You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. [Get Over Yourself!](#) - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

If you are reading my book's description it's because maybe you are having trouble finding a girlfriend, isn't it? It's likely that among the photos you posted online there isn't one in which you look like Leonardo di Caprio and that you think physical appearance is the only way to impress woman. Or maybe your girlfriend never texts you until you do, and when she answers, hours later, it's with a simple or . Or perhaps you're one of those guys who's convinced he can get the attention of a beautiful girl by simply texting her " Hi! " or " Hey! "? I guess I must give you a hint then, pal: Women are different from men! And naturally, they think differently, they love differently! And this is because before loving with their body women always love with their mind... In my book, "Texting Women", I give you the right tips, quick and simple, to learn everything there is to know about texting a woman, and especially to understand how to get the timing right. In your opinion, what's every man's main goal when texting a woman he likes? Easy! That she always texts him back - the sooner the better - and eagerly! But clearly, to be able get there one must study the method and train hard - as if it were a physical activity - and put all of the following steps into practice: Mindset: work on yourself. Remember how as a child you were told to always be yourself? Well, forget that! Unless you want to die alone... The thing is, there is no "self". Which self? There can be many different selves, you can be whatever you want, you can improve: To manipulate girls, first you must be able to manipulate yourself. Skills: The main skill consists in figuring out who is the girl you're writing to, what she likes, what language frequencies she travels on. By doing that, you will be able to become the mirror in which she sees herself, and in you and in your texts she will recognize a part of herself and of her mind. Techniques: The right techniques allow you to seduce girls by doing nothing, you have to get to the point where, whatever you write them, they start

answering with long messages, as if they were talking about themselves with a psychologist. This way girls feel like they're seducing themselves with their own mind and will increasingly feel the need to answer your texts. Secrets: once you have completed all the previous steps, you should not be in a hurry to meet or see them, enjoy the moment and let them stew in their own juice. Raise the conversation's level by talking about spicy stuff, that's when they'll go crazy, and that's how when you'll see them in person they will already be completely obsessed with you and they will be yours. In the end it's going to be you the one not texting them back.
