

God On Sex Pb

Holy Sex! - Gregory K. Popcak 2008

"Holy Sex!" unveils Christianity's best-kept secret, and does so in an informative, solidly grounded, and delightful way. Want to know your Holy sex quotient? Ever wondered why Catholics have better sex more often? From a presentation of the church's actual teachings on sex to 'The infallible lover's guide to pleasure' to 'Natural family planning' to a Q & A section on 'Overcoming common problems', this book truly empowers couples to take their relationship to the next level of fulfillment and soulful satisfaction"--Back cover.

How I Made \$3,200,000 from My Hobby: Cutting to the Chase - Michael Bernhart 2020-08-29

Maxwell Smythe Brown IV is a smart-ass by design. To counter the ridicule his fancy name attracted, Brown the child became the point person in pranks, taunts, and mischief that kept him in hot water with teachers, principals, clerics and coaches. As he grew older, he added irreverence to mischievousness and his circle of victims and antagonists expanded to include military commanders, bosses and colleagues. When his clever speech and picaresque ways help him win the hand of a stunningly beautiful woman, it goes wrong; she's dismayingly unsuited for marriage and makes his life miserable. There are occasional bright spots: his disregard for authority and convention helps him survive the Vietnam war. But his inability to keep his mouth shut and his fly zipped costs him his university sinecure and he's exiled to Dhaka, Bangladesh. Three hundred years earlier the great Moghul Khan Shaista abruptly abandoned his post in the same city. The Khan's youngest and favorite daughter had succumbed to disease and the grief stricken Khan fled the country, but not - it is believed - before burying a treasure as a memorial to her short life. For three centuries fortune hunters have searched for the rumored treasure but Brown has an advantage. As an accessory to a pretentious name he's taken on a pretentious hobby: collecting antiquarian maps. Initially unaware of the importance of the information on one of his old maps, Brown sets in motion events that bring him closer to the treasure, but also attract the competitive attention of six brutal castoffs of an Indian intelligence service. Before the dust settles, two men have been beheaded, another skinned, a bystander strangled and two more fatally shot. With wit and irreverence, the book chronicles the journey of a man whose outward self-assurance and brashness mask wavering self-regard. As Brown acknowledges, it's a full time job keeping up appearances. But he's not without depth. A continuing theme is his quest for the true nature of a compassionate God who, paradoxically, presides over a universe of undeniable evil. Throughout, Professor Brown is our acerbic guide to: an unholy war, college campuses in the 70's, a university exhibiting signs of tenure-induced rigor mortis, a Thai brothel, the watering holes of Europe, and life in the bottom-most percentile of the third world. This edition (*Cutting to the Chase*) is an abridged version of the original book. Several readers said they would like to move more rapidly through the character development sections to the fast-paced thriller when Max takes up the treasure hunt in earnest (and the corpses stack up). Out of respect for that feedback, the novel was extensively revised to provide this - a more conventional - thriller.

Paranoid Science - Antony Alumkal 2019-04-01

Explores the Christian Right's fierce opposition to science, explaining how and why its leaders came to see scientific truths as their enemy For decades, the Christian Right's high-profile clashes with science have made national headlines. From attempts to insert intelligent design creationism into public schools to climate change denial, efforts to "cure" gay people through conversion therapy, and opposition to stem cell research, the Christian Right has battled against science. How did this hostility begin and, more importantly, why has it endured? Antony Alumkal provides a comprehensive background on the war on science—how it developed and why it will continue to endure. Drawing upon Richard Hofstadter's influential 1965 essay "The Paranoid Style in American Politics," Antony Alumkal argues that the Christian Right adopts a similar paranoid style in their approach to science. Alumkal demonstrates that Christian Right leaders see conspiracies within the scientific establishment, with scientists not only peddling fraudulent information, but actively concealing their true motives from the American public and threatening to destroy the moral foundation of society. By rejecting science, Christian Right leaders create their own

alternative reality, one that does not challenge their literal reading of the Bible. While Alumkal recognizes the many evangelicals who oppose the Christian Right's agenda, he also highlights the consequences of the war on reality—both for the evangelical community and the broader American public. A compelling glimpse into the heart of the Christian Right's anti-science agenda, *Paranoid Science* is a must-read for those who hope to understand the Christian Right's battle against science, and for the scientists and educators who wish to stop it.

Before I was Born - Carolyn Nystrom 2007

Before I Was Born explains in age-appropriate language the basics of conception, fetal development, childbirth, and more for children ages 5-8.

