came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice

how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to

keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend.

Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls.

These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her

Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. Go to the "Buy now with 1-click" button at the top of this page, and

*The Psychology Of Attraction For Women* - Craig Beck 2021-01-17

Have you ever wondered what on earth men want? After all, they seem to put sex ahead of everything else and yet complain they can't find a decent woman. Doesn't make a whole heap of sense, does it? Well, not if you are thinking like a woman, that's for sure. To get men, you have to understand how they feel, what they find attractive and what they really desire in a woman. This is the book all single women of value have been waiting for. It is the blueprint for the male mind. The Psychology Of Attraction will teach you how to separate the men from the boys. Say goodbye to the lost little boys who only want a replacement for their mom. No more 'good-time Charlie's' trying desperately to cover up their low self-esteem with as many one night's stands as possible. You are soon to become both a radar and also a magnet for quality, high-value men of integrity. When it comes to attraction, they say men are a switch,

but women are a dial. There are a thousand shades of grey in between on and off. The biggest mistake women make is assuming men feel attraction the same way that they do. This is not a guide on 'how to find a husband' like you need such a thing to feel complete! It's a comprehensive personal development program to show you how to love the woman you are and to project that confidence outward. The Psychology Of Attraction starts from the premise that everything you experience in life is a mirror image of what exists inside you. If you see yourself as the powerful, valuable woman you are, then you can expect to see the quality of the men in your life dramatically improve accordingly. If you are serious about getting the man of your dreams or learning how to attract men of value wherever you go, this book may be the most important discovery of your life. first date. I remember feeling frustrated and confused, and eventually, stumbled upon the secrets hidden within this book... and they changed my life forever. Over the past 5 years, I've coached countless men, and helped them achieve their true potential in the dating world. Many of my clients are shocked at how rapidly their lives transform, once they use the secrets hidden within this book. One of my clients went from being a virgin, to having his "Perfect 10" girlfriend, in just a few weeks. While stories like this may seem unbelievable, the fact of the matter is that when you understand these secrets, anything is possible. Even if you are not tall, rich, or handsome, you can still use the secrets within this book. In fact, that's why I wrote it! I wanted to give average men such as ourselves a chance at competing in the top 1%. I want you to experience the thrill of dating playboy bunnies, models, actresses, and just plain gorgeous women. I could have packaged the contents of this book into a video course, and

charged hundreds of dollars for it, but I'm choosing to give it away for just a few bucks... think about it. How much do you spend on coffee each week? Or eating out? Do you think being able to date the girl of your dreams, and live happily ever after, is worth a few bucks? I certainly do. In a weird way, I feel like I know you... and in a sense, I do. Maybe I don't know your name, but I know what you're going through, and I know where you came from. I was in your shoes just a short few years ago, and I remember feeling desperate to finally get this "girlfriend" thing handled once and for all. If you feel like you've exhausted all your options, and just can't seem to figure out why women don't want you, then trust me... you need this book more than anyone. I hope you choose to embark on this adventure, my friend. I know it can be scary, and it's hard to know who to trust... but mark my words, when you download this book, and start applying its advice to your life, everything will change forever. To Your Success,-

So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything. If you join me on this journey you will discover: - How to pick up women in an ethical way which leaves you BOTH happy and satisfied. - The things you NEED to improve about yourself in order to attract women instantly for the rest of
