

Young Peoples On Sex Education

Sex Education and Young People's Sexual Behaviour - 1993

Young People's Views on Sex Education - Dr Lynda Measor 2012-11-12

Based on observation of sex education programmes and in-depth interviews with young people, the authors aim to understand more about adolescent's attitudes to sexuality and their sexual behaviour in order to develop policies which will meet their needs more appropriately and effectively. Issues covered in this interesting and accessible book include the ways adolescent informal culture affects sex education programmes and practice; the impact of gender inequality on sex education and safer sex behaviours; legislation and policy frameworks which effect sex education policies; the way young people see legislation and evaluate sex education programmes; and the impact health professionals can have in school sex education. The authors contend that the insights into the values and views that young people bring to bear on the sex education they receive should have an important role to play in the development of policy and practice of those involved in sex education work.

Pedagogies of Possibility for Negotiating Sexuality Education with Young People - Debbie Ollis 2022-02-28

Pedagogies of Possibility for Negotiating Sexuality Education with Young People offers a sustained and critical consideration of the possibilities and politics of engaging with young people in the redevelopment and delivery of contemporary approaches to Sexuality Education.

Sex Ed for Grown-Ups - Jonny Hunt 2021-09-23

When it comes to talking to children and young people about sex and relationships, it is difficult to know what to say. How do you answer their questions? How much is too much? And what is age appropriate? *Sex Ed for Grown-Ups* is an open and honest guide that empowers adults to talk to young people about all things sex and relationships. Written by an independent relationships and sex education consultant, this light-hearted and accessible book encourages grown-ups to think and talk about the topics that scare them the most: from body parts, gender, puberty and first-time sex, to pornography, sexting and knowing what to do when things go wrong. Full of hints, tips and first-hand stories, it is a fun, compassionate and engaging exploration of relationships and sex, which will help adults to fully support young people as they develop a healthy view of both sex and themselves. *Sex Ed for Grown-Ups* is essential reading for parents, teachers, youth workers, social workers and any adult who wants to have well-informed and positive conversations with the children and young people in their lives.

Great Relationships and Sex Education - Alice Hoyle 2019-11-26

Great Relationships and Sex Education is an innovative and accessible guide for educators who work with young people to create and deliver Relationships and Sex Education (RSE) programmes. Developed by two leading experts in the field, it contains hundreds of creative activities and session ideas that can be used both by experienced RSE educators and those new to RSE. Drawing on best practice and up-to-date research from around the world, *Great RSE* provides fun, challenging and critical ways to address key contemporary issues and debates in RSE. Activity ideas are organised around key areas of learning in RSE: Relationships, Gender and Sexual Equality, Bodies, Sex and Sexual Health. There are activities on consent, pleasure, friendships, assertiveness, contraception, fertility and so much more. All activities are LGBT+ inclusive and designed to encourage critical thinking and consideration of how digital technologies play out in young people's relationships and sexual lives. This book offers: Session ideas that can be adapted to support you to be creative and innovative in your approach and that allow you to respond to the needs of the young people that you work with. Learning aims, time needed for delivery, suggested age groups to work with and instructions on how to deliver each activity, as well as helpful tips and key points for educators to consider in each chapter. Activities to help create safe and inclusive spaces for delivering RSE and involve young people in curriculum design. A chapter on 'concluding the learning' with ideas on how to involve young people in evaluating and reflecting on the curriculum and assessing their learning. A list of recommended resources, websites, online training courses and links providing further information about RSE. With over 200 activities to choose from, this book is an essential resource for teachers, school nurses, youth workers, sexual health practitioners and anyone delivering RSE to young people

aged 11-25.

Encountering Sex Education and Imagining Positive Sex - Stephanie Margaret Murphy 2012

Sex Education - Charlotte Crowder 2013-12

Sex Education: A Young Person's Guide is targeted to teenagers and pre-teens, beginning around age 11 when they are first introduced to sex education in the UK school system. It is written in plain language at a reading level geared to the target age group. The book's premise is to provide information before the readers are sexually active. This way they will be armed ahead with the information and later, when choices present themselves, may possibly be able call on the decision-making skills introduced. The book is designed to be read by pre-teens and teens alone or together with an adult, or possibly in the context of a sex education class. To facilitate cross-generational discussion, each chapter includes a list of discussion points readers may want address with key adults in their lives. The book is in two parts. The facts section covers basic information about the physical changes of puberty, as well as reproduction, sexually transmitted infections, and safe sex practices. The choices section covers the emotional changes of puberty and the challenges of adolescence. It offers straightforward suggestions for dealing with dating situations and responsible sexual actions.

