**Making Marriage Work** Nicolas Kelton 2019-11-25 Do you find yourself in relationships full of problems and anger? Are you tired of your relationships falling apart due to poor communication? Maybe your current relationship feels emotionally, mentally, and physically exhausting, and you have no idea how to make it easier? The overwhelming feelings of frustration and pent up negative emotions toward your partner is uncomfortable. You may be asking yourself; I use to think my partner was perfect, am I falling out of Love with them? Everyone is going to ask themselves these exact questions at one point in their relationship, and it's 100%, not your fault for feeling this way. It can be scary and upsetting to think about. What people don't know is that Love changes over time in relationships. First, we have an exciting infatuation phase where your partner has no flaws, usually called the butterflies stage. Then after a few months to a few years, the infatuation stage disappears and turns into a different kind of Love. In 2001, Schwartz's study by the Harvard Psychiatry, "A theory of lasting relationships," describes a different kind of Love as a softer feeling - a warmth that fills you up and is even more satisfying comfort and constant feeling. Real lasting Love committed to their partner despite the obstacles they encounter along the way. Unfortunately, the majority of

*A Book About Love* Jonah Lehrer 2016-07-12 "Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all." —David Brooks, The New York Times Book Review Science writer Jonah Lehrer explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer's *A Book About Love* plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it can destroy and define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it's easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of "falling" in love, the partnerships and devotions that last decades or longer remain a mystery. This book is about that mystery. Love, Lehrer argues, is not built solely on overwhelming passion, but, fascinatingly, on a set of skills to be cultivated over a lifetime.

**Love Letters to My Spouse** Maia Berens 2022-01-01 I am a teacher. I teach about relationships because after two failed marriages (and add another two that failed for my husband), I just had to learn how to do it and how to get it right. It is said, "We teach what we have to learn." Anyone who knows me will tell you that when I decide to do anything, I do it with all of me. When something works for me and helps me grow and improves the quality of my life, I am steadfast. Since I began to learn how emotions work, and then began to recognize mine and the effects of healing those old ones that never got expressed, I have been 100% committed to use what I learned and the results in my life have been almost unbelievable. A few years ago I started looking at what we had in our relationship that most others don't seem to. I wondered, "What are our secrets? And can I help others with them too?" Following are those things that we believe have created the quality and depth of our relationship and we believe they can do the same for you. When my husband died in 2015, we had had 31 years of a highly successful marriage and we'd like you to have the same. The book is divided into 10 chapters. The chapter headings are the 10 main secrets that we have learned and want to offer you. They are: Secret 1. You have to be real and you have to feel good enough

about yourself to be real. Secret 2. Making your commitment to the relationship and not each other works way better. Secret 3. You can't expect your partner to do anything you are unwilling to do like forgiving and giving up being right. Secret 4. You have to learn how to communicate honestly and appropriately. Secret 5. You have to remember that love includes compassion and non-judgment. Secret 6 . You have to be aware when the connection is dying and do something about it. Secret 7. You have to let them know they're doing a good job. Secret 8. You have to own up when you've messed up - and learn from it. Secret 9. You have to get that a good relationship is sacred and make time for it. Secret 10. You have to own the whole job - take full responsibility. After four failed marriages between us, we were determined to learn how to make this a good one. We learned. There are some very special things we noticed after all of those years and we wanted to help you learn them too so you can wake up one day and notice how many years have gone by and you still have the relationship of your dreams.

**Relationship Boxed Set** Simeon Lindstrom 2017-04-18 If you are a human being who has ever connected to another human being; if you've ever been in a relationship, are in one now or want to be in the future - then this collection of books is for you. INCLUDED IN THIS COLLECTION: BOOK 1: Unlocking One Another - 30 Days To Improving Your Relationship Communication BOOK 2: Pieces of You & Me - How Lovers Complete Each Other BOOK 3: Where Did Our Love Go & Where Do We Go From Here? BOOK 4: The House That Love Built BOOK 5: When Love Hurts and Everything Turns to SH#T BOOK 6: Codependency - How To Cultivate Healthy Relationships and Overcome Relationship Jealousy DESCRIPTION: This collection of books is for those who have had difficulty with starting or maintaining relationships, struggled with feelings of jealousy, or feel that they are not living (and loving!) to their full potential. Whether you are struggling with romantic relationships, work colleagues, family or friendships, these books outline fundamental principles for authentic connections and fulfilling relationships. Using case studies and exercises that focus on authenticity and compassion, you will be able to craft personal relationships that are more authentic, joyful and balanced, all so you can start building a web of connections around you that supports your truest self. These books are unlike any other relationship books you'll read, but they're about the only thing that matters: love. Have you ever noticed how often people say they wish they could "find" love? As if love were something beautiful to just stumble upon on the side of the road. Yet when you speak to happily married couples, especially those that have been married for decades, they never ascribe their success and happiness to luck. Instead, they'll probably tell you that a good relationship takes work - lots of it - and the continued effort and maintenance from both sides. Love is a verb. It is not something only some people are fortunate enough to catch and then merely set aside. It's not a prize you win or a box to tick on your life's checklist. Instead, love has to be kindled and rebuilt every day; it has to be invited in, nurtured, cultivated. Love is not something passive that you simply have or don't have - it's an active process and the continual expression of what's in your heart, mind and soul. In these books, love is not a noun. It isn't some mysterious gift from the gods that falls into our laps, but something that we can work on and build with intention. Whether you crave deeper connections with others or want to reignite relationships you are already in, these books were written to help you master the art of good relationships. WHAT ARE READERS SAYING? "I absolutely loved the way the author approached this subject. I see so many books blurting out statements such as "10 tips that will make him or her fall in love with you all over again", which is just ridiculous. This book has a very clear message, and the author displays a lucid understanding of what is needed to make a real, lasting change to any relationship. The author even addresses the issue of love in the time of social networks, a very pertinent inclusion to the book, I feel. I also have to comment on the authors' writing style. This guy can write! Everything was crystal clear and expressed eloquently." "I have been married for 35 years and still took great value from this book. I read it twice over the course of two days, and I'd recommend it in a heartbeat!" Grab your copy TODAY of this LIMITED EDITION boxed set!

