White Saviorism and Popular Culture Kathryn Mathers 2022-09-15 This book interrogates the white savior industrial complex by exploring how America continues to present an imagined Africa as a space for its salvation in the 21st century. Through close readings of multiple mediated sites where Americans imagine Africa, White Saviorism and Popular Culture examines how an era of new media technologies is reshaping encounters between Africans and westerners in the 21st century, especially as Africans living and experiencing the consequences of western imaginings are also mobilizing the same mediated spaces. Kathryn Mathers emphasizes that the articulation of different forms of humanitarian engagement between America and Africa marks the necessity to interrogate the white savior industrial complex and the ways Africa is being asked to fulfill American needs as life in the United States becomes increasingly intolerable for Black Americans. Drawing on case studies from Savior Barbie (@barbiesavior) to Black Panther and Black is King, Mathers posits that global imperialism not only still reigns, but that it also disguises white supremacy by outsourcing Black American emancipation onto an imagined Africa. This is crucial reading for courses on the cultural politics of representation, particularly in relation to race, social media and popular culture, as well as anyone interested in issues of representation in the global humanitarianism industry.

She was first in her family to go to college, first to be commissioned in the military, and first to have a career as a professional nurse. Along the way, she and her family were exposed to the harshest forms of racism—from her childhood riding the school bus with white children who made the Black kids stand, to racist commanding officers in the Air Force who told her they wanted her to fail. Nothing stopped Angela, and nothing removed the hope in her heart that America could learn to stop hating people based on the color of their skin. This is the story of George Floyd's aunt, Angela Harrelson, and how, after being suddenly thrust into the spotlight, she went on a quest to make sure her nephew did not die in vain. Lift Your Voice is a memoir of faith, hope, and bravery, of what we all—Black and white—need to do to eradicate racism from our society. It's a story of tragic loss and a worldwide uprising to ensure Perry's death ushers society into a time where people are no longer judged, hated, or killed because of the color of their skin.

Dynamics Behind Persistent Images of "the Other" Vanessa Wijngaarden 2016 In tourism, strangers meet face to face. What do Tanzanian Maasai and Western tourists think when they meet? Using a combination of methods that has never been tried in anthropology, or in the field of tourism studies, this work provides novel theoretical insights into the images hosts and guests have of each other, and how their views relate to the interactions they experience. This compelling reflexive study uses video and Q method to contribute to the epistemology of anthropological research in tourism settings, and the construction of a new, more symmetrical anthropology. The White Lady, a Romance from the German ... Translated by J. D. Haas Caroline von WOLTMANN 1845

The Easiest Way to Meet and Pick Up Girls-Ever!! Dusty White 2006-07-27 As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting

period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight-without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you-and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

Racial Dimensions of Life Writing in Education Lucy E. Bailey 2022-09-01 This collection presents life writing projects that explore or represent the racial dimensions of life writing research in diverse educational spaces using diverse methodologies and inquiry approaches. We believe this collection is long overdue. To quote Melva R. Grant and Signe E. Kastberg's succinct phrasing (this volume) "racialized inquiry matters." While some rich texts explore the racial aspects and anti-racist potential of social science research (Blee, 2018; Lopez & Parker, 2003; Sefa Dei & Johal, 2005; Twine & Warren, 2000), and include examples from educational contexts, there are no collections which focus on the intersections of life writing inquiry as educative projects that highlight racial dimensions of the work and lives under study. Drawing from Toni Morrison's enduring wisdom, a visionary writer whose work has explored the racial dimensions of culture and lived experience, we centralize race in life writing in this collection rather than obscuring it or leaving it as a lurking, absent presence in the craft. Racial Dimensions of Life Writing Research offers a wealth of ideas and perspectives from which scholars, teachers, and students can draw to support their work. The 14 chapters in this collection attend to national, international, and local concerns, include varied theoretical and methodological approaches, and reflect a range of ethnic and racial heritages. Chapters consider practical, theoretical, ethical, and educational issues involved in projects concerning under-represented educational actors important for the terrain of life writing. The authors include established and emerging scholars— university researchers, directors, and professors, academic advisors, graduate and undergraduate students, activists, and former elementary and secondary school teachers. It is our hope that this volume will spark conversation, debate, and reflection and will be a valuable resource that inspires scholarship about how race and its intersections shape the life-writing inquiry process. ENDORSEMENT: "This is an exceptionally important volume interrogating intersections of race, racism and life writing. Authors recenter life narrative as a necessary anchor for studying, teaching about, and learning through complex racial dynamics. This book should be read by any of us serious about studying and advancing knowledge on race and writing." — Richard Milner, Vanderbilt University

White Fragility Robin DiAngelo 2019-02-07 The International Bestseller 'With clarity and compassion, DiAngelo allows us to understand racism as a practice not restricted to "bad people." In doing so, she moves our national discussions forward. This is a necessary book for all people invested in societal change' Claudia Rankine Anger. Fear. Guilt. Denial. Silence. These are the ways in which ordinary white people react when it is pointed out to them that they have done or said something that has - unintentionally - caused racial offence or hurt. After, all, a racist is the worst thing a person can be, right? But these reactions only serve to silence people of colour, who cannot give honest feedback to 'liberal' white people lest they provoke a dangerous emotional reaction. Robin DiAngelo coined the term 'White Fragility' in 2011 to describe this process and is here to show us how it serves to uphold the system of white supremacy. Using knowledge and insight gained over decades of running racial awareness workshops and working on this idea as a Professor of Whiteness Studies, she shows us how we can start having more honest conversations, listen to each other better and react to feedback with grace and humility. It is not enough to simply hold abstract progressive views and condemn the obvious racists on social media - change starts with us all at a practical, granular level, and it is time for all white people to take responsibility for relinquishing their own racial supremacy. 'By turns mordant and then inspirational, an argument that powerful forces and tragic histories stack the deck fully against racial justice alongside one that we need only to be clearer, try harder, and do better' David Roediger, Los Angeles Review of Books 'The value in White Fragility lies in its methodical, irrefutable exposure of racism in thought and action, and its call for humility and vigilance' Katy Waldman, New Yorker 'A vital, necessary, and beautiful book' Michael Eric Dyson

