Sex in the Museum Sarah Forbes 2016-04-05 When Forbes, an anthropology student, stumbled upon a museum dedicated to sex she hesitated to apply for a job. Twelve years later she proudly sports her title as Curator of Sex. Here she invites readers to travel from suburban garages where men and women build sex machines, to factories that make sex toys, to labyrinthine archives of erotica collectors. She asks readers to grapple with the same questions she did: when it comes to sex, what is good, bad, deviant, normal? Do such terms even apply? And, in our hyper-sexualized world, is it still possible to fall in love?

CONIFA: Football for the Forgotten James Hendicott 2019 This is not a book about football. Well, it is, in a sense, but it's also a book about overcoming the odds. About being rejected from the sporting mainstream, but fighting back. About training for an international tournament with only a single ball. It's about representing one country, but being forced to live your life in another. About finding sporting representation as a rank outsider; overcoming political superpowers to find a place. It's about scrambling a team together in a few weeks to represent millions of people, or fronting a multi-continental organization on a near-bankrupt shoestring because it's that important to your indigenous reindeer-herding Scandinavian ethnic minority that they have their own global, international outlet. Those last two paragraphs probably sound like hyperbole. I couldn't quite believe it either, but every word of them is real. Follow me on a journey down a footballing rabbit hole, where sport and politics mingle in glorious, positive harmony. This is CONIFA

Paris, Capital of Fashion Valerie Steele 2019-09-05 Paris, Capital of Fashion accompanies a major exhibition at The Museum at FIT, New York's only museum dedicated solely to the art of fashion. international “capital of fashion.” Steele traces how the mythic “aura” of Paris fashion was constructed over generations, as the splendour of the court at Versailles came to be echoed by the spectacle of the haute couture. Yet Paris has faced repeated challenges from other fashion capitals, especially London, Milan, and New York. Essays by Christopher Breward, David Gilbert, Grazia d'Annunzio, and Antonia Finnane place Paris within a broader global narrative, while Sophie Kurkdjian investigates the cultural value of the Parisian couture, and Agnès Rocomora explores the online imagery of the chic Parisienne. As *The New Yorker* recently put it, Paris is “the most glamorous and competitive of the world’s fashion capitals.” No other city has been branded “Fashion” as Paris has. By opening the study of Paris fashion to new approaches, this book explains why Paris still retains its position as the world’s undisputed fashion capital.

Sorted Books Nina Katchadourian 2013-02-08 A witty and thought-provoking collection of visual poems constructed from stacks of books. Delighting in the look and feel of books, conceptual artist Nina Katchadourian’s playful photographic series proves that books’ covers—or more specifically, their spines—can speak volumes. Over the past two decades, Katchadourian has perused libraries across the globe, selecting, stacking, and photographing groupings of two, three, four, or five books so that their titles can be read as sentences, creating whimsical narratives from the text found there. Thought-provoking, clever, and at times laugh-out-loud funny (one cluster of titles from the Akron Museum of Art’s research library consists of: Primitive Art /Just Imagine/Picasso/Raised by Wolves), Sorted Books is an enthralling collection of visual poems full of wry wit and bookish smarts. Praise for Sorted Books “Katchadourian’s project . . . takes on a weight beyond its initial novelty. It’s a love letter to books, book collecting and the act of reading.” —San Francisco Chronicle “As a longtime fan of [Katchadourian’s] long-running Sorted Books project I’m thrilled for the release of Sorted

Sex in the Museum Sarah Forbes 2016-04-05 Sarah Forbes was in graduate school when she stumbled upon a museum dedicated to . . . sex. The anthropology student hesitated when her boyfriend suggested she apply for a job, but apply she did, and it wasn’t long before a part-time position at New York’s MUSEUM OF SEX lead to a gig as the museum's curator. That was over twelve years ago. Now Sarah—a married mother of two—proudly sports her title as Curator of Sex. In *SEX IN THE MUSEUM*, Sarah invites readers to travel from suburban garages where men and women build sex machines, to factories that make sex toys, to labyrinthine archives of erotica collectors. Escorting us in to the hidden world of sex, illuminating the never-talked-about communities and eccentricities of our sexual subcultures, and telling her own personal story of a decade at The Museum of Sex, Sarah asks readers to grapple with the same questions she did: when it comes to sex, what is good, bad, deviant, normal? Do such terms even apply? If everyone has sexual secrets, is it possible to really know another person and be known by them? And importantly, in our hyper-sexualized world, is it still possible to fall in love?

