Hermaphrodites and the Medical Invention of Sex - Alice Domurat Dreger 2009-07-01

Punctuated with remarkable case studies, this book explores extraordinary encounters between hermaphrodites--people born with "ambiguous" sexual anatomy--and the medical and scientific professionals who grappled with them. Alice Dreger focuses on events in France and Britain in the late nineteenth century, a moment of great

tension for questions of sex roles. While feminists, homosexuals, and anthropological explorers openly questioned the natures and purposes of the two sexes, anatomical hermaphrodites suggested a deeper question: just how many human sexes are there? Ultimately hermaphrodites led doctors and scientists to another surprisingly difficult question: what is sex, really? Hermaphrodites and the Medical Invention of Sex takes us inside the doctors' chambers to see how and why medical and scientific

men constructed sex, gender, and sexuality as they did, and especially how the material conformation of hermaphroditic bodies--when combined with social exigencies--forced peculiar constructions. Throughout the book Dreger indicates how this history can help us to understand present-day conceptualizations of sex, gender, and sexuality. This leads to an epilogue, where the author discusses and questions the protocols employed today in the treatment of intersexuals (people born hermaphroditic). Given the history she has recounted, should these protocols be reconsidered and revised? A meticulously researched account of a fascinating problem in the history of medicine, this book will compel the attention of historians, physicians, medical ethicists, intersexuals themselves, and anyone interested in the meanings and foundations of sexual identity.

Treasure Palaces - Maggie Fergusson 2016-11-10

From a stunning villa on sunny Capri with Ali Smith to an unlikely temple in the heart of Copenhagen with Alan Hollinghurst, *Treasure Palaces* brings together over twenty of the world's greatest writers to give their own personal tours of the museums that have awed, haunted and inspired them. Join Andrew Motion as he muses on writerly methods in the British Library, or Matthew Sweet at the hands-on joy of the ABBA museum. Julian Barnes meditates on Jean Sibelius's music, as well as the composer's apple corer, while visiting his home in Helsinki. Jacqueline Wilson encounters the dolls of Le Musée de la Poupée, Tim Winton remembers his first bare-foot encounter with the National Gallery of Victoria, and Aminatta Forna ponders love tokens in The Museum of Broken Relationships. From mausoleums to massive galleries, from London and New York to Kabul and Zagreb, *Treasure Palaces* explores some of the world's greatest - and sometimes surprising - museums. The result is a collection of moving, lyrical essays that speak to the enduring power of museums in our cultural life, and will leave you longing to

revisit your favourite treasure palace or looking for a new one to explore.

Divided City - Theresa Breslin 2013-03-14

The Sadeian Woman - Angela Carter 2023-06-13

'Sexuality is power' - so says the Marquis de Sade, philosopher and pornographer extraordinaire. His virtuous Justine keeps to the rules laid down by men, her reward rape and humiliation; his Juliette, Justine's triumphantly monstrous antithesis, viciously exploits her sexuality. In a world where all tenderness is false, all beds are minefields. But now Sade has met his match. With invention and genius, Angela Carter takes on these outrageous figments of his extreme imagination, and transforms them into symbols of our time - the Hollywood sex goddesses, mothers and daughters, pornography, even the sacred shrines of sex and marriage lie devastatingly exposed before our eyes. Angela Carter delves into the viscera of our distorted sexuality and reveals a dazzling vision of

love which admits neither of conqueror nor of conquered.

The subsequent chapters consider the demographic, geographical, and anthropological aspects of sex; life; the physiology, anatomy, and history of sex; the attitude toward sex; the concept of autoerotism; and the religious view of sex. Other sex-related topics covered include chastity and virginity, child sexuality, nakedness, coitus, contraception, courtship, culture, social dancing, and sex education. Museums, Moralities and Human Rights - Richard Sandell 2016-12-08

This book explores how museums, galleries and heritage sites of all kinds, through the narratives they construct and publicly present, can shape the moral and political climate within which human rights are experienced. Through a series of richly-drawn cases, which focus on gender diversity and same-sex love and desire, Richard Sandell examines the ways in which museums are implicated in the ongoing struggle for lesbian, gay, bisexual, transgender and intersex human rights. *Museums, Moralities and Human Rights* brings together for the first time the perspectives not only of those who work in, govern, fund and visit museums but also those of rights activists and campaigners who, at key moments in their struggle, have turned their attention to museums to advance their cause. Offering new insights into how human rights are

continually fought for, realised and refused, this volume makes the case for museums of all kinds to take up an active, mindful and purposive engagement with contemporary human rights concerns.

