The Joy Luck Club - Amy Tan
2008-12-26

Discover Amy Tan's moving and poignant tale of immigrant Chinese mothers and their American-born daughters. 'The Joy Luck Club is an ambitious saga that's impossible to read without wanting to call your Mum' Stylist In 1949 four Chinese women, recent immigrants to San Francisco, meet weekly to play mahjong and tell stories of what they left behind in China. United in loss and new hope for their daughters' futures, they call themselves the Joy Luck Club.

Their daughters, who have never heard these stories, think their mothers' advice is irrelevant to their modern American lives - until their own inner crises reveal how much they've unknowingly inherited of their mothers' pasts. 'Pure enchantment' Mail on Sunday
A Flowering Tree and Other Oral Tales from India - A. K. Ramanujan 1997-01-01

This book of oral tales from the south Indian region of Kannada represents the culmination of a lifetime of research by A. K. Ramanujan, one of the most revered scholars and writers of

The Motherinlaw Daughterinlaw Conflict The Exploration And Improvement Of The Motherinlaw Daughterinlaw
 his time. The result of over translations were complete and three decades' labor, this long-awaited collection makes available for the first time a wealth of folktales from a region that has not yet been adequately represented in world literature. Ramanujan's skill as a translator, his graceful writing style, and his profound love and understanding of the subject enrich the tales that he collected, translated, and interpreted. With a written literature recorded from about 800 A.D., Kannada is rich in mythology, devotional and secular poetry, and more recently novels and plays. Ramanujan, born in Mysore in 1929, had an intimate knowledge of the language. In the 1950s, when working as a college lecturer, he began collecting these tales from everyone he could--servants, aunts, schoolteachers, children, carpenters, tailors. In 1970 he began translating and interpreting the tales, a project that absorbed him for the next three decades. When Ramanujan died in 1993, the

he had written notes for about half of the tales. With its unsentimental sympathies, its laughter, and its delightfully vivid sense of detail, the collection stands as a significant and moving monument to Ramanujan's memory as a scholar and writer.

Families Caring for an Aging America - National Academies of Sciences, Engineering, and Medicine
 2016-12-08

Family caregiving affects millions of Americans every day, in all walks of life. At least 17.7 million individuals in the United States are caregivers of an older adult with a health or functional limitation. The nation's family caregivers provide the lion's share of long-term care for our older adult population. They are also central to older adults' access to and receipt of health care and community-based social services. Yet the need to recognize and support caregivers is among the least appreciated challenges facing

the aging U.S. population.**

Families Caring for an Aging America examines the prevalence and nature of family caregiving of older adults and the available evidence on the effectiveness of programs, supports, and other interventions designed to support family caregivers. This report also assesses and recommends policies to address the needs of family caregivers and to minimize the barriers that they encounter in trying to meet the needs of older adults.

How do families handle the inevitable friction and how do they make sense of evolving family relationships? Ruth Nemzoff, an expert in family dynamics, empowers family members across the generations to define and create lasting bonds, including how to: *Welcome a new in-law from a different culture and religion into your family. *Not let differences of politics or philosophy impact quality time with the extended family. *Respond to major life changes in an in-law's life, including financial crises, illnesses, or career changes. *Retain warm connections with in-laws even amidst divorce and remarriage. The Memoirs of Lady Hyegyong - JaHyun Kim Haboush 2013-09-14
Lady Hyegyong's memoirs, which recount the chilling murder of her husband by his father, form one of the best known and most popular classics of Korean literature. From 1795 until 1805 Lady Hyegyong composed this masterpiece, depicting a court life Shakespearean in its pathos, drama, and grandeur. Presented in its social, cultural, and historical contexts, this first complete English translation opens a door into a world teeming with conflicting passions, political intrigue, and the daily preoccupations of a deeply intelligent and articulate woman. JaHyun Kim Haboush's accurate, fluid translation captures the intimate and expressive voice of this consummate storyteller. Reissued nearly twenty years after its initial publication with a new foreword by Dorothy Ko, *The Memoirs of Lady Hyegyong* is a unique exploration of Korean selfhood