God's Call Girl - Carla van Raay 2004

Autobiography of a former nun and prostitute. Tells the story of early childhood abuse, emigration to Australia from Europe, life in the convent, marriage after the convent, the breakdown of her marriage, and earning a living as a prostitute. Includes photos and hierarchy of the Order of the Faithful Companions of Jesus.

To Love, Honor, and Vacuum - Sheila Wray Gregoire 2014

"Sheila speaks to both the heart and habits of the woman who is wife and mother. The lessons in this book are biblical, doable, and affordable!"-- Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day? Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance—for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful, concrete advice on everyday situations such as strategies for tackling chores and budgets and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past ten years. Through the principles in *To Love, Honor, and Vacuum*, Gregoire promises readers they can grow and thrive in the midst of their hectic lives—even if their circumstances stay the same.

Mere Sexuality - Todd A. Wilson 2017-10-03

What do Christians believe about human sexuality? In *Mere Sexuality*, author and pastor Todd Wilson presents the historic Christian consensus about human sexuality, the Great Tradition of the church for centuries as taught in each of its major expressions - Orthodox, Catholic, and Protestant. Wilson highlights the stunning shift of opinion on issues of sexuality in the evangelical church and why this break with the historic church is problematic for the future of Christianity. Along the way he provides ordinary believers with an introduction to the historic Christian vision of sexuality, yet does so in conversation with some of the twenty-first century's leading challenges to this vision. In a culture that is deeply confused about human sexuality, Wilson believes it is time for evangelicals to retrieve the historic Christian tradition and biblical teaching on the question of sexuality. *Mere Sexuality* seeks to guide readers back to the beauty and coherence of this vision of sexuality in the face of an aggressive and all-consuming pagan and secular worldview.

Scripture, Ethics, and the Possibility of Same-Sex Relationships - Karen R. Keen 2018-10-11

WHEN IT COMES TO SAME-SEX RELATIONSHIPS, this book by Karen Keen contains the most thoughtful, balanced, biblically grounded discussion you're likely to encounter anywhere. With pastoral sensitivity and respect for biblical authority, Keen breaks through current stalemates in the debate surrounding faith and sexual identity. The fresh, evenhanded reevaluation of Scripture, Christian tradition, theology, and science in Keen's *Scripture, Ethics, and the Possibility of Same-Sex Relationships* will appeal to both traditionalist and progressive church leaders and parishioners, students of ethics and biblical studies, and gay

and lesbian people who often feel painfully torn between faith and sexuality.

The Advent of God's Word - Rev. Dr. Brenda K. Buckwell, Obl. OSB 2015-10-15

Quiet your heart and listen for the loving whispers of God through this daily Advent retreat experience. Offers compelling reflections on the season's traditional scripture readings and creative ways to let God's word sink deep into your heart and soul, including journaling with mandalas, audio divina and meditative movement.

Magia Sexualis - Hugh B. Urban 2006-10-04

Sexuality and the occult arts have long been associated in the western imagination, but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic—the use of sex as a source of magical power—emerged. This book, the first history of western sexual magic as a modern spiritual tradition, places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation. Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph, Aleister Crowley, Julius Evola, Gerald Gardner, and Anton LaVey, Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah, which were progressively fused with recently-discovered eastern traditions such as Hindu and Buddhist Tantra. His study gives remarkable new insight into sexuality in the modern era, specifically on issues such as the politics of birth control, the classification of sexual "deviance," debates over homosexuality and feminism, and the role of sexuality in our own new world of post-modern spirituality, consumer capitalism, and the Internet.
Book 13 Tradition PB - Kurt Jurgensmeier

Gathering at God's Table - Katharine Jefferts Schori 2012

Throughout history people of faith have been booted out into the world to bring God's love to everybody, not just a select few. Insightfully explores the meaning of mission in our lives and reminds us of the work Jesus and his disciples set out to do.

God, Science, Sex, Gender - Patricia Beattie Jung 2010

This text is a timely, wide-ranging attempt to rescue dialogues on human sexuality, sexual diversity, and gender from insular exchanges based primarily on biblical scholarship and denominational ideology.

