Sex Therapy with Erotically Marginalized Clients -

Damon Constantinides

2019-03-28

Sex Therapy with Erotically Marginalized Clients: Nine Principles of Clinical Support provides a clinical guide to relational sex therapy with individuals, partnerships, polyships, and alternative family structures where one or more of the clients are erotically marginalized. This term refers to people who are at risk of being pathologized and oppressed both outside and inside the clinical setting due to their gender identities, sexual orientations, or sexual practices. The book outlines nine principles for therapeutic practice which meet the needs of erotically marginalized clients, whose forms of sexuality and desire are rarely spoken about and for whom there is a dearth of language in

therapeutic contexts. Each principle concludes with a series of 'key points' and then followed by illustrative clinical case studies, contributed by sex therapists and clinicians who self-identify as erotically marginalized and who also work with erotically marginalized clients. The book also provides a full glossary, 'Defining Erotically Marginalized Identities'. The authors and case contributors use a radical and affirming lens to examine erotically marginalized identities that are often neglected. The book bridges gaps between the past, present, and future in the field of sex therapy and greatly expands the diversity of experiences and identities within the field, particularly the experience of multiple oppressions. The book marks a valuable contribution not only to sex therapists but to the

wider clinical and therapeutic community.

His Porn, Her Pain - Marty Klein 2016-09-06

Written by Dr. Marty Klein, a Certified Sex Therapist and Licensed Marriage and Family Therapist with more than three decades' experience, this fascinating book contests the common belief that pornography is unilaterally harmful to individuals and our society, addresses common concerns and debunks widely believed myths, and explains how to heal America's obsession with porn by engaging in honest talk about sex. When you first logged onto the Internet in the 1990s, did you ever wonder, "What do you suppose would happen if the United States were flooded with free, high-quality pornography?" We now know the answer, says Dr. Marty Klein, as this is exactly what took place 15 years ago. Written by an award-winning author and veteran sex therapist, this practical, innovative, and often passionate book addresses the

explosion of pornography use, advises couples on defusing conflict about it, guides parents in helping their kids deal with it, advises people concerned about their use of it, and shows how honest talk about sex can resolve America's "porn panic." So what did happen when Internet porn flooded America? The rates of sexual assault, divorce, and child molestation declined. And yet various religious groups, politicians, some feminists, anti-trafficking activists, and many marriage counselors talk unceasingly about the damage porn viewing is doing to our society. They have created a "PornPanic" that has demonized the recreation of some 60 million Americans. Americans are always ready for new reasons to feel guilty and ashamed of their sexuality, and Internet porn is the newest reason. Wives and girlfriends worry that they can't compete with it; teens use it as a misguided substitute for sex education, often disturbed by intense adults-only imagery; and

*Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest*

psychologically vulnerable people get caught up in hours of compulsive porn surfing every night, feeling isolated and inadequate as a result. Fortunately for his many readers, however, using clear reasoning, clinical expertise, and political savvy, Klein shows that for most people, porn is not the real problem. With the experience gained from 34 years of doing therapy—that's 35,000 sessions—Klein asks a simple but profound question: when we talk about porn, what are we really talking about? This book eases readers' minds as Klein addresses common concerns and debunks common myths while identifying what we should be concerned about. Most importantly, the author explains how we can heal America's obsession with porn by engaging in honest talk about sex—something he knows is neither simple nor easy. The text includes sample conversations to help adults talk to each other about pornography, and suggestions for parents on how to talk to their kids about porn—healthy

discussions to help their kids develop "Porn Literacy." This book offers honest, thorough, expert information desperately needed by a nation of people driven to panic about pornography.

How We Love, Expanded Edition - Milan Yerkovich
2009-01-20

Did you know the last fight you had with your spouse began long before you even met? Are you tired of falling into frustrating relational patterns in your marriage? Do you and your spouse fight about the same things again and again? Relationship experts Milan and Kay Yerkovich explain why the ways you and your spouse relate to each other go back to before you even met. Drawing on the powerful tool of attachment theory, Milan and Kay explore how your childhood created an "intimacy imprint" that affects your marriage today. Their stories and practical ideas help you: *

identify your personal love style * understand how your early life impacts you and your spouse * break free from

painful patterns that keep you stuck * find healing for the source of conflict, not just the symptoms * create the close, nourishing relationship you dream about Revised throughout with all-new material and additional visual diagrams, this expanded edition of How We Love will bring vibrant life to your marriage. Are you ready for a new journey of love? Note: The revised and expanded How We Love Workbook is available separately.

