China Fictions, English Language A. Robert Lee 2008 The world is anything but unfamiliar with diaspora: Jewish, African, Armenian, Roma-Gipsy, Filipino/a, Tamil, Irish or Italian, even Japanese. But few have carried so global a resonance as that of China. What, then, of literary-cultural expression, the huge body of fiction which has addressed itself to that plurality of lives and geographies and which has come to be known as "After China"? This collection of essays offers bearings on those written in English, and in which both memory and story are central, spanning the USA to Australia, Canada to the UK, Hong Kong to Singapore, with yet others of more transnational nature. This collection opens with a reprise of woman-authored Chinese American fiction using Maxine Hong Kingston and Amy Tan as departure points. In turn follow readings of the oeuvres of Tan and Frank Chin. A comparative essay takes up novels by Canadian, American and Australian authors from the perspective of migrancy as fracture. Chinese Canada comes into view in accounts of SKY Lee, Wayson Choy, Evelyn Lau and Larissa Lai. Australia under Chinese literary auspices is given a comparative mapping through the fiction of Brian Castro and Ouyang Yu. The English language "China fiction" of Singapore and Hong Kong is located in essays centred, respectively, on Martin Booth and Po Wah Lam, and Hwee Hwee Tan and Colin Cheong. The collection rounds out with portraits of Timothy Mo as British transnational author, a selection of contextual Chinese British stories and art, and the phenomenon of "Chinese Chick Lit" novels. *China Fictions/English Language* will be of interest to readers drawn both to "After China" as diasporic literary heritage and comparative literature in general.

Dirty Dream Lauren Landish I'm a reporter, and I've got the best assignment in the world-get dirt on the hottest country star on the charts, Keith Perkins. The sexy beast who rocks those tight jeans like nobody's business. I'm supposed to learn all of his Dirty Laundry, his deepest and darkest secrets. Without sleeping with him. Easy enough, right? Wrong. I mean, just looking at him makes me wonder what those big, rough hands could do to me. With a voice that's one part velvet and one part growl, it's hard for me to sass him when he melts me into a puddle with a single look. And when he sings? All bets are off. He owns the stage . . . and maybe some naughty parts of my body too. But he's notoriously single and notoriously private. Given his status as a walking sex god, neither makes sense. Something is amiss, and I'm going to figure out exactly what it is. But if I'm not careful, I might just become his dirty little secret. **DIRTY DREAM is a PREQUEL to Dirty Laundry

Blue Roan Colt Dusty Richards 2019-06-25 There is nothing better for the inside of a man than the outside of a horse. After four years on the bloody battlefields of Europe during World War II, Army Staff Sergeant Mark Shaw returns home to Arizona with nothing but the hope of living a quiet existence and chasing the sunset on horseback forevermore. Scarred by the war in the way only a

soldier who has been on the front lines can be, his every step is haunted by the rattle of machine guns, the roar of artillery, and the screams of dying friends and comrades. The homecoming he receives upon his return, though, is nothing like what he'd hoped for—a wife who couldn't wait for him in an America that has become almost unrecognizable in his absence. Shattered by her betrayal, Mark gives up on love, life, and the possibility of ever finding the peace he longs for. Life is not quite done with Mark, however. While he throws himself into the backbreaking work of building a ranch, fate takes a hand, first in the form of Alma Cornbird, a Pima woman, then in the guise of a beautiful rodeo queen named Julie Wright. Both women are determined not to let him slip further into isolation and despair, and both leave their mark upon him. With their help, the violent afterimages of the war begin to fade, and life blooms again from the hollow shell it left behind. The only thing he lacks is the right horse on which to chase that sunset once more. Blue Roan Colt is the heartwarming story of a man broken by war and betrayal who finds salvation through the gift of love, brought to life by legendary author Dusty Richards and his longtime writing partner, Velda Brotherton.

Style Deficit Disorder Tiffany Godoy 2007-12-13 The Harajuku neighbourhood of Tokyo has become an international style mecca, a street-level fashion scene prowled by major designers looking for inspiration, and whose local, cutting-edge labels enjoy global cachet. Featuring nearly 200 photos, essays by key Japanese fashion editors, and commentary by many western designers, this is a must-have, insider's look at an international fashion and pop culture epicentre, past, present, and future.

The Story of Men's Underwear Shaun Cole 2012-05-08 Men's fashion, particularly the trends involving undergarments, was once reserved for the elite; today it has become democratised, clear proof of social progress. The aestheticism of the body so highly valued by the Greeks seems to have regained a prominent place in the masculine world. Mirroring the evolution of society's values, the history of underwear also highlights the continuous, dancing exchange that exists between women's styles and men's fashion. Undergarments are concealed, flaunted, stretched or shortened, establishing a game between yesterday's illicit and today's chic and thereby denouncing the sense of disgrace that these simple pieces of clothing used to betray. In this work, Shaun Cole endeavours to re-establish for the first time, through well-researched socio-economic analysis, the importance of men's underwear in the history of costume from ancient times to today. A reflection of technological progress, this study is full of surprises and powerful reflections on man's relationship with his body.

