

# Passing Lines Sexuality And Immigration

*Everyday Law for Immigrants* - Victor C. Romero 2015-12-03  
Immigration is one of the most controversial topics of the decade. Citizens and pundits from across the political spectrum argue for major and disparate changes to American immigration law. Yet few know what American immigration law actually is and how it functions. *Everyday Law for Immigrants* is an ideal guide for U.S. citizens who want a better understanding of our immigration laws as well as for migrants who make the United States their home. Romero deftly and comprehensively explains the basic challenges immigrants and foreign nationals face not only within formal immigration policy but also within American domestic law generally, including rules promulgated by federal, state,

and local entities that affect noncitizens. A concise and accessible primer for interested citizens, noncitizens, and their advocates, this book provides a bird's-eye view of U.S. immigration history, practice, and procedure, and constructively addresses the many legal issues in areas such as education, housing, and employment that affect foreigners who reside here. It includes easy-to-understand examples and an extensive appendix of print and Internet resources for further help.

*Learning a New Land* - Carola Suárez-Orozco 2010-09-01

One child in five in America is the child of immigrants, and their numbers increase each year. Very few will return to the country they barely remember. Who are they, and what America do they know?

Based on an extraordinary interdisciplinary study that followed 400 newly arrived children from the Caribbean, China, Central America, and Mexico for five years, this book provides a compelling account of the lives, dreams, and frustrations of these youngest immigrants. Richly told portraits of high and low achievers are packed with unexpected ironies. When they arrive, most children are full of optimism and a respect for education. But poor neighborhoods and dull--often dangerous--schools can corrode hopes. The vast majority learn English--but it is the English of video games and the neighborhood, not that of standardized tests. For some of these children, those heading off to college, America promises to be a land of dreams. These lucky ones have often benefited from caring mentors, supportive teachers, or savvy parents. For others, the first five years are marked by disappointments, frustrations, and disenchantment. How can we

explain their varied academic journeys? The children of immigrants, here to stay, are the future--and how they adapt will determine the nature of America in the twenty-first century.

**Transnational Spanish Studies** - Catherine Davies  
2020-06-17

The focus of this book is two-fold. First it traces the expansive geographical spread of the language commonly referred to as Spanish. This has given rise to multiple hybrid formations over time emerging in the clash of multiple cultures, languages and religions within and between great empires (Roman, Islamic, Hispano-Catholic), each with expansionist policies leading to wars, huge territorial gains and population movements. This long history makes Hispanophone culture itself a supranational, trans-imperial one long before we witness its various national cultures being refashioned as a result of the transnational processes associated with globalization today. Indeed, the Spanish

language we recognise today was 'transnational' long before it was ever the foundation of a single nation state. Secondly, it approaches the more recent post-national, translingual and inter-subjective 'border-crossings' that characterise the global world today with an eye to their unfolding within this long trans-imperial history of the Hispanophone world. In doing so, it maps out some of the contemporary post-colonial, decolonial and trans-Atlantic inflections of this trans-imperial history as manifest in literature, cinema, music and digital cultures. Contributors: Christopher J. Pountain, L.P. Harvey, James T. Monroe, Rosaleen Howard, Mark Thurner, Alexander Samson, Andrew Ginger, Samuel Llano, Philip Swanson, Claire Taylor, Emily Baker, Elzbieta Slodowska, Francisco-J. Hernández Adrián, Henriette Partzsch, Helen Melling, Conrad James and Benjamin Quarshie.

