The Inner Yoga of Happiness -  
Dennis Hill 2008

Why do we do what we do? Isn't everything we do, ultimately, to bring us happiness? Think about it. All our planning, all our actions, all our manipulations, all our accumulations, are so that we can just be happy. When we get what we want, really, how long does it last? Is there a way that we can be happy all the time? The drive to fulfill our desires, in practice, does not

bring us lasting happiness; so, what can we do? There is one practice that is most essential in revealing the bliss of the Self—and that is meditation. This is the fundamental practice of mystics in all cultures that shows us the happiness that lies just behind the mind and shines its joyous radiance when the mind is at peace. If we will just spend some time every day in this sublime equanimity, we will get everything. The traditional path to the inner yoga of happiness, which is taught in yoga philosophy (Advaita Vedanta), is simply the practice of meditation. In this practice, we distill the inner caprice of thought down to simple stillness. As we get longer stretches of this stillness, we become acquainted with the fullness of our essential being. In this fullness arises spontaneous joy, contentment, and wisdom. This is the happiness that is always there in every moment. This book is a journal of clues along the way in the pursuit of enduring inner happiness, independent of

outer circumstances. Also available from this author: Yoga Sutras: The Means to Liberation

**Sri Guru Gita** - Sri Swami Vishwananda 2015-02-22

Sri Swami Vishwananda, an enlightened spiritual master from the island of Mauritius, provides a commentary on the Sri Guru Gita, which is a discussion between Lord Shankar and Parvati, wherein Goddess Parvati asks Shiva, "Who do you consider the greatest on Earth?" Lord Shiva explains that the greatest form on Earth is the form of the Master. Sri Swami

Vishwananda provides a simple yet powerful commentary on the meaning of each verse of the Sri Guru Gita. Drawing from both Eastern and Western traditions, he provides practical insights on how to apply these ancient teachings in one's everyday life. He makes the connection between God, Love and the Guru and artfully shares how to obtain the Grace of the divine. God is Love. God is Everything. God is Guru. The Guru is not of this

world, even though He created it and we won't be able to leave this world of limitation without Him. To succeed we need His Grace. We will obtain it by knowing Him intimately in the depth of our own being. And there is no greater way to achieve that than to read the Divine Sri Guru Gita and the profound wisdom imparted by the Satguru Himself. Absorb it, treasure it, and then apply it with determination and deep reverence. You will win the greatest prize: Everything. Love. God.

**Sri Guru Gita** - Paramahansa Vishwananda 2017-06-19

The Sri Guru Gita is a discussion between Lord Shiva and Goddess Parvati, in which Parvati asks Shiva, "Who do you consider the greatest one on Earth?" While the complete Sri Guru Gita is 400 verses long, this book contains the in-depth commentary of Paramahansa Sri Swami Vishwananda on what He considers the most important 182 verses of this scripture, which is focused entirely on praises that show us how to

open up the heart to receive Divine Grace. Sanskrit verses and translations are included in this selection. Paramahansa Vishwananda says, "The Sri Guru Gita is one of the most wonderful songs which shows us that everything happens only through the Grace of the Guru." Paramahansa Sri Swami Vishwananda is a fully realised spiritual Master, whose international mission, known as Bhakti Marga, 'the path of devotion', is based in the heart of Europe. He travels the world to encourage all people to recognise the universal Love that lies within each human being, and to awaken their innate ability to express that Love in daily life.

**The Guru and the Disciple** -

Dada Bhagwan 2015-04-24

Among the myriad of relationships in life, the one between a Guru and disciple is most sacred and unique. In the book "Guru and Disciple", Gnani Purush (embodiment of Self knowledge) Dada Bhagwan provides insight into the nature of the Guru-disciple relationship and offers in-depth answers to questions such as:

"What is spirituality and spiritual transformation, and how is a Guru necessary in this?" "What is the definition of Guru, and what is disciple?"

"How does a spiritual Guru differ from a spiritual teacher, a spiritual advisor, or from spiritual people in general?" "A spiritual life requires spiritual awakening into self realization. How do I find a Guru with the spiritual power to grant me spiritual enlightenment?"

"Among the many spiritual teachers accessible today, do I need to find a Guru with a certain level of spiritual development or spiritual awareness?" For those on a

spiritual quest, seeking spiritual growth, or simply desirous of spiritual guidance, this book provides an invaluable resource among the spiritual books available on the Guru-disciple topic.

[Being Ultimately Perfect](#) -

Chamgon Situpa 2011-06-01

A compilation of scholarly and insightful discourses that provides a clear and elegant introduction to the very essence of the Buddhist perspective...In *Being Ultimately Perfect*, the 12th Chamgon Kenting Tai Situpa explains that all teachings of the Buddha are directed towards making our lives meaningful and purposeful, apart from taming the mind and realizing the essence of all dharma. He also contends that enlightenment is not *düche* (the result of causes or conditions) - it is beyond that. This volume will help you gain a deep understanding of varied topics, such as the purpose of life and the practice of dharma in everyday life. The author describes the relationship among contentment, stress and

greed, and talks about the nature of the mind, limitlessness and primordial wisdom. The book also presents a series of edifying dialogues with several students and is reader-friendly, comprehensive and remarkably easy to understand.

