'Masterful . . . superior entertainment that makes most other novels of suspense appear dull and slow-witted by comparison' Publishers Weekly  
What should have been a simple pick-up turns into a day-long nightmare for Bad Sam Chapman. When an operational catastrophe puts a gun in the hands of a young man, who then breaks into South Oxford Nursery School and takes a group of hostages, teacher Louise Kennedy fears the worst. But Jaime Segura isn't there on a homicidal mission, and he's just as scared as those whose lives he holds as collateral. As an armed police presence builds outside the school's gates, Bad Sam Chapman - head of the intelligence service's internal security force, the Dogs - battles the clock to find out what Jaime is after. But the only person Jaime will talk to is Ben Whistler, an MI6 accountant who worked with Jaime's lover, Miro. Miro's gone missing, along with a quarter of a billion pounds allotted for reconstruction work in

Iraq. Jaime refuses to believe that Miro is a thief - though he's always had his secrets. But then, so does Louise, so do the other hostages - and so do some people on the outside, who'd much rather Jaime was silenced.

**Defending Battered Women on Trial -**

Elizabeth A. Sheehy 2014

In the landmark Lavallee decision of 1990, the Supreme Court of Canada ruled that evidence of "battered woman syndrome" was admissible in establishing self-defence for women accused of killing their abusive partners. This book looks at the trials of eleven battered women, ten of whom killed their partners, in the fifteen years since Lavallee. Drawing extensively on trial transcripts and a rich expanse of interdisciplinary sources, the author looks at the evidence produced at trial and at how self-defence was argued. By illuminating these cases, this book uncovers the practical and legal dilemmas faced by battered women on trial for murder.

Sex with the Wrong Men - Louise Kennedy 2003

*Downloaded from

by guest*

PREFACE ONE Life is a journey. How many times have we been reminded of this truism? Perhaps by a well-meaning friend, or a passing bumper-sticker, only to forget a few moments later as the buzz of self-talk resumes and we focus on the immanency of the day. The human psyche is wired for survival... food, clothing and shelter are basic instincts, and of course if we can provide a little (or a lot) more, we can change survival into actual living. Priorities demand we ease the transition of our journey by doing all of those things we need to do to make life pleasant, rather than focusing on the journey itself. As John Lennon said, "Life is what happens when we are busy doing other things." Louise Kennedy is one of those remarkable people who are able to examine (her) life's journey; face realistically the bad times, remembering them without resentment, rather than shutting them out or paving them over. Louise has focused on her fascinating journey, and recorded it for posterity in this amazing

book. When Louise and I met for the first time, with the goal of examining her manuscript, editing, proof-reading, and shaping it for publication, I was immediately charmed by her unassuming demeanor and engaging personality. As I read through her copious notes, I marveled at her tenacious writing skills, her excellent memory, and the fact that she has survived the abuse, sexual trauma, alcoholism and tragedy that have been her constant companions, to become a whole person. She lost three of her children, two to accidental death and one to murder. One frequently meets what I categorize as the walking wounded, especially in the world of writing. Many people suffered abuse during childhood, and (mistakenly) believe their story would make a best seller, particularly as a result of having been frequently prodded by friends and relatives, saying you should write a book. In truth very few do write that book for varying reasons, which is just as well, for very few would make it. Louise's story is truly one of survival;

by guest*

she has suffered throughout her life. It is an odyssey in which is encapsulated an extraordinary determination to exorcise the ghosts of her past, and indeed her present, despite countless disappointments and obstacles. We readers find ourselves rooting for her, but as the title suggests, she inexplicably continues to make the wrong choices. We would be wrong to fall into the trap of her apparent inaction, the subterfuge that suggests she was the author of her own fate, and "why did she do this?" or "she could have easily walked away from that, so what's the matter with her?" Who knows what role fate plays in the spirituality of our choices? For most life-changing decisions are made in that aura. Do we really make them single-handedly, or are they predetermined? I would rather make countless mistakes than fail to make a decision at all, thereby becoming a victim of inertia, for within each mistake there are a plethora of lessons to be learned. Perhaps there is more to Lord Alfred Tennyson's, "Tis

better to have loved and lost, than never to have loved at all" than meets the eye. I suspect there are many readers who will identify with Louise, as they recognize themselves in her struggles. For those who don't, for those who had a life devoid of abuse, struggle and heartache, within these pages a story of an incredible woman awaits you. Thomas Langley-Smith January 16, 2003

**Original Bliss** - A.L. Kennedy 2010-11-30

The stories collected in Original Bliss are concerned, appropriately, with the complexities of sex and the lack of it. In the long novella that gives the book its title, Helen Brindle thinks she has lost God - but it is simply love that she's missing. She can't find it at home, with the violent, deadly Mr Brindle, but will she find it in Stuttgart when she meets the enigmatic Edward E. Gluck, with his Process and his paraphernalia? And what happens when her father confessor starts to confess? A beautiful and terrifying examination of passion and

*Downloaded from

pornography, of the aching need for completion and healing.

