal Niemojewski 2020-11-11 Biennials: The Exhibitions we Love to Hate examines one of the most significant recent transitions in the contemporary art world: the proliferation of large-scale international recurrent survey shows of contemporary art, commonly referred to as contemporary biennials. Since the mid-1980s biennials have been instrumental in shaping curating as an autonomous practice. These exhibitions are also said to have provided increased visibility for certain types of new art practices, notably those that are socially and politically committed, research-based and site-specific, and to have undermined some of the more traditional art media, such as painting, drawing or sculpture. They have been responsible for substantially reshaping the contemporary art world and disrupting the existing value chain of the art market, which now relies on biennials as much as it does on major museums' acquisitions and exhibitions. Rafal Niemojewski, Director of the Biennial Foundation, deftly unpicks the critical discussion and controversy surrounding contemporary biennials. Branded by some critics as showcases of neo-liberalism run amok, in which culture has become synonymous with the dollar-generating leisure industry, biennials have also been associated with the production of monumental artworks which are both highly consumable and photogenic (Instagrammable). The exhibitions we love to hate? This engaging publication makes an essential contribution to a fascinating cultural debate.

Beyond Memory Diane Neumaier 2004 Photography possesses a powerful ability to bear witness, aid remembrance, shape, and even alter recollection. In *Beyond Memory: Soviet Nonconformist Photography and Photo-Related Works of Art*, the general editor, Diane Neumaier, and twenty-three contributors offer a rigorous examination of the medium's role in late Soviet unofficial art. Focusing on the period between the mid-1950s and the late 1980s, they explore artists' unusually inventive and resourceful uses of photography within a highly developed Soviet dissident culture. During this time, lack of high-quality photographic materials, complimented by tremendous creative impulses, prompted artists to explore experimental photo-processes such as camera and darkroom manipulations, photomontage, and hand-coloring. Photography also took on a provocative array of forms including photo installation, artist-made samizdat (self-published) books, photo-realist painting, and many other surprising applications of the flexible medium. *Beyond Memory* shows how innovative conceptual moves and approaches to form and content-echoes of Soviet society's coded communication and a Russian sense of absurdity-were common in the Soviet cultural underground. Collectively, the works in this anthology demonstrate how late-Soviet artists employed irony and invention to make positive use of difficult circumstances. In the process, the volume illuminates the multiple characters of photography itself and highlights the leading role that the medium has come

to play in the international art world today. Beyond Memory stands on its own as a rigorous examination of photography's place in late Soviet unofficial art, while also serving as a supplement to the traveling exhibition of the same title.

A Foodie Afloat Di Murrell 2020-07-28 A Foodie Afloat is the story of a cook's journey through France on a barge. Di Murrell takes us on a gentle journey across France; her main preoccupation being to make sure that tasty food arrives on the table each day. As she voyages across the country she shows, through her recipes, how the cuisine changes with the landscape. Whether bought in the market, dug from a lock-keeper's garden or even foraged along the towpath, the food she finds and cooks is always seasonal and local to the region. This book is more than just a collection of recipes though. It is the result of a life spent on the waterways of Europe. She talks to lock-keepers, skippers of working barges and those, who, like her, find their sustenance on or near the canal. Di's enjoyment of good champagne, foie gras and truffles leads to an eclectic mix of simplicity and sophistication in her cooking. The boating life, though rarely sensational, is full of small events and chance encounters. This is an enticing story of slow boats and slow food. Di makes it come alive, and her combination of travel and recipe book tempts us to give up everything and join her on the waterways of Northern and Central France. A Foodie Afloat is the 2020 UK winner of the World Gourmand Cookbook Awards in the Food Tourism category.

Crumb's World Robert Crumb 2021-02-23 R. Crumb's obsessions—from sex to the Bible, music, politics, and the vicissitudes and obscenities of daily life—are chronicled in this comprehensive book of work by the illustrious American comic artist. Instrumental in the formation of the underground comics scene in San Francisco during the 1960s and 1970s, Crumb has ruptured and expanded the boundaries of the graphic arts, redefining comics and cartoons as countercultural art forms. Presenting a slice of Crumb's unique universe, this book features a wide array of printed matter culled from the artist's five-decade career—tear sheets of drawings and comics taken directly from the publications where the works first appeared, comic book covers, broadsides from the 1960s and 1970s, and tabloids from Haight-Ashbury, Oakland, the Lower East Side, and other counterculture enclaves, as well as exhibition ephemera. Complementing this volume are historical works from the eighteenth and nineteenth centuries that have inspired Crumb and pages from his rarely seen sketchbooks from the 1970s and 1980s that reveal his exemplary skill as a draftsman. Documenting the critically acclaimed exhibition *Drawing for Print: Mind Fucks, Kultur Klashes, Pulp Fiction & Pulp Fact* by the Illustrious R. Crumb at David Zwirner, New York, in 2019, curated by Robert Storr, this publication offers an opportunity to immerse oneself in Crumb's singular mind. In the accompanying text, Storr explores the challenging nature of some of Crumb's work and the importance of artists who take on the status quo.

Bullshit Jobs David Graeber 2019-05-07 From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), *Bullshit Jobs* gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

Chicano and Chicana Art Jennifer A. González 2019-01-15 This anthology provides an overview of the history and theory of Chicano/a art from the 1960s to the present, emphasizing the debates and vocabularies that have played key roles in its conceptualization. In *Chicano and Chicana Art*—which includes many of Chicano/a art's landmark and foundational texts and manifestos—artists, curators, and cultural critics trace the development of Chicano/a art from its early role in the Chicano civil rights movement to its mainstream acceptance in American art institutions. Throughout this teaching-oriented volume they address a number of themes, including the politics of border life, public art practices such as posters and murals, and feminist and queer artists' figurations of Chicano/a bodies. They also chart the multiple cultural and artistic influences—from American graffiti and Mexican pre-Columbian spirituality to pop art and modernism—that have informed Chicano/a art's practice.