Performing Queer Latinidad - Ramon H. Rivera-Servera  
2012-10-26

The place of performance in unifying an urban LGBT population of diverse Latin American descent

**Sex and the Citizen** - Faith Smith 2011-04-22

Sex and the Citizen is a multidisciplinary collection of essays that draws on current anxieties about "legitimate" sexual identities and practices across the Caribbean to explore both the impact of globalization and the legacy of the region's history of sexual exploitation during colonialism, slavery, and indentureship. Speaking from within but also challenging the assumptions of feminism, literary and cultural studies, and queer studies, this volume questions prevailing oppositions between the backward, homophobic nation-state and the laid-back, service-with-a-smile paradise or between giving in ignominiously to the autocratic demands of the global north and equating postcolonial sovereignty with a "wholesome" heterosexual citizenry. The contributors use parliamentary legislation,

novels, film, and other texts to examine Martinique's relationship to France; the diasporic relationships between the Dominican Republic and New York City, between India and Trinidad, and between Mexico's capital city and its Caribbean coast; "indigenous" names for sexual practices and desires in Suriname and the Eastern Caribbean; and other topics. This volume will appeal to readers interested in how sex has become an important register for considerations of citizenship, personal and political autonomy, and identity in the Caribbean and the global south. Contributors Vanessa Agard-Jones \* Odile Cazenave \* Michelle Cliff \* Susan Dayal \* Alison Donnell \* Donette Francis \* Carmen Gillespie\* Rosamond S. King \* Antonia MacDonald-Smythe \* Tejaswini Niranjana \* Evelyn O'Callaghan \* Tracy Robinson \* Patricia Saunders \* Yasmin Tambiah \* Omise'eke Natasha Tinsley \* Rinaldo Walcott \* M. S. Worrell

*Passing Lines* - Bradley S. Epps 2005

Passing Lines seeks to stimulate dialogue on the role of sexuality and sexual orientation in immigration to the U.S. from Latin America and the Caribbean. The book looks at the complexities, inconsistencies, and paradoxes of immigration from the point of view of both academics and practitioners in the field. Passing Lines takes a close look at the debates that surround eyewitness testimony, expertise, and advocacy regarding immigration and sexuality, bringing together work by scholars, activists, and others from both sides of the border.

### **The Sexuality of Migration -**

Lionel Cantu 2009-02-01

Winner of the 2010

Distinguished Book Award

from the American Sociological

Association, Sociology of

Sexualities Section Winner of

the 2010 Distinguished Book

Award in Latino Studies

Honorable Mention from the

Latin American Studies

Association The Sexuality of

Migration provides an

innovative study of the

experiences of Mexican men who have same sex with men and who have migrated to the United States. Until recently, immigration scholars have left out the experiences of gays and lesbians. In fact, the topic of sexuality has only recently been addressed in the literature on immigration. The Sexuality of Migration makes significant connections among sexuality, state institutions, and global economic relations. Cantú; situates his analysis within the history of Mexican immigration and offers a broad understanding of diverse migratory experiences ranging from recent gay asylum seekers to an assessment of gay tourism in Mexico. Cantú uses a variety of methods including archival research, interviews, and ethnographic research to explore the range of experiences of Mexican men who have sex with men and the political economy of sexuality and immigration. His primary research site is the greater Los Angeles area, where he interviewed many immigrant men and participated in

organizations and community activities alongside his informants. Sure to fill gaps in the field, The Sexuality of Migration simultaneously complicates a fixed notion of sexual identity and explores the complex factors that influence immigration and migration experiences.

The Embrace of Eros - Margaret D. Kamitsuka  
2010-01-19

The topic of sexuality intersects directly with the most contested historical, theological, and ethical questions of our day. In this edgy yet profound volume, noted scholars and theologians assay the Christian tradition's classic and contemporary understandings of sex, sexuality, and sexual identity. The project unfolds in three phases: contemporary assessments of the Christian tradition, new thinking about eros and being human religiously, and new perspectives on classic mysteries in light of eros and embodiment.

**Sorting Sexualities** - Stefan

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2022-09-05 by guest

Vogler 2021-05-14

Introduction -- Kissing cousins : queerness, crime, and knowing -- Seeing sexuality like a state -- Forensic psychology, complicit expertise, and the legitimation of law -- Insurgent expertise and the hybrid network of LGBTQ asylum -- Asylum seekers and signs of queerness -- Sex offenders and the detection of deviance -- Queer subjects and the construction of risky countries -- Sexual predators and the constitution of dangerous individuals -- Conclusion : sexuality, science, and citizenship in the twenty-first century.

