The Road Less Traveled - M. Scott Peck 2012-03-13

Now featuring a new introduction by Dr. M. Scott Peck, the twenty-fifth anniversary edition of the classic bestseller *The Road Less Traveled*, celebrated by *The Washington Post* as "not just a book but a spontaneous act of generosity." Perhaps no book in this generation has had a more profound impact on our intellectual and spiritual lives than *The Road Less Traveled*. With sales of more than seven million copies in the United States and Canada, and translations into more than twenty-three languages, it has made publishing history, with more than ten years on the *New York Times* bestseller list. Written in a voice that is timeless in its message of understanding, *The Road Less Traveled* continues to help us explore the very nature of loving relationships and leads us toward a new serenity and fullness of life. It helps us learn how to distinguish dependency from love; how to become a more sensitive parent; and ultimately how to become one's own true self. Recognizing that, as in the famous opening line of his book, "Life is difficult" and that the journey to spiritual growth is a long one, Dr. Peck never bullies his readers, but rather guides them gently through the hard and often painful process of change toward a higher level of self-understanding.

Further Along The Road Less Travelled - M. Scott Peck 2010-05-13

The original *The Road Less Travelled* spent more than ten years on the bestseller lists and is one of the biggest-selling self-help books of all time. In this wonderfully wise and accessible sequel M. Scott Peck delves more deeply into the issues that confront and challenge all of us in the modern world: blame and forgiveness; sexuality and spirituality; death and the meaning of life; families and relationships; accepting responsibility and growing up. Writing throughout with insight and sensitivity, he draws on his own extensive experience -- both professional and personal -- to challenge false assumptions, suggest a way forward and demonstrate that personal change is always possible, no matter how difficult and complex the journey.

More Notes From the Universe - Mike Dooley 2012-12-11

The Universe is here to remind us that we are in control. To have the life you desire, all you have to do is ask. The secret to manifesting change is not focusing on the how, but instead the end result of what you're after and the kind of life you want. Then, once you are truly focused, the Universe will conspire on your behalf. Author Mike Dooley has turned over every stone, knocked on every door, and followed every impulse. From the lessons he learned, Dooley is now able to share the Universe's wisdom with the world. He serves as an interpreter for the Universe and this second collection of empowering, invaluable truths can be read front to back or at random.

The Road Less Travelled And Beyond - M. Scott Peck 2011-10-31
The culmination of a lifetime of counselling, lecturing and writing, M. Scott Peck's major work leads us to a deeper awareness of how to live rich, fulfilling lives in a world fraught with stress, worry and anxiety. Writing with a depth of understanding that comes with the seasoned perspective of age, Dr Peck continues the journey of spiritual growth that began with *The Road Less Travelled*, one of the most influential personal development books of modern times. To the famous opening line of that book - 'Life is difficult' he now adds 'Life is complex'. But the greatest challenge, he reminds us, is to learn to deal with life's conflicts, problems and paradoxes to find the true simplicity that lies on the other side of complexity. The journey to serenity and inner peace, Dr Peck writes, can only be made with increasing self-awareness and social awareness. There are no easy answers for complex problems. The work of learning and spiritual growth is hard. And yet he shows us that there is a way to think with integrity, to know the difference between good and evil, to overcome narcissism, to love and be loved, to live with paradox, to accept the consequences of our actions all through life, and to come to terms with dying and death.

The Path to Awesomeness - Frederick Espiritu 2016-03-01

Who am I? What is my purpose? The answers to these questions seemed to have been elusive for many, or even yet the search still hasn't started for some. We are all students learning in the school called Life. As we go through it, we learn the lessons that will help us realize the true essence of who we are and what we can do. The Path to Awesomeness provides the clues that will take us closer to the Truth that is already within us. It will illuminate our minds and open our hearts as it takes us to the story of a personal awakening, so that we can see for ourselves the answers we've all been searching for. It's a journey that reflects our own path to healing, self-discovery and self-actualization of becoming awesome - our super human potential. It's the adventure of a lifetime that awaits us in *The Path to Awesomeness*, our destiny in life which we can only embark by letting go of the old-trodden path. *The Path to Awesomeness* will teach us life's greatest lesson - that falling in Love requires a leap of

faith, knowing and trusting God will catch us.

The Different Drum - M. Scott Peck 2015-03-19

The overall purpose of human communication is - or should be - reconciliation. It should ultimately serve to lower or remove the walls of misunderstanding which unduly separate us human beings, one from another. . ' Although we have developed the technology to make communication more efficient and to bring people closer together, we have failed to use it to build a true global community. Dr M. Scott Peck believes that if we are to prevent civilization destroying itself, we must urgently rebuild on all levels, local, national and international and that is the first step to spiritual survival. In this radical and challenging book he describes how the communities work, how group action can be developed on the principles of tolerance and love, and how we can start to transform world society into a true community.

Exploring the Road Less Traveled - Alice Howard 1985-11-02

From Simon & Schuster, *Exploring the Road Less Traveled* is Alice and Walden Howard's study guide for small groups, based on M. Scott Peck's classic bestseller. After careful field testing over a period of years, group leaders Alice and Walden Howard now present a companion volume—an experiential guide that enriches our understanding of Dr. Peck's phenomenal work.

The Road Less Travelled - M. Scott Peck 2003

Confronting and solving problems is a painful process which most of us attempt to avoid. Avoiding resolution results in greater pain and an inability to grow both mentally and spiritually. Drawing heavily on his own professional experience, Dr M. Scott Peck, a psychiatrist, suggests ways in which facing our difficulties -and suffering through the changes - can enable us to reach a higher level of self-understanding. He discusses the nature of loving relationships: how to distinguish dependency from love; how to become one's own person and how to be a more sensitive parent. This is a book that can show you how to embrace reality and yet achieve serenity and a richer existence. Hugely influential, it has now sold over six million copies -and has changed many people's lives round the globe. It may change yours.