The Lair of the White Worm Bram Stoker 2021-09-13 *The Lair of the White Worm* Bram Stoker - *The Lair of the White Worm* is a Horror novel by the Irish writer Bram Stoker. It was first published by Rider and Son of London in 1911[1][2] the year before Stoker's death with colour illustrations by Pamela Colman Smith. The story is based on the legend of the Lambton Worm. It has also been issued as *The Garden of Evil*. In 1925 a highly abridged and rewritten[clarification needed] form was published.[3] It was shortened by more than 100 pages, the rewritten book having only 28 chapters instead of the original 40. The final eleven chapters were cut down to only five, leading some critics to complain that the ending was abrupt and inconsistent.[4] *The Lair of the White Worm* was very loosely adapted by Ken Russell into a 1988 film of the same name. The first episode of the German radio Drama "Die Schwarze Sonne", produced by the label LAUSCH, is loosely based on the events of *The Lair of the White Worm*. [5] The main characters of the radio Drama are also based on the protagonists of the novel and feature in the rest of the episodes even though the plot turns away from Stoker's original story.

American While Black Niambi Michele Carter 2019 At the same time that the Civil Rights Movement brought increasing opportunities for blacks, the United States liberalized its immigration policy. While the broadening of the United States's borders to non-European immigrants fits with a black political agenda of social justice, recent waves of immigration have presented a dilemma for blacks, prompting ambivalent or even negative attitudes toward migrants. What has an expanded immigration regime meant for how blacks express national attachment? In this book, Niambi Michele Carter argues that immigration, both historically and in the contemporary moment, has served as a reminder of the limited inclusion of African Americans in the body politic. As Carter contends, blacks use the issue of immigration as a way to understand the nature and meaning of their American citizenship—specifically the way that white supremacy structures and constrains not just their place in the American political landscape, but their political opinions as well. White supremacy gaslights black people, and others, into critiquing themselves and each other instead of white supremacy itself. But what may appear to be a conflict between blacks and other minorities is about self-preservation.

Carter draws on original interview material and empirical data on African American political opinion to offer the first theory of black public opinion toward immigration.

Reynolds's miscellany of romance, general literature, science and art, ed. by G.W.M. Reynolds 1849

Latinos Facing Racism Joe R. Feagin 2015-11-17 Feagin and Cobas provide the first in-depth examination of the everyday racism faced by middle-class Latinos. Based on a national survey, we learn how a diverse group of talented Latinos Mexican Americans, Puerto Rican Americans, Cuban Americans, and others respond to and cope with the commonplace white racial framing and discriminatory practices. Drawing on extensive interviewing, the authors address the recurring discrimination of ordinary whites directed against Spanish speakers and individuals with presumed Latino phenotypes. These incidents occur in everyday encounters, such as when male and female Latinos travel or shop. The book also chronicles the mistreatment that Latinos face from immigration officials when they cross US borders and from the police when they are racially profiled outside Latino areas. Critical and conforming Latino responses to recurring white discrimination are also extensively examined, as well as the diverse Latino reactions to remedial programs like affirmative action and to the ideal of assimilation into the proverbial US melting pot. White Feminism Koa Beck 2021-01-05 A timely and impassioned exploration of how our society has commodified feminism and continues to systemically shut out women of color—perfect for fans of *White Fragility* and *Good and Mad*. Join the important conversation about race, empowerment, and inclusion in the United States with this powerful new feminist classic and rousing call for change. Koa Beck, writer and former editor-in-chief of *Jezebel*, boldly examines the history of feminism, from the true mission of the suffragettes to the rise of corporate feminism with clear-eyed scrutiny and meticulous detail. She also examines overlooked communities—including Native American, Muslim, transgender, and more—and their difficult and ongoing struggles for social change. In these pages she meticulously documents how elitism and racial prejudice has driven the narrative of feminist discourse. She blends pop culture, primary historical research, and first-hand storytelling to show us how we have shut women out of the movement, and what we can do to course correct for a new generation—perfect for women of color looking for a more inclusive way to fight for women's rights. Combining a scholar's understanding with hard data and razor-sharp cultural commentary, *White Feminism* is a witty, whip-smart, and profoundly eye-opening book that challenges long-accepted conventions and completely upends the way we understand the struggle for women's equality.

60 Ways to Make a Move on a Lady Casanova WHITE 2020-02-18 Most times, a woman you want to have relationship with is not someone you are familiar with or grow with. They are at first a stranger to you and you to them. So according to custom, as a man you have to initiate the conversation and be the one to introduce yourself since from time immemorial that is the duty of man and not woman. Not knowing how to go about this becomes a problem since it is not something you learn in school or someone will teach you. Some people learn this naturally due to the environment they grew up in, while others grew up in a secluded environment where they do not have privilege of observing these things. Such people need to watch, learn or meet experts to tutor them on how to meet a woman and that's even if they are not ashamed to admit they don't know how to talk to girls. In this book you can learn the basics in the comfort of your home, build on it and become mature in dealing with any woman you desire. It is not magic, it is just a subject that if you are not taught, you will not understand. This book also works for women trying to meet men (so as a lady you just have to reverse the sentence from lady to man)