constant presence in modern society, encompassing almost every aspect of our daily lives. It is a product of one of the major commercial and political enterprises of the twentieth and twenty-first centuries: the cultivation of desire □ desire for sex, desire for wealth, desire for entertainment. Paul Rutherford's *A World Made Sexy* looks at modern civilization's ongoing project to manufacture and encourage public wants, building a utopia where just about everyone (who is affluent) dreams, plays, and, of course, shops. *A World Made Sexy* uses museum exhibitions, art, books, magazines, films, and television to examine the rise and purpose of eroticism, first in America but soon across the affluent world. Starting with a brief foray into the representation of history as past pornography, Rutherford explores a sexual liberation movement shaped by the ideas of Marx and Freud, the erotic styles of Salvador Dali and pop art, the pioneering use of publicity as erotica by Playboy and other products, and the growing concerns of cultural critics over the emergence of a regime of stimulation. In one case study, Rutherford pairs James Bond and Madonna in order to examine the link between eroticism and aggression. He further details how television advertising after 1980 constructed a theatre of the libido to entice the buying public, and concludes by situating the Eros project in the wider context of Michel Foucault's account of the administration of life, and specifically sexuality, during the modern era. *A World Made Sexy* is about power and pleasure, emancipation and domination, and the relationship between the personal passions and social controls that have crafted desire. Furry Nation Joe Strike 2017-10-03 Winner of the 2017 Ursa Major Award for Best Non-Fiction Work! Furry fandom is a recent phenomenon, but anthropomorphism is an instinct hard-wired into the human mind: the desire to see animals on a more equal footing with people. It's existed since the beginning of time in prehistoric cave paintings, ancient gods and tribal rituals. It lives on today—not just in the sports mascots and cartoon characters we see everywhere, but in stage plays, art galleries, serious literature, performance art—and among furry fans who bring their make-believe characters to life digitally, on paper, or in the carefully crafted fursuits they wear to become the animals of their imagination. In *Furry Nation*, author Joe Strike shares the very human story of the people who created furry fandom, the many forms it takes—from the joyfully public to the deeply personal—and how Furry transformed his own life.

Ultraluminous Katherine Faw 2017-12-05 One of The New Yorker's "Books We Loved in 2017," a BOMB's Looking Back on 2017: Literature Selection, a Paris Review Staff Pick, and one of Vulture's 10 Best Thriller Books of 2017. *Girlfriend. Prostitute. Addict. Terrorist?* Who is K? The daring new novel from Katherine Faw, the brilliant author of *Young God*, is a scintillating story of money, sex, and power told in Faw's viciously sharp prose. A high-end, girlfriend-experience prostitute has just returned to her native New York City after more than a decade abroad—in Dubai, with a man she recalls only as the Sheikh—but it's unclear why exactly she's come back. Did things go bad for her? Does she have scores to settle? Regardless, she has quickly made herself at home. She's set up a rotation of clients—all of them in finance—each of whom has different delusions of how he is important to her. And she's also met a man whom she doesn't charge—a damaged former Army Ranger, back from Afghanistan. Her days are strangely orderly: A repetition of dinners, personal grooming, museum exhibitions, sex, Duane Reades (she likes the sushi), cosmology, sex, gallery shows, nightclubs, heroin, sex, and

art films (which she finds soothing). She finds the pattern confirming, but does she really believe it's sustainable? Or do the barely discernible rifts in her routine suggest that something else is percolating under the surface? Could she have fallen for one of her bankers? Or do those supposed rifts suggest a pattern within the pattern, a larger scheme she's not showing us, a truth that won't be revealed until we can see everything?