Venus as a Bear - Vahni Capildeo 2018-04-26

The Poetry Book Society Summer 2018 Choice Shortlisted for The 2018 Forward Prize for Best Collection Vahni Capildeo's *Venus as a Bear* collects poems on animals, art, language, the sea, thinghood, metaphor, description, and dance. They tend toward, and tend to, the inanimate and non-human, tenderly disclosing their forms of sentience. We have feelings for creatures, objects and places, but where do these affinities come from? How do things, as things, affect us, remain mysterious while making themselves known? For Capildeo answers formed at their own pace, while waiting for lambing at a friend's farm; exploring the Ashmolean Museum in Oxford; criss-crossing the British Isles with the Out of Bounds poetry project; or hearing of Africa and the Romans in Scotland, of Guyana and Shakespeare, while standing over-the-boots deep in a freezing sea off the coast of Wales. Many of the poems respond to real places, objects and people, as investigations, meditations, or dedications. They dwell on bodies and dwell in the body, inviting ardent, open forms of reading, in the spirit of their composition.

The Social Work of Museums - Lois H. Silverman 2009-12-04

Museums may not seem at first glance to be engaged in social work. Yet, Lois H. Silverman brings together here relevant visitor studies, trends in international practice, and compelling examples that demonstrate how museums everywhere are using their unique resources to benefit human relationships and, ultimately, to repair the world. In this groundbreaking book, Silverman forges a framework of key social work perspectives to show how museums are evolving a needs-based approach to provide what promises to be universal social service. In partnership with social

workers, social agencies, and clients, museums are helping people cope and even thrive in circumstances ranging from personal challenges to social injustices. *The Social Work of Museums* provides the first integrative survey of this emerging interdisciplinary practice and an essential foundation on which to build for the future. *The Social Work of Museums* is not only a vital and visionary resource for museum training and practice in the 21st century, but also an invaluable tool for social workers, creative arts therapists, and students seeking to broaden their horizons. It will inspire and empower policymakers, directors, clinicians, and evaluators alike to work together toward museums for the next age.

The Beggar's Benison - David Stevenson 2013-04-04

Two clubs, dedicated to proclaiming the joys of libertine sex, thrived in mid and late 18th-century Scotland. *The Beggar's Benison* (1732), starting from local roots in Fife, became large and sprawling, with branches in Edinburgh, Glasgow - and St Petersburg. As a toast "The Beggar's Benison" was drunk at aristocratic dinners in London as a coded reference to sex, and the Prince of Wales (later George IV) became a member. In Edinburgh, also, the Wig Club (1775) gave the elite of the Scottish Tory establishment a forum in which to dine, gamble and venerate a wig supposedly made of the pubic hairs of the mistresses of Charles II. Both clubs flourished in a great age of raucous clubs in which bawdy often played a prominent part, and both died as changes in sensibility made such behaviour seem gross and unacceptable. As the Victorian age approached, the clubs withered away under its disapproving glare. In this book, the author tells the story of these clubs, analyzes the obscene relics of their rituals which survive, and places the clubs in their social, cultural and political contexts. It is an extensively researched study, but at the same time recognizes the entertainment value of the many anecdotes concerning the clubs, the absurdities inherent in the antics of club rituals, and the appeal of the bawdy.

The Routledge History of Sex and the Body - Sarah Toulalan 2013-03-20

The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day. The history of sex and the body is an expanding field in

which vibrant debate on, for instance, the history of homosexuality, is developing. This book examines the current scholarship and looks towards future directions across the field. The volume is divided into fourteen thematic chapters, which are split into two chronological sections 1500 - 1750 and 1750 to present day. Focusing on the history of sexuality and the body in the West but also interactions with a broader globe, these thematic chapters survey the major areas of debate and discussion. Covering themes such as science, identity, the gaze, courtship, reproduction, sexual violence and the importance of race, the volume offers a comprehensive view of the history of sex and the body. The book concludes with an afterword in which the reader is invited to consider some of the 'tensions, problems and areas deserving further scrutiny'. Including contributors renowned in their field of expertise, this ground-breaking collection is essential reading for all those interested in the history of sexuality and the body.

