**A Funny Thing Happened at the Museum** . . . Davide Cali 2017-03-14 There's more to this museum than meets the eye! This is the wonderfully wacky world of celebrated international author-illustrator team Davide Cali and Benjamin Chaud, the duo behind Junior Library Guild selections *I Didn't Do My Homework Because . . .*, *The Truth About My Unbelievable Summer . . .*, and *A Funny Thing Happened on the Way to School . . .*. Notoriously (and delightfully) unreliable narrator Henry is late to a museum where his class is spending the day. But he has a plan: He'll just catch up in one of the exhibits. That's not possible in these halls! With volcanoes erupting, dinosaurs charging, and secret stairwells lurking, reuniting with his classmates becomes a quest of outrageous proportions. Young readers will revel in this entertaining book's over-the-top antics.

**The Cowboy and His Elephant** Malcolm Macpherson 2007-04-01 In the late 1980s, a female baby elephant was born into a herd that lived on the plains of southern Africa. Her mother has carried her for two years, and normally she would have nursed her for five more. But the close-knit family of wild elephants was to face a predator for which it was no match--humans. In a "cull," her family was slaughtered in a few moments. Only the newborn female's life was spared. Terrified and bewildered the young elephant was transported to America to be sold. There she met the person who was to change her life forever. Bob Norris is a cowboy with an enormous empathy for animals that overwhelms his other emotions. He was raised with a pet bear and as a boy decided to become a real cowboy. He saw his dream come true in Colorado on one of the larger horse-and-cattle ranches in America. Handsome as a movie star, he became the Marlboro Man and appeared on TV and on billboards around the world. But with the passing of years, and with his own family grown up, he felt the need for something that he could not name. When she came into his life by happenstance, the hurt, vulnerable little elephant tapped the fullness of Bob's empathy, and an incredible bond between the most unlikely of friends was forged. Bob adopted the baby orphan elephant--named Amy--and patiently set about helping her recover from the trauma of her ordeal. He had never seen a real African elephant up close, except in zoos. He was a horseman and breeder of champion quarter horses. But through close observation, gentle training, humor, and endless perseverance, Bob gradually coaxed Amy into overcoming her mistrust of humans, and indeed, her fear of the world. The little elephant became a "hand" on Bob's ranch, tending to simple chores, riding the fences, and shadowing Bob on his horse. She developed a winning personality, and a strong character, and became a beloved member of the Norris family and partner to the ranch hands. But Bob knew from the start that the ultimate goal was for Amy to regain her confidence and her independence - even, if it were possible, to go back to the savannahs of Africa. This is the true story of how Amy and Bob came together. No one who reads *The Cowboy and His Elephant* can fail to be moved by such a simple tale of unlikely love.

*Toxic Belonging? Identity and Ecology in Southern Africa* Dan Wylie 2009-03-26 Southern Africa's literatures brim with references to the natural world, its landscapes and its animals. Both fictional and non-fictional works express ongoing debates, often highly politicised, concerning its various groups' senses of identity and belonging in relation to the land and its denizens. This often involves a pervasive tension between 'Western', settler societies' conceptions of modernity and indigenous world-views, each complicating the often simplistic binarisms drawn between them. In this selection of papers from the 2006 Literature and Ecology Colloquium, held in Grahamstown, South Africa, the complexities of forging imaginative and pragmatic senses of belonging in Southern Africa are explored from a variety of disciplinary perspectives: philosophical, historical, botanical, and anthropological as well as literary. Their subject-matter ranges widely - from Bushmen testimonies to Berlin missionaries, from prehistoric cave-dwellers to Schopenhauer, from white Batswana to lion-tamers - but find themselves echoing one another in intriguing and illuminating ways. These

are highly localised meditations on age-old questions: What does it mean to be human within a natural environment? Why do we appear to be so damaging to the ecology that sustains us? Is our presence inevitably 'toxic' to our planetary fellow-travellers? How do we forge an ecologically sound sense of belonging in this post-colonial, post-apartheid, post-modern era? If this collection has a single most prominent question binding it together, it is this: What are the limits and potentialities of human compassion towards the natural world?