Warhol Blake Gopnik 2020-03-05 "Superb...Gopnik persuasively assembles his case over the course of this mesmerising book, which is as much art history and philosophy as it is biography" Kathryn Hughes, *The Guardian* When critics attacked Andy Warhol's Marilyn paintings as shallow, the Pop artist was happy to present himself as shallower still: He claimed that he silkscreened to avoid the hard work of painting, although he was actually a meticulous workaholic; in interviews he presented himself as a silly naïf when in private he was the canniest of sophisticates. Blake Gopnik's definitive biography digs deep into the contradictions and radical genius that led Andy Warhol to revolutionise our cultural world. Based on years of archival research and on interviews with hundreds of Warhol's surviving friends, lovers and enemies, Warhol traces the artist's path from his origins as the impoverished son of Eastern European immigrants in 1930s Pittsburgh, through his early success as a commercial illustrator and his groundbreaking pivot into fine art, to the society portraiture and popular celebrity of the '70s and '80s, as he reflected and responded to the changing dynamics of commerce and culture. Warhol sought out all the most glamorous figures of his times - Susan Sontag, Mick Jagger, the Barons de Rothschild - despite being burdened with an almost crippling shyness. Behind the public glitter of the artist's Factory, with its superstars, drag queens and socialites, there was a man who lived with his mother for much of his life and guarded the privacy of his home. He overcame the vicious homophobia of his youth to become a symbol of gay achievement, while always seeking the pleasures of traditional romance and coupledness. (Warhol explodes the myth of his asexuality.) Filled with new insights into the artist's work and personality, Warhol asks: Was he a joke or a genius, a radical or a social climber? As Warhol himself would have answered: Yes.

critically acclaimed and top ten Best Seller *The Deadhouse*, Linda Fairstein now takes us behind the scenes of some of New York's magnificent and mysterious institutions in her most electrifying Alexandra Cooper thriller yet. *The Bone Vault* begins in the glorious Temple of Dendur at the Metropolitan Museum of Art, where wealthy donors have gathered to hear plans for a controversial new exhibit. An uneasy mix of scholarship and showbiz. The exhibition has raised fierce opposition from some of the museum's elite: IMAX time trips and Rembrandt refrigerator magnets have no place for them at the Met. Assistant DA Alex Cooper, off duty for the evening, observes the proceedings with bemused interest until the Met director suddenly pulls her aside: the body of a young researcher has been found in an ancient Egyptian sarcophagus. Teaming up with cops Mike Chapman and Mercer Wallace, Alex must penetrate the silent sentinels comprising New York's museum society, investigating not only at the Met but also at the Museum of Natural History and the Cloisters, to find a killer. Atmospheric, chilling, and shot through with procedural authenticity.

Sex and the City and Us Jennifer Keishin Armstrong 2019-05-07

The bestselling author of *Seinfeldia* offers a fascinating retrospective of the iconic and award-winning television series, *Sex and the City*, in a "bubbly, yet fierce cultural dissection of the groundbreaking show" (Chicago Tribune). This is the story of how a columnist, two gay men, and a writers' room full of women used their own poignant, hilarious, and humiliating stories to launch a cultural phenomenon. They endured shock, slut-shaming, and a slew of nasty reviews on their way to eventual—if still often begrudging—respect. The show wasn't perfect, but it revolutionized television for women. When Candace Bushnell began writing for the New York Observer, she didn't think anyone beyond the Upper East Side would care about her adventures

among the Hamptons-hopping media elite. But her struggles with singlehood struck a chord. Beverly Hills, 90210 creator Darren Star brought her vision to an even wider audience when he adapted the column for HBO. Carrie, Miranda, Charlotte, and Samantha launched a barrage of trends, forever branded the actresses that took on the roles, redefined women's relationship to sex and elevated the perception of singlehood. Featuring exclusive new interviews with the cast and writers, including star Sarah Jessica Parker, creator Darren Star, executive producer Michael Patrick King, and author Candace Bushnell, "Jennifer Keishin Armstrong brings readers inside the writers' room and into the scribes' lives...The writing is fizzy and funny, but she still manages an in-depth look at a show that's been analyzed for decades, giving readers a retrospective as enjoyable as a \$20 pink cocktail" (The Washington Post). Sex and the City and Us is both a critical and nostalgic behind-the-scenes look at a television series that changed the way women see themselves.

NYC 1993 New Museum (New York, N.Y.) 2013 This book looks at art made and exhibited in New York over the course of one year, providing a synchronic panorama in which established artists and emerging figures of the time are presented alongside the work of authors whose influence has since faded from the discussion. Centering on the year 1993, the exhibition is conceived as a time capsule, an experiment in collective memory that attempts to capture a specific moment at the intersection of art, pop culture, and politics. The exhibition draws its subtitle from the eponymous album that the New York rock band Sonic Youth recorded in 1993 and captures the complex exchange between mainstream and underground culture across disciplines, which came to define the art of the era. The New Museum's exhibition will include a number of historical reconstructions of important installations and exhibitions from 1993, while other works will be revisited and reinterpreted from the vantage point of today, highlighting the ways in which certain actions, events, attitudes, and emotions