*Serious Sweet* - A.L. Kennedy 2016-05-19

LONGLISTED FOR THE MAN BOOKER PRIZE

Jon is 59 and divorced: a senior civil servant in Westminster who hates many of his colleagues and loathes his work, he is a good man in a bad world. Meg is a bankrupt accountant - two words you don't want in the same sentence, or anywhere near your CV. Living on Telegraph Hill, she can see London unfurl below her.

Somewhere out there is safety. As Jon and Meg navigate the sweet and serious heart of London - passing through 24 hours that will change them both for ever - they tell a very unusual, unbearably moving love story.

*Bad Boys, Bad Men* - Donald W. Black  
1999-03-25

Whether called black sheep, sociopaths, felons, con men, or misfits, some men break all the rules. They shirk everyday responsibilities, abuse drugs and alcohol, take up criminal

careers, and lash out at family members. In the worst cases, they commit rape, murder, and other acts of extreme violence as though they lack a conscience. What makes these men--men we all know, whether as faces in the news or as people close to us--behave the way they do? *Bad Boys, Bad Men* examines antisocial personality disorder or ASP, the mysterious mental condition that underlies this lifelong penchant for bad behavior. Psychiatrist and researcher Donald W. Black, MD, draws on case studies, scientific data, and current events to explore antisocial behavior and to chart the history, nature, and treatment of a misunderstood disorder that affects up to seven million Americans. Citing new evidence from genetics and neuroscience, Black argues that this condition is tied to biological causes and that some people are simply born bad. *Bad Boys, Bad Men* introduces us to people like Ernie, the quintessential juvenile delinquent who had an incestuous relationship with his mother and

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2020-12-08  
by guest

descended into crime and alcoholism; and John Wayne Gacy, the notorious serial killer whose lifelong pattern of misbehavior escalated to the rape and murder of more than 30 young men and boys. These compelling cases read like medical detective stories as Black tries to separate the lies these men tell from the facts of their lives. *Bad Boys, Bad Men* not only describes the warning signs that predict which troubled children are more likely to become dangerous adults, but also details progress toward treatment for ASP. This volume will be an essential resource for psychiatrists, psychologists, criminologists, victims of crime, families of individuals afflicted with ASP, and anyone else interested in understanding antisocial behavior.

**SEX AND ALL THAT** - Mary Scriver 2014-02-25  
Cultural arrangements for human relationships are heavily coded for sex identification, generativity, economics, disease, violence, families and war. So many new discoveries (birth

control, Viagra, in vitro conception, mosaic genetics, surrogate mothers, equal pay for equal work, global population mixing plus edgy media influence and the shift from binaries to spectrums) that much needs to be rethought.

Trespasses - Louise Kennedy 2023-03-30

\* THE NO. 1 BESTSELLER (The Times) \*

SHORTLISTED FOR THE WOMEN'S PRIZE FOR FICTION 2023 \*\* WINNER OF THE BRITISH BOOK AWARDS BOOK OF THE YEAR: DEBUT FICTION \*\* WINNER OF THE AN POST IRISH BOOK AWARDS NOVEL OF THE YEAR 2022 \*\* SHORTLISTED FOR THE WATERSTONES DEBUT FICTION PRIZE 2022 \*\* AN OBSERVER BEST DEBUT NOVELIST OF 2022 \*\* A BBC RADIO 4 BOOK AT BEDTIME

