

The Basis Of Happy Marriage

The Art Of Sexual Relationship

The Art of Understanding Your Mate - Cecil G. Osborne 1988-09

This reissue of a bestseller takes a realistic approach to marriage that deals candidly with incompatibility. It includes ten commandments for husbands and wives.

Making Marriage Successful - Henry E. White 1983

The Long Sexual Revolution - Hera Cook 2004-02-05

In this book Hera Cook traces the path of sexuality in England, and shows how its route was determined by the gradual exertion of control over fertility. Most sexual activity had major economic and social costs, the most fundamental of which was the physical cost of children upon

women's bodies. Around 1800 birth rates reached historical heights. Using a combination of demographic and qualitative sources, Dr Cook examines the connection between the struggle to lower fertility and the increasing repression of sexuality throughout the nineteenth century.

Contraception became a viable option in the early twentieth century. The book charts the resulting slow relaxation of attitudes to sexuality and the remaking of heterosexual physical behaviour, culminating in the sexual revolution of the 1960s.

How To Be Happy Though Human - W Beran Wolfe 2013-07-04

This is the final Volume XXXVIII of thirty-eight in a

The Basis Of Happy Marriage The Art Of Sexual Relationship

collection on General Psychology. Originally published in 1932, the present volume was undertaken to fill the gap between scientific but technical texts on psychopathology, and existing, over-simplified, and frequently unsound primers of psychological information.

The Basis of Happy Marriage - Louis Berg 1960

The Act of Marriage - Tim LaHaye 1998

A book for married couples, from newlyweds to those married for fifty years or more, advice on how to maintain a healthy sex life.

Sex and Sex Education: a Bibliography - Flora C. Seruya 1972

Over 2000 English language references, some annotated. Classified arrangement. Basically, covers last 25 years with some older works included for historical perspective. Author, title, and analytical subject indexes.

Mastering The Art of Marriage - Geeta Ram 2023-07-10

Marriage is a continuum comprising of three inter-linked stages: pre-marriage, wedding, and post-marriage. All the three stages throw many issues on daily basis which are so arcane that it is difficult to understand and deal with them. If due care is taken in the first two stages; success of third stage, known as married life, increases. This book embodies ideas, tips and suggestions in 14 chapters on spouse selection, dealing with in-laws, understanding concepts of husband, wife, individuality, woman, family, domestic violence and divorce. How to deal with issues and problems has been discussed exhaustively. American Architect Ludwig Mies Rohe said that "God is in details" meaning thereby that when attention is paid to the small things it can have the biggest rewards. Exhaustive work has made this book a laser torch to throw light on complex marital issues to make the married life full of joy, success and contribution to national development. Hence it is A to Z

The Basis Of Happy Marriage The Art Of Sexual Relationship

guide for mastering the art of marriage.

Facts and Fantasies - D.

Fatma Türe 2015-06-18

The question of women and their rights was a prominent and ongoing topic of debate in the popular press of Turkey in the 1920s. This work presents an insightful analysis of those debates and follows its traces in obscene literature of the period, as a marginal, but influential branch of popular literature. Popular literature of the time carefully scrutinizes urban Istanbul women in particular, from their biological responsibilities to their behavior in the public arena, down to their clothes and their relations with the opposite sex. It was believed that it was urban women above all who threatened the contemporary social order. Bearing in mind that the traditional faith-based, patriarchal Ottoman social system began to disintegrate after the First World War, and was increasingly replaced by a nationalist and modern, but still patriarchal, structure, this book shows that the popular

press sought to integrate women as individuals into the new social structure and define them according to common social perceptions. Women who defied society's definition of the ideal woman were often depicted as heroines in popular obscene stories. While these stories offered a social fantasy in which society's concerns and paranoia about women turned into reality, from another perspective, they also reflected the ongoing social disintegration after years of secrecy and seclusion, and the excitement and awkwardness felt both by men and women as a result of coexisting in the same environment.

Birth and Death in British

Culture - Anette Pankratz

2012-04-25

Why discuss birth and death when they lie outside discourse? And why look at them together when they are so much unlike each other, one the moment of fresh beginnings, joys, and the relative certainties of existence, the other the moment of life's end, grief, and

The Basis Of Happy Marriage The Art Of Sexual Relationship

the relative uncertainties of non-existence? Because it turns out that both events, while virtually unrepresentable, have spawned a host of representations, narratives, rites, and attempts at making sense of them; and because they may have more similarities than appears at first sight. The 13 interdisciplinary articles collected in this volume prove that looking at the two phenomena in tandem throws into sharp relief the distinct patterns and functions of each, while also highlighting some of the fundamental historical developments, cultural functions, and socio-political issues shared by both. The contributions take stock of the discourses of birth and death prevalent in British (and Western) culture, probing into the way the two phenomena have been subjected to strategies of medialisation, commodification, and biopolitics.

The Basis of Happy Marriage - Louis Berg 1955

The Basis of Happy Marriage - Louis Berg 1955

Married Love - Marie Stopes
2022-06-03

In this short book Dr Marie Stopes aims to discuss frankly, and in plain speech, the issues that may arise between men and women in the area of their sex lives. In its time the book was thought quite shocking by some, as the idea of discussing sex openly was unusual.

