*The Spider's Web - Kankomba Mwima 2011-08-05*

At the age of 18, Joka is lured by his grandparents to marry a girl within

the family. But Jokans interest is to go for further studies and purse a career of his dreams. After his studies abroad, Jokan becomes the youngest Sielian to hold a position traditionally held by expatriates and struggles to get accepted by his subordinates. When Jokan goes to take up a senior position at the Department of Agriculture Headquarters, he meets a lot of opposition from his superiors. Jokan is excited about the political wind of change in his country. But a few months after the new government takes power, the ugly face of selfishness, greed, corruption and irresponsible leadership begins to show. Jokan finds himself constantly stepping on some government and political leaders toes in his efforts to perform his tasks. After over twenty years of service, Jokan resigns and his resignation firmly closes his career in the civil service of the Republic of Siel. But another and similarly challenging door in his career opens.

**The Implied Spider** - Wendy Doniger 2011

Wendy Doniger's foundational study is both modern in its engagement with a diverse range of religions and refreshingly classic in its transhistorical, cross-cultural approach. By responsibly analyzing patterns and themes across context. Doniger reinvigorates the comparative reading of religion while tapping into a wealth of narrative traditions. from the instructive tales of Judaism and Christianity to the moral lessons of the Bhagavad Gita. She extracts political meaning from a variety of texts while respecting the original ideas of each. A new preface confronts the difficulty of contextualizing the comparison of religions as well as controversies over choosing subjects and positioning arguments, and the text itself is expanded and updated throughout. `An entertaining and highly accessible look at how myths reveal what is common to all humanity.---Parabola `A racy, enjoyable book...Wendy Doniger brings to her study a wealth of story and folklore from many different traditions, exploring creatively the enduring role of myth through time and across cultures.---Theological Book Review `A timely meditation on what comparative studies might mean...a cross-cultural comparison of different stories from different areas of the world, different tribes, different languages."---London Review of Books "A book

that is particularly worthy of the attention of readers in religious studies beyond the history of religions. Since it is Wendy Doniger's most methodological book. The Implied Spider is important, not fur its analysis of myths, but for the arguments that it makes in support of the comparative study of myths.'---Religious Studies Review "By analyzing the political, theological, and psychological structures of the sacred stories of various cultures through time, from the Hebrew Bible to Star Trek. Doniger shows how myths create a shared interdisciplinary narrative of all human creatures....Ranging widely, she offers a detailed, scholarly account."---Library Journal "Sparkingg with erudite and often entertaining intertextual references. The implied Spider is an impressive web delicately constructed of deft analysis together with a sustained argument about the myth's ability to convey and conjure the theological and the political. With its challenges to literary theorists, historians, and ethnographers, it takes various bulls by their respective horns, It will doubtless delight and surely provoke readers, whatever their ilk."---Church History

*Pursuing Fate* - Kiki Ess 2002

"You forget that I know your weakness, " Daniel taunted. And what that weakness was, Fate Molloy had no clue. She only had to survive one little weekend at a wilderness camp to win an important wager. If she succeeded, she would be rid of Daniel and his constant jibes; if she failed, she would have to be his personal secretary for one year. But was Fate really determined to win? Could she trade in her day planner and designer shoes long enough to conquer her fear of nature? Only love can spin a web of desire strong enough to last forever. Fate is no match for a certain man, who is out to entangle her in devious plans of his own.