Too Much Loss: Coping with Grief Overload - Alan Wolfelt
2020-09-01

Grief overload is what you feel when you experience too many significant losses all at once, in a relatively short period of time, or cumulatively. In addition to the deaths of loved ones, such losses can also include divorce, estrangement, illness, relocation, job changes, and more. Our minds and hearts have enough trouble coping with a single loss, so when the losses pile up, the grief often seems especially chaotic and defeating. The good news is that through intentional, active mourning, you can and will find your way back to hope and healing. This compassionate guide will show you how.

daughters in law—who must come to terms with the new configuration of her family. As Anthony and Rachel Brinkley welcome their third daughter-in-law to the family, they don't quite realize the profound shift that is about to take place. For different reasons, the Brinkleys' two previous daughters-in-law hadn't been able to resist Rachel's maternal control and Anthony's gentle charm and had settled into their husbands' family without rocking the boat. But Charlotte—very young, very beautiful, and spoiled—has no intention of falling into step with the Brinkleys and wants to establish her own household. Soon Rachel's sons begin to think of their own houses as home and of their mother's house as simply the place where their parents live—a necessary and inevitable shift of loyalties that threatens Rachel's sense of herself, breaks Anthony's heart, and causes unexpected consequences in all the marriages. Then a crisis brings

The Mother-in-law Daughter-in-law Conflict: The Exploration and Improvement of the Mother-in-law Daughter-in-law Relationship
Kingsolver 2019-10-15

New York Times bestseller An NPR pick for Best Books of 2018 An O, The Oprah Magazine's Best Book of 2018 A San Francisco Chronicle Best Book of 2018 One of Christian Science Monitor's best fiction reads of 2018 One of Newsweek's Best Books of the year The New York Times bestselling author of Flight Behavior, The Lacuna, and The Poisonwood Bible and recipient of numerous literary awards—including the National Humanities Medal, the Dayton Literary Peace Prize, and the Orange Prize—returns with a timely novel that interweaves past and present to explore the human capacity for resiliency and compassion in times of great upheaval. How could two hardworking people do everything right in life, a woman asks, and end up destitute? Willa Knox and her husband followed all the rules as responsible parents and professionals, and have nothing to show for it but debts and an inherited brick house that is falling apart. The magazine

where Willa worked has folded, the college where her husband had tenure has closed. Their dubious shelter is also the only option for a disabled father-in-law and an exasperating, free-spirited daughter. When the family's one success story, an Ivy-educated son, is uprooted by tragedy he seems likely to join them, with dark complications of his own. In another time, a troubled husband and public servant asks, How can a man tell the truth, and be reviled for it? A science teacher with a passion for honest investigation, Thatcher Greenwood finds himself under siege: his employer forbids him to speak of the exciting work just published by Charles Darwin. His young bride and social-climbing mother-in-law bristle at the risk of scandal, and dismiss his worries that their elegant house is unsound. In a village ostensibly founded as a benevolent Utopia, Thatcher wants only to honor his duties, but his friendships with a woman scientist and a renegade newspaper editor

The Mother-in-law Daughter-in-law Conflict: The Exploration and Improvement of the Mother-in-law Daughter-in-law Relationship

threaten to draw him into a vendetta with the town's powerful men. Unsheltered is the compulsively readable story of two families, in two centuries, who live at the corner of Sixth and Plum in Vineland, New Jersey, navigating what seems to be the end of the world as they know it. With history as their tantalizing canvas, these characters paint a startlingly relevant portrait of life in precarious times when the foundations of the past have failed to prepare us for the future.

In-Law Relationships -

Geoffrey L. Greif 2020-10-23
"In-law relationships are multi-generational, multi-layered, and, like a kaleidoscope, a shifting amalgam of emotional colors. They are exceptionally important and, often, extremely complicated. They can be joyous and comforting and they can be disappointing and tension-filled. They can serve as a model for how to stay connected across generations for the well-being of grandparents, parents, and

grandchildren, and a relationship bellwether for what to avoid. In this book, the authors describe the struggles as well as the triumphs that people encounter with their in-laws from the perspectives of both generations and suggest ways to improve the relationships"--
