The Dancers at the End of Time - Michael Moorcock 2013

'What follows, then, is the story of Jherek Carnelian, who did not know the meaning of morality, and Mrs Amelia Underwood, who knew everything about it.' In a decaying far, far future,

where everything and anything is possible, the citizens of the End of Time while away their days in an exuberance of wild parties, outlandish competitions and emotionless affairs. At the world's end, all love is timeless and all age-old disputes irrelevant. However Jherek Carnelian, a bemused denizen of the End of Time, is in danger of taking reality too seriously, and grows tired of his pleasures. So when love mysteriously blooms between Mrs Amelia Underwood, transported unwillingly from the nineteenth century, and Carnelian, only one question matters. Is his love true, or is it just another attempt to stave off the boredom that ultimate

power and the End of Time bring? Contains An Alien Heat, The Hollow Lands and The End of All Songs

A Foodie Afloat - Di Murrell 2020-07-28

A Foodie Afloat is the story of a cook's journey through France on a barge. Di Murrell takes us on a gentle journey across France; her main preoccupation being to make sure that tasty food arrives on the table each day. As she voyages across the country she shows, through her recipes, how the cuisine changes with the landscape. Whether bought in the market, dug from a lock-keeper's garden or even foraged along the towpath, the food she finds and cooks is always seasonal and local to the region. This book is more than just a collection of recipes though. It is the result of a life spent on the waterways of Europe. She talks to lock-keepers, skippers of working barges and those, who, like her, find their sustenance on or near the canal. Di's enjoyment of good champagne, foie gras and truffles leads to an eclectic mix of simplicity

and sophistication in her cooking. The boating life, though rarely sensational, is full of small events and chance encounters. This is an enticing story of slow boats and slow food. Di makes it come alive, and her combination of travel and recipe book tempts us to give up everything and join her on the waterways of Northern and Central France. A Foodie Afloat is the 2020 UK winner of the World Gourmand Cookbook Awards in the Food Tourism category. *The Illustrated sporting & dramatic news* - 1876

Brimming with alternative universes, futuristic landscapes and gleeful metaphysics... Yu's spirit of invention is infectious. - Sunday Times Highly

inventive and hilarious - The Times

With only TAMMY - a slightly tearful computer with self-esteem issues - a software boss called Phil - Microsoft Middle Manager 3.0 - and an imaginary dog called Ed for company, fixing time machines is a lonely business and Charles Yu is stuck in a rut. He's spent the better part of a decade navel-gazing, spying on 39 different versions of himself in alternate universes (and discovered that 35 of them are total jerks). And he's kind of fallen in love with TAMMY, which is bad because she doesn't have a module for that. With all that's on his mind, perhaps it's no surprise that when he meets his future self, he shoots him in the stomach. And that's a beginner's mistake for a time machine repairman. Now he's stuck in a time loop, going in circles forever. All he has, wrapped in brown paper, is the book his future self was trying to press into his hands. It's called *How to Live*