**Heaven's Glory** Christopher Love 2017-04-04 The springboard for this entire work is the verse, "When Christ who is our life shall appear, then shall we also appear with Him in glory," (Colossians 3:4). Why should the Christian have a hope of heaven? What may be expected there? What is Christ's role there right now and how will the Christian interact with Him before the throne of God? What does it mean that Christ is glorious, and how will his appearing usher in with great glory the heavenly state for all those who trust in him? Nothing has greater influence into a Christian's practice here in this world than the serious consideration of our everlasting estate in the world to come—the glory and happiness which is prepared for the elect in Christ. The scope of this work is to discover to the Christian those unspeakable joys which are set before us, that we may press forward toward the mark for the prize of the high calling of God in Christ Jesus. Love explains what is meant when Christ is said to be our life; second, what is meant when it says that Christ our life shall appear. And lastly, what is meant that we will also appear with him in glory. These are his main ideas in explaining heaven's glory. Love shows that these words are quickening and encouraging having respect to the recompense of reward for the believers who will have such an entrance ministered unto them into the everlasting kingdom of our Lord and Savior Jesus Christ. So, what will heaven be like? This work answers that question almost exhaustively. This work is not a scan or facsimile, has been carefully transcribed by hand being made easy to read in modern English, and has an active table of contents for electronic versions.

**Dreams, Illusion, and Other Realities** Wendy Doniger O'Flaherty 2015-05-14 "Wendy Doniger O'Flaherty . . . weaves a brilliant analysis of the complex role of dreams and dreaming in Indian religion, philosophy, literature, and art. . . . In her creative hands, enchanting Indian myths and stories illuminate and are illuminated by authors as different as Aeschylus, Plato, Freud, Jung, Kurt Gödel, Thomas Kuhn, Borges, Picasso, Sir Ernst Gombrich, and many others. This richly suggestive book challenges many of our fundamental assumptions about ourselves and our world."—Mark C. Taylor, *New York Times Book Review* "Dazzling analysis. . . . The book is firm and convincing once you appreciate its central point, which is that in traditional Hindu thought the dream isn't an accident or byway of experience, but rather the locus of epistemology. In its willful confusion of categories, its teasing readiness to blur the line between the imagined and the real, the dream actually embodies the whole problem of knowledge. . . . [O'Flaherty] wants to make your mental flesh creep, and she succeeds."—Mark Caldwell, *Village Voice*

**My Humble Understanding of Spirituality** Shashank Katti 2012-07-15 This is a book on spirituality. It attempts to present to readers the purpose of life and enables them to look at life in a much broader perspective. It is written in a lucid and simple style which helps make the concepts easy to understand. Everybody looks to gain permanent happiness, but search in the wrong place. They search in the world full of bright objects hoping that by acquiring the next shining article, their life will be full of happiness and are dismayed when they do not find it. This book removes many misconceptions and presents to readers the source of immortal bliss. Readers will be exposed to the fact that the source of eternal bliss is internal and the book provides basic information about the route to eternal bliss. The book also explores concepts of God, birth, death and reincarnation in a clear manner. I hope readers find it thought provoking and enables them to take the first step on their spiritual journey.

Then there's Fred. His greatest talent? Sleeping. Oh, and hiding. And when he's not hiding, he's conspiring with Ginger to destroy the house! Such is life with cats. . . can't live with 'em, can't live without 'em—if you love them, that is. And yet the question remains: Why are these captivating creatures so marvelously maddening?! From internationally bestselling author Davide Cali, this humorous picture book about a cat owner and his beguiling felines celebrates quirky cat companions, impurrfections and all.

*Sufism in Eighteenth-Century India* Neda Saghaee 2022-11-23 *Sufism in Eighteenth-Century India* focuses on one particular treasure from surviving Persian manuscripts in India, *Nāla-yi 'Andalīb*, written by Muḥammad Nāṣir 'Andalīb (d. 1759), a Naqshbandī Mujaddidī mystical thinker. It explores the convergence and interrelation of the text with its context to find how 'Andalīb revisits the central role of the Prophet as the main protagonist in his allegorical love story with great attention to the circumstances of the Muslim community during the eighteenth century. The present volume elucidates 'Andalīb's Sufism calling for a return to the pristine form of Islam and the idealization of the first Muslim community. It considers his Ṭarīqa-yi Khālīṣ Muḥammadiyya as a derivation of the Ṭarīqa-yi Muḥammadiyya, which had an important role in promoting Islam. The book attempts to clarify and systematize all of the concepts which 'Andalīb employs within the framework of the Khālīṣ Muḥammadiyya, such as the state of the nāṣir and the Khālīṣ Muḥammadi. It addresses controversial topics in religion, such as the struggles between Shi'a and Sunni Muslims, and the controversies between Shuhūdīs and Wujūdīs. It illuminates two key personalities, Abū Bakr al-Ṣiddīq and 'Alī b. Abī Ṭālib, and two types of relationships, the ma'iyya and 'ayniyya, with the spirituality of the Prophet. The book will be of interest to scholars and students interested in Islamic studies, Islamic mysticism, the intellectual history of Muslims in South Asia, the history of the Mughal Empire, Persian literature, studies of manuscripts, Islamic philosophy, comparative studies of religions, social studies, anthropology, and debates concerning the eighteenth century, such as the transition from pre-colonialism to colonialism and the origins of modernity in Islam.

