Frommer's? Irreverent Guide to Manhattan Ethan Wolff 2004-03-25 Looking for a travel guide that goes where other guides fear to tread? One that rides roughshod over ad-copy puffery to smartly deliver the real scoop on a destination's sites and attractions? One that dares to be honest, hip, and fun? Look no more. Frommer's Irreverent Travel Guides are wickedly irreverent, unabashedly honest, and downright hilarious, and provide an insider's perspective on which attractions are overrated tourist traps and which are the secret gems that locals love. You'll get the lowdown on restaurants, lodging, and shopping, and even find out what the locals think of you. "Like being taken around by a savvy local," said the New York Times. "Hipper and savvier than other guides," concurred Diversion magazine. Never shy about confronting the issues, the Irreverents are guides to real travel in the real world. Frommer's Irreverent Guide to Manhattan is as brash and ballsy as the Big Apple itself. You'll get the straight scoop on old chestnuts like the Empire State Building, as well as the skinny on new hotspots such as the sleek "neo-lounges" on the Lower East Side. With the Irreverent Guide, you'll become as mobile as the locals: a dim sum brunch in a bustling Chinatown banquet hall is just a subway ride away from a soul-food dinner in Harlem. Discover one of the city's secret bargains: the free ride on the Staten Island Ferry past the Statue of Liberty. In the Irreverent Guide to Manhattan, the gloriously decadent City that Never Sleeps is made both manageable and deliciously fun—whether you choose to pursue the high life at the model hangouts and caviar bars or get down with the low life at Punjabi tandoor delis and cheesy karaoke bars.

A World Made Sexy Paul Rutherford 2007-01-01 " Eroticism is a constant presence in modern society, encompassing almost every aspect of our daily lives. It is a product of one of the major commercial and political enterprises of the twentieth and twenty-first centuries: the cultivation of desire □ desire for sex, desire for wealth, desire for entertainment. Paul Rutherford's *A World Made Sexy* looks at modern civilization's ongoing project to manufacture and encourage public wants, building a utopia where just about everyone (who is affluent) dreams, plays, and, of course, shops. *A World Made Sexy* uses museum exhibitions, art, books, magazines, films, and television to examine the rise and purpose of eroticism, first in America but soon across the affluent world. Starting with a brief foray into the representation of history as past pornography, Rutherford explores a sexual liberation movement shaped by the ideas of Marx and Freud, the erotic styles of Salvador Dali and pop art, the pioneering use of publicity as erotica by Playboy and other products, and the growing concerns of cultural critics over the emergence of a regime of stimulation. In one case study, Rutherford pairs James Bond and Madonna in order to examine the link between eroticism and aggression. He further details how television advertising after 1980 constructed a theatre of the libido to entice the buying public, and concludes by situating the Eros project in the wider context of Michel Foucault's account of the administration of life, and specifically sexuality, during the modern era. *A World Made Sexy* is about power and pleasure, emancipation and domination, and the relationship between the personal passions and social controls that have crafted desire. "

The Ballad of Sexual Dependency Nan Goldin 1986 Goldin charts the loss of innocence through barrooms and parties on the social periphery of New York's East Village and through the harrowing worlds of drugs and prostitution. Museums, Sexuality, and Gender Activism Joshua G. Adair 2020-01-23 Museums, Sexuality, and Gender Activism examines the role of exhibitionary institutions in representing LGBTQ+ people, cisgender women, and nonbinary individuals. Considering recent gender and sexuality-related developments through a critical lens, the volume contributes significantly to the growing body of activist writing on this topic. Building on Gender, Sexuality and Museums and featuring work from established voices, as well as newcomers, this volume offers risky and exciting articles from around the world. Chapters cover diverse topics, including transgender representation, erasure, and activism; two-spirit people, indigeneity, and museums; third genders; gender and sexuality in heritage sites and historic homes; temporary exhibitions on gender and sexuality; museum representations of HIV/AIDS; interventions to increase queer visibility and inclusion in galleries; LGBTQ+ staff alliances; and museums, gender ambiguity, and the disruption of binaries. Several chapters focus on areas outside the US and Europe, while others explore central topics through the perspectives of racial and ethnic minorities. Containing contributions that engage in sustained critique of current policies, theory, and practice, Museums, Sexuality, and Gender Activism is essential reading for those studying museums, women and gender, sexuality, culture, history, heritage, art, media, and anthropology. The book will also spark interest among museum practitioners, public archivists, and scholars researching related topics.

Paris, Capital of Fashion Valerie Steele 2019-09-05 Paris, Capital of Fashion accompanies a major exhibition at The Museum at FIT, New York's only museum dedicated solely to the art of fashion. This lavishly-illustrated book is edited by MFIT's director and chief curator, Valerie Steele, also the author of the acclaimed Paris Fashion: A Cultural History. This new book opens with an important essay on how and why Paris became famous as the international "capital of fashion." Steele traces how the mythic "aura" of Paris fashion was constructed over generations, as the splendour of the court at Versailles came to be echoed by the spectacle of the haute couture. Yet Paris has faced repeated challenges from other fashion capitals, especially London, Milan, and New York. Essays by Christopher Breward, David Gilbert, Grazia d'Annunzio, and Antonia Finnane place Paris within a broader global narrative, while Sophie Kurkdjian investigates the cultural value of the Parisian couture, and Agnès Rocomora explores the online imagery of the chic Parisienne. As The New Yorker recently put it, Paris is "the most glamorous and competitive of the world's fashion capitals." No other city has been branded "Fashion" as Paris has. By opening the study of Paris fashion to new approaches, this book explains why Paris still retains its position as the world's undisputed fashion capital.

Screening the Dark Side of Love Karen A. Ritzenhoff 2012-10-15 How can love be understood globally as a problematic transgression rather than the narrative of "happy endings" that Hollywood has offered? The contributors utilize varying methodologies of textual analysis, psychoanalytic models, and cultural critique and engage with a broad range of films to explore issues of gender identity and spectatorship.

boyfriend suggested she apply for a job, but apply she did, and it wasn't long before a part-time position at New York's MUSEUM OF SEX lead to a gig as the museum's curator. That was over twelve years ago. Now Sarah—a married mother of two—proudly sports her title as Curator of Sex. In *SEX IN THE MUSEUM*, Sarah invites readers to travel from suburban garages where men and women build sex machines, to factories that make sex toys, to labyrinthine archives of erotica collectors. Escorting us in to the hidden world of sex, illuminating the never-talked-about communities and eccentricities of our sexual subcultures, and telling her own personal story of a decade at The Museum of Sex, Sarah asks readers to grapple with the same questions she did: when it comes to sex, what is good, bad, deviant, normal? Do such terms even apply? If everyone has sexual secrets, is it possible to really know another person and be known by them? And importantly, in our hyper-sexualized world, is it still possible to fall in love?

Art/Porn Kelly Dennis 2009-03 Art/Porn argues the distinctions between erotica and pornography are based on an age-old antithesis between sight and touch, an antithesis created and maintained for centuries by art criticism. It reveals how the world of art and pornography are much closer than we think.--Back cover.
