Wholeness - Carmen Harra, Ph.D. 2011-05-01

Standing on the brink of the greatest shift in human history, which is due to occur in 2012, we sense that our purpose lies in shattering illusions that have inhibited us from reaching our true potential. Internationally renowned clinical psychologist Carmen Harra explains that we must embrace wholeness: the unity of humanity, the Divine, and the universe. Only by perceiving that we are both individuals and at one with the whole can we begin to eradicate our fears and draw on Divine support during this crucial time. Harra shows us how we can: regain trust in ourselves, others, and the spiritual realm; address the suffering we've caused to the

Love, God, and Everything -

Nicolya Christi 2021-10-26

- Explores how to consciously evolve, heal our generational trauma, and awaken to the amazing potential we each hold for transformation
- Shares unique maps and models for psychospiritual integration, spiritual awakening, and evolving consciousness
- Examines the evolutionary continuum of the soul and catalytic astrological events that will influence humanity in the years and decades ahead

Humanity is undergoing a planetary wake-up call: in order to survive the global spiritual, ecological, and cultural crises we now face, the long, dark night of the collective soul, we need to consciously evolve, heal our generational trauma, and awaken to the amazing potential we each hold for

profound transformation. In this sweeping exploration of love, consciousness, and awakening, Nicolya Christi offers a deep investigation of the Great Shift of Ages that is now occurring. She shares detailed personal accounts of the extraordinary metaphysical, psychic, and out-of-body experiences she has had throughout her life along with the direct spiritual insights she gained as a result. She explores what consciousness is and examines the evolutionary continuum of the soul—including the voyage of the incarnate soul, the metaphysical-spiritual reality of the excarnate soul, and the beyond-soul reality. She also shares maps and models for psychospiritual integration, awakening, and evolving consciousness that she has pioneered. Examining the personal and collective human shadow, the author looks at the central role epigenetics play in our current fear-based reality and explores the impact of stories of wounding from a personal, ancestral, and karmic

perspective. Focusing on healing generational and collective trauma, she shows how by changing our “story,” we can change the world and transcend the shadow of human experience. She explores spiritual wisdom from ancient cultures spanning millennia, especially the Classic Maya, and highlights evolutionary astrological events that will influence humanity in the years and decades ahead as we more fully awaken. Sharing her vision for the New Earth, Nicolya reveals how deeply feeling and envisioning our post-transformation future as if it has already happened will help bring it into being. She also shares a look into the new epoch of wellness, regeneration, psychology, biology, and technology that will unfold as humanity transitions from the dysfunctional old paradigm into a conscious and awakened new world.

The Great Heart Way - Ilia Shinko Perez 2013-02-08
Self-compassion. Positive social

relations. An enduring sense of freedom and peace. They're essential parts of our everyday lives, or should be. But each of us struggles with difficult emotions and mental blockages: we might lash out when we should know better, or regress in negatively familiar situations, or struggle with our confidence. These types of problematic reactions occur--and recur--when we're unkind to and negligent of our inner selves. The Great Heart Way offers us all a way to heal inner wounds and transform our difficult emotions. Anyone can try it, and everyone should. Using clear language and personal anecdotes, The Great Heart Way shows how to follow the Great Heart Method, an efficacious program for healing and self-fulfillment. The Method is easily incorporated into busy schedules (it can take less than 30 minutes per day), and is accessible to all, regardless of spiritual background. The Great Heart Way gives readers the tools to safely work through uncovered emotional pain and establish a

healthier, happier and well-balanced way of thinking.

Courageous Dreaming - Alberto Villoldo 2009-03-01

Modern physics tells us that we're dreaming the world into being with every thought. Courageous Dreaming tells us how to dream our world with power and grace. The ancient shamans of the Americas understood that we're not only creating our experience of the world, but are dreaming up the very nature of reality itself—that is, "life is but a dream." When you don't dream your life, you have to settle for the nightmare being dreamed by others. This book shows how to wake up from the collective nightmare and begin to dream a life of courage and grace, a sacred dream that shamans throughout time have known and served. Alberto Villoldo reveals ancient wisdom teachings that explain how to birth reality from the invisible matrix of creation; and reveals how we can interact with this matrix to dream a life of peace, health, and abundance. He shows us that courage is all

that is required to create the joy we desire!

Healing Collective Trauma - Thomas Hübl 2020-11-17

A Comprehensive Guide to Understanding and Healing Shared Trauma What can you do when you carry scars not on your body, but within your soul? And what happens when those spiritual wounds exist not just in you, but in everyone in your family, community, and even beyond? Spiritual teacher Thomas Hübl has spent years investigating why it is that old and seemingly disconnected traumas can seed their way through communities and across generations. His work culminates in *Healing Collective Trauma*, a new perspective on trauma that addresses both its visible effects and its most hidden roots. Thomas combines deep knowledge of mystical traditions with the latest scientific research. "In this way," writes Thomas, "we are weaving a double helix between ancient wisdom and

contemporary understanding.” Thomas details the Collective Trauma Integration Process, a group-based modality for evoking and eventually dissolving stuck traumatic energies. Providing structured practices for both students and group facilitators, Healing Collective Trauma is intended to build a practical tool kit for integration. Here, you will learn:

- The innumerable ways trauma shapes our world—from identity and health to economy, geopolitics, and the state of the environment
- The concept of “trauma loyalty”—unconscious group bonds based in a pain narrative
- How the climate crisis is both a manifestation of humanity’s collective trauma and an opportunity to heal
- “Retrocausality”—how the power of presence can reshape the past and make new futures possible

Including essays contributed by experts such as Dr. Gabor Maté, Dr. Otto Scharmer, Dr. Christina Bethell, and Ken Wilber, Healing Collective Trauma offers not just an advanced look at community trauma but

also a hopeful glimpse of the future. As Thomas declares, “Together, I believe we can and must heal the ‘soul wound’ that marks us all. In so doing, we will awaken to the luminous possibility and profound potential of our true, mutual nature as humankind.”

Greer, author of *Women of the Golden Dawn*, and a new afterword with excerpts from rarely seen documents by Fortune herself describing how the book came about. hauntings, and methods of defense. This is one of the best guides to detection and defense against psychic attack from one of the leading occult writers of the twentieth century. This Weiser Classics edition of Dion Fortune's *Psychic Self-Defense* includes a new forward by Mary K. Greer, author of numerous books including *Tarot for Your Self*, and a new afterword by Christian Gilson that chronicles the original context surrounding Dion Fortune's writing of the book. Do You Love to Be Needed, or Need to Be Loved? - Shari Schreiber 2018-09-27

Shari Schreiber learned about healing people by having to surmount her own painful life

experiences. Tenacious about her pursuit of wholeness and wellness, she invented tools in her mid-twenties to help her grow beyond mere survival and learn to thrive. She imparted these tools and methods to her clients for eighteen of the twenty-five years she was passionately dedicated to helping others repair themselves. Returning to school at forty-one, she'd hoped to legitimize the talents she'd always had, but found that experience lacking. Ms. Schreiber has not worked as a state-licensed professional, because in her view, "psychotherapy" or mind work never seemed to resolve or remedy human pain. Her own approach was extremely unconventional, unique and effective in contrast to other forms of intervention, even within the realm of addiction recovery. Having retired from her wellness practice in late 2017, she hopes to publish many more books that might help you gain clarity, wholeness, contentment, inner peace and joy.
