Standing the Test of Time Julie Rainbow 2012-05-22 Standing the Test of Time celebrates African Americans marriages of more than 30 years while providing a rare opportunity to glimpse in to the lives of relationships that work! The stories are riveting, inspiring and filled with warmth and wisdom. They are love stories with a purpose. Deep and meaningful marriages are one the most rewarding experiences life may offer.

Unfortunately, most of us have little knowledge of the tools needed to make relationships work. We're usually guided by our parents' relationships, girlfriends, homeboys or previous experiences which may lead to more failure than success. We spend a life time reacting responding, and rebounding from mistakes and misguided intentions that have caused us pain and frustration. The twenty phenomenal couples featured in Standing the Test of Time, share honest and intimate insight into their relationships to reveals valuable life lessons in love, forgiveness, communication, building a family and growing together. Wisdom gleaned from these African American elders is both intuitive and significant. A lot of people get married because they are in love. The goal is not to be in love - but to love. -Hattie Wilson, Standing the Test of Time

Missionary Methods: St. Paul's or Ours? Roland Allen 2016-10-10 At this critical point in the history of World Missions, it is imperative for us to take a step back from "business as usual" in our work around the globe and reevaluate the strategies and methods we are implementing. What is working? What isn't? If we're honest, there may be more not working than we would care to admit. In this book, written in the early 1900s, Roland Allen invites us to look at the missionary work of the Apostle Paul with fresh eyes and an igniting perspective that is strikingly relevant to the greatest challenges we are facing today in modern missions. He offers a well of insight from the methodology of Paul that will focus and unite us as we draw nearer than ever before to our goal of fulfilling the Great Commission and reaching the world with the Gospel of Jesus Christ.

Elder Race Adrian Tchaikovsky 2021-11-16 "A Ursula Le Guin-like grace... Ten out of 10." —New York Times In Adrian Tchaikovsky's Elder Race, a junior anthropologist on a distant planet must help the locals he has sworn to study to save a planet from an unbeatable foe. Lynesse is the lowly Fourth Daughter of the queen, and always getting in the way. But a demon is terrorizing the land, and now she's an adult (albeit barely) with responsibilities (she tells herself). Although she still gets in the way, she understands that the only way to save her people is to invoke the pact between her family and the Elder sorcerer who has inhabited the local tower for as long as her people have lived here (though none in living memory has approached it). But Elder Nyr isn't a sorcerer, and he is forbidden to help, and his knowledge of science tells him the threat cannot possibly be a demon... Eleven Anahit Khach 2022-05-27 Eleven: A hell on earth love story 9/11 By: Anahit Khach The emotions of the terrorist attacks still resonate today with many Americans. The tragic events of 9/11 live on forever and some who were there have never emotionally recovered from it. Those moments are the basis of the book Eleven, an intriguing tale of romance, greed, sex, terror, and kidnapping. Eleven is the story of a successful business executive and her crooked boss who got caught up in the dangers of his endeavors, an aspiring figure skater, terrorists on American soil, and other intriguing characters based around the 9/11 attack and its aftermath. The fictional account provides a dramatic portrayal of what it might have been like when the planes hit the twin towers, the last moments of the office workers in the buildings, the fairy tale survival of a key character and how it affected her life and the lives of those around her for years after the incident.

Rival Truce Cherise P. Pierce 2021-07-11 Inside, you will find a story of two little girls that grow into very different young women who are strong-willed, evil, broken, stubborn, ruthless, dangerous, and everything in between. Does this sound like someone you know? They will find themselves thrust into a whirlwind of predicaments that seem too unimaginable and maniacal to believe. Does this sound like someone you know? The circle of friends they are intertwined with are no different from the circle of friends that you may have in your own everyday life. The only difference is this band of friends are just characters on the pages of this beautifully wicked novel. My goal is to inspire and awaken the senses in what could unfortunately be a true-to-life mystery, questioning how far would someone go. Although the story is fictional, the characters' experiences and emotions will feel real. You will laugh, cry, and you just may swear, but I know you will be surprised. The development of events will also keep you guessing. This suspense-drama is an imitation of life where a series of twists and turns have you asking, "What else can happen?" See if the real circumstances in your life are stranger than the fictitious ones. Remember, a young child never forgets . . .

