[Teaching 'Proper' Drinking?](#) - Maggie Brady 2017-12-12

In Teaching 'Proper' Drinking?, the author brings together three fields of scholarship: socio-historical studies of alcohol, Australian Indigenous policy history and social enterprise studies. The case studies in the book offer the first detailed surveys of efforts to teach responsible drinking practices to Aboriginal people by installing canteens in remote communities, and of the purchase of public hotels by Indigenous groups in attempts both to control sales of alcohol and to create social enterprises by redistributing profits for the community good. Ethnographies of the hotels are examined through the analytical lens of the Swedish 'Gothenburg' system of municipal hotel ownership. The research reveals that the community governance of such social enterprises is not purely a matter of good administration or compliance with the relevant liquor legislation. Their administration is imbued with the additional challenges posed by political contestation, both within and beyond the communities concerned. 'The idea that community or government ownership and management of a hotel or other drinking place would be a good way to control drinking and limit harm has been commonplace in many Anglophone and Nordic countries, but has been less recognised in Australia. Maggie Brady's book brings together the hidden history of such ideas and initiatives in Australia ... In an original and wide-ranging set of case studies, Brady shows that success in reducing harm has varied between communities, largely depending on whether motivations to raise revenue or to reduce harm are in control.' — Professor Robin Room, Director, Centre for Alcohol Policy Research, La Trobe University

**Girl Meets Boy** - Ali Smith 2021-06-30

From the astonishingly talented writer of *The Accidental* and *Hotel World* comes Ali Smith's brilliant retelling of Ovid's gender-bending myth of Iphis and Ianthe, as seen through the eyes of two Scottish sisters. *Girl Meets Boy* is about girls and boys, girls and girls, love and transformation, and the absurdity of consumerism, as well as a story of reversals and revelations that is as sharply witty as it is lyrical. Funny, fresh, poetic, and political, *Girl Meets Boy* is a myth of metamorphosis for a world made in Madison Avenues image, and the funniest addition to the *Myths* series from Canongate since Margaret Atwood's *The Penelopiad*.

**Comedy and Distinction** - Sam Friedman 2014-04-24

This book was shortlisted for the 2015 BSA Philip Abrams Memorial Prize. Comedy is currently enjoying unprecedented growth within the British culture industries. Defying the recent economic downturn, it has exploded into a booming billion-pound industry both on TV and on the live circuit. Despite this, academia has either ignored comedy or focused solely on analysing comedians or comic texts. This scholarship tends to assume that through analysing an artist's intentions or techniques, we can somehow understand what is and what isn't funny. But this poses a fundamental question - funny to whom? How can we definitively discern how audiences react to comedy? *Comedy and Distinction* shifts the focus to provide the first ever empirical examination of British comedy taste. Drawing on a large-scale survey and in-depth interviews carried out at the Edinburgh Festival Fringe, the book explores what types of comedy people like (and dislike), what their preferences reveal about their sense of humour, how comedy taste lubricates everyday interaction, and how issues of social class, gender, ethnicity and geographical location interact with patterns of comic taste. Friedman asks: Are some types of comedy valued higher than others in British society? Does more 'legitimate' comedy taste act as a tangible resource in social life - a form of cultural

capital? What role does humour play in policing class boundaries in contemporary Britain? This book will be of interest to students and scholars of sociology, social class, social theory, cultural studies and comedy studies.