Beyond El Barrio - Gina M.

Pérez 2010-10-27

Freighted with meaning, “el barrio” is both place and metaphor for Latino populations in the United States. Though it has symbolized both marginalization and robust and empowered communities, the construct of el barrio has often reproduced static understandings of Latino life; they fail to account for recent demographic shifts in urban

centers such as New York, Chicago, Miami, and Los Angeles, and in areas outside of these historic communities. Beyond El Barrio features new scholarship that critically interrogates how Latinos are portrayed in media, public policy and popular culture, as well as the material conditions in which different Latina/o groups build meaningful communities both within and across national affiliations. Drawing from history, media studies, cultural studies, and anthropology, the contributors illustrate how despite the hypervisibility of Latinos and Latin American immigrants in recent political debates and popular culture, the daily lives of America’s new “majority minority” remain largely invisible and mischaracterized. Taken together, these essays provide analyses that not only defy stubborn stereotypes, but also present novel narratives of Latina/o communities that do not fit within recognizable categories. In this way, this book helps us to move “beyond el barrio”: beyond stereotype

and stigmatizing tropes, as well as nostalgic and uncritical portraits of complex and heterogeneous range of Latina/o lives.

*Handbook of International Migration* - Steven J. Gold  
2013-05-02

This revised and expanded second edition of Routledge International Handbook of Migration Studies provides a comprehensive basis for understanding the complexity and patterns of international migration. Despite increased efforts to limit its size and consequences, migration has wide-ranging impacts upon social, environmental, economic, political and cultural life in countries of origin and settlement. Such transformations impact not only those who are migrating, but those who are left behind, as well as those who live in the areas where migrants settle. Featuring forty-six essays written by leading international and multidisciplinary scholars, this new edition showcases evolving research and theorizing around refugees and

forced migrants, new migration paths through Central Asia and the Middle East, the condition of statelessness and South to South migration. New chapters also address immigrant labor and entrepreneurship, skilled migration, ethnic succession, contract labor and informal economies. Uniquely among texts in the subject area, the Handbook provides a six-chapter compendium of methodologies for studying international migration and its impacts. Written in a clear and direct style, this Handbook offers a contemporary integrated resource for students and scholars from the perspectives of social science, humanities, journalism and other disciplines.

**Queer Migration and Asylum in Europe** - Richard C. M. Mole  
2021-03-08

Europe is a popular destination for LGBTQ people seeking to escape discrimination and persecution. Yet, while European institutions have done much to promote the legal equality of sexual minorities and a number of

states pride themselves on their acceptance of sexual diversity, the image of European tolerance and the reality faced by LGBTQ migrants and asylum seekers are often quite different. To engage with these conflicting discourses, *Queer Migration and Asylum in Europe* brings together scholars from politics, sociology, urban studies, anthropology and law to analyse how and why queer individuals migrate to or seek asylum in Europe, as well as the legal, social and political frameworks they are forced to navigate to feel at home or to regularise their status in the destination societies. The subjects covered include LGBTQ Latino migrants' relationship with queer and diasporic spaces in London; diasporic consciousness of queer Polish, Russian and Brazilian migrants in Berlin; the role of the Council of Europe in shaping legal and policy frameworks relating to queer migration and asylum; the challenges facing bisexual asylum seekers; queer asylum

and homonationalism in the Netherlands; and the role of space, faith and LGBTQ organisations in Germany, Italy, the UK and France in supporting queer asylum seekers.

**Handbook on the Governance and Politics of Migration** - Emma Carmel  
2021-04-30

This innovative Handbook sets out a conceptual and analytical framework for the critical appraisal of migration governance. Global and interdisciplinary in scope, the chapters are organised across six key themes: conceptual debates; categorisations of migration; governance regimes; processes; spaces of migration governance; and mobilisations around it.