Una Donna - Sibilla Aleramo 2018-06-13

Una Donna by Sibilla Aleramo Pubblicato per la prima volta nel 1906 e ripubblicato nel corso degli anni in molteplici edizioni, questo romanzo nasce dall'esperienza autobiografica dell'autrice ed è frutto di quei fermenti sociali che portarono alla nascita del femminismo, di cui la Aleramo stessa si sentì parte attiva. Nell'intento di rivelare, per la prima volta, "l'anima femminile moderna," con grande spirito realistico la Aleramo compone pagine di aperta denuncia e di critica sociale, affrontando argomenti come la povertà e l'ignoranza, le differenze regionali, il socialismo e naturalmente la condizione svantaggiata da cui la donna avrebbe dovuto riscattarsi. La sua immediata fortuna in Italia e nei paesi in cui fu tradotto segnalò una nuova scrittrice, che in seguito avrebbe fornito altre prove di valore, segnatamente nella poesia *We are delighted to publish this classic book as part of our extensive Classic Library collection. Vestiges of Protestant Dissent - George Eyre Evans 1897

Much Obligated - Stephen Sutcliffe 2018-05

This book is called *Much Obligated* for two reasons. The first is that it is what Stephen's dad says when he has been served in shops. The second is because Stephen has noticed that he only does things to stop himself letting people down. Joe Brainard's *I Remember* is the inspiration for Stephen Sutcliffe's similarly constructed assemblage of loosely connected reminiscences, each containing a reference to 'Stephen'. John Ashbery described Brainard's writing as 'humane smut', and, drawing on the comedy of childhood, experience of work, and school friends, as well as family snapshots and Stephen's own collages, *Much Obligated* finds a similar tone, firmly rooted in class, the challenge to authority, self-doubt and self-deprecation.--Book Works website.

Marie Stopes' Sexual Revolution and the Birth Control Movement - Clare Debenham 2018-03-06

This book examines the life, work and controversial achievements of

Marie Stopes, author and pioneer of the birth control movement in the interwar period. As the centenary of the ground-breaking publication of *Married Love* approaches, this study traces and reassesses Marie's remarkable achievements, considering the literary, scientific and political themes of her life's work. Clare Debenham analyses how Stopes's personal life led her to turn away from palaeobotany to concentrate on transforming the country's sexual relationships by writing *Married Love*. Utilising extensive unpublished archive research, biographies, letters, and interviews with her friends and relatives, Debenham demonstrates that Stopes's work on sexual relationships has overshadowed her considerable achievements including her scientific career as a paleobotanist, her literary success in the interwar period, and her work, with help from suffragists, in establishing the first British birth control clinic.

Small White Monkeys - Sophie Collins (Poet) 2018

Small White Monkeys is a fragmented essay that includes poems and images on self-expression, self-help, and shame. Beginning with the image of small white monkeys, the text examines the author's relationship with shame through a series of short studies on cats, hair as a metonym for the self in poetry and fiction, and perceptions of sexual violence, among other things. Using the Glasgow Womens Library's Archive Collections and Lending Library for research, Collins incorporates material from the library's archives and the work of female creators past and present, including Anna Mendelssohn, Jean Rhys, Selima Hill, Adrian Piper, June Jordan, Denise Riley, vahni Capildeo, and Veronica Forrest-Thomson. Based in Edinburgh, Collins is the editor of *Currently & Emotion*, an anthology of contemporary poetry translations. She was featured in *Penguin Modern Poets 1*, alongside work by Anne Carson and Emily Berry, and has been recognized for her extensive poetic works.

Fotofeis 97 - Alice Angus 1997

Mr. Mac and Me - Esther Freud 2015-01-27

1914. Thomas Maggs is thirteen and lives with his parents and sister at the Blue Anchor pub, in the village of Dunwich on the Suffolk coast. Born

in winter while the sea stormed, Thomas is the youngest child, and the only son surviving. In Dunwich, life is quiet and shaped by the seasons: fishing and farming, the summer visitors, and the girls who come down from the Highlands to gut and pack the herring. Thomas visits his brothers' grave in the churchyard, sketches the boats from the harbor, and longs for adventure -- a chance to go to sea. Then one day a mysterious Scotsman and his red-haired wife arrive in the village. The man's name is Charles Rennie Mackintosh, but the locals are soon calling him Mac. Mac and his wife are both artists, regarded as eccentrics in

town, but a source of wonder and fascination for Thomas. Yet just as Thomas and Mac's friendship begins to bloom, war with Germany is declared. The summer guests flee, replaced by regiments of soldiers on their way to Belgium. And as the war weighs increasingly heavily on the community, the villagers on the home front become increasingly suspicious of Mac and his curious behavior. *Mr. Mac and Me* is the story of an unlikely friendship, and a vivid portrait of one of the most brilliant and misunderstood artists of his generation.