Receiving Love - Harville Hendrix 2004-10-05

This groundbreaking book from the best-selling authors of Getting the Love You Want and coauthors of Giving the Love that Heals is the first to address the biggest unexplored issue facing couples today: Most of us are better at giving love than accepting it. We don't realize all the ways that our resistance to appreciation, praise, compliments, and accepting help from others hurts us and cripples our relationships. Many partners learn how to give love, but

many more undermine their relationships by for-getting something that is equally important -- learning to receive it. According to the authors, the root of the problem is the self-rejection that began in childhood, when our parents and caretakers unintentionally failed to nurture or directly rejected traits, characteristics, or im-pulses when we were children. We end up rejecting in ourselves whatever our caretakers ignored or rejected in the course of our childhoods. When we become adults, this makes it impossible to let in the love we want and need, even when our partners offer it. As a result, we dismiss compliments, minimize gestures of affection, and create obstacles to true intimacy. In this book, Harville Hendrix and Helen LaKelly Hunt, co-creators of Imago Relationship Therapy, offer a definitive guide to breaking the shackles of self-rejection and embracing the love our partners offer. Receiving Love is a very personal book for Drs. Hendrix and Hunt, and much of

*Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest*

their own journey is the inspiration for it. Drawing on their renowned expertise, the wide clinical experience of hundreds of Imago therapists, and their own personal experience, the authors are able to offer detailed guidance on how to conquer the problems that come from self-rejection and embrace the gifts that are abundant in every person's life, if only we knew how to accept them. With its groundbreaking theory, challenging processes, and inspiring examples, this book holds the key to loving relationships that last.

What Every Mental Health Professional Needs to Know About Sex - Stephanie

Buehler, PsyD, CST-S
2013-07-29

Although sexual issues frequently arise in therapeutic practice, mental health professionals are often uncomfortable and poorly equipped to address them. Written by an author who is both a psychologist and sex therapist, this practical guide provides information, tools,

and exercises to increase the confidence and comfort of the mental health professional called upon to treat sexual issues during the course of therapy. The book is based on the premise that the therapist must be comfortable with his or her own sexuality in order to offer appropriate treatment. This guide discusses the characteristics of healthy sexuality-for both client and therapist-and explores the reasons that may underlie a therapist's discomfort with addressing sexual issues. Using case studies and sample dialogues, it covers a multitude of common and unusual sexual problems, couple's issues, questions that parents may have about sex, working with LGBT clients, sex for survivors of trauma, sexuality and aging, sexual pain disorders, and how to assess whether more extensive sexual therapy is needed. The guide demonstrates how therapists in different modalities can incorporate treatment of sexual problems into their practice, and covers relevant ethical

*Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest*

issues. Included is a downloadable set of practitioner's resources that includes worksheets and client handouts that can be immediately put to use.

Additionally, the book provides resources for more in-depth information and discusses collaboration with other health professionals. Key Features:

Discusses how to comfortably and effectively discuss, assess, and treat clients' sexual concerns Supported by case studies and therapist/clinician dialogues Includes "Step Into My Office" sidebars taken from the author's own experience

Provides downloadable resources including assessments, worksheets, and client handouts

Provides downloadable resources including assessments, worksheets, and client handouts

Relationally Queer - Silva

Neves 2023-04-10

Relationally Queer explores diverse intimate relationship styles and the connections with self for clinicians interested in gender, sex and relationship diversity. Offering readers a more inclusive and queer-friendly way of thinking about relationships, the book covers a

range of topics that include intersectionality, consensual non-monogamy, working with shame, intimate partner violence, religious identities, and living with HIV. Exploring beyond a Eurocentric perspective, the book features a chapter on African-centred therapy and also includes the relationships of often erased populations such as bisexual people, sex workers, people with chronic health issues and trans people. The book will help psychosexual and relationship therapists, counsellors and psychologists who work with clients of diverse genders, sexualities and relationships.