\* \_\_\_\_\_ 'Like Sally Rooney mixed with a political thriller' RUSSELL KANE 'Intense, unflinchingly honest, it broke my heart a million times' MARIAN KEYES 'Absolutely loved it' MAX PORTER 'A beautiful, devastating novel' NICK HORNBY One by one, she undid each event, each

decision, each choice. If Davy had remembered to put on a coat. If Seamie McGeown had not found himself alone on a dark street. If Michael Agnew had not walked through the door of the pub on a quiet night in February in his white shirt. There is nothing special about the day Cushla meets Michael, a married man from Belfast, in the pub owned by her family. But here, love is never far from violence, and this encounter will change both of their lives forever. As people get up each morning and go to work, school, church or the pub, the daily news rolls in of another car bomb exploded, another man beaten, killed or left for dead. In the class Cushla teaches, the vocabulary of seven-year-old children now includes phrases like 'petrol bomb' and 'rubber bullets'. And as she is forced to tread lines she never thought she would cross, tensions in the town are escalating, threatening to destroy all she is working to hold together. Tender and shocking, *Trespasses* is an unforgettable debut of people trying to live

ordinary lives in extraordinary times. \_\_\_\_\_ A 2022 BOOK OF THE YEAR FOR: THE TIMES \* SUNDAY TIMES \* GUARDIAN \* TELEGRAPH \* NEW STATESMAN \* DAILY MAIL \* IRISH TIMES \* IRISH INDEPENDENT \* BELFAST TELEGRAPH  
The Blue Book - A. L. Kennedy 2013  
Boarding an ocean liner with her boyfriend Derek, Beth comes face-to-face with her past in the form of Arthur, an ex-lover, which conjures up the memories of their unsavory past, acting as spiritual mediums to fleece the innocent out of their hard-earned money.

Pit Lullabies - Jessica Traynor 2022-03-24  
These intimate, visceral and often wickedly funny poems journey through the darker days of new parenthood, teasing out the anxieties which plague us when night falls. Violence against women, the destruction of our environment, the poisons and pitfalls of 21st-century living are explored here in poems by turns lyrical and earthy, yearning and angry. They mine gold from

the darkness and seek luminescence in the deepest oceans. Pit Lullabies is Jessica Traynor's third collection, following Liffey Swim (2014) and The Quick (2019) from Ireland's Dedalus Press, and is a Poetry Book Society Recommendation.

"When I'm Bad, I'm Better" - Marybeth Hamilton  
1997-12-08

In a world of trendsetting film icons, few are more familiar than Mae West. Yet for all her public controversy, West is also a mystery. Marybeth Hamilton combines elements of biography, cultural analysis, and social history to unmask West and reveal her commercial savvy, willpower, and truly shocking theatrical transgressions.

**The Idiot's Guide to Magic** - Louise Kennedy  
2019-03-15

If you picked up this book hoping to learn how to pull a rabbit out of a hat or master random tricks and illusions, then you're going to be disappointed. This book leads you on a journey

into the unknown—but not one revolving around sleight-of-hand games. Rather, it's a quest to learn all that we are meant to come here and realise. It seeks to discover what all religions and spiritual systems have at their core as well as what all wise people have sought throughout the ages: self-knowledge. Realising that you're responsible for what you create, how you perceive things, and what happens to you is tremendously liberating. If you can come to that realisation, you'll be equipped to create a new and more rewarding life. Join the author as she looks back at pursuing truth as a professional singer, spiritual healer, intuitive coach, and student of the occult, yoga, reincarnation, spirituality and more in *An Idiot's Guide to Magic*.

**All the Rage** - A. L. Kennedy 2014

A collection of stories from the author of *The Blue Book* and *What Becomes* includes tales of man who tries to sell his apartment without renovating the old kitchen and an exploration of

the humorous possibilities of fake genitalia.  
15,000 first printing.

**The Feast** - Margaret Kennedy 1950

A story that would gather the Sins all under the roof of a Cornish seaside hotel managed by the unhappy wife of Sloth ... Among The Feast's entertaining cast of characters are a clergyman, a gaggle of adolescents and children, a quarter of lovers, and a clutch of frustrated husbands and wives - all serving Kennedy's dark and witty moral fable, which bears out the Biblical adage that many are called but only a very few chosen.

**The Sexual Economy of War** - Andrew Byers  
2019-05-15

In *The Sexual Economy of War*, Andrew Byers argues that in the early twentieth century, concerns about unregulated sexuality affected every aspect of how the US Army conducted military operations. Far from being an exercise marginal to the institution and its scope of operations, governing sexuality was, in fact, integral to the military experience during a time

of two global conflicts and numerous other army deployments. In this revealing study, Byers shows that none of the issues related to current debates about gender, sex, and the military—the inclusion of LGBTQ soldiers, sexual harassment and violence, the integration of women—is new at all. Framing the American story within an international context, he looks at case studies from the continental United States, Hawaii, the Philippines, France, and Germany. Drawing on internal army policy documents, soldiers' personal papers, and disciplinary records used in criminal investigations, *The Sexual Economy of War* illuminates how the US Army used official policy, legal enforcement, indoctrination, and military culture to govern wayward sexual behaviors. Such regulation, and its active opposition, leads Byers to conclude that the tension between organizational control and individual agency has deep and tangled historical roots.

