Edge of the Breach - Halo Scot 2020-01-08

We all become monsters at the edge of the breach. In a post-apocalyptic world where season of birth determines power -- spring healers, summer mages, fall shapeshifters, and winter shields -- a man and a woman emerge from tragic childhoods to lead humanity on opposite sides of an

interrealm war. ██████████ There is a hole in the sky. They call it the Rift. A portal to the gods. The scar of a suffering world. Through it, the gods rule the last scraps of civilization, harkening war. As chaos beckons, two leaders emerge from the ashes of a dying planet. Julian Kyder is the son of an abusive rape victim who compensates for his abandonment through psychopathy. Sira Rune is a cancer survivor who dedicates her life to living free and fearless while experiencing the taboo and the unorthodox. Rune is the only one unafraid of Kyder, and that terrifies him, because he only knows how to function through fear. Even though she gives him more chances than he deserves, how much violence can she forgive? When is a person beyond redemption? While he struggles to control his demons and she struggles to find purpose, the gods drag the ruined world into war. ██████████ READ AN EXCERPT Chapter 1: Pain Made a Man Kyder, Age 9 - July 7, 7009 Her body is stone. Her eyes glass. She doesn't see me. Doesn't want me. Yet her blood runs through me, a river of pain. I call her mother, but she calls me nothing. She hopes to forget me. Hopes I will disappear. Conceived in violence, I am a constant reminder of the crime that made me. "Come," she orders me. Like a dog. And I jog at her heels, obedient. She won't use my name. It's a reminder I exist. The meaning behind it is empty, anyway. She refused to name me, so the hospital staff did. Julian Kyder -- Julian after the doctor who delivered me and Kyder after the hospital. Forever marked by the circumstances of my birth. She tried to abort, but I survived. She put me up for adoption, but no one took me. She tried to release me into the system, but they were already at overcapacity. We're trapped. Stuck together as two halves of misery. The doctor told me I am a miracle. She told me I am a curse. "This way." She leads me along the edge of the Shelf toward the market. With each step, my feet crunch along the parched gravel. To our left, cliffs drop hundreds of meters into the Ruined Sea, a toxic cesspool that encircles the island. In the distance,

Mount Erebus puffs ash into the blanched sky, a grandfather smoking the last bit of a cigar. We mutilated our world, bombarded the planet for centuries with nuclear weapons until we ran out of missiles, until Earth flipped upside-down. The only habitable continent is Antarctica, now the North Pole, and even here, the war melted the desolate wasteland into a scorching desert. Humans near extinction, huddled near the top of the planet like exiles. But we deserve it. Sweat trickles down my back. I pull my robe tight around myself, hoping to block out the sun. It's summer, so there's no respite from the heat. The days are endless. They bleed into each other like ink on a page, no distinction between the lines. Night won't come for another few months, and soon after it does, it won't leave till winter's done. Some call it balance. Day and night. Light and dark. Sun and stars. Birth and death. People look for meaning when it's only chaos disguised as order... WELCOME TO THE BREACH.

**The Magicians** - Lev Grossman 2009-10-08

Quentin Coldwater is brilliant but miserable. Obsessed with the fantasy novels he read as a child, he finds the real world just doesn't compare. Then one day it happens: he stumbles unexpectedly into a hidden world and is invited to join a very exclusive college, where he will learn the secrets of magic. But something is still missing. And now Quentin will do anything to find what he's always been looking for. Praise for The Magicians Trilogy 'The best fantasy trilogy of the decade.' Charles Stross 'The most entertaining and compelling fantasy I've read in a long time.' The Times 'Lev Grossman has conjured a rare creature: a trilogy that simply gets better and better as it goes along... Literary perfection.' Erin Morgenstern 'May just be the most subversive, gripping, and enchanting fantasy novel I've read this century.' Cory Doctorow 'Dark and dangerous and full of twists. Hogwarts was never like this.' George R. R. Martin 'Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy.' Joe Hill 'A darkly cunning story about the power of imagination itself.' The New Yorker 'The Magicians ought to be required reading... a terrific, at times almost painfully perceptive novel of the fantastic.' Kelly Link 'Brilliantly explores the hidden underbelly of fantasy

and easy magic, taking what's simple on the surface and turning it over to show us the complicated writhing mess beneath.' Naomi Novik