Sexual Intelligence - Marty Klein 2012-02-07

This is not your standard sex book. Sex therapist, sociologist, and Psychology Today contributor Dr. Marty Klein goes beyond the sex manuals to reveal how our mindsets during sex are more important than any tricks or techniques—and that the way to a healthier, more exciting, more fulfilling sex life lies in

Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest

first developing our sexual intelligence. This book is the antidote to the many gimmick-oriented sex guides and manuals; Dr. Klein shows us how to reorient how we think about sex in order to experience a truly different way of being sexual. "Marty Klein is the Steve Jobs of sex advice. . . . Sexual Intelligence is a work of enormous wisdom and expansiveness, and will inspire readers, regardless of age, to realize their full sexual potential." —Ian Kerner, best-selling author of *She Comes First*

Sex Without Stress - Jessa Zimmerman 2018-07

In this straightforward and practical book, Zimmerman explains that our expectations set us up for a sense of failure. Once sex is synonymous with disappointment, avoidance sets in and creates pressure in the bedroom. She guides us to change our mindset and practice a step-by-step program out of the vicious cycle of avoidance and pressure into the possibility of a thriving sex life.

Mirror of Intimacy - Alexandra Katehakis 2016-05-18
Winner of the 2015 Book Award from AASECT (Association of American Sexuality Educators Counselors and Therapists) and the 2016 Clark Vincent Award from CAMFT (California Association of Marriage and Family Therapists.) "Mirror of Intimacy" contains a year's worth of daily essays that explore and support the range of human sexualities as a divine gift and a human right. The reflections reference a rich array of approaches: attachment theory, mind/body nexus, neurobiology, 12-step principles, meditation techniques, Eastern and Western philosophy, and ancient world myths. Unfettered by cultural, social, or religious norms, the authors examine 366 topics related to sex and sexuality that, together, might point us in the direction of what comprises healthy, great sex.

The Art of Intimate Marriage - Tim and Dr. Jennifer Konzen 2019-01-08

Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest

From a two-time nationally award winning sexuality researcher - The Art of Intimate Marriage. God's plan for sexual intimacy in marriage is the work of a Master artist and genuine intimacy is like a beautiful masterpiece. Your marriage is going well but you want to make your sex life better and you're looking for help on how to do that. You want to know what God has to say about how to build a fulfilling sexual intimacy in your marriage. Your sexual relationship has been full of pain, discouragement, and frustration and you need some answers. You have some medical issues that are making sex difficult and you would like to rekindle experiencing mutually pleasurable sex. For these issues and more, The Art of Intimate Marriage provides direction and guidance on how to get there. Creating that masterpiece may mean learning God's view of sex, gaining life-giving intimacy skills, and figuring out how to work through conflict in a way that creates deeper connection.

It may also mean overcoming things in your background, healing things in your marriage, or dealing with those medical challenges. We have the opportunity to have a deeper understanding of God's loving heart through being deeply known and erotically bonded with our spouse. The Art of Intimate Marriage gives us a road map to experience growth toward a more rewarding, spiritual sexual relationship.

Sexual Grounding Therapy - Geoff Lamb 2021-05-16

This important book explores the history of sexuality and the breadth of support available to people experiencing sex and relationship challenges, presenting a model of psychosexual therapy that's contextualised in the past, present and future and examined within a developmental and relational framework. Sexual Grounding Therapy focusses on the work of Willem Poppeliers, who developed his unique approach to sex and relationship issues in the 1990s. Geoff Lamb

*Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest*

explores the model's historical context; offers a comparison with other contemporary approaches, both mainstream and alternative; describes the model and its application in detail; and looks at future directions for this innovative work. While Poppeliers' approach to psychosexual therapy is radical, Geoff's book emphasises and goes beyond this, taking a controversial stance on such topics as sexuality and religion, psychotherapy and science, and the position of both psychotherapy and psychosexual therapy in today's society. Sexual Grounding Therapy explores how people's needs at each stage of their lifelong psychosexual development relate to any current sex and relationship problems they may be experiencing. It will be invaluable, not only to professionals - counsellors, psychotherapists and others whose work involves sex and relationships - but also to readers who are interested in exploring their own self-

development and relationships from a historical, social and family perspective.

The Wiley Handbook of Sex Therapy - Zoë D. Peterson
2017-04-24

The Wiley Handbook of Sex Therapy is a comprehensive and empirically-based review of the latest theory and practice in the psychotherapeutic treatment of sexual problems across client populations. Structured in four sections covering specific sexual dysfunctions, theoretical approaches to sex therapy; working with client diversity; and future directions in sex therapy Advocates a holistic approach to sex therapy with a focus on using a range of psychotherapeutic theories and techniques rather than only the most popular behavioral strategies Includes case studies which highlight the broad spectrum of diverse conditions that clients can experience and which sex therapists can therefore encounter in the consulting room Includes contributions by more than 60 experts from a