The Moviegoing Experience, 1968-2001 Richard W. Haines 2010-06-28 The experience of going to the movies, be it a single screen theater, twin, multiplex or drive-in, is affected by many different factors that have shifted over the years. Just as movies emerged from silent to talking, black and white to color, there has invariably been change in the way movies are made, copied, distributed and viewed. This change in the moviegoing experience, for better or for worse, is worth studying. This work examines the American moviegoing experience from 1968 to 2001--the way in which movies are made and regulated (including the demise of the Production Code and the emergence of the ratings system) as well as changes in lighting, cinematography and coloring techniques. The projection practices of the past and present, during and after the presence of the Projectionists Union, and the advent of the "platter," which allowed for automated projection, are discussed. How home video and cable affected the content of films after the eighties and the history of computerized special effects leading to the development of digital cinema projection are included. The work also covers the changing types of venues over the last third of a century and other aspects that affect, positively or negatively, the entire moviegoing experience.

Buck Wild Lauren Landish 2018-09 From Wall Street Journal and USA Today bestselling author Lauren Landish comes a hard-riding romance of cowboys who run wild--and the women who tame them... Bull rider James Bennett lives for those eight seconds of exhilaration. A rodeo cowboy in his prime, all he wants out of life is something to straddle. That's why James is feeling a little restless, spending his summer off working his family's ranch. That is, until a spirited and gorgeous veterinarian-in-training shows up and puts the cocky wild boy--and his ego--in place. Though she's a feisty one, James is always up for a challenge. Sophie Stone has to admit it: James Bennett is a checklist of cowboy hotness--ruggedly handsome with piercing blue eyes, a hard-muscled body, and just enough swagger to make her toes curl. She thought she was done with her bad-boy phase, but exceptions must be made. How can Sophie possibly say no to a man who makes her heart buck like a bronco? And when their summer fling comes to an end, how can she possibly say goodbye?

In the Red Geremie Barmé 1999 China, Geremie R. Barmé notes, has become one of the greatest writing and publishing nations on the planet, and both cultural activists and the state are embroiled in debates about the production and distribution of its cultural products. But what happens when global culture and Chinese capitalist-socialism meet in the marketplace? In the Red investigates what goes on behind the rhetoric of the official Chinese government and the dissident community and provides a unique perspective on mainstream Western perceptions of cultural developments, artistic freedom, and popular lifestyles in China today. Illustrated with fascinating cartoons and photographs and rich with facts, anecdotes, and events, In the Red exposes the complex relationship between "official" culture (produced, supported, or sanctioned by the government) and "nonofficial" or countercultures (especially among urban youths and dissidents). Two key and contrasting events loom large in this narrative: the 1989 protests that ended with the June 4 massacre and a nationwide purge, and Deng Xiaoping's 1992 "tour of the south," in which he emphasized the need for radical economic reform. Although a level of political tolerance has evolved since the 1970s, Barmé sheds light on the significance of the intermittent denunciations of artists, ideas, and works.

Gator A-Go-Go Tim Dorsey 2010-03-09 That's right: Serge and Coleman do spring break! It's been a long time coming, but they're at the party now—and you'll never look at a Frisbee the same way again. One spring break location obviously isn't enough for Serge, so he must hit them all, traveling through various historic locales, spewing nuggets of history at anyone who won't run away and dispensing his own signature brand of Sunshine State justice. Along the way he and his sidekick, Coleman, attract a growing following of the nation's top college students . . . and a mysterious gang that leaves a trail of young bodies in their wake. Are the kids safer under Serge's protection? Or does being with him put them in more peril? The classroom and the pot brownies never prepared them for this. Which raises more questions: Who's the guy studying satellite photos? Where did the protected witness go? When did Coleman get all those trophies? Why are the Feds hot on everyone's trail? How did the burnt corpse end up by the pool? What's the best way to keep beer cool on the beach? Then there are the coke smugglers gone legit and a pair of the most dangerously sexy bartenders to ever mix a rum runner. Throw in some dirty dancing contests, illicit drugs, rockin' tunes, screamin' sports cars, bungee rides, pawned class rings, and church breakfasts, and you've got a potent concoction that keeps the hotel's concierge up all night stopping people from falling off the balconies. Want even more? Serge says, "You got it!" After years of quiet, a legendary Miami kingpin from the anything-goes eighties is suddenly back in the news . . . along with one of the state's most psychotic homicidal monsters, every bit as criminally insane as Serge—except without the morals. The mysteries continue to mount: How did Coleman end up with even more disciples than Serge? Can kids successfully climb fences while carrying pizzas? Will Serge survive the carnage, armed with a GPS and a kiddie pool? All will soon be answered—and of course every last moment is caught on tape as Serge creates his most excellent documentary ever, the making of Gator A-Go-Go. Pack the cooler, load the car, and head to where the water is warm for a spring vacation you won't soon forget—no matter how much you might try!