Get Real About Sex - Alldred, Pam 2007-07-01

Up-to-date and accessible, this book manages to be both theoretically subtle and attuned to the realities of classroom practice. Dr Rachel Thomson, The Open University "[This] book is a great success and provides a wealth of insights into the realities of teaching and being taught about sex and relationships." Michael Reiss, Institute of Education What are the different values and perspectives on sex and relationship education within a single secondary school? How do young people think sex education should be taught? What are the challenges facing the provision of good sex and relationship education at the classroom level and at the political level? Young people often receive mixed messages about gender and sexual relationships. When providing sex education lessons, schools should take into account different ideas and values, including the general British embarrassment over intimate matters and differing political and personal views about sex education. This book combines young people's views of sex education, schooling and parenthood, with those of teachers, school nurses and head-teachers. It brings together these varied perspectives and considers how they reveal different values, aims and agendas. The authors highlight the potential conflict between approaches to education and health, and reveal the complexity of dealing with sexuality and gender in real-life situations. Focusing on young people's identities in the classroom, contemporary theoretical approaches in the social sciences are employed to explore how gender is enacted and experienced by individuals, and how social pressures and government agendas operate at the level of the individual. This book contains original, first-hand empirical material from a detailed study of all the schools in one English city, and offers a critical analysis of broader political and cultural ideas and values. *Get Real About Sex* is key reading for students and professionals in education, health and the sociology of gender and sexuality.

Educating Young People About Pornography - Vanessa Rogers 2022-06-21

At a time when pornography is more accessible than ever and many young people are inadvisably turning to pornography to learn about sex and relationships, this book explores what pornography is, the politics behind pornography, how it can affect both sexual and non-sexual relationships and the effects of pornography on mental health. The book also covers the important wider topics of the making and sharing of inappropriate images and over exposure to porn contributing to what is becoming known as 'rape culture'. It includes full lesson plans, activities, photocopiable materials and clear information on how to implement the programme, including outlines for staff CPD sessions and parent workshops. This book will be vital for PSHE teachers, senior leadership teams, pastoral care teams, school counsellors, youth workers, school nurses, and anyone who might be involved in sex education provision for young people.

Exploring Contemporary Issues in Sexuality Education with Young

People - Kathleen Quinlivan 2018-10-12

This book explores contemporary issues in sexuality and relationship education for young people. Drawing upon rich empirical and ethnographic research undertaken with students and teachers in secondary schools, the author asks how school-based sexuality education can better equip young people to engage with contemporary social, political and cultural sexuality and relationships issues. Creatively working across both theoretical and practical contexts, this accessible work suggests approaches to sexuality and relationships education that can build upon the ways in which young people are developing a sense of identity; the ultimate aim being to help them to meet their emotional, spiritual and relational potential. Challenging established approaches to sexuality education, this thought-provoking book shines a new light on alternative perspectives that can help make sexuality and relationships education more relevant and meaningful for young people in a rapidly changing world. This volume will be of interest and value to students and scholars of sexuality and relationship education, as well as practitioners.

Sexual Subjects - L. Allen 2005-09-08

Educating young people about sex and sexuality remains one of the most controversial and political areas of the school curriculum. Drawing on young people's own understandings of their sexual selves, knowledge and practices *Sexual Subjects* considers the implications for how we conceptualize the effectiveness of sexuality education. Reshaping thinking around youthful (hetero)sexualities *Sexual Subjects* challenges current approaches to teaching about sex and sexuality.

Sexuality Education 101 - Antonio N. Torralba

BOOK 1: INTRODUCTORY VOLUME CHARACTER EDUCATION is a fundamental base of any education program that strives to improve the lives of the young. This introductory book, and its subsequent 12-part series, is a character-based sexuality education material for young people, ages 11 to 18, from Grades 5 to 12 of the K to 12 program, intended for use by parents and teachers ... the home in partnership with the school. SEXUALITY EDUCATION 101: Possibly a vehicle to a delightful journey of love, life, and everything in between!

