Not a very good start when the same man is also his mate. Alpha wolf, Trent Beaumont has spent a lot of years living as a human when he walked away from his home pack. Forced to live as a straight man, because of the Epitaph's club culture, he walks away from Marly after checking the man is safe. But no wolf, not even an Alpha, can refuse the mating call from the Fates. But with his President looking over his shoulder, and a woman panting after him to share his bed, Trent isn't sure it will ever be the right time to claim his own Omega. Fights, misunderstandings and a lack of communication aren't the only problems Trent and Marly face.

Trent has a history that has clouded his judgment and when Marly gets attacked again, Trent realizes he could lose his mate permanently, if he doesn't get his head out of the sand. Warning: Contains one hot biker, a beautiful twink with a sassy mouth, and a ton of misunderstandings. Graphic m/m sex, violence and strong language.

Home is Where the Heart Is - Lisa Oliver 2020
Home is Where the Heart Is... The final book in the Cloverleah Pack series. All Cloverleah Pack Enforcer Wesley (Wes) wanted the night he went out, was to have a few drinks, maybe find some company, and try and forget his worries and insecurities for few hours. The drinks flowed and he found the company; a gorgeous man with a mysterious scent, who seemed to completely understand the anger, shame, and jealousy Wes was hiding from his pack mates. Unfortunately, Wesley didn't understand how badly he'd been conned until he woke up the next morning alone in a cave. Fast forward months later and Wes discovered the wards that had held him captive from day one had suddenly disappeared. Not one to dither when a chance to escape presented itself, Wesley set off, sometimes on two feet and sometimes on four... looking for a way out of a barren realm that held nothing but red sand and black rocks. Cass enjoyed being a demon from a large family. The Underworld was good to him; he had a job, a house and he didn't lack for company. Unfortunately, his carefree attitude tended to get him into trouble at times and when his brother Myka insisted on him paying back a "favor" he'd incurred through a badly placed bet, Cass had no choice but to agree. It sounded simple enough. Meet with the snobby and reclusive members of the Cloverleah Pack, find out about a missing wolf, and then search for that wolf in the Underworld. Cass figured he could be home in time for his mama's Sunday dinner. Finding Wes wasn't the problem, but Wesley had stumbled onto a situation of his own he couldn't leave. What was worse, was when Cass was forced to tell Wesley about why no one from his pack had been looking for him before, Wes knew he had no way of ever going back to the life he had. The fact that Cass and Wesley were fated mates was hard to celebrate as Wes tried to cope with the loss of his pack status and the implications of his current

situation. Meanwhile, the men from Cloverleah were coming to terms with some home truths of their own. The thought of having to see Wesley again, and actually apologize for thinking he'd sunk so low as to try and destroy a mating, was too hard for some pack members to face. This in turn causes issues between those who struggled and those who believed in the bonds of a pack. Serious soul searching was needed if the men were ever going to understand that the only powers worth trusting was unconditional love and acceptance. This book is not a standalone. It is the sixteenth and final book in the series (fourteen full novels and two compilations of short stories). It is recommended that you have read at least the last three books before reading this one. The Cloverleah Pack Series Book 1 - The Reluctant Wolf - Kane and Shawn Book 2 - The Runaway Cat - Griff and Diablo Book 3 - When No Doesn't Cut It - Damien and Scott Book 3.5 - Never Go Back - Scott and Damien's Trip and a free story about Malacai and Elijah Book 4 - Calming the Enforcer - Troy and Anton Book 5 - Getting Close to the Omega - Dean and Matthew Book 6 - Fae for All - Jax, Aelfric and Fafnir (M/M/M) Book 7 - Watching Out for Fangs - Josh and Vadim Book 8 - Tangling with Bears - Tobias, Luke and Kurt (M/M/M) Book 9 - Angel in Black Leather - Adair and Vassago Book 9.5 - Scenes from Cloverleah - four short stories featuring the men we've come to love Book 10 - On the Brink - Teilo, Raff and Nereus (M/M/M) Book 11 - Don't Tempt Fate...

