The Mastery of Love - Don Miguel Ruiz
2002-10-10

This jacketed and linen-bound gift edition of The Mastery of Love features two-colour printing and a silk ribbon bookmark. In the Toltec tradition, three fundamental masteries guide us to our true nature, which is happiness, freedom, and love. The first is the Mastery of Awareness. This mastery teaches us to be aware of what we really are. It is the first step toward freedom, because we cannot be free if we don't know what we are, or what kind of freedom we are looking for. The Toltec said, 'Let us see ourselves with

truth,' and they created a mastery just for awareness. The second is the Mastery of Transformation, which teaches us how to become spiritual warriors, and stalk our actions and reactions so we can break free of the knowledge that enslaves us. This mastery shows us how to change the dream of our life by changing our agreements and beliefs. The Mastery of Love is the result of the first two masteries. From the Toltec perspective, everything is made of love. Love is Life itself. When we master love, we align with the Spirit of Life passing through us. We are no longer the body, or the mind, or the soul, we are Love. Then every action we take is an expression of love, and love in action can only produce happiness. When we master Awareness, Transformation, and Love, we reclaim our divinity and become one with God. This is the goal of the Toltec. In the Mastery of Love, don Miguel Ruiz illuminates the fear-based beliefs and assumption that undermine love and lead to suffering and drama

in relationships. Using insightful stories to bring his message to life, Ruiz shows us how to heal our emotional wounds, recover the freedom and joy that are our birthright, and restore the spirit of playfulness that is vital to loving relationships. The Mastery of Love includes- Why 'domestication' and the 'image of perfection' lead to self-rejection The war of control that slowly destroys most relationships Why we hunt for love in others, and how to capture the love inside us How to finally accept and forgive ourselves and others 'Happiness can only come from inside of you and is the result of your love. When you are aware that no one else can make you happy, and that happiness is the result of your love, this becomes the greatest mastery of the Toltecs- the Mastery of Love.' - From the book

2016-02-02

A great "philosopher" once said, "Trying to understand women is like trying to smell the color 9." But the fact is, men can understand women to their great benefit. All they need is the right teacher. And arguably there is no better teacher than John Gottman, PhD, a world-renowned relationships researcher and author of the bestselling 7 principles of Making Marriage Work. His new book, written with wife Julie Gottman, a clinical psychologist, and Doug Abrams and Rachel Carlton Abrams, MD, is based on 40 years of scientific study, much of it gleaned from the Gottman's popular couple's workshops and the "love lab" at the University of Washington. It's written primarily for men because new research suggests that it is the man in a relationship who wields the most

influence to make it great or screw it up beyond repair. The Man's Guide to Women offers the science-based answers to the question: What do women really want in a man? The book explains the hallmarks of manhood that most women find attractive, and helps men hone those skills to be the man she desires.

A young businesswoman attempts to make a great leap in her company, and an even greater one in her love life. A powerful Ghanaian spokeswoman is forced to decide whether to uphold her family's politics, or to be true to her heart. Whether captured in the passion of love at first sight, or realising that self-love takes precedent over the latter, the characters in these vibrant stories try to navigate this most complex human emotion and understand why it holds them hostage. For Men, That's Loved by Women, By Andre AJ Carter Al-Khemet Book Club, says: The Man-ual is the best book I have ever read on love, family & relationships. It really got me thinking about reevaluating how I treat the woman I love. There is so much interesting information. I never laughed so hard at some of the stuff the author had to say about love & the mistakes some men make. I thought wow that's me all day. "The Importance of Picking the Right Woman to Be Your Wife" wow to say the least he dropped some bombs in here. By far that was my favorite chapter. If I could give this book 100 stars I would, unfortunately I can only give 5. Do yourself a favor guys, get this book
