**The Happy Couple's Handbook** - Andrew G. Marshall 2019-04-30

If you're about to walk down the aisle, you want every day to be as happy as your special day. However while there is lots of advice on planning a wedding, there's precious little to prepare you for the rest of your life together. If you're lucky your mother will offer a few tips and your father will makes some jokes but otherwise you're on your own. Perhaps it's some years since you promised to love and cherish each other and the pressures of everyday life have taken the shine off things. Throw in the sort of crises that everyone faces at some point—like financial problems, losing a parent, family rows and infidelity—and it's easy for the love between the two of you to be seriously damaged. So what are the secrets of happy couples that stay strong rather than grow apart? In this groundbreaking book, marital therapist Andrew G. Marshall, explains that it's not chemistry that keeps partners connected but skills. It's likely that you didn't learn these skills as a child because your parents didn't know them or couldn't explain them. Maybe they avoided conflict, fought like cat or dog or split up when you were young so never showed you to fall out safely, make-up and resolve differences. Fortunately, it's never too late to learn how to communicate better and repair your relationship—even if you're on the verge of splitting up. Marshall draws on thirty plus years working with over three thousand clients to give you his tried and test tool kit for a happy marriage. It includes: - The rules for

constructive arguments. - How to be a better listener. - Use carrots rather than sticks. - How to forgive and move on.

**A Happy Relationship** - Wolfgang Fries 2021-05-31

A Happy Relationship I love you! What does the person mean when he says, "I love you"? He sees the other and knows this feeling. But is it a physical matter or a mental one? Is it the person himself? Does not the person with his thoughts play the greatest role and decide? What are the basics for a happy relationship? What are the rules of this game? It is the individual who wants to enter into a connection with another individual. Thus, the basis of a relationship is the individual. It is of no use just to carry the feeling of love for the other in oneself because there are things that promote the relationship with one another and things that are detrimental to a relationship. Some speak of love and being in love, such that when one is in love, the feeling of love is the strongest, but this feeling subsides over time. But why is that so, and what can be done about it? Learn the basics of a happy partnership so that your relationship is blessed with happiness and longevity.