[Don't Tempt Fate](#) - Lisa Oliver 2017-11-22

Don't Tempt Fate Book 11 of the Cloverleah Pack series. Pack enforcer, Marius Reef has a lot on his mind. Life in Cloverleah has been quiet for months; giving him too much time to think. He still suffers nightmares from his father's abuse decades ago and now his brothers are mated, he is struggling to find and keep his place in the pack. Determined to be useful, his waking hours are spent patrolling the pack's territory but at night his dreams are haunted by a hunky blond, so perfect he couldn't exist in real life. As the Battle Lord for his people, Cathair is used to being sent from the elven realm to dispel injustices found on many realms including earth. Guided by the Seers, he's never questioned his assignments before. But when his father, the High Elder insists he must take a

message to a tiny pack in the middle of nowhere, and actually stay with them, he puts up a token protest. His place was on the elven realm, wasn't it? Prophecies and kidnappings, the evil that stalks Cloverleah is getting closer and all will be affected. Plagued with troubles and misunderstandings on both realms, Marius and Cathair must forge a bond or the whole pack could be lost. But when trouble comes from one of their own, the two men reach a crossroads. Will they choose the right path or will the fate of the Cloverleah pack be doomed? This is an M/M story that includes some violence, references to past abuse and a scene of attempted rape (not between MCs). Like all of my books, it has an HEA, no cheating and no cliffhanger. However, the epilogue sets the scene for the next book in the series. This book is part of a series and while this story is based on one couple and is complete in itself; to appreciate the over-arching story line and the stories behind the secondary characters, reading the previous books in order is advised.

Angel in Black Leather Pants - Lisa Oliver
2016-10-30

Cloverleah Pack Series, Book 9 Adair was tired of waiting. He knew he had a mate, although they'd never met, and his waiting wasn't made any easier watching Tobias snuggling close with his two mates. He'd thought a lot of the smaller wolf at one time. All he had was the company of his two brothers, and endless patrols trying to keep the Cloverleah pack lands safe. A trip to Claude's with his brothers one night has some unexpected, but pleasant consequences, and after an initial misunderstanding, Adair is suddenly thrust into the world of magic, and the demands of a relationship. Vassago's never had a chance to be proud of who he was. As the second son of the king of the djinn, and being a lot smaller than his father or brother, Vassago spent a lot of time on the human realm, avoiding his family and those who had nothing better to do than bully him. After spending a horrible nine months trapped in Jake Poindexter's body, he knew he had to find his potestatem before he could claim his mate. Unfortunately, that was easier said than done. When help is offered, he's hesitant to take it, but the lure of finally being in his mate's arms was too strong to ignore. The troubles hitting Cloverleah are falling thick and fast. Insane plans of wiping out all paranormal

life isn't confined to a few errant humans. It'll take the steadfast nature of a wolf shifter, who still has a habit of saying the wrong thing, and the magic of a djinn who's struggling to believe in himself, before these two will find their HEA. Warning: Contains M/M adult content. If this isn't your preference, please don't buy. All of the books in the Cloverleah Pack series can be read as standalone. However, to fully appreciate the relationships between secondary characters, it might be wise to read the series in order.

He spends many hours patrolling long after the rest of the pack had gone to bed, determined to do something worthwhile. It was on one of those patrol nights he hears a ruckus outside the territory wards. Dithering as to whether he should help or not, he gets the surprise of his life when his true mate falls right through the magic designed to keep everyone not pack, out. With the steadfast Brock and loyal Brad, as well as Connor and Clive all sharing the estate with them, for the first time in his life, Sy feels as though he has a family around him. But just as Sy's starts to get used to his new life, an uninvited guest to his party brings trouble to the family group. Sy's father has been scheming in the background for ten years and arrives complete with Sy's new bride. Just as Sy remembers from when he was growing up, his father flatly refuses to accept Sy and Dakar's mating and an angrily thrown power ball is just the start of the couple's problems. To add mayhem to a volatile situation, Dakar isn't handling the threat to his mating very well. Dakar knew Sy was more powerful than him from the moment they met and has told himself a dozen times a day it didn't matter. But a person's inner thoughts have a way of exposing themselves, especially when magic users are involved. Angry and frustrated, Dakar lashes out - could this be the end of his and Sy's mating before it even has time to settle down? Ghostly grandfathers, scheming family members, new mates, and a meddling mother in law; this book has it all. Please note this is the second book in The Necromancer's Smile trilogy. The Epilogue in this story is the prelude to book 3 and starts the thread of a new plot line. Because of this some might say that this does end on a cliffhanger although the story line in this book is resolved. You will need to read book one before reading this story.

Sure, no one but his parents know he's an Omega wolf, but he's okay with that. Unfortunately being a twink often means getting picked on and after a night out with friends, Terry has the misfortune to meet an Alpha wolf, Detective Zander Samuels - his true mate. Zander can't have a mate, especially a pretty, sweet little man like Terry. His friend of

more than ten years, and partner on the force hates gay men with a passion and Zander won't risk the only true friend he has, not even for a mate. So even though he's scented Terry, Zander is determined to stay away from the Omega. Unfortunately the Fates are just as determined that the two men should be together and when Zander finds himself hit with the mating curse in more ways than one, he comes up with a plan to have Terry without upsetting his friend. A nasty boss, a homophobic partner, some really jerky behaviour by Zander and another Alpha wolf keen on claiming Terry for his own, all conspire to stop any chance these two have of finding true love. But did I mention that the Fates are really persistent?

