Navigating Differences - Jammie Price 2013-04-03

Navigating Differences: Friendships Between Gay and Straight Men is a one-of-a-kind cross-sexual study that shows you how today's gay and straight men build, maintain, and foster true friendships. In this activist, participatory study, you'll get a day-in-the-life look at 44 pairs of cross-sexual men's friendships and see what helps them negotiate the terrain of their emotional, sexual, psychological, and social differences in today's climate of often publicly defended homophobia and heterosexism. Navigating Differences succeeds in bringing the true picture of cross-sexual men's relationships to you, regardless of your personal orientation or political affiliation. You'll find information--straight from the lives of the study's participants--that shows you how different sexual orientations impact the way men spend time together, maintain friendships, cope with sexual struggles, and open good communication channels. Most importantly, you'll get detailed facts and feedback concerning: hegemonic masculinity embracing, struggling with, and ignoring differences group demographic characteristics embeddedness and emotional communication outness in-groups, out-groups, and reference groups Hearsay and prejudice might claim to know what gay and straight men think of each other, but Navigating Differences replaces rumors with research and shows you what really keeps gay and straight men in

lasting friendships in all arenas of life. You'll learn firsthand what it takes to overcome differences and what it means to turn difference into meaningful relationships.

Questions You Can't Ask Your Mama About Sex - Craig Gross 2009-08-30

This is not your typical birds-and-the bees discussion. Inside this book is an exploration of the real questions you have about sex and your sexuality—all the ones you're too afraid to ask out loud (especially to your parents. Shudder.). Drawn from actual questions and with totally honest answers about what is and isn't okay to look at, think about, and do, this book breaks down what God really has to say about keeping your clothes on. Let's face it, the sex talk you got and the messages you hear at church aren't always that helpful when it comes to what is really going through your mind (or bothering you elsewhere) in real life. And asking those questions is not exactly easy when you want a real answer instead of, "You'll go blind." But in these pages, no topic is off-limits, and the answers you'll see are a real discussion of what you want to know (and exactly what the Bible does and does not say on the topic), or even what it means if you've already experimented. From pre-marital sex to masturbation to the temptations of porn and what it means to be a technical virgin—and questions about homosexuality—Questions You Can't Ask Your Mama About Sex is a go-to handbook for the things you need to know but don't want to ask out loud. Questions You Can't Ask

Your Mama About Sex: comes from authors with decades of experience on the topics of relationships and sex, who have been featured on The TODAY Show, Good Morning America, The Daily Show, Anderson Cooper 360, as well as in The New York Times and Buzzfeed uses a straight-forward approach to answer over 50 questions teens have asked goes beyond "how far is too far?" to look at the nuances and real things you wonder about and face—done though straight-forward and honest discussion