The Perfect Relationship shows you how to establish and strengthen the backbone of your relationship - your connection with your partner. It reveals how the unconscious patterns all couples fall into cause automatic reactions rather than genuine communication. It illustrates how when we over-identify with a particular part of our personality, such as the pleaser, controlling parent, needy child, responsible self, perfectionist or rebellious child, all kinds of relationship problems result, such as diminished desire, increased judgment, difficulty with communication and intimacy, and attractions to other people. This book explains how to navigate the bonding patterns in your relationship so that you can deal with any relationship issue. The 10 steps can transform your entire life if you have the desire to more fully understand yourself, your partner, and the process of relating. They include profound ideas from leading-edge psychological research and common-sense advice, presented as a simple and practical guide. Astra Niedra is an internationally-respected teacher of Voice Dialogue, a unique personal growth system that involves working with the many facets of the psyche known as selves or inner selves. Her other books include *The Greatest Relationship Secret*, *The Simplest Relationship Remedy*, *Which Self Are You?* and *Enlightenment Through Motherhood*. "This book could really save your relationship..." - Rebecca "We want you to know how much we enjoyed your book... My husband Peter and I are using it as a guide." - Francesca "I loved your book. It was very easy to read, and really brought my awareness to the 'mother' part of me even though I have no children! Not surprisingly, the first step has been the hardest. How can something so simple as spending time in your partner's energy feel so alien? It's been great working through the book with my fiancé, I appreciate him and our relationship a lot more when looking at it from a different perspective." - Narrah "This was really enlightening. ...it provides eye-opening info and easy to understand cures for stalled relationships. An absolutely stellar read." - Laura "...filled with powerful yet easy to apply methods that can really improve any type of relationship. I recommend this book wholeheartedly." - Michael Domeyko Rowland "A wonderfully simple, clear and practical book on relationship that will be of great help to anyone who reads it. Astra Niedra has an ability to work with very profound ideas and translate them into language that makes them available to people with little psychological experience." - Dr Hal Stone and Dr Sidra Stone

*Stronger Than You Think* Gary Lewandowski 2021-02-11 'It should be on every bookshelf.' John Gottman, author of *The Seven Principles for Making Marriage Work* \_\_\_\_\_ What if everything you thought you knew about your relationship was wrong? We all have faulty thinking when it comes to our closest relationships. Our default ways of thinking about love can blind us to what is good (and bad), lead us to find problems where they don't exist, and potentially sabotage even a great relationship. To prove it, and because it's fun, here's a pop quiz. True or False: - It's wrong to be selfish in a relationship. - If we're not having a lot of sex, we're not in love. - Men aren't as romantic as women. - It's better to hold back and not argue about it. - You should never give up looking for your soulmate. *Stronger Than You Think* presents a refreshing and eye-opening new take on the relationship genre and gives readers a guided tour of the most common blind spots that plague relationships at all the major friction points. Blind spots are the key questions you aren't asking, the signals you're missing, the signs you aren't seeing, qualities that you're overvaluing, or the indicators you're misinterpreting. Award-winning professor, psychologist, and relationship scientist Dr Gary Lewandowski leverages his 20 years of experience to provide readers with a way out of this self-sabotage in this eye-opening look at their relationship's good side.

for the benefit of the involved parties. Issues in marriages spring up from different backgrounds, upbringing, beliefs, culture, religion, educational standards, exposure, experiences, circle of friends, etc. When involved in such, it seems it is excusable to happen and cannot be redeemed. This is why some couples refuse counselling and may only accept a third party if and only if, their side would be taken. IMPROVING RELATIONSHIP COMMUNICATION FOR COUPLES AND MARRIAGE has impeccably outlined in an easy to read and understand structure and purely in relatable ways on how to make our relationships work. The information encapsulated in this great read are tested and trusted, based on experiences and facts, making every piece of it reliable. The Author brings to view factors that cause strife in marriages including, job, sex and poor communication, making them known, how they are allowed to thrive and detailing how they can be defeated and how a healthy relationship can be gained in the end. He shows that even after being at the lowest point of your relationship, you can still soar if you follow right steps. Proving that GOOD Relationships don't just jump on you but are learned and built. A striking part is his pointing that relationships work differently at different times; what probably worked in the 80's isn't giving same result in our current time. Does that strike a chord? For those who are preparing to become a couple, those who are already a couple, and those who are at the brink of breaking up, the guidelines in which Bryan has outlined to having effective relationship will surely come through for you as your saving grace. *Beyond Order* Jordan B. Peterson 2021-03-02 The inspirational sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world - now in paperback In 12 Rules for Life, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.
