Modern Romance Aziz Ansari 2015-06-16 The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to

give us an unforgettable tour of our new romantic world.

Don't Trust Your Gut Seth Stephens-Davidowitz 2023-05-09 "Seth Stephens-Davidowitz is more than a data scientist. He is a prophet for how to use the data revolution to reimagine your life. Don't Trust Your Gut is a tour de force--an intoxicating blend of analysis, humor, and humanity." -- Daniel H. Pink, #1 New York Times bestselling author of *When, Drive, and To Sell Is Human* Big decisions are hard. We consult friends and family, make sense of confusing "expert" advice online, maybe we read a self-help book to guide us. In the end, we usually just do what feels right, pursuing high stakes self-improvement--such as who we marry, how to date, where to live, what makes us happy--based solely on what our gut instinct tells us. But what if our gut is wrong? Biased, unpredictable, and misinformed, our gut, it turns out, is not all that reliable. And data can prove this. In *Don't Trust Your Gut*, economist, former Google data scientist, and New York Times bestselling author Seth Stephens-Davidowitz reveals just how wrong we really are when it comes to improving our own lives. In the past decade, scholars have mined enormous datasets to find remarkable new approaches to life's biggest self-help puzzles. Data from hundreds of thousands of dating profiles have revealed surprising successful strategies to get a date; data from hundreds of millions of tax records have uncovered the best places to raise children; data from millions of career trajectories have found previously unknown reasons why some rise to the top. Telling fascinating, unexpected stories with these numbers and the latest big data research, Stephens-Davidowitz exposes that, while we often think we know how to better ourselves, the numbers disagree. Hard facts and figures consistently contradict our instincts and demonstrate self-help that actually works--whether it involves the best time in life to start a business or how happy it actually makes us to skip a friend's birthday party for a night of Netflix on the couch. From the boring careers that produce the most wealth, to the old-school, data-backed relationship advice so well-worn it's become a literal joke, he unearths the startling conclusions that the right data can teach us about who we are and what will make our lives better. Lively, engrossing, and provocative, the end result opens up a new world of self-improvement made possible with massive troves of data. Packed with fresh, entertaining insights, *Don't Trust Your Gut* redefines how to tackle our most consequential choices, one that hacks the market inefficiencies of life and leads us to make smarter decisions about how to improve our lives. Because in the end, the numbers don't lie.

Spinster Kate Bolick 2015-04-21 A New York Times Book Review Notable Book "Whom to marry, and when will it happen—these two questions define every woman's existence." So begins *Spinster*, a revelatory and slyly erudite look at the pleasures and possibilities of remaining single. Using her own experiences as a starting point, journalist and cultural critic Kate Bolick invites us into her carefully considered, passionately lived life, weaving together the past and present to examine why she—along with over 100 million American women, whose ranks keep growing—remains unmarried. This unprecedented demographic shift, Bolick explains, is the logical outcome of hundreds of years of change that has neither been fully understood, nor appreciated. *Spinster* introduces a cast of pioneering women from the last century whose genius, tenacity, and flair for drama have emboldened Bolick to fashion her life on her own terms: columnist Neith Boyce, essayist Maeve Brennan, social visionary Charlotte Perkins Gilman, poet Edna St. Vincent Millay, and novelist Edith Wharton. By animating their unconventional ideas and choices, Bolick shows us that contemporary debates about

settling down, and having it all, are timeless—the crucible upon which all thoughtful women have tried for centuries to forge a good life. Intellectually substantial and deeply personal, *Spinster* is both an unreservedly inquisitive memoir and a broader cultural exploration that asks us to acknowledge the opportunities within ourselves to live authentically. Bolick offers us a way back into our own lives—a chance to see those splendid years when we were young and unencumbered, or middle-aged and finally left to our own devices, for what they really are: unbounded and our own to savor.

Beast or Famine: A Circus of Unusual Creatures Mystery Tammie Painter 2023-10-19 A seaside eating contest. A cheating, song-stealing, and all-around-no-good ex. And a chain-smoking unicorn doling out dating advice. What could possibly go wrong? The Circus of Unusual Creatures has been invited to perform as the feature act at the Seaside Family Fun Fair's annual eating contest. Right from the start, trouble is brewing. Trouble that, to everyone's surprise, has (almost) nothing to do with Fergus now referring to himself as The Love Guru. Besides foul moods over the weather, the working conditions, and sand wedging itself, well, everywhere, tempers truly flare when Molly's ex-husband, Albert, shows up for the competition. Albert has a bad track record. He's cheated in a previous eating contest, he's stolen Molly's music, and he's got an ogre-sized secret that could destroy the fun fair. So, when the competition turns deadly, Duncan — dragon and amateur sleuth — has a long list of people who wouldn't mind sending Albert six feet under. Problem is, two of his friends are the most likely suspects. Matters only get worse when Duncan discovers Zin has agreed to a partnership that's smellier than a rotting sack of fish heads. Plus, Pepper's been so busy prepping food for the contest, she's failed to keep up with Duncan's omelet needs. Seriously, no dragon should have to sleuth in these conditions. Can Duncan find the killer before they strike again? Will Zin lose his circus to this partnership? What relationship disasters will Fergus cause? And what is up with those ogres? Find out in *Beast or Famine*, Book 4 of *The Circus of Unusual Creatures Mystery* series. ~ ~ ~ If you like humorous whodunnits that mix in laughs with murderous mayhem and mythical beasts, you'll love, not only this silly story, but also the first three books in the series: *Hoard It All Before*, *Tipping the Scales*, and *Fangs a Million*. Although it's the fourth book in the series, *Beast or Famine* is a great way to jump into *Circus of Unusual Creatures Mysteries*. Set in a 1930s that's just a tad different than what you're used to, *The Circus of Unusual Creatures* is a delightfully humorous and fantastical mystery series that features a detecting dragon, an aura-spotting centaur, a chain-smoking unicorn, and plenty of other quirky characters getting into all kinds of trouble as they stumble their way through clues, crimes, and perfectly cooked omelets. Note: While this cozy mystery is mostly clean, it does have a lusty, chain-smoking unicorn who makes more than a few naughty innuendos, a dragon who drinks, a tiny bit of mild swearing, and (obviously) there's a murder or two along the way.

The Spanish Love Deception Elena Armas 2022-02-08 A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. *The Spanish Love Deception* is an enemies-to-lovers, fake-dating.

So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving a F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the

specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

How Did God Do It? Walt Huber 2013-12 Have you ever wondered... How Did God Do It? How did God perform the many miracles and supernatural events described in the Holy Bible — without violating the laws of physics and chemistry that He Himself put into place? And without conflicting with the basic tenets of Judaism and Christianity? This book proposes a theory that marries faith and rationality in a symphony of science and scripture.