Ride Dirty, Cowboy Elle Thorpe 2020-02-15 Addie Sunny Burke is the all-American life of the party. The golden boy everybody loves, a talented cowboy, and the man who warms my bed at night. In rodeo circles, they call Kai Hunt 'Frost' because of his determination to win and his icy exterior. He's never made it a secret he can't stand his best friend's girl. Aka, me. Then the three of us got into a car and everything changed. Because only two left it alive. In the aftermath, I slink back home to my little country town to lick my wounds. Yet fate has other plans. When a job offer rolls in, the assignment is simple. Tour the US on the pro bull riding tour. Write down the riders' secrets, and then share them with the world in a weekly gossip column. But how can I go, when he'll be there? The man who's avoided me ever since the accident. He's made it clear how he feels about me, and what happened that night. What does it matter if his gaze sets my body on fire? What does it matter if my heart screams that he's it? He's the one. It doesn't. Not when there's more than just the ghosts of that night keeping us apart. Secrets, racial tensions, and heart-stopping action explode in this BWWM interracial romance. High angst and super sexy scenes make Ride Dirty, Cowboy an unmissable addition to Elle Thorpe's Dirty Cowboy series.

Extraordinary Risks, Ordinary Lives Beata Świtek 2022-03-25 This book untangles the relationship between expert categorisations of risk and the on-the-ground experiences of untrained 'ordinary' people who may be routinely subjected to significant danger in a variety of extraordinary contexts. It considers political, ethical and moral dimensions of risk and calls for more targeted ethnographic research, designed to reveal how grass-roots risk dispositions and practice intersect with official discourses, individual agency and community resilience.

China Fictions / English Language 2008-01-01 The world is anything but unfamiliar with diaspora: Jewish, African, Armenian, Roma-Gipsy, Filipino/a, Tamil, Irish or Italian, even Japanese. But few have carried so global a resonance as that of China. What, then, of literary-cultural expression, the huge body of fiction which has addressed itself to that plurality of lives and geographies and which has come to be known as "After China"? This collection of essays offers bearings on those written in English, and in which both memory and story are central, spanning the USA to Australia, Canada to the UK, Hong Kong to Singapore, with yet others of more transnational nature. This collection opens with a reprise of woman-authored Chinese American fiction using Maxine Hong Kingston and Amy Tan as departure points. In turn follow readings of the oeuvres of Tan and Frank Chin. A comparative essay takes up novels by Canadian, American and Australian authors from the perspective of migrancy as fracture. Chinese Canada comes into view in accounts of SKY Lee, Wayson Choy, Evelyn Lau and Larissa Lai. Australia under Chinese literary auspices is given a comparative mapping through the fiction of Brian Castro and Ouyang Yu. The English language "China fiction" of Singapore and Hong Kong is located in essays centred, respectively, on Martin Booth and Po Wah Lam, and Hwee Hwee Tan and Colin Cheong. The collection rounds out with portraits of Timothy Mo as British transnational author, a selection of contextual Chinese British stories and art, and the phenomenon of "Chinese Chick Lit" novels. *China Fictions/English Language* will be of interest to readers drawn both to "After China" as diasporic literary heritage and comparative literature in general.

Cowboy Heat Delilah Devlin 2014-03-18 They may ride off into the sunset, but cowboys never go out of style. These manly men embody the fiercely independent, earthy alpha male and hero who isn't afraid to show the gentle, nurturing side of his complex nature when faced with a woman in need. Even when he's coated with dust from riding behind a herd of cattle or up to his knees in mud freeing a calf from a wallow, this stud still generates a lot of Cowboy Heat. Delilah Devlin's Cowboy Lust was a sensation, hitting the top ten of romance books and generating a river of praise. Award-winning Devlin is back on the ranch with stories of rugged romantics, rough riders, and rope wranglers sure to satisfy any reader who craves the idea of that gruff, romantic hero, a man of few words but many moves. Cowboy Heat sits tall in the saddle, winning hearts and spurring readers to new heights of happiness.

"The Whorehouse Bells Were Ringing" and Other Songs Cowboys Sing Guy William Logsdon 1989 Sentimental, bawdy, and personal--these were the songs working cowboys sang for fun. Guy Logsdon's field collection of the cowboy is truthful and vastly entertaining. Illustrated.