*The End of the World is a Cul de Sac* - Louise

Kennedy 2021-04-01

'A dazzling, heartbreaking debut collection' Guardian 'Kennedy's voice, and her unforgiving gaze, are electric' Sunday Times 'These stories sing, haunt and inspire laughter ... One of the best collections I've read in years' Sinead Gleeson A SUNDAY TIMES BOOK OF THE YEAR The secrets people kept, the lies they told. In these visceral, stunningly crafted stories, people are effortlessly cruel to one another, and the natural world is a primitive salve. Here, women are domestically trapped by predatorial men, Ireland's folklore and politics loom large, and poverty - material, emotional, sexual - seeps through every crack. A wife is abandoned by her new husband in a ghost estate, with blood on her hands; a young woman is tormented by visions of the man murdered by her brother during the Troubles; a pregnant mother fears the worst as her husband grows illegal cannabis with the help of a vulnerable teenage girl; a woman struggles to forgive herself after an abortion threatens to

destroy her marriage. Announcing a major new voice in literary fiction for the twenty-first century, these sharp shocks of stories offer flashes of beauty, and even humour, amidst the harshest of truths.

**Movies on TV and Videocassette** - Steven H. Scheuer 1989

With over 14,000 listings, from the latest box-office smashes, this updated, 30th Anniversary edition of the definitive movie guide packs more information than any weekly guide in one volume. Our Greatest Challenge - Hannah McGlade 2012 Hannah McGlade's book bravely addresses the complex and fraught issue of Aboriginal child abuse. She argues that Aboriginal child sexual assault has been formed within the entrenched societal forces of racism, colonisation and patriarchy, yet cast in the Australian public

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2020-12-08  
by guest*

domain as an Aboriginal 'problem', with controversial government responses critiqued as racist and paternalistic. McGlade highlights that non-Aboriginal society has yet to acknowledge the traumatic impacts of the sexual assault on Aboriginal children which was part and parcel of the European project of 'civilisation'. She provides detailed analysis of the legal systems response. While child sexual assault is a criminal offence, the Aboriginal experience of the law is tainted. Despite reforms to the law, the courtroom experience is based on re-victimisation and trauma which prevents the fundamental principle of equality before the law. McGlade believes that we should be guided by Indigenous human rights concepts and international Indigenous responses in addressing the problem. In doing so she believes that we can help to stem the harm to future generations.

**My Spouse Made Me Rich** - Roger Louis Kennedy 2007-12-04

This self help book will allow you to look at yourself as a person and it will also allow you to expose other people for who they really are as individuals. This book will also allow you to become RICH in spirit and in character if you are the type of person that is accountable for the mistakes that you have made in your marriage or your relationship and if you make other people accountable for the mistakes that they have made.

**What Soldiers Do** - Mary Louise Roberts  
2013-05-17

How do you convince men to charge across heavily mined beaches into deadly machine-gun fire? Do you appeal to their bonds with their fellow soldiers, their patriotism, their desire to end tyranny and mass murder? Certainly—but if you're the US Army in 1944, you also try another tack: you dangle the lure of beautiful French women, waiting just on the other side of the wire, ready to reward their liberators in oh so many ways. That's not the picture of the

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2020-12-08  
by guest*

Greatest Generation that we've been given, but it's the one Mary Louise Roberts paints to devastating effect in *What Soldiers Do*. Drawing on an incredible range of sources, including news reports, propaganda and training materials, official planning documents, wartime diaries, and memoirs, Roberts tells the fascinating and troubling story of how the US military command systematically spread—and then exploited—the myth of French women as sexually experienced and available. The resulting chaos—ranging from flagrant public sex with prostitutes to outright rape and rampant venereal disease—horrified the war-weary and demoralized French population. The

sexual predation, and the blithe response of the American military leadership, also caused serious friction between the two nations just as they were attempting to settle questions of long-term control over the liberated territories and the restoration of French sovereignty. While never denying the achievement of D-Day, or the bravery of the soldiers who took part, *What Soldiers Do* reminds us that history is always more useful—and more interesting—when it is most honest, and when it goes beyond the burnished beauty of nostalgia to grapple with the real lives and real mistakes of the people who lived it.