The Creative Marriage - Ed Young 2022-02-11

DO YOU WANT AN EXCITING AND SATISFYING MARRIAGE? When the dreams fade and the realities of life set in, those magical vows from your wedding day can start to lose their luster. You begin to negotiate the marital maze of budgeting, balancing in-laws, choosing careers, and then you add children to the mix. To top it off, the romantic feelings for each other ebb and flow in the stresses of everyday life. How can we be men and women who consistently and creatively live out our vows after the honeymoon is over? In a

The Basis Of Happy Marriage The Art Of Sexual Relationship

culture that tells us it's ok to quit, it's time for us to discover what it takes to commit and experience a marriage and love created to last. Ed and Lisa take a penetrating look at what it means to have a lasting marriage in today's world. Drawing upon their experience in church ministry and successful marriage of more than forty years, they speak openly and honestly about the hard work involved in keeping your marital relationship fresh and alive as you creatively live out your "I Do's." The Creative Marriage offers valuable insight into these critical areas:

- Laying a strong foundation for a lasting marriage
- Keeping your marriage relationship at the center of your home
- Building up your spouse with creative communication
- Allowing positive conflict resolution to increase intimacy
- Removing the barriers to a sizzling sex life
- Protecting your marriage against financial pressures
- Recreating marriage and family after divorce

New Millennial Sexstyles - Carol Siegel 2000
New Millennial Sexstyles questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive. Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists, Carol Siegel considers whether the sexual revolution may have

The Basis Of Happy Marriage The Art Of Sexual Relationship

succeeded, but in ways not recognized by current academic studies of gender and sexuality. In discouraging undomesticated heterosexuality, academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times. At the same time, the youth subcultures' challenges to these views of sexuality and gender have been dismissed as insignificant, or misunderstood as sexist. In this book, they receive more respectful attention. Siegel draws on her own experience as a college student to create a personal history of academic feminism's early sympathy with bourgeois values. She looks at the development of American sex advice literature and at the reception of such "transgressive" popular films as *Basic Instinct*, *Thelma and Louise*, and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always

been the most culturally authoritative. A more encouraging vision emerges in the book's second half, where a record of conversations about sex and gender with young people, and of their responses to products designed for their consumption, takes the reader through some of today's most radical youth cultures and suggests new directions for gender studies.

Foundations for a Successful Marriage - Mark H. Bayer Ed.D. 2013-02-21

This book covers five key areas which will determine if a marriage has the greatest potential of being rewarding. Marriage is a balance of these factors which will either add or detract from the relationship. The better these areas function together the more rewarding the relationship can be. Although these five areas are typically common to books on marriage, the author seeks to look at the core issues behind each topic. For example, communication is more than just talking. Communication must include being willing to

The Basis Of Happy Marriage The Art Of Sexual Relationship

hear your partner rather than just listening to them. The goal is to maintain a positive attitude while understanding that no couple will have a marriage free of problems. With this foundation, the couple can better understand the weakest areas in their marriage and work on improving them.

Married for Good - R. Paul Stevens 1986-12

As many "good" marriages crumble around us, every couple has wondered if they, too, could end up divorced. Is there any way to prevent it? Is there any way to make sure you are married for good? In this book, Paul Stevens lays the foundation for a healthy, growing, permanent relationship.

Philosophy of Love, Sex, and Marriage - Raja Halwani 2018-01-29

How is love different from lust or infatuation? Do love and marriage really go together "like a horse and carriage"? Does sex have any necessary connection to either? And how important are love, sex, and

marriage to a well-lived life? In the Second Edition of this lively, lucid, and comprehensive book, Raja Halwani explores and elucidates the nature, uses, and ethics of romantic love, sexuality, and marriage. It is structured in three parts: Love examines the nature of romantic love and how it differs from other types of love, such as friendship and parental love. It also investigates the relationship of love to morality and asks what limits morality puts on romantic love and even whether romantic love is inherently moral. Sex demonstrates the difficulty in defining sex and the sexual, and examines what constitutes good and bad sex in terms of pleasure, "naturalness," and moral permissibility. It discusses the nature of sexual desire and its connection to objectification and virtue, all the while looking at specific sexual engagements such as pornography, BDSM, and raced desires. Marriage traces the history of the institution and describes the various forms in

The Basis Of Happy Marriage The Art Of Sexual Relationship

which marriage exists and the reasons why people marry. It also investigates the necessity of marriage and ways in which it requires reform. Updates and Revisions in the Second Edition Expands the coverage of love and morality from one to two chapters, incorporating much of the recent literature on love as a moral emotion. Includes a new chapter on sex and virtue ethics. Ends each of the chapters on sex with an "applied" topic, such as pornography, BDSM, prostitution, racial sexual desires, and adultery. Increases coverage of the nature and purpose of marriage, including debates surrounding same-sex marriage, but also moving beyond these debates to

include issues on minimal marriage, temporary marriage, polygamy, and other forms of marriage. Updates the Further Reading and Study Questions sections at the end of each chapter and provides an up-to-date comprehensive bibliography at the back of the book. Includes new discussions of topics on the nature of love; love and reasons; distinctions between two types of romantic love; love and its connections to moral theories; definitions of crucial sexual concepts; objectification; virtue and sex; racial sexual desires; and the definition of marriage and whether it is important as an institution.
