An Index to English Periodical Literature on the Old Testament and Ancient Near Eastern Studies - American Theological Library Association 1987

Devoted entirely to articles dealing with textual and literary criticism of the Old Testament. Included are sections on papyri and ostraca; pre-masoretic and masoretic texts; ancient versions, including the LXX, Vulgate, Coptic, and Syriac; early and modern English translations; foreign language translations (i.e., other than English); hermeneutics; and translation principles and problems. The series is growing in comprehensiveness, and thus usefulness, and is becoming increasingly indispensable for the scholar of the Old Testament. I would recommend its use heartily. --AUSTRALIAN BIBLICAL REVIEW