The Sons of Maxwell Perkins Maxwell Evarts Perkins 2004 As the sole literary editor with name recognition among students of American literature, Perkins remains permanently linked to Fitzgerald, Hemingway, and Wolfe in literary history. Their relationships play out in the 221 letters Matthew J. Bruccoli has assembled in this volume. The collection documents the extent of the fatherly forbearance, attention, and encouragement the legendary Scribners editor gave to his authorial sons. The correspondence portrays his ability to juggle the requirements of his three geniuses.

Communities in Action National Academies of Sciences, Engineering, and Medicine 2017-04-27 In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. *Communities in Action: Pathways to Health Equity* seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

The Quilt of Many Colors McKenzie Smith 2020-04-30 In nineteenth century New York City, Katryn Kline Wellington—or Princess as she is known to her absentee father, the Duke of Wellington, and also around the Bowery—walks a dangerous tightrope as she exists in the world of her mother's secret past—one of brothels, champagne parties, passionate liaisons, and abortions. But when she is sent to the finest finishing school in Pennsylvania, Katryn's destiny is altered forever. After Katryn adjusts to her new life and transforms into a talented artist, she is introduced to the Mormon faith by her friend, Lizbeth Bozemon, who encourages her to join her in the primitive Utah Territory where she is embracing a wonderful life influenced by the pure, God-fearing religion. Soon Katryn, who has reunited with her father and is being pursued by many fine suitors whom she quickly rejects, cannot ignore the lure of the Mormon faith. After she decides to head west in pursuit of love, morals, and respect, her journey to a bold new world full of perilous surprises leads her to places she never imagined. *The Quilt of Many Colors* is a riveting historical account of passion, intrigue, and love as a young New York City native embarks on a journey to new beginnings in the wild Utah Territory.

The Abominations of the Obama-Nation Betty Sue Prollock 2014-05-30 Some people use the poor, minorities, and special interest groups as an excuse to take away rights from others who tend to be wealthy, white, or Christian - or all of the above. Betty Sue Prollock, a Christian and an American patriot, seeks to wake people up from their slumber and shine a spotlight on the truth: We're moving from a constitutional government founded on individual freedom to one that resembles an Islamic state. President Barack Hussein Obama Jr. and his followers, who are using the government to oppress non-victims in an effort to promote equality, must accept much of the blame. These power-hungry individuals will stop at nothing to advance their own agenda and take away the rights of the majority. Prollock argues that people in power are influencing and seducing the needy struggling with life's challenges. She makes a convincing case that if the public doesn't act soon, our God-given rights will be replaced by government-given rights and *The Abominations of the Obama-Nation*.

Congo Love Song Ira Dworkin 2017-04-27 In his 1903 hit "Congo Love Song," James Weldon Johnson recounts a sweet if seemingly generic romance between two young Africans. While the song's title may appear consistent with that narrative, it also invokes the site of King Leopold II of Belgium's brutal colonial regime at a time when African Americans were playing a central role in a growing Congo reform movement. In an era when popular vaudeville music frequently trafficked in racist language and imagery, "Congo Love Song" emerges as one example of the many ways that African American activists, intellectuals, and artists called attention to colonialism in Africa. In this book, Ira Dworkin examines black Americans' long cultural and political engagement with the Congo and its people. Through studies of George Washington Williams, Booker T. Washington, Pauline Hopkins, Langston Hughes, Malcolm X, and other figures, he brings to light a long-standing relationship that challenges familiar presumptions about African American commitments to Africa. Dworkin offers compelling new ways to understand how African American involvement in the Congo has helped shape anticolonialism, black aesthetics, and modern black nationalism.