**Young Mungo** - Douglas Stuart 2022-04-05

#1 INTERNATIONAL BESTSELLER NAMED A BEST BOOK OF THE YEAR BY THE GLOBE AND MAIL • NPR • KIRKUS REVIEWS • TIME • AMAZON • THE WASHINGTON POST • THE TIMES (UK) • DAILY HIVE • THE TELEGRAPH • FINANCIAL TIMES • THE GUARDIAN • LITERARY HUB • THE HERALD (UK) • READER'S DIGEST • VANITY FAIR • LOS ANGELES REVIEW OF BOOKS "Young Mungo seals it: Douglas Stuart is a genius." —The Washington Post From the Booker Prize-winning author of Shuggie Bain, Young Mungo is both a vivid portrayal of working-class life and the deeply moving story of the dangerous first love of two young men. Born under different stars, Protestant Mungo and Catholic James live in a hyper-masculine world. They are caught between two of Glasgow's housing estates where young working-class men divide themselves along sectarian lines, and fight territorial battles for the sake of reputation. They should be sworn enemies if they're to be seen as men at all, and yet they become best friends as they find a sanctuary in the dovecote that James has built for his prize racing pigeons. As they begin to fall in love, they dream of escaping the grey city, and Mungo must work hard to hide his true self from all those around him, especially from his elder brother Hamish, a local gang leader with a brutal reputation to uphold. But the threat of discovery is constant and the punishment unspeakable. When Mungo's mother sends him on a fishing trip to a loch in Western Scotland, with two strange men behind whose drunken banter lie murky pasts, he needs to summon all his inner strength and courage to get back to a place of safety, a place where he and James might still have a future. Imbuing the everyday world of its characters with rich lyricism, Douglas Stuart's Young Mungo is a gripping and revealing story about the meaning of masculinity, the push and pull of family, the violence faced by so many queer people, and the dangers of loving someone too much.

**Violet Eyes** - John Everson 2017-04-04

THEIR BITES ARE MORE THAN DEADLY... The small town near the

Everglades was supposed to offer Rachel and her son a fresh start. Instead it offered the start of a nightmare, when an unknown breed of flies migrated through the area, leaving painful bites in their wake. The media warned people to stay inside until the swarm passed. But the flies didn't leave. And then the radios and TVs went silent. That's when the spiders came. Spiders that could spin a deadly web large enough to engulf an entire house overnight. Spiders that left stripped bones behind as they multiplied. Spiders that, like the flies, sought hungrily for tender flesh...through Violet Eyes.

*Wicked as They Come* - Delilah S. Dawson 2012-03-27

The first in a steampunk paranormal romance series in which a woman is transported to a world filled with vampires and magic. When nurse Tish Everett forced open the lovely locket she found at an estate sale, she had no idea she was answering the call of Criminy Stain, from the far off land of Sang. He'd cast a spell for her, but when she's transported right to him, she's not so sure she's ready to be under the spell of another man. If only Criminy wasn't so deliciously rakish... Half the inhabitants of Sang are Pinkies—human—and the other half are Bludmen, who in Tish's world would be called vampires. But they don't mess with any of the bat/coffin/no sunlight nonsense. They're rather like you and me, just more fabulous, long living, and mostly indestructible—they're also very good kissers. But when the evil Mayor of Manchester (formerly Bludchester) redoubles his efforts to rid Sang of the Bludmen once and for all, he steals Tish's locket in hopes of traveling back to her world himself for reinforcements. Criminy and Tish must now battle ghosts, sea monsters, wayward submarines, a secret cabal, and thundering Bludmares to get the locket back and allow Tish to return home...but has she found love with Criminy? Could she stay in Sang forever?

*Extreme Horror* - Matt Shaw 2022-07-20

They said I could not become a filmmaker. They said my screenplays

were dull and clumsy with thin characterisation. My plots were predictable and endings lame. They said my directing was uninspired and ideas translated poorly to screen. They said my acting was laughable; scenes that were supposed to be tragic caused ripples of laughter. They said I would never make it and that - even if I did - no one wants horror anymore. They want fantasy. They want drama. Comedy, even has its place in the market. Not horror. It's stale. It is stagnant and done to death. Well, whatever they say, I am bringing horror back to the mainstream. It will be shown on every television station and shared across millions of social networking profiles. I am bringing horror back whether the audience wants it or not and it's going to be extreme...

It will haunt you long after you reach the final page.

*From Blood and Ash* - Jennifer L. Armentrout 2020-03-30

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance.

And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel.
