Creature Features William Schoell 2016-09-30 This work offers a critical, colorful and informative examination of different types of monster movies, spanning the silent period to today. Chapter One focuses on dragons, dinosaurs, and other scaly giants from films like 1953's *The Beast from 20,000 Fathoms*, an impressive stop-motion production that ushered in a new era of atomic-spawned monster films. Chapter Two examines "big bug" flicks, beginning with 1954's giant ant-infested *Them!* Chapter Three focuses on ordinary animals grown to improbable proportions through scientific or sinister experimentation, such as the huge octopus in 1955's *It Came from Beneath the Sea*. Chapters Four, Five, and Six look at films in which nature goes berserk, and otherwise innocuous animals flock, swarm, hop or run about on a menacingly massive scale, including 1963's *The Birds* and 1972's *Frogs*. Finally, Chapter Seven focuses on films featuring beasts that defy easy definition, such as 1958's *The Blob* and *Fiend Without a Face*.

Gender, Power, and Identity in The Films of Stanley Kubrick Karen A. Ritzenhoff 2022-10-21 This volume features a set of thought-provoking and long overdue approaches to situating Stanley Kubrick's films in contemporary debates around gender, race, and age—with a focus on women's representations. Offering new historical and critical perspectives on Kubrick's cinema, the book asks how his work should be viewed bearing in mind issues of gender equality, sexual harassment, and abuse. The authors tackle issues such as Kubrick's at times questionable relationships with his actresses and former wives; the dynamics of power, misogyny, and miscegenation in his films; and auteur "apologism," among others. The selections delineate these complex contours of Kubrick's work by drawing on archival sources, engaging in close readings of specific films, and exploring Kubrick through unorthodox venture points. With an interdisciplinary scope and social justice-centered focus, this book offers new perspectives on a well-established area of study. It will appeal to scholars and upper-level students of film studies, media studies, gender studies, and visual culture, as well as to fans of the director interested in revisiting his work from a new perspective.

Clothing and Fashion [4 volumes] José Blanco F. 2015-11-23 This unique four-volume encyclopedia examines the historical significance of fashion trends, revealing the social and cultural connections of clothing from the precolonial times to the present day. This sweeping overview of fashion and apparel covers several centuries of American history as seen through the lens of the clothes we wear—from the Native American moccasin to Manolo Blahnik's contribution to stiletto heels. Through four detailed volumes, this work delves into what people wore in various periods in our country's past and why—from hand-crafted family garments in the 1600s, to the rough clothing of slaves, to the sophisticated textile designs of the 21st century. More than 100 fashion experts and clothing historians pay tribute to the most notable garments, accessories, and people comprising design and fashion. The four volumes contain more than 800 alphabetical entries, with each volume representing a different era. Content includes fascinating information such as that beginning in 1619 through 1654, every man in Virginia was required to plant a number of mulberry trees to support the silk industry in England; what is known about the clothing of enslaved African Americans; and that there were regulations placed on clothing design during World War II. The set also includes color inserts that better communicate the visual impact of clothing and fashion across eras.

Selves, Symbols, and Sexualities Thomas S. Weinberg 2014-03-06 Offering an anthology of original articles on sexuality from a sociological perspective, *Selves, Symbols, and Sexualities: An Interactionist Anthology* focuses on the diverse and multi-layered meanings of sexuality, sexual behaviors and sexual identities. Thomas S. Weinberg and Staci Newmahr bring you essays that explore sexuality as a social process. As a whole, the book takes the perspective that what each of us understands to be sexual is constructed through everyday social processes and interaction, situated in particular spaces and moments, identified through our social-sexual presentations, and symbolized through language, objects and practices. The book is organized around these four distinct but interrelated processes, and augmented by personal narratives around relevant issues. The authors' goals for the book are to engage students in the sociological enterprise by providing interesting and insightful entries that emphasize the importance of meaning-making in human sexuality, and to provide them with conceptual tools to understand human sexuality in a complex and quickly changing sexual landscape.

Hollywood's Second Sex Aubrey Malone 2015-04-10 "Women stars in Hollywood were invariably in two categories," said director Otto Preminger. "One group was of women who were exploited by men, and the other, much smaller group was of women who survived by acting like men." Beginning with silent film vamp Theda Bara and continuing with icons like Greta Garbo, Marilyn Monroe and Raquel Welch, this study of film industry misogyny describes how female stars were maltreated by a sexist studio system--until women like Katharine Hepburn and Bette Davis fought for parity. careers of Doris Day, Brigitte Bardot, Carole Landis, Frances Farmer, Dorothy Dandridge, Inger Stevens and many others are examined, along with more recent actresses like Demi Moore and Sharon Stone. Women who worked behind the scenes, writing screenplays, producing and directing without due credit, are also covered.