The Yellow Book - TARSHI 2012-06-25

The essential guide to the who, why, what, when, where and how of sexuality education. Talking to children and young people about sexuality is never easy. This non-nonsense, straightforward and accessible guide will help adults get across the necessary information in the best way possible. Since 1996, TARSHI has been counselling and supporting people - young and not-so-young - on issues to do with sexual health. Building on the success of the highly popular Red Book (for 10-14-year-olds) and Blue Book (for 15+), the team have put together *The Yellow Book* specifically for parents and teachers. *The Yellow Book* is full of tips and tools, information and advice to help you talk to your children about sexuality at every stage of their lives. Published by Zubaan.

The Palgrave Handbook of Sexuality Education - Louisa Allen 2016-11-09

This authoritative, state-of-the-art Handbook provides an authoritative overview of issues within sexuality education, coupled with ground-breaking discussion of emerging and unconventional insights in the field. With 32 contributions from 12 countries it definitively traces the landscape of issues, theories and practices in sexuality education globally. These rich and multidisciplinary essays are written by renowned critical sexualities studies experts and rising stars in this area and grouped under four main areas: Global Assemblages of Sexuality Education Sexualities Education in Schools Sexual Cultures, Entertainment Media and Communication Technologies Re-animating What Else Sexuality Education Research Can Do, Be and Become Importantly, this Handbook does not equate sexuality education with safer sex education nor understand this subject as confined to school based programmes. Instead, sexuality education is understood more broadly and to occur in spaces as diverse as community settings and entertainment media, and via communication technologies. It is an

essential and comprehensive reference resource for academics, students and researchers of sexuality education that both demarcates the field and stimulates critical discussion of its edges. Chapter 2 is available open access under a CC BY 4.0 license via link.springer.com.

Teaching Gender? - Tricia Szirom 2017-06-26

Originally published in 1988. This book provides a unique perspective on the creation of gender and the way in which sex education programs in schools contribute to this. Through a series of conversations with young people, a picture is developed of the way in which young women and young men view their own sexuality and that of the opposite sex. The book demonstrates that, in spite of the 'sexual revolution', young people's sexuality is still expressed within traditional gender constraints. The research reveals that, in spite of its 'radical' reputation, current sex education policy is consistent with the rest of the school curriculum: in failing to address the links between gender stereotypes and the social construction of sexuality, sex education implicitly and explicitly reinforces traditional attitudes to women's sexuality. The book provides a conceptual framework for the discussion of the construction of gender and the place of theories of sexuality within this: examples of young people's attitudes and practice; an historical perspective for and current analysis of the provision of sex education; and, most important, practical strategies for change.

Young People and Sexuality Education - L. Allen 2011-01-19

This book innovatively re-envision the possibilities of sexuality education. Utilising student critiques of programmes it reconfigures key debates in sexuality education including: Should pleasure be part of the curriculum? Who makes the best educators? Do students prefer single or mixed gender classes?

[An Investigation of Young People's Sexual Health Services and Sex Education in Salford](#) - Elizabeth Seston 1997

Understanding Sex and Relationship Education, Youth and Class - S. Elley 2013-10-04

This book sets out an original Youth Work-based SRE programme and explores how a range of socioeconomic, cultural and sexual norms, values and attitudes differently shape decision-making on sex, intimacy and future plans across different contexts.

International technical guidance on sexuality education - UNESCO 2018-01-15

[Investigating Young People's Sexual Cultures](#) - Feona Attwood 2023-04-14

This book examines ways of developing research on young people's sexual cultures in the context of a media-saturated and technology-focused contemporary culture, an area of study that remains relatively unexplored despite heightened concern about young people, sex and culture. Unlike the widespread sensationalist reporting about the 'pornification' of young people's lives and the policy documents which have emerged on 'sexualization', the book foregrounds the need for a critical approach which recognizes the complexity of culture and is able to unpack what is at stake in the construction of particular views and practices. It emphasizes how concerns about 'harm' and 'risk', however well-intentioned, can work against young people's interests and argues that education will only be effective if it engages with young people and is based on a commitment to young people's rights and to the broader notion of sexual rights. Drawing together key researchers in the area the book examines health policy, sex and relationships education, sex abuse therapy, television production, sport, internet use, and the production and consumption of commercial goods and media. This book will be of interest to the many academics and groups who are concerned with young people's sexual cultures and their place within society. This book was originally published as a special issue of *Sex Education*.
