*Viagra Nation* - Lee Eisenberg 1998-08-05

Attention all Viagrans, friends of Viagrans, and Viagrans to-be... With this book, Bruce McCall and Lee Eisenberg plant the flag on a brave new land called Viagra Nation, the blissful and outrageous state of mind where everybody is beautiful, where old-age dysfunction is a thing of the past, and where sexual fears, worries, and anxieties are declared null and void. Using drawings, diagrams, charts, graphs, postcards, stamps and just about anything else they can get their hands on, McCall and Eisenberg bring to life an earthly paradise made possible by the most phenomenal, notorious, and talked-about tablet since Moses. Viagra Nation is the uproarious and definitive guidebook to this glorious utopia, where men and woman are suddenly able to enjoy active, athletic sex lives long after they've lost day-to-day bladder control. So whether you're already an upstanding citizen of Viagra Nation, or just thinking about the day you'll set sail, you're bound to get a rise

out of this book. But in the unlikely event you don't, see your doctor. Includes: special Viagra aptitude test a Kama Sutra for Seniors sneak preview of Viagra fashions your own Sexual Security card exclusive Viagra Horoscope the Viagra Model Bedroom of Tomorrow plus commemorative stamps, postcards, charts, graphs, sexual aids, anatomical diagrams, and more!

[Undoing Gender](#) - Judith Butler 2004-10-22

Undoing Gender constitutes Judith Butler's recent reflections on gender and sexuality, focusing on new kinship, psychoanalysis and the incest taboo, transgender, intersex, diagnostic categories, social violence, and the tasks of social transformation. In terms that draw from feminist and queer theory, Butler considers the norms that govern--and fail to govern--gender and sexuality as they relate to the constraints on recognizable personhood. The book constitutes a

reconsideration of her earlier view on gender performativity from *Gender Trouble*. In this work, the critique of gender norms is clearly situated within the framework of human persistence and survival. And to "do" one's gender in certain ways sometimes implies "undoing" dominant notions of personhood. She writes about the "New Gender Politics" that has emerged in recent years, a combination of movements concerned with transgender, transsexuality, intersex, and their complex relations to feminist and queer theory.

**The Brain That Changes Itself** - Norman Doidge 2008-08-07

An introduction to the science of neuroplasticity recounts the case stories of patients with mental limitations or brain damage whose seemingly unalterable conditions were improved through treatments that involved the thought re-alteration of brain structure.

**Index to Legal Periodicals & Books** - 2000

**Against Love** - Laura Kipnis 2009-01-16

A polemic against love that is "engagingly acerbic ... extremely funny.... A deft indictment of the marital ideal, as well as a celebration of the dissent that constitutes adultery, delivered in pointed daggers of prose" (*The New Yorker*). Who would dream of being against love? No one. Love is, as everyone knows, a mysterious and all-controlling force, with vast power over our thoughts and life decisions. But is there something a bit worrisome about all this uniformity of opinion? Is this the one subject about which no disagreement will be entertained, about which one truth alone is permissible? Consider that the most powerful organized religions produce the occasional heretic; every ideology has its apostates; even sacred cows find their butchers. Except for love. Hence the necessity for a polemic against it. A polemic is designed to be the prose equivalent of a small explosive device placed under your E-Z-Boy lounge. It won't injure you (well not severely); it's just supposed to shake things up and rattle a few convictions.

Soul Trader - Rasheed Ogunlaru 2012-10-03  
If your heart's not in your business, why are you? In the flurry of everyday deadlines, fire

fighting and all the pressing demands on our time, it's easy to forget the real reasons we started our own business in the first place. *Soul Trader* helps you connect with your personal mission, values and passion to create a 'stand out from the crowd' business that enriches you both financially and emotionally. Discover the seven essential principles that will help you build a business sensitive to today's economic and social realities, one that is profitable, customer-focused and in tune with your own beliefs, needs and goals. Rasheed Ogunlaru tears off the jargon and delves into the beating heart of what makes businesses really work. Throw your heart into your business, it will pay dividends.

The New York Times Magazine - 2000-04

Sexuality: A Very Short Introduction - Veronique Mottier 2008-04-24

Mottier examines the questions around what shapes our sexuality asking if it is a product of our genes, or of society, culture or politics. The changing views of sexual norms are dealt with as are issues surrounding feminism, religion, eugenics, and HIV / AIDS.

**Index de Périodiques Canadiens** - 1998

**A Hypersexual Society** - K. Kammeyer 2008-11-10

As many can attest, the prevalence of sexual imagery has increased in modern society over the past half century. In this timely new study, Kenneth Kammeyer traces the historical development of sexual imagery in America and society's preoccupation with it, all within a firm theoretical and sociological framework.

**Report 2001** - Ken Winston Caine 2001

*Wonder, Horror, Mystery* - Morgan Meis 2021-12-22

*Wonder, Horror, Mystery* is a dialogue between two friends, both notable arts critics, that takes the form of a series of letters about movies and religion. One of the friends, J.M. Tyree, is a film critic, creative writer, and agnostic, while the other, Morgan Meis, is a philosophy PhD, art

critic, and practicing Catholic. The question of cinema is raised here in a spirit of friendly friction that binds the personal with the critical and the spiritual. What is film? What's it for? What does it do? Why do we so intensely love or hate films that dare to broach the subjects of the divine and the diabolical? These questions stimulate further thoughts about life, meaning, philosophy, absurdity, friendship, tragedy, humor, death, and God. The letters focus on three filmmakers who challenged secular assumptions in the late 20th century and early 21st century through various modes of cinematic re-enchantment: Terrence Malick, Lars von Trier, and Krzysztof Kieślowski. The book works backwards in time, giving intensive analysis to Malick's *To The Wonder* (2012), Von Trier's *Antichrist* (2009), and Kieślowski's *Dekalog* (1988), respectively, in each of the book's three sections. Meis and Tyree discuss the filmmakers and films as well as related ideas about philosophy, theology, and film theory in an accessible but illuminating way. The discussion ranges from the shamelessly intellectual to the embarrassingly personal. Spoiler alert: No conclusions are reached either about God or the movies. Nonetheless, it is a fun ride.