*Elephant Memories* Cynthia Moss 2012-08-06 "A style so conversational...that I felt like a privileged visitor riding beside her in her rickety Land-Rover as she showed me around the park." —The New York Times Book Review Cynthia Moss spent many years living in Kenya's Amboseli National Park and studying the elephants there, and her long-term research has revealed much of what we now know about these complex and intelligent animals. In this book, she shares a more up-close and personal perspective, chronicling the lives of the elephant families led by matriarchs Teresia, Slit Ear, Torn Ear, Tania, and Tuskless, including a rare look at calves and their development. This edition is also updated with a new afterword, catching up on the families, covering current conservation issues, and "celebrating a species from which we could learn some moral as well as zoological lessons" (Chicago Tribune). "One is soon swept away by this 'Babar' for adults. By the end, one even begins to feel an aversion for people. One wants to curse human civilization and cry out, 'Now God stand up for the elephants!'" —The New York Times "Moss speaks to the general reader, with charm as well as scientific authority...[An] elegantly written and ingeniously structured account." —The Wall Street Journal "Any reader interested in animals will be captivated." —Publishers Weekly

**An African Love Story** Daphne Sheldrick 2012-03-01 Daphne Sheldrick's best-selling love story of romance, life and elephants, *An African Love Story: Love, Life and Elephants* is an incredible story from Africa's greatest living conservationist. A typical day for Daphne involves rescuing baby elephants from poachers; finding homes for orphan elephants, all the while campaigning the ever-present threat of poaching for the ivory trade. *An African Love Story* is the incredible memoir of her life. It tells two stories - one is the extraordinary love story which blossomed when Daphne fell head over heels with Tsavo Game Park and its famous warden, David Sheldrick. The second is the love story of how Daphne and David, who devoted their lives to saving elephant orphans, at first losing every infant under the age of two until Daphne at last managed to devise the first-ever milk formula which would keep them alive. 'Compulsively readable', Mail on Sunday 'An enchanting memoir', Telegraph Daphne Sheldrick has spent her entire life in Kenya. For over 25 years, she and her husband, David, the famous founder of the the giant Tsavo National Park, raised and rehabilitated back into the wild orphans of misfortune from many different wild species. **When the Elephants Dance** Tess Uriza Holthe 2002-03-26 "Papa explains the war like this: 'When the elephants dance, the chickens must be careful.' The great beasts, as they circle one another, shaking the trees and trumpeting loudly, are the Amerikanos and the Japanese as they fight. And our Philippine Islands? We are the small chickens." Once in a great while comes a storyteller who can illuminate worlds large and small, in ways both magical and true to life. When the Elephants Dance is set in the waning days of World War II, as the Japanese and the Americans engage in a fierce battle for possession of the Philippine Islands. Through the eyes of three narrators, thirteen-year-old Alejandro Karangalan, his spirited older sister Isabelle, and Domingo, a passionate guerilla commander, we see how ordinary people find hope for survival where none seems to exist. While the Karangalan family and their neighbors huddle together for survival in the cellar of a house, they tell magical stories to one another based on Filipino myth that transport the listeners from the chaos of the war around them and give them new resolve to continue fighting. Outside the safety of their refuge the war rages on—fiery bombs torch the countryside, Japanese soldiers round up and interrogate innocent people, and from the hills guerilla fighters wage a desperate campaign against the enemy. Inside the cellar, these men, women, and children put their hopes and dreams on hold as they wait out the war. This stunning debut novel celebrates with richness and depth the spirit of the Filipino people and their fascinating story and marks the introduction of an author who will join the ranks of writers such as Arundhati Roy, Manil Suri, and Amy Tan.

**The Elephant Tourism Business** Eric Laws 2020-11-23 Elephant tourism is a growing activity in many countries across Asia and Africa and is popular with tourists from all parts of the world. Elephant tourism has grown rapidly, providing the only viable way for elephants and their owners to survive since the banning of logging. Old logging camps have been developed into sanctuaries for some elephants, but many other camps were established as entertainment centres, resulting in serious welfare issues for the elephants and their mahouts. The profits from elephant tourism in Asia have encouraged African operators to follow a similar business model. This book draws attention to the need for a comprehensive and rigorous focus on local solutions to improve the welfare of captive elephants, their mahouts and local residents, and to enhance tourists' experiences of elephant tourism.
