We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. How to Get a Girlfriend - Jeff G Smith 2020-06-12

Sometimes men see women so difficult to get, the only reason for that is because men have not understood them. Believe me, no woman is too hard to get, no matter how brilliant and beautiful she is, all you have to do is to just know how to play your keys well, they will be the ones to go after you. I have observed that so many guys are single today not because they don't need a girl in their life or they don't want to be in any relationship, but because they don't know how to get a girlfriend. How To Attract Women With Humor -

Leonard Bustos 2013-09-16

I'm going to show you how fun and exciting it is to approach practically any woman, practically anywhere, and have an immediate humorous connection with her. Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those "Attractor Factors" that tap into a woman's primal needs and desires. I'm going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you're probably shocked at this astonishing revelation, but don't be alarmed. It's not your fault, and it's nothing to hide or be ashamed of. In fact, if your ancestors didn't feel the same way, you wouldn't be here. It's important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will become in so many words - simply irresistible. Attraction is not a choice. These are natural

biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women. I'm just saying.... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it - like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad - and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I'm about to share. I can't think of a more important decision in life that you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you'll need to know how to approach and cause her to be attracted and interested in you.

Either way, you are attracted to this woman. What you truly want, beneath your ego, your worries and your conditioning, is simply to walk up and talk to her. Here, the initial approach, is where the vast majority of men will drop off. They won't do it. Now, let's imagine we are one of the rare men who decide to approach. Great that you're already in the top tier, but your troubles aren't over. Next comes the second issue. Here, of the rare men who have the nerve to approach, the vast majority will drop off. What happens is they muster up the courage to go approach, but they are so nervous, tense and anxious that they can't just relax and be present with the woman. Their body-mind, resisting the experience, is not giving them access to the faculties they would actually need in order to attract the woman and make an impact. So they approach, but nothing ever lands, and they are really just anxious to get out of there. The woman may be polite about it or she may not be, but either way, there is nothing about him that is exciting her because he is not at ease with himself; he is not fun because he is completely in his head. He is afraid, tense, and ineffective. So, as we can see,

men who approach and can be at ease and have fun with the woman are an extreme minority of an extreme minority. Would you like to be in this category? If so, we must go deep. If you do want to be in that minority of a minority, we need your self-esteem to be in a place where you genuinely couldn't care less what she thinks of you. Only then will you be able to stand in front of her, at ease, relaxed and have full access to your faculties: your charisma, humor, charm, and playfulness." If you are intrigued, this book is well worth your time and small investment. If you read it and follow the instructions to the letter, you will have nights out with women you would have never thought possible

Flirt With Woman - Steve Dean 2020-01-16
Do you want to learn how to interpret the body language of the woman of your dreams? Do you want to learn how to attract, start a captivating conversation and flirt and pick up any girl? If yes, then keep reading... More than 90 percent of the communication we put out there is nonverbal. In other words, how a woman evaluates you is only 10 percent to do with what you say. The rest is about your tone, your body language and your facial expressions. It follows, therefore, that your secret weapon in approaching women is going to be your own attitude. What you want to do is exude an air of confidence and self-assurance. Though you don't want to come across as cocky, you do want her to know from the outset that you have every faith in the success of your approach. Right now, at this moment, you aren't feeling that confidence. Either you've been burned in the past attempting to approach a woman or you've never built up the nerve to even try. Whatever the case, you're certainly not feeling the tingle of potential: the telltale twist in your stomach that tells you that you're wondering about the possibilities of where this IS going to go, rather than the one that tells you you're bound to be shot down as soon as you open your mouth. So how do you get that confidence? It's partly practices, in truth. Once you've tried out the techniques, we'll be covering in this book a few times, you'll have the proof of their success that you need to feel comfortable using them. But it's not all about practice. It's also about adjusting your attitude to become the kind of guy who has a healthy confidence in who he is and what he

has to offer to that woman standing over by the bar. Changing your mindset doesn't just change how you perceive this potential encounter and your chances of snagging her number. It also affects how you stand, how you speak, how you hold yourself and so on. It alters everything about the non verbal communication you're putting out there. After all, how you feel affects how you think, which affects how you act. Now, instead of seeing a terrified guy who has no idea what he's doing, she sees a man who is at ease with himself and will be fun and rewarding to talk to. Your attitude is the foundation that we'll be building everything else on top of. The stronger it is, the higher we can build the structure on top of it. This book gives a comprehensive guide on the following: The