**The New Yorker** - Harold Wallace Ross 1998-08

**Sexing the Body** - Anne Fausto-Sterling  
2020-06-30

Now updated with groundbreaking research, this award-winning classic examines the construction of sexual identity in biology, society, and history. Why do some people prefer heterosexual love while others fancy the same sex? Is sexual identity biologically determined or a product of convention? In this brilliant and provocative book, the acclaimed author of *Myths of Gender* argues that even the most fundamental knowledge about sex is shaped by the culture in which scientific knowledge is produced. Drawing on astonishing real-life cases and a probing analysis of centuries of scientific research, Fausto-Sterling demonstrates how scientists have historically politicized the body. In lively and impassioned prose, she breaks down three key dualisms -- sex/gender, nature/nurture, and real/constructed -- and asserts that individuals born as mixtures of male and female exist as one of five natural human

variants and, as such, should not be forced to compromise their differences to fit a flawed societal definition of normality.

*An Apartment on Uranus* - Paul B. Preciado  
2020-01-28

A "dissident of the gender-sex binary system" reflects on gender transitioning and political and cultural transitions in technoscientific capitalism. Uranus, the frozen giant, is the coldest planet in the solar system as well as a deity in Greek mythology. It is also the inspiration for uranism, a concept coined by the writer Karl Heinrich Ulrich in 1864 to define the "third sex" and the rights of those who "love differently." Following Ulrich, Paul B. Preciado dreams of an apartment on Uranus where he might live beyond existing power, gender and racial strictures invented by modernity. "My trans condition is a new form of uranism," he writes. "I am not a man. I am not a woman. I am not heterosexual. I am not homosexual. I am not bisexual. I am a dissident of the gender-sex binary system. I am the multiplicity of the cosmos trapped in a binary political and epistemological system, shouting in front of you. I am a uranist confined inside the limits of technoscientific capitalism." This book recounts Preciado's transformation from Beatriz into Paul B., but it is not only an account of gender transitioning. Preciado also considers political, cultural, and sexual transition, reflecting on issues that range from the rise of neo-fascism in Europe to the technological appropriation of the uterus, from the harassment of trans children to the role museums might play in the cultural revolution to come. *An Apartment on Uranus* is a bold, transgressive, and necessary book.

*A Companion to Contemporary Britain 1939 - 2000* - Paul Addison 2008-04-15

*A Companion to Contemporary Britain* covers the key themes and debates of 20th-century history from the outbreak of the Second World War to the end of the century. Assesses the impact of the Second World War Looks at Britain's role in the wider world, including the legacy of Empire, Britain's 'special relationship' with the United States, and integration with continental Europe Explores cultural issues, such as class consciousness, immigration and race relations, changing gender roles, and the impact of the

mass media Covers domestic politics and the economy Introduces the varied perspectives dominating historical writing on this period Identifies the key issues which are likely to fuel future debate

**I Live Inside** - Michelle Leon 2016-03-15

Babes in Toyland burst onto the Minneapolis music scene in the late 1980s and quickly established itself at the forefront of punk/alternative rock. The all-female trio featured a shy, seventeen-year-old Jewish teen from the suburbs on bass guitar—an instrument she had never played before joining the band. Over the next few years, Michelle Leon lived the rock-and-roll lifestyle—playing live concerts, recording in studios, touring across the United States and Europe, and spending endless hours in stuffy vans, staying in two-star motels, and sleeping on strangers' couches in town after town. The grind and drama of life in the band gradually wore on Leon, however, and a heartbreaking tragedy led her to rethink her commitment to the band and the music scene. Leon's sensitive, sensory prose puts readers right on stage with Babes in Toyland while also conveying the uncertainty, vulnerability, and courage needed by a girl who never felt like she fit in to somehow find her place in the world. "A crucial and compelling account of what it was to be a woman making music in the nineties. . . .

Fantastic and ferocious."—Jessica Hopper, music and culture critic and author of *The First Collection of Criticism by a Living Female Rock Critic* "Profound, poetic, badass, tender, and inspiring."—Will Hermes, author of *Love Goes to Buildings on Fire* "I Live Inside feels as real and personal as reading your own memories. . . . Parts read like a fairy tale while others are so haunting they will never leave you."—Kelli Mayo, musician (*Skating Polly*) "Leon draws you right into the Babes in Toyland van, shows you the after party tensions and what is in the mind of this particular girl in a band."—Darcey Steinke, author of *Sister Golden Hair: A Novel* and others "[Leon's] prose is stunning, her eye is wry, and her heart enormous; the result is a compelling memoir filled with pop culture, travel, intrigue, and a young artist's quest to find her voice."—Laurie Lindeen, musician (*Zuzu's Petals*) and author of *Petal Pusher: A Rock and Roll Cinderella Story* "By the end of this lyrical, tough, and moving memoir, you'll not only feel like you know Michelle Leon, you'll also want to talk and dance and listen to music with her."—Scott Heim, author of *Mysterious Skin* and *We Disappear* "A vivid, poetic memoir."—Mark Yarm, author of *Everybody Loves Our Town: An Oral History of Grunge* "This is Planet Leon."—David Markey, filmmaker, author, and musician