Marilyn Forever Boze Hadleigh 2016-10-03 This book of quotes explores the many sides of the one-and-only Marilyn Monroe. In her time, she was perceived as a victim, a vixen, a valentine, and a Venus. At once a sex symbol and enormously talented entertainer, she was praised, criticized, and adored during her lifetime. After her tragic and untimely death she became the most famous female face of the twentieth century, and her legacy continues to thrive through today.

Fad Mania! Cynthia Overbeck Bix 2014-10-01 College students crammed into phone booths. Couples dancing until they drop. Daredevils swallowing one live goldfish after another. Streakers dashing naked down the street. Planking and flash mobs and robotic pets. These are just some of the crazy fads that have caught hold in the United States over the last century. Where do these ideas come from and why do they catch people's imagination? Fads reflect the mood and spirit of a particular time, and they offer insight into a nation's culture. The 1950s, for example, was a time of economic prosperity and technological development. Americans expressed their delight in new inventions in many creative ways. One popular craze on college campuses was to stuff as many people as possible into a phone booth. On one campus, twenty-five people managed to squeeze into a single booth! In earlier decades, marked by the Depression and World War II, dance marathon frenzy caught on. Promoters lured couples with promises of fame and monetary prizes for those who could dance for hundreds, sometimes thousands, of hours. And great ideas never die. Almost one hundred years later, dance marathons came back. One creative variation, the flash mob dance, attracts spontaneous performances that range from flash mob wedding dances to "Gangnam Style" K-Pop flash mobs in cities all over the world. **Fad Mania!** explores a century of American crazes, offering an entertaining and informative look at the major historical events of each decade and the fads that defined them. As you learn more about smiley buttons and Webkinz, you may just be able to predict this decade's next craze!

The Other in Contemporary Migrant Cinema Guido Rings 2016-01-08 As a rapidly aging continent, Europe increasingly depends on the successful integration of migrants. Unfortunately, contemporary political and media discourses observe and frequently also support the development of nationalist, eurosceptic and xenophobic reactions to immigration and growing multiethnicity. Confronting this trend, European cinema has developed and disseminated new transcultural and postcolonial alternatives that might help to improve integration and community cohesion in Europe, and this book investigates these alternatives in order to identify examples of good practices that can enhance European stability. While the cinematic spectrum is as wide and open as most notions of Europeanness, the films examined share a fundamental interest in the Other. In this qualitative film analysis approach, particular consideration is given to British, French, German, and Spanish productions, and a comparison of multiethnic conviviality in Chicano cinema.

Style icons Vol 3 - Bombshells Paul G Roberts 2015-02-03 The most incandescent example of Bombshells is Marilyn Monroe. Her strange combination of ghostly pale skin, childlike face and innate erotic cunning render her hard to date. Unlike modern actresses we can't sense the stylist in her clothes, the heavy hand of a makeup artist or a photographer's over bearing concept. Clearly and hauntingly, her image belongs to her and it is equal parts spectral nymph, mid century beach bunny, haughty heiress and child star. With an hourglass body and a face like Shirley Temple the oddity of Monroe is her wholesomeness. She could sell diamonds or milk. She looked naked in a white cotton dress and perfectly dignified in the nude. She her clothes. Some say she sawed off one stiletto shoe heel a fraction lower to deepen the sway of her hips. Clearly she wasn't happy, and this just serves to deepen the myth and her lure. Her own words, "Being a sex symbol is heavy load" could speak for all of the women who traded infamy for scandal and some scrap of security. **Bettie**

Page, the underground queen of silk stockings, light bondage and leopard skin bikinis claimed very practical reasons for being a pin-up model, preferring the work to "pounding a typewriter eight hours a day". Censoring Hollywood Aubrey Malone 2011-10-10 Censorship has been an ongoing issue from the early days of filmmaking. One hundred years of film censorship, encompassing the entire 20th century, are chronicled in this work. The freewheeling nature of films in the early decades was profoundly affected by Prohibition, the Depression and the formation of the Legion of Decency—culminating in a new age of restrictiveness in the movies. Such powerful arbiters of public taste as Will H. Hays of the Motion Picture Producers and Distributors of America and Joseph Breen of the Production Code Association fomented an era whereby films with contentious material were severely censored or even condemned. This held sway until rebellious filmmakers like Otto Preminger challenged the system in the 1950s, eventually resulting in the abandonment of the old regime in favor of the contemporary "G" through "NC-17" ratings system.

Beer in Africa Steven van Wolputte 2010 This volume on beer in Africa focuses on the making and unmaking of self in the inchoate, dark, exalted and sometimes upsetting context of bars, shebeens and other formal and informal drinking occasions. Beer in Africa takes the production and consumption of fermented drinks as its point of entry to investigate how local actors deal with the ambivalent and the hazy, and how this ambiguity stands as the sine qua non of social life and daily

practice.