Damien, Alpha wolf of the San Antonio Pack, didn't want to go to Cloverleah and definitely didn't want to be chasing a rogue bear shifter that was threatening the Alpha of the Cloverleah Pack. But he was in for a pleasant surprise when he finds his mate. Now, if he could just find the time to enjoy him. Between murderous bears, deceptive wolves, two packs and a BDSM club, the road to HEA is anything but smooth for Scott and Damien. And then there's a fire, and an Alpha Challenge, and let's not forget Diablo and Griff's wedding. About the only thing Scott and Damien haven't got is time to be together, and it is that lack of time that could pull them apart.

Tangling with Bears - Lisa Oliver 2016-04-23
Tobias tells himself he's having fun. He has a great life as a beta in the Cloverleah Pack, and while danger still threatens the pack, he has his friend's wedding to look forward to, and the pleasures that come from hookups in random places. He'd like to meet his mate, just so he's not the odd one out in the inner circle, but it's not something he's expecting anytime soon. So when a hookup just before the wedding leaves Tobias with a permanent scar, he wonders where the heck his life went wrong. Especially when the man responsible for the wicked set of

tooth marks, disappeared after the deed was done, to ring a man called Kurt. Kurt and Luke have been mated for three years. As bear shifters, Kurt has known from puberty that he will have two mates and once he'd claimed Luke, his mama warned him to be on the look out for a human female. So when Luke rings him and lets him know he might have accidentally on purpose bitten a wolf shifter, from some town they'd never heard of, Kurt heads to Cloverleah to sort out the mess. Sorting out their mating is just one of the things the three men have to contend with. A magic user has stepped up his game and no where on packlands seems safe. The Necromancer's Smile - Lisa Oliver 2018-05-25

Detective Dakar Rhodes is an alpha wolf shifter who's short on sleep and patience. Called to yet another crime scene, definitely the work of a serial killer, he's shocked to learn the Pedace Police Department has a Necromancer as a consultant. Considering he'd moved to Pedace because of the lack of a coven in the area, he wasn't pleased with the new development. His previous dealings with magic users never ended well. But when ordered to show the consultant the respect befitting his position, Dakar bites his tongue and longs for a swift conclusion to the case. Necromancer Prince Sebastian York, or Sy to his friends, has a real issue with people. He doesn't like or trust them, but because of his position, he has to deal with them. Dead people are so much easier - at least they don't want anything from him. But Sy has been raised to do his duty and when he's called to a crime scene, he doesn't expect anything much to happen

beyond talking to a few spirits. The last thing he thought he'd find is a wolf shifter claiming to be his mate. One short meeting has a wealth of repercussions. Finding a serial killer is easy; coping with relationships is anything but. Demons, journalists, long held grudges and a familiar with loyalty issues all combine to make for a hectic time. It's a case of one step forward, two steps back for Dakar and Sy, but when evil comes calling will they be able to rely on each other for a chance at an HEA? This story is the first in a planned trilogy for our two main characters. A complete story, the epilogue does set the scene for book two, but this can be read as a standalone. This book contains a few intimate situations suitable for adults only and is M/M. Some graphic violence.

You've Got to Be Kidding Me - Lisa Oliver 2017-08-08

Poseidon, ancient Greek God of the Sea, ruler of earthquakes and once worshipped by thousands as a fertility god, was bored and that could be a dangerous thing for people around him. Deciding to visit his son, Nereus and friends at the Cloverleah pack, Poseidon causes his own brand of trouble, resulting in a night out at a club. All he wanted was a bed partner for a few hours. What he got was so much more. Alpha Claude wanted nothing more than to rule his pack, care for his club members and take up the offer of a warm body when his urges got too strong. When Kane, Alpha of Cloverleah calls and says he wants to bring a special visitor, he was intrigued. But when a silver-haired god walks into his club, he knows his life is going to change. He just didn't realize how much. Gods dropping in, visits from family and pesky secrets have a way of making things difficult. Fighting outside foes is easy, but the problems that flare between two very different men might be enough to scupper their mating before it has a chance to settle. Will they ever find their HEA or are the differences between a land creature and a god of the sea too big to overcome? This is an M/M true mates book and as such comes with the obligatory warnings. While this is book two in the series and can be read as a standalone, readers will have more of an understanding of secondary characters and off page references if they have read book one and the Cloverleah series, in particular, On The Brink.