wide range of disciplines
Prodependence - Robert Weiss
2022-08-30

Prodependence revolutionized addiction healthcare by improving the ways we treat loved ones of addicts and other troubled people by offering them more dignity for their suffering rather than blame for the problem. This revised edition builds on the model, revealing many more ways to put the method into practice and strategies for setting healthy boundaries. Do you love an addict? Do you sometimes feel like their addiction is your fault? Are people calling you codependent? If our treatment toward loved ones of addicts alienates them, it's time we change our approach. With *Prodependence*, Dr. Robert Weiss offers us the first fully new paradigm in nearly 40 years for helping those who love and care for addicts. An attachment-focused model, *prodependence* recognizes that no one can ever love too much, nor should anyone be pathologized for whomever

they choose to love as is often the case. *Prodependence* informs caregivers how to love more effectively, but without having to bear a negative label for the valuable support they give. When treating loved ones of addicts and other troubled people using *prodependence*, we need not find something “wrong” with them. Instead, we acknowledge the trauma and inherent dysfunction that occurs when living in relationship with someone whose life is failing and keep moving forward. Validating a caregiver's painful journey for what it is opens the door to support them in useful, non-shaming ways. Helping people take incremental, positive steps toward intimate healing is what *Prodependence* is all about!

The Art of Sex Therapy Supervision - James C. Wadley
2018-08-06

The Art of Sex Therapy Supervision is a collection of scholarly writings and case narratives that sheds light on issues that sex therapists face as supervisors or supervisees and provides techniques that

Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest

can be adapted to fit clients' specific needs. Written by experts in a range of fields, this book covers a wide range of perspectives and methodologies for assisting diverse populations, including conservative Christians, LGBTQ clients, and those who exhibit out-of-control sexual behavior. It addresses individual, relational, and systemic engagement in the context of sexual function/dysfunction, and it also discusses obstructions clinicians can face when providing critical feedback to clients. This book will be useful for aspiring supervisors as well as those who supervise clinicians seeking licensure or certification.

Life After Lust - Forest Benedict 2017-03
Recovery handbook for male & female sex & pornography addicts.

EMDR Therapy and Sexual Health - Stephanie Baird, MS, LMHC 2021-12-14
The first book to integrate EMDR Therapy treatment of sexual trauma with a focus on

helping clients achieve empowered sexual health This unique text provides EMDR clinicians with a complete toolkit, assisting sexual trauma survivors in moving from symptomology reduction/elimination to optimal sexual health and functioning. By integrating sexual health and EMDR Therapy together throughout this innovative book, the Adaptive Information Processing (AIP) Model is applied to sexual health, with sexual health-related material blended into all eight phases of the EMDR Protocol. Encompassing principles and best practices of current helpful positive sexual health frameworks, including fundamental sex therapy information and sex education models, this first of its kind EMDR Therapy resource disseminates essential information on anatomy, the history of sex research, Sexually Transmitted Infections (STIs) and pregnancy related issues, the Dual Control Model of arousal and desire,

*Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest*

spontaneous and responsive desire, arousal non-concordance, models of consent for sexual activities, and out of control sexual behaviors. This guide considers the gender experience of trauma for all EMDR Therapy clients, covering challenges, concepts, and helpful strategies for discussing sensitive sexual health matters. It addresses sexual/affectual orientation, consensual non-monogamy, and how EMDR Therapy can help address the sexual health concerns of erotically marginalized populations. Also covered are matters of aging and spirituality as they impact sexual health. Packed with helpful resources such as questionnaires, guidelines, case examples, charts, cutting-edge diagrams, and anatomy illustrations with non-gendered labels, EMDR therapists will gain the knowledge and confidence they need to facilitate optimal sexual health for the clients in their practice. Key Features: Reinforces innovative content with

abundant and diverse case studies Includes first-time publication of two valuable questionnaires: Sexual History Questionnaire and Sexual Styles Survey Delivers new EMDR Therapy resources for facilitating sexual health-- Bubble Boundary and Self-Compassion Container Provides a new EMDR Therapy future-oriented resource-- Strengthening a Confident and Joyful Sexual Self Examines in-depth sexual/affectual orientation, relationship status such as consensual non-monogamy, and pregnancy loss Includes helpful, nonjudgmental, and affirming information about the kink/BDSM population Provides an overview of EMDR Therapy and sexual health for individuals with physical and intellectual disabilities Describes important sexual health frameworks and concepts Includes sex-positive resources for further education along with client handouts **Body-to-Body Intimacy** - Stella Resnick 2018-07-24 This book presents an