*God's Gateway* - James Lochtefeld 2010-01-27

A celebrated Hindu pilgrimage site, Hardwar lies on the river Ganges at the edge of the Himalayas. Its identity as a holy place is inextricably tied to the mythology and reality of the Ganges, and traditional sources overwhelmingly stress this connection. Virtually nothing has been written about Hardwar's history and development, although the historical record reveals striking changes of the past few centuries. These changes have usually reflected worldly forces such as shifting trade routes, improved transportation, or political instability. Yet such mundane influences have been ignored in the city's sacred narrative, which presents a fixed,

unchanging identity. The city's complex identity, says Lochtefeld, lies in the tension between these differing narratives. In this fieldwork-based study, Lochtefeld analyzes modern Hardwar as a Hindu pilgrimage center. He looks first at various groups of local residents -- businessmen, hereditary priests, and ascetics -- and assesses their differing roles in managing Hardwar as a holy place. He then examines the pilgrims and the factors that bring them to Hardwar. None of these groups is as pious as popularly depicted, but their interactions in upholding their own interest create and maintain Hardwar's religious environment. In conclusion, he addresses the wider context of Indian pilgrimage and the forces shaping it in the present day. He finds that many modern Hindus, like many modern Christians, feel some dissonance between traditional religious symbols and their 21st-century world, and that they are reinterpreting their traditional symbols to make

them meaningful for their time.

You will find answers to these and many more questions within the pages of this book which is Dada J P Vaswani's lucid and brilliant exposition on "The Perfect Relationship", which none of us can do without. **Preparing for Tantra** - Rob

Preece 2011-09-16

The preliminary practices of Tantra aren't a hurdle to be gotten through in order to get somewhere else; they're an extraordinarily rich collection of practices which have much to offer as a means of cultivating and maturing the practitioner's psychological ground. They can enable experiences to unfold, and they can clear the way when there seem to be problems or hindrances practitioners are struggling with. In *Preparing for Tantra*, Preece draws on his experience as a Tantric Buddhist practitioner, meditation teacher, and psychotherapist to explain how to make the preliminary practices psychologically meaningful and spiritually transformative. He examines each of the practices with an eye to revealing how they may be used to heal and transform psychological trauma and offers practical suggestions for integrating them into daily life—as well as ensuring that practitioners are prepared psychologically, emotionally,

and energetically to start out safely on the tantric path. Preparing for Tantra is an accessible guidebook for engaging in ngondro, the preliminary practices that are done before engaging in a long tantric retreat. These practices are also powerful tools for purifying negativities and alleviating guilt, healing difficult experiences, and enriching our minds with goodness so that we will be able to progress in our Dharma practice and gain realizations of the path.

*Tantra in Practice* - David Gordon White 2018-06-26  
As David White explains in the Introduction to *Tantra in Practice*, Tantra is an Asian body of beliefs and practices that seeks to channel the divine energy that grounds the universe, in creative and liberating ways. The subsequent chapters reflect the wide geographical and temporal scope of Tantra by examining thirty-six texts from China, India, Japan, Nepal, and Tibet, ranging from the seventh century to the present day, and

representing the full range of Tantric experience--Buddhist, Hindu, Jain, and even Islamic. Each text has been chosen and translated, often for the first time, by an international expert in the field who also provides detailed background material. Students of Asian religions and general readers alike will find the book rich and informative. The book includes plays, transcribed interviews, poetry, parodies, inscriptions, instructional texts, scriptures, philosophical conjectures, dreams, and astronomical speculations, each text illustrating one of the diverse traditions and practices of Tantra. Thus, the nineteenth-century Indian Buddhist Garland of Gems, a series of songs, warns against the illusion of appearance by referring to bees, yogurt, and the fire of Malaya Mountain; while fourteenth-century Chinese Buddhist manuscripts detail how to prosper through the Seven Stars of the Northern Dipper by burning incense, making offerings to scriptures, and chanting

incantations. In a transcribed conversation, a modern Hindu priest in Bengal candidly explains how he serves the black Goddess Kali and feeds temple skulls lentils, wine, or rice; a seventeenth-century Nepalese Hindu praise-poem hammered into the golden doors to the temple of the Goddess Taleju lists a king's faults and begs her forgiveness and grace. An introduction accompanies each text, identifying its period and genre, discussing the history and influence of the work, and identifying points of particular interest or difficulty. The first book to bring together texts

from the entire range of Tantric phenomena, *Tantra in Practice* continues the Princeton Readings in Religions series. The breadth of work included, geographic areas spanned, and expert scholarship highlighting each piece serve to expand our understanding of what it means to practice Tantra.
