Modern Romance Aziz Ansari 2015-06-16 The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation’s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it’s wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. “Why did this guy just text me an emoji of a pizza?” “Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!” “My girlfriend just got a message from some dude named Nathan. Who’s Nathan? Did he just send her a photo of his penis? Should I check just to be sure?” But the transformation of our romantic lives can’t be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world’s leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we’ve seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

Crush Maureen Chadwick 2016 An outrageously fun musical set in an all-girls school in the 60s, from the team behind *Bad Girls: The Musical*. It's 1963 and the Dame Dorothea Dosserdale School for Girls has a proud tradition of fostering free spirits from all walks of life. So it's a crushing blow when the new headmistress turns out to be a tyrant with strict Victorian values - and top of her hit list are the two sixth-formers accused of 'Unnatural Behaviour' in the Art Room... Brimming with catchy tunes and witty lyrics, *Crush* is a hilarious pastiche of Girls' School stories - a blend of Malory Towers and St Trinian's - with added hockey sticks and 'lashings of jolly good fun' Coventry Telegraph. *Crush* was first performed on tour in the UK in 2015.

Sex180 Chip Ingram 2005-10-01 Young adults are fed up with our sex-saturated culture. They realize that there's more to sex than what the media feeds them, and they realize that there's more to responsibility that "just wait until you're married." Youth want to have God's perspective. Not only that, they want to show their peers there's a better way to relate to the opposite sex. It's time for a revolution. A 180-degree turn is underway. Sex 180 is a guide to that revolution. It's more than a book that preaches abstinence before marriage. Sex 180 shows teens what's wrong with the way people talk and think about sex and challenges them to think differently. With solid biblical teaching, interactive sidebars, and real-life stories, teens, parents, and youth leaders will start to think about sex in a whole new way.

How to Start a Conversation with Anyone Joshua Strachan Here's a question for you... Do your palms get sweaty, your knees weak, your arms heavy and your throat dry whenever there's an opportunity to strike up a conversation with a total stranger? Maybe it's not as grim as I painted it above, but if you ever find yourself hesitant to talk to a stranger, then chances are that you have a social anxiety disorder (SAD). For most people, the bathroom is not just where they lather up, it's also where they have all the perfect conversations they couldn't have with strangers they meet in their daily lives. You may think... they are just strangers; it's not like they are a huge part of my life. But remember what Rodney McKuen, a best-selling American poet, singer, and actor said? "Strangers are just friends waiting to happen" This is about more than just making friends. It's about making yourself happier, more connected to your communities, mentally sharper, less lonely, and more optimistic about life. Heck, it's about life itself. Smiling at strangers is great, lending them a helping hand is greater. But you know what's even better? Having life-changing conversations with them. Grab this book today and never second guess yourself again in front of a stranger.

The Spanish Love Deception Elena Armas 2022-02-08 A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Wayne Martin's book is about some of the men involved -- then and now: Oliver Wendell Holmes, Sr., who made

physicians wash their hands; Louis Pasteur, who postulated the connection between bacteria and certain diseases; Frederick Banting, who discovered insulin; Jonas Salk, who solved the mystery of polio, to mention but a few. These men all braved the wrath of the medical establishment of their day. Heretics they were, but Heroes they became. Similarly, today a group of brave pioneers are fighting the same fight. They are, says the author, the heroes of tomorrow: Ernst Krebs, Jr., Evan Shute, Dean Burk, Denis Burkitt, Virginia Livingston and a dozen others, all of whose careers and findings are described here by a man who has pursued his topic for the past ten years.