Lessons in Depravity - E. S. Williams 2013-06-14

Sex education is a highly controversial subject. The British Government believes that the answer to the teenage pregnancy crisis in the UK lies in providing children with yet more explicit sex education, starting at an even earlier age, with clear guidance on contraception and the 'morning-after' pill. And to encourage children to use contraception, the Government allows doctors to prescribe contraceptives for under-16s without their parents' knowledge or consent. Opponents argue that sex education is not only ineffective in preventing teenage pregnancies, but that it encourages promiscuity. *Lessons in Depravity* examines sex education in a historical context. As the story of the sex education movement unfolds, so the link between the messages of the sex educators and the ideology of the sexual revolution becomes increasingly clear. Dr Williams explains that sex education, which has developed from the ideas of the sexual revolutionaries, is one of the great moral evils of our time in that it demoralises sexual conduct and misleads children with promises of 'safer sex'. Within a framework of moral relativism children are presented with sexual facts and encouraged to make 'informed' choices whether to have sex or not. Those who decide to have sex are helped to negotiate 'safer sex' with a partner. And sex educators oppose the 'moralisers', asserting that 'preaching' makes it less likely that children will make the right sexual choices. *Lessons in Depravity* exposes the moral relativism of sex education to the light of biblical truth. In view of the inherent moral dangers, no parent can afford to stand back and leave the moral instruction of their children in the hands of State sex education

The Ashgate Research Companion to Contemporary Religion and Sexuality - Andrew K.T. Yip 2016-04-01

The Ashgate Research Companion to Contemporary Religion and Sexuality provides academics and students with a comprehensive and authoritative state-of-the-art review of current research in the area of sexuality and religion, broadly defined. This collection of expert essays offers an inter-disciplinary study of the important aspects of sexuality and religion, calling upon sociological, cultural, historical and theological contributions to an under-researched subject. The Companion focuses on the exploration of diverse religious faiths, spiritualities, and sexualities with contributions that embrace many contrasting approaches related to the contemporary context. By adopting a truly inter-disciplinary and multi-dimensional perspective, the Companion embraces the complexities of both sexuality and religion. Aimed primarily at a readership with specialist interest in both, The Ashgate Research Companion to Contemporary Religion and Sexuality offers an innovative and refreshing analysis of key theoretical and empirical issues in an increasingly relevant and expanding area of academic interest. The Companion comprises five main thematic sections, each with chapters ranging across a variety of crucial topics traversing various faith traditions. The principal themes are: epistemological and methodological issues; the significance of religious text; institutional religious settings; stability transformation and change; contesting hegemonic structures and discourses. Each section includes four chapters contributed by leading international experts in their respective fields and who are at the cutting-edge of current research. Collectively, they offer an inter-disciplinary and comprehensive survey of sexuality and religion.

Bookbuyers' Reference Book - 1993

The Oxford Handbook of Theology, Sexuality, and Gender - Adrian Thatcher 2015

Selected essays draw on reason as a distinct source of theology, discussing evolutionary biology and behavioural genetics, psychology, anthropological research, philosophical research, and queer theory. It examines the history of theologies of sexuality and gender, with close analysis of the Bible and the Christian tradition.

Heaven's Harlots - Miriam Williams 1998

An explosive first-person account by a young woman who spent 15 years in a sex cult which turned its female devotees into prostitutes, leading strangers to the love of God by enticing them with the pleasures of the flesh. of photos.

God is in the Bedroom Too - P. B. Wilson 2002

Women will discover how to be mentally, physically, and spiritually prepared to experience God's gift of sex. They will see how they can overcome temptations and accept God's forgiveness, healing, and restoration for past mistakes.

Everything You Know About God Is Wrong - Russ Kick 2007-06-01

In the new mega-anthology from best-selling editor Russ Kick, more than fifty writers, reporters, and researchers invade the inner sanctum for an unrestrained look at the wild and woolly world of organized belief. Richard Dawkins shows us the strange, scary properties of religion; Neil Gaiman turns a biblical atrocity story into a comic (that almost sent a publisher to prison); Erik Davis looks at what happens when religion and California collide; Mike Dash eyes stigmatics; Douglas Rushkoff exposes the trouble with Judaism; Paul Krassner reveals his "Confessions of an Atheist"; and best-selling lexicographer Jonathon Green interprets the language of religious prejudice. Among the dozens of other articles and essays, you'll find: a sweeping look at classical composers and Great American Songbook writers who were unbelievers, such as Irving Berlin, creator of "God Bless America"; the definitive explanation of why America is not a Christian nation; the bizarre, Catholic-fundamentalist books by Mel Gibson's father; eye-popping photos of bizarre religious objects and ceremonies, including snake-handlers and pot-smoking children; the thinly veiled anti-Semitism in the Left Behind novels; an extract from the rare, suppressed book *The Sex Life of Brigham Young*; and rarely seen anti-religious writings from Mark Twain and H.G. Wells. Further topics include exorcisms, religious curses, Wicca, the Church of John Coltrane, crimes by clergy, death without God, Christian sex manuals, the "ex-gay" movement, failed prophecies, bizarre theology, religious bowling, atheist rock and roll, "how to be a good Christian," an entertaining look at the best (and worst) books on religion, and much more.