*Downloaded from
legacy.opendemocracy.net
on 2019-08-18 by guest*

integrative, growth-oriented approach to therapy with couples that demonstrates the dynamic interplay between partners' emotional issues and their sexual difficulties. It offers a model for relational and sexual enhancement that focuses as much on partners' present, nonverbal body-to-body communications as on their words. Dr. Stella Resnick draws on research from interpersonal neurobiology, sexology, positive psychology, and Gestalt therapy, and shares a rich assortment of therapy vignettes to demonstrate the transformative power of pleasure and how a focus on body-to-body intimacy can heal emotional wounds from the past and encourage greater presence, empathy, authenticity, playfulness, and sexual pleasure between intimate partners. The therapeutic process is explored in four related spectrums: the Problem-Transformation Spectrum, the Attachment-Sexuality Spectrum, the Pain-Pleasure Spectrum, and the

Cognitive-Somatic-Experiential-Behavioral-Spectrum. Part I lays the theoretical foundation for the work. Part II examines the early attachment bond between parent and child and its effects on adult capacity for emotional closeness and sexual pleasure. Part III offers methods for resolving painful emotional issues underlying many sexual difficulties. Finally, Part IV describes the procedure for moving from a cognitive reframing of the problem to a somatic focus on the body and tracking present-moment emotional interactions to the repair of relational injuries that nurture transformational change. Also included is a series of process-oriented exercises and a handout that therapists can use in their own practice. Body-to-Body Intimacy will enable couples and sex therapists to expand their practices and enrich their clients' sexual and relational dynamics. This book also contains valuable information that will be appreciated by anyone interested in a greater

understanding of a growth-oriented therapeutic process for couples and what can be achieved together by gaining a deeply loving and sexually fulfilling intimate love relationship.

The Colonization of Black Sexualities - Anne Mauro

2023-05-18

Anne Mauro invites therapists to look through a historical lens to view how the harmful effects of colonization and white supremacy impact their Black client's sexuality in the modern day. Written from her unique position as a sex therapist and bi-racial Black woman, Mauro believes that by relearning the history of sexual trauma on African American bodies, clinicians can better assess their client's intergenerational trauma and inform their work and practice. Chapters address how the patriarchy was an agent in colonization, the impact of colonization on ethnosexuality, slavery, and sexuality, ethnosexual historical traumas and their impact on modern day American sexual behavior,

and the continuing effects of sexual violence and sexual health disparities in young Black women and girls. With reflective questions woven throughout, the final chapter guides the therapist through clinical practices meant for grounding, healing, and the promotion of authenticity within this work. It offers tangible insights into dismantling oppressive practices and integrating the material into the reader's personal and professional lives. The book is essential reading for students of gender studies, human sexuality, and race studies, as well as all mental health professionals, such as sex therapists, marriage and family therapists, and clinical social workers.

Mother Hunger - Kelly

McDaniel 2021-07-20

An insatiable need for sex and love. Periods of overeating or starving. A pattern of unstable and painful relationships. Does this sound painfully familiar?

Trauma counselor Kelly

McDaniel has seen these traits over and over in clients who

feel trapped in cycles of harmful behaviors-and are unable to stop. Many of us find ourselves stuck in unhealthy habits simply because we don't see a better way. With *Mother Hunger*, McDaniel helps women break the cycle of destructive behavior by taking a fresh look at childhood trauma and its lasting impact. In doing so, she destigmatizes the shame that comes with being under-mothered and misdiagnosed. McDaniel offers a healing path with powerful tools that include therapeutic interventions and lifestyle changes in service to healthy relationships. The constant search for mother love can be a lifelong emotional burden, but healing begins with knowing and naming what we are missing. McDaniel is the first clinician to identify *Mother Hunger*, which demystifies the search for love and provides

the compass that each woman needs to end the struggle with achy, lonely emptiness, and come home to herself. *Landscapes of the Heart* - Juliet Grayson 2016-07-01
In this book, teacher and psychotherapist Juliet Grayson gives us privileged access to her unique client sessions. Following several couples' journeys through psychosexual therapy to more loving relationships, we witness her rich blend of life-changing approaches, including Pessio Boyden System Psychomotor (PBSP), the potent new methodology she has helped to pioneer in the UK. Exploring both the practical and theoretical aspects of her work, Juliet shakes our assumptions and shows ways to improve and ultimately heal our most intimate relationships. This is a ground-breaking book, valuable for lay readers and therapists alike.