*The Rhetorics of US Immigration* - E. Johanna Hartelius  
2015-11-10

In the current geopolitical climate—in which unaccompanied children cross the border in record numbers, and debates on the topic swing violently from pole to pole—the subject of immigration

demands innovative inquiry. In *The Rhetorics of US Immigration*, some of the most prominent and prolific scholars in immigration studies come together to discuss the many facets of immigration rhetoric in the United States. *The Rhetorics of US Immigration* provides readers with an integrated sense of the rhetorical multiplicity circulating among and about immigrants. Whereas extant literature on immigration rhetoric tends to focus on the media, this work extends the conversation to the immigrants themselves, among others. A collection whose own eclecticism highlights the complexity of the issue, *The Rhetorics of US Immigration* is not only a study in the language of immigration but also a frank discussion of who is doing the talking and what it means for the future. From questions of activism, authority, and citizenship to the influence of Hollywood, the LGBTQ community, and the church, *The Rhetorics of US Immigration* considers the

myriad venues in which the American immigration question emerges—and the interpretive framework suited to account for it. Along with the editor, the contributors are Claudia Anguiano, Karma R. Chávez, Terence Check, Jay P. Childers, J. David Cisneros, Lisa M. Corrigan, D. Robert DeChaine, Anne Teresa Demo, Dina Gavrilos, Emily Ironside, Christine Jasken, Yazmin Lazcano-Pry, Michael Lechuga, and Alessandra B. Von Burg.

[The Cambridge Companion to Gender and the Law](#) -

Stéphanie Hennette Vauchez  
2023-01-31

With systematic, thematic chapters, this volume demonstrates how law and gender co-produce gendered legal subjects.

**Immigrants in the Sexual**

**Revolution** - Andrew DJ Shield  
2017-08-29

This book focuses on the latter half of the twentieth century, when much of northwest Europe grew increasingly multicultural with the arrival of foreign workers and (post-)colonial migrants, whilst

simultaneously experiencing a boom in feminist and sexual liberation activism. Using multilingual newspapers, foreign worker organizations' archives, and interviews, this book shows that immigrants in the Netherlands and Denmark held a variety of viewpoints about European gender and sexual cultures. Some immigrants felt solidarity with, and even participated in, European social movements that changed norms and laws in favor of women's equality, gay and lesbian rights, and sexual liberation. These histories challenge today's politicians and journalists who strategically link immigration to sexual conservatism, misogyny, and homophobia.

### **On Transits and Transitions**

- Tristan Josephson 2022-10-14  
Focusing on the intersection of immigration and trans rights, *On Transits and Transitions* examines the processes through which the category of transgender is incorporated into U.S. immigration law and policy. Using mobility as a critical lens, Josephson

captures the insecurity and precarity created by U.S. immigration control and related processes of racialization to show how im/mobility conditions citizenship and national belonging for trans migrants in the United States.

### **Crossing Boundaries** - Brian D. Behnken 2013-06-27

*Crossing Boundaries: Ethnicity, Race, and National Belonging in a Transnational World*, edited by Brian D. Behnken and Simon Wendt, explores ethnic and racial nationalism within a transnational and transcultural framework in the long twentieth-century (late nineteenth to early twenty-first century).

### *Research Handbook on Intersectionality* - Mary

Romero 2023-03-02  
Critical intersectional scholarship enhances researchers' and scholar-activists' ability to open novel research frontiers. This forward-thinking *Research Handbook* demonstrates how to pursue fluid and innovative research approaches, identify

differences from traditional methodologies, and overcome the common challenges faced when carrying out intersectional research.

### **The Right Kind of Suffering**

- Rhoda Kanaaneh 2023-01-03

This book is about the asylum

experiences of a group of Arab immigrants who used their gender or sexuality to navigate a brutally dysfunctional bureaucracy, a struggle that produces new trauma, stereotypical stories as well as important relief.
