Language motion pictures, from 1899 to 1990, when the book was initially published. A brief plot description is given for each series entry, followed by the individual film titles with corresponding years, directors and performers. Animated pictures, documentaries and concert films are not included but movies released direct to video are.

Sound of the Crowd: a Discography of the '80s (Fourth Edition) - Steve Binnie 2018-11-05

SOUND OF THE CROWD: A DISCOGRAPHY OF THE '80s is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records and tiny CDs you could lose down the back of the sofa, this book lists every format of every single, EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts, from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before, with additional sections to cover Band Aid-style charity congregations and compilation albums from the early '80s K-Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the '80s music website Sound of the Crowd and writer, producer and co-host of the unconventional '80s chart show Off The Chart, broadcast weekly on Mad Wasp Radio.

Sisters Red - Jackson Pearce 2011-04-07

The story of Scarlett and Rosie March, two highly-skilled sisters who have been hunting Fenris (werewolves) - who prey on teen girls - since Scarlett lost her eye years ago while defending Rosie in an attack. Scarlett lives to destroy the Fenris, and she and Rosie lure them in with red cloaks (a colour the wolves can't resist), though Rosie hunts more out of debt to her sister than drive. But things seem to be changing. The wolves are getting stronger and harder to fight, and there has been a rash of news reports about countless teenage girls being brutally murdered in the city. Scarlett and Rosie soon discover the truth: wolves are banding together in search of a Potential Fenris - a man tainted by the pack but not yet fully changed. Desperate to find the Potential to use him as bait for a massive werewolf extermination, the sisters move to the city with Silas, a young woodsman and long time family friend who is deadly with an axe. Meanwhile, Rosie finds herself drawn to Silas and the bond they share not only drives the sisters apart, but could destroy all they've worked for.

For the Wolf - Hannah Whitten 2021-06-01

THE FIRST DAUGHTER IS FOR THE THRONE. THE SECOND

DAUGHTER IS FOR THE WOLF. As the only Second Daughter born in centuries, Red has one purpose - to be sacrificed to the Wolf in the Wood in order to save her kingdom. Red is almost relieved to go. Plagued by a dangerous power she can't control, at least she knows that in the Wilderwood, she can't hurt those she loves. Again. But the legends lie. The Wolf is a man, not a monster. Her magic is a calling, not a curse. And if she doesn't learn how to use it, the Wilderwood - and her world - will be lost forever. Hannah Whitten's New York Times bestselling debut is a sweeping tale of love, legends and the secrets that hide beyond the trees. 'I loved it! I was completely swept away by the world-building, the characters, and the delicate gorgeousness of the writing! A brilliant dark fantasy debut' Jodi Picoult 'Dazzling . . . This is sure to enchant' Publishers Weekly (starred review) 'An unputdownable fairy tale that traces the boundaries of duty, love, and loss. A masterful debut from a must-read new voice in fantasy' Kirkus 'A glorious journey through woods deep and so very dark. A stunning debut' Erin Craig, author of House of Salt and Sorrow

Wagner, the Wehr-Wolf - George W.M. Reynolds 2015-12-16

The first important fictional treatment of the werewolf theme in English literature, this Victorian thriller traces Wagner's blood-soaked trail through 16th-century Italy in a gothic feast of murder and intrigue. Encyclopedia of American Short Films, 1926-1959 - Graham Webb 2020-07-13

Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a "filler" in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens

by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.