Ava Gardner Lee Server 2007 Ava Gardner was the sex symbol who dazzled the other sex symbols. Elizabeth Taylor and Lana Turner thought her the most beautiful woman they had ever seen. She drove Frank Sinatra to the brink of suicide. Ernest Hemingway carried around one of her kidney stones as a sacred memento. Howard Hughes begged her to marry him: she punched out his front teeth. Her charismatic presence, jaw-dropping beauty and scandalous adventures fuelled the legend that she became. Yet she was a farmgirl who became a reluctant goddess, and who retreated from the world's gaze for the last years of her life. Filled with fresh insights gleaned from interviews with Ava's colleagues, friends and lovers, this is the definitive biography of Hollywood's most glamorous, restless and uninhibited star.

Path Notes of an American Ninja Master Glenn J. Morris 1993-10-06 Using a lively style and the languages of transpersonal psychology, meditation, esoteric magic, and kundalini, Glenn Morris recounts his amazing adventures and hair-raising close calls while training and then practicing as a master of martial arts. Following in the tradition of the legendary Togakure Ryu of Japan, whose fighting techniques and lore inspired the fascination of westerners with Ninja warriors, he offers guidelines on how to tell sham from authenticity, how to keep friends while developing power, how to voyage safely into the inner landscape, and how to deal with dark forces-incarnate and disincarnate. At the same time, he provides exercises, tests, and adventures for the courageous-as well as spiritual and ethical compass.

Marilyn Monroe Movie Poster Book Greg Lenburg 2015-01-26 During her short life, Marilyn Monroe became a superstar in the movies of the late 1950s and early 1960s. Between 1947 and 1961, she appeared in nearly 30 films. Like most actors, she started at the bottom in minor roles. After years of small parts, her performances in "The Asphalt Jungle" and "All About Eve" (both 1950) drew the attention of 20th Century Fox which signed her to a seven-year contract. From then on, she was on her way to the top, landing her first leading role in "Don't Bother to Knock" (1952), followed by a lead role in "Niagara," a melodramatic film noir. Over time Monroe demonstrated that she was more than a sex symbol. She had great comedic ability in "Some Like It Hot" (1960) and was more than the "dumb blonde" in "Bus Stop" (1956). The "Marilyn Monroe Movie Poster Book" showcases—and celebrates—Monroe's successful film career by presenting more than 50 never-before-published posters and lobby cards, all in full color. In addition, there are a special image gallery of Marilyn's early roles and posters from foreign releases and compilation films. It's a must have for ardent Monroe fans, young and old.

Profoundly Erotic Joe Bob Briggs 2005 Movie stars do it better, or so it seems. Sex on the silver screen unfolds in such a perfect way and we get sucked in. Whether we want to admit it or not, much of our sexual behavior has been learned from the movies. From Joe Bob Briggs comes *Profoundly Erotic*, a collection of essays on sex in film. This guide explores the most seminal films—from cult classics to Hollywood blockbusters—that both shaped and reflected America's changing mores and codes about sex. Briggs, who has been called the Leonard Maltin of cult movies, makes good on his reputation as an off-kilter and daring movie guru in this revealing look at filmed fornication. *Profoundly Erotic* follows Joe Bob's popular *Profoundly Disturbing*. Now Joe Bob takes on the key films that turn us on, such as *It Happened One Night* (1938), *Lolita* (1962), *Belle de Jour* (1967), and *sex, lies, and videotape* (1989). Illustrated with lurid stills and posters, the book strips down the hottest screen moments in history with the bodies we adore, from Rudolf Valentino and Mae West to Brigitte Bardot and Sharon Stone. In addition to the ten main movies, the book features a hundred more capsule reviews in "For Further Frisson" sidebars. Praise for *Profoundly Disturbing*: "A valuable and entertaining survey of movies that broke taboos." —Leonard Maltin "The book merits attention from fans tired of high-minded essays about classics such as *Citizen Kane*, and explains why crass, tasteless pictures often make more impact than those released with the stamp of respectability." —Publishers Weekly

A History of Popular Culture Raymond F. Betts 2013 This book explores the rapid diffusion and 'hybridization' of popular culture as the result of three conditions of the world since the end of World

War II: instantaneous communications, widespread consumption in a market-based economy and the visualization of reality. It considers the dominance of American entertainment media and habits of consumption, assessing adaptation and negative reactions to this influence.

Organising Women's Protest Eldrid Mageli 2014-01-14 This study examines the nature of two women's activist groups in Madras and their activities since 1979, focusing on their work with the media, slum issues, registration of marriages and initiation of an apprenticeship scheme. But this volume is more than a study of women and their organisations. It is a study of political processes in which women are active, an attempt to discuss women's political behaviour in male-dominated society where official bodies, as well as the academic world, pay attention to 'women's issues' but where women as political actors continue to be invisible.
