**Life Sentences** Anthony B. Pinn 2007-10-01 Whether from established authors or by writers new to fiction, the short stories in this volume explore life as change, using Ecclesiastes 3:1-8 as the lens. The writers come from different backgrounds, perspectives, and levels of familiarity with the short story, but what ties them together is a willingness to creatively explore the raw and more uncomfortable dimensions of life--big events and small happenings--all bound up by a recognition of the inevitability and (dis)comfort of change. Each writer has a story to tell, a creative and imaginative angle on life as it happens somewhere to someone. Life Sentences represents an experiment, a recognition of and confrontation with the depth of culture and culture's life maps, with the ways in which the joys and troubles of life are given meaning. This collection attempts to address these large (and small) challenges and dynamics of life without the jargon of the professional philosopher or theologian but with the more "earthy" language of popular culture: the short story.

**Continuing Bonds** Dennis Klass 2014-05-12 First published in 1996. This new book gives voice to an emerging consensus among bereavement scholars that our understanding of the grief process needs to be expanded. The dominant 20th century model holds that the function of grief and mourning is to cut bonds with the deceased, thereby freeing the survivor to reinvest in new relationships in the present. Pathological grief has been defined in terms of holding on to the deceased. Close examination reveals that this model is based more on the cultural values of modernity than on any substantial data of what people actually do. Presenting data from several populations, 22 authors - among the most respected in their fields - demonstrate that the health resolution of grief enables one to maintain a continuing bond with the deceased. Despite cultural disapproval and lack of validation by professionals, survivors find places for the dead in their on-going lives and even in their communities. Such bonds are not denial: the deceased can provide resources for enriched functioning in the present. Chapters examine widows and widowers, bereaved children, parents and siblings, and a population previously excluded from bereavement research: adoptees and their birth parents. Bereavement in Japanese culture is also discussed, as are meanings and implications of this new model of grief. Opening new areas of research and scholarly dialogue, this work provides the basis for significant developments in clinical practice in the field.

**Modern Loss** Rebecca Soffer 2018-01-23 Inspired by the website that the New York Times hailed as "redefining mourning," this book is a fresh and

irreverent examination into navigating grief and resilience in the age of social media, offering comfort and community for coping with the mess of loss through candid original essays from a variety of voices, accompanied by gorgeous two-color illustrations and wry infographics. At a time when we mourn public figures and national tragedies with hashtags, where intimate posts about loss go viral and we receive automated birthday reminders for dead friends, it's clear we are navigating new terrain without a road map. Let's face it: most of us have always had a difficult time talking about death and sharing our grief. We're awkward and uncertain; we avoid, ignore, or even deny feelings of sadness; we offer platitudes; we send sympathy bouquets whittled out of fruit. Enter Rebecca Soffer and Gabrielle Birkner, who can help us do better. Each having lost parents as young adults, they co-founded Modern Loss, responding to a need to change the dialogue around the messy experience of grief. Now, in this wise and often funny book, they offer the insights of the Modern Loss community to help us cry, laugh, grieve, identify, and—above all—empathize. Soffer and Birkner, along with forty guest contributors including Lucy Kalanithi, singer Amanda Palmer, and CNN's Brian Stelter, reveal their own stories on a wide range of topics including triggers, sex, secrets, and inheritance. Accompanied by beautiful hand-drawn illustrations and witty "how to" cartoons, each contribution provides a unique perspective on loss as well as a remarkable life-affirming message. Brutally honest and inspiring, Modern Loss invites us to talk intimately and humorously about grief, helping us confront the humanity (and mortality) we all share. Beginners welcome.

**The Weaving of Harold Jenkins** Willard McKay 2015-05-13 The first reader said. "We continue to marvel at how the warps and wefts of our individual lives weave into a rich and varied tapestry. I enjoyed this odyssey of discovery, Harold still has far to go and much to learn, as do all of us." Ch. 28 refers to a 19th century blanket: "In June Harold had preferred Aunt Gloria's newer Navajo blanket with a border. But the events of, ('1958, before college) led him now to understand and prefer her well-used, unbordered one. Gloria realized this and gave it to him. 'I remember the off-white walls in the dorm room...I'll hang it on one of them.'" Coming of age, ancestry, work, war, love, youth and more...for a graduate, perhaps for parent or grandparent to see why a young person is not following their "well meant expectations". Book club members would probably enjoy posing questions to each other while reading its chapters, some of which have interesting notes at their ends.

**Innocent** Scott Turow 2010-05-04 The "unputdownable courtroom drama" (Stephen King) and riveting sequel to the landmark bestseller Presumed Innocent, in which Tommy Molto and Rusty Sabich come head-to-head in a second murder trial. Twenty years after Rusty Sabich and Tommy Molto went head to head in the shattering murder trial of Presumed Innocent, the men are once more pitted against one another in a riveting psychological match. When Sabich, now 60 years old and the chief judge of an appellate court, finds his wife Barbara dead under mysterious circumstances, Molto accuses him of murder for the second time, setting into motion a trial that is vintage Turow--the courtroom at its most taut and explosive. With his characteristic insight into both the dark truths of the human psyche and the dense intricacies of the criminal justice system, Scott Turow proves once again that some books simply compel us to read late into the night, desperate to know who did it. A New York Times Book Review Editors' Choice

**The Year of Magical Thinking** Joan Didion 2005 [In this book, the author] explores an intensely personal yet universal experience: a portrait of a marriage - and a life, in good times and bad - that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later - the night before New Year's Eve - the Dunnes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This ... book is Didion's attempt to make sense of the "weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself."--Jacket.

**Cacodaemus: A Guy Edrich story** Vanda Denton 2018-05-19 They came to this world from another realm, with the sole purpose of making humans good. Once here they dwelt amongst the natives in various ancient societies until they found satisfaction and like-minds with the Cathars of southern France. Thus, they adopted much from the Cathar lifestyle as ascetics, Credentes and Parfaits. Once labelled as saints and their works miracles, they turned their skills to more mundane matters. Centuries of this pedestrian lifestyle left them ill-equipped for dealing with the only enemy aware of their existence in the modern world. When hell came to earth, it was a man they rejected, Guy Edrich, a half-breed they judged unworthy of them, who became the only capable defender of humankind.

*A Shameless Little Bet (Shameless #3)* Meli Raine 2018-06-05 How do I prove a negative? I need to prove Jane is innocent, despite overwhelming evidence to the contrary. Mirrors, smoke, and lies can conjure a truth that isn't real. Money, bribes, and power can twist reality. What we call proof is all an elaborate magic act. So is love. How do you prove you're in love? How can you know with unrelenting certainty that the person you can't live without really loves you? It's all about what you believe. Who you believe. And I believe Jane. I love her. But it might be too late. Or, worse - it might all be an illusion. If proof is just a magician's sleight of hand, then we're caught in a sick trick. A deadly one.
